Following the above remarks the "Contact" program enters the question (Q) and answer (A) phase of the program. It will hereafter be assumed that the questions are by the participants of the radio audience and that the answers are by MARGUERITE OSWALD, unless specifically noted to be otherwise.

Q. After LEE HARVEY OSWALD was arrested, paraffin tests proved he had gunpowder on his fingers. How does Mrs. OSWALD account for this?

A. I am a layman fighting for justice. As such I do not know about guns and paraffin tests and, therefore, I am unable to answer this question for you.

Q. I would like to know about Mrs. OSWALD's personal feelings concerning her son's getting blamed for this accident and all the people thinking he did it.

A. MORGAN: Actually, Mrs. OSWALD has been talking about this for the last 15 to 20 minutes. This has already been answered.

Q. Did LEE OSWALD on the day before the assassination express any hatred toward President KENNEDY?

A. I did not see LEE the day before the assassination. His landlady states that he never expressed any hatred

against KENNEDY, and his landlady's husband said that LEE expressed that President KENNEDY was making much progress in the way of civil rights.

Q. MORGAN: Is it possible that because of LEE OSWALD's letter to Governor CONNALLY of Texas he harbored any antagonism? (This question is relative to letter written by OSWALD to Secretary of the Navy CONNALLY as to righting the type of discharge he received because of his defection to Russia.)

A. No, Governor CONNALLY was not governor at this time but Secretary of the Navy. If he, OSWALD, did harbor a grudge and had killed President KENNEDY, he would have said "Yes, I killed the President." He was of the same nature as I, straightforward. During his arrest LEE kept repeating "I didn't do it", and he also told his brother that he did not kill the President.

Q. How can Mrs. OSWALD in her right conscience say her son was not guilty when it was proven he owned the gun that killed the President and he was seen carrying a long package into the Book Depository building?

A. This doesn't mean he used the gun, and it is only hearsay that he carried a gun in the package. With all the beatings he took, which I saw from his bruised face and eyes on TV, he still said I didn't do it. Why would he be so foolish to have a witness see him take a gun wrapped in paper to the Book Depository building?

A. KARL: The gun evidence is the weakest link we have. This gun was mass produced and easily obtained by anyone. I don't know if the paraffin tests tied it in with the gun that murdered President KENNEDY.

RE: LEE HARVEY OSWALD

Q. Relative to an article appearing in a recent issue of "Time" Magazine", which states that Mrs. OSWALD asked President JOHNSON for legal representation at the trial, she is quoted as saying to a reporter --- You know what I got back --- I got a note to direct any inquiries in the future to the Warren Commission and not to the White House --- Can you imagine, I have as much right as any citizen to petition the President and, let me tell you this President JOHNSON, I am not just anyone and you (Mr. JOHNSON) are only President of the United States by the grace of my son's actions.

A. This quotation is an error. I intend to sue "Life" Magazine and "Time". This is what I said: "Dear Mr. President, I can now address you as such because your good friend was shot 11/22/63. Because of another assassination on 11/24/63, I find myself the mother of the accused assassin. I simply hope you will be so kind as to consider my request."

She states that the article indicates she knew that LEE HARVEY OSWALD killed the President and that she did not quote the article as it reads.

Q. What is Mrs. OSWALD's explanation as to the killing of Officer TIPPIT?

A. I will comment that Mr. MARK LANE does the investigation, but I do not think that LEE killed Officer TIPPIT; this is the key. There has been no autopsy on TIPPIT, relatively little information about the gun that killed TIPPIT, or any news about his burial. She specifically notes that there has been very little said in the news media concerning the TIPPIT aspect of the case.

Q. MORGAN: Is it not a fact that ballistics show that the bullet that killed Officer TIPPIT was from the gun found on OSWALD in the theatre?

RE: LEE HARVEY OSWALD

A. The way I have it figured out although TIPPIT was an exceptionally good police officer, when he was given the suspect's description following the President's assassination, he did not have his gun available when stopping a suspect on the street and LEE was supposed to have shot him three times and TIPPIT did not shoot back.

Q. I understand the FBI is holding a man that actually saw OSWALD kill the President. I wonder if Mrs. OSWALD knows about this.

A. No - has this been in print?

Q. If LEE OSWALD was a government agent, wouldn't the fact that he ran out on his rent bring attention to him?

A. We read this in the newspapers and do not know if it is true or not. Let's speculate that it is; he would do this on purpose to throw reflection from ? himself. He read everything from Communism to (NORMAN) VINCENT PEALE. He had to know this for his work with the government, and he had a wide variety of Communist material.

Q. If OSWALD did not do this, why did he leave his place of employment immediately following the assassination and, secondly, I feel many persons fitted the assassin's description, and I don't feel the officer was justified approaching a suspect with a drawn gun.

A. All I know is what I read. Mr. MARK LANE is of the opinion that LEE was never in the Book Depository building. He could have had the day off to do something --- this is a frame-up and this could have been part of it. We can't believe everything we hear. He was offered the job at the Book Depository building and he did not apply for it. This could have been a part of the frame.

RE: LEE HARVEY OSWALD

Q. When he, OSWALD, was in the theatre why did he jump up when the police entered and the lights were turned on, and when he jumped up he stated "This is it", then tried to shoot a policeman.

A. This is debatable about LEE getting out a gun. Again, LEE was an agent and he was waiting for somebody in the theatre and, when he got caught, he said "This is it" meaning that his position as an agent had been compromised. He didn't have time to kill the President and then get over to the theatre in 29 minutes; he would have had to have been a modern-day Superman; this is the most ridiculous part to me.

Q. What is your opinion of MARINA OSWALD's statement that OSWALD had fired the shot at General WALKER?

A. All I know is what was written in the papers. MARINA had a note from LEE in which he stated that he may be involved in something which may cause me to be arrested and in that event contact the police station and the Russian Consulate. This was blown up --- he may have been a government agent and may have known about the plot against General WALKER.

Q. MORGAN: When he returned next day, did he in fact advise MARINA that he had shot at General WALKER?

A. This was not the original story. This was fabricated and, after she was brainwashed, believed OSWALD had shot the President. At first she did not identify the gun (that is to say the rifle that shot President KENNEDY), then eight weeks later identified the gun. The case is full of contradictions.

Q. Was LEE when a boy emotionally disturbed?

RE: LEE HARVEY OSWALD

A. I do not know this is a fact. I would think this to be so but it was not told to me. He was picked up for truancy in New York City. One story I have never told was while LEE was in a Lutheran school in New York City one day he said he rode the subway all day and didn't go to school. LEE was telling the truth. The point I want to make is that he had the courage to tell the truth. About two weeks later he was picked up at the Bronx Zoo while playing hookey from school...

At this point the "Contact" program was broken for a regular news broadcast and, at the resumption of the program, Mrs. OSWALD did not continue to answer the above question, although some aspects of the same material were brought out later in the broadcast.

Q. Did you think JACK RUBY killed LEE HARVEY OSWALD because he was in a murder plot with him?

A. I do not have any thoughts on JACK RUBY because I cannot do anything on that particular subject. I do feel the authorities will take care of that.

Q. Is it true that LEE HARVEY OSWALD was dishonorably discharged and could not have been buried in the Arlington National Cemetery?

A. That's controversial. He had his honorable discharge but, because of his defection to Russia, he was later given an undesirable discharge. I think of him as a government agent, and this was done to show that he was not a good citizen.

Q. The January 27th issue of "The Nation" carries an article entitled "Oswald and the FBI", which reflects that small sums of money were sent from an unknown source in the United States to OSWALD in Russia. Can Mrs. OSWALD comment on this?

A. No, I didn't read the article. I did see an article that a Western Union employee had said that money had been sent to OSWALD.

RE: LEE HARVEY OSWALD

Q. Does Mrs. OSWALD know anything of the circumstances which indicate that LEE OSWALD was picked up by the Dallas Police Department for the attempted shooting of General WALKER and that his release was demanded by the Attorney General?

A. I know nothing about this. I would like to hear more about this.

At this point the participant who asked this question advised that she had heard this information through a Canton, Ohio, radio station which was carrying a radio program of a BOB SECREST originating from Detroit, Michigan.

Mrs. OSWALD then thanked the audience participant for supplying her source of information and made the comment that this is why she comes before the public.

Q. Why did OSWALD resist arrest at the theatre if he were innocent?

A. I don't think he resisted arrest. The police surrounded him. They did not see him with a gun, although one officer claims to have seen the gun.

Q. When you testified at the Warren Commission you said you had information that would change their mind. I would like to know what this information is.

A. The information I referred to was as to the character of this boy. I have his life because I was his mother, and I have all of LEE's documents.

Q. KARL: I would like to pursue this psychiatric bit a little further. OSWALD was examined by Dr. HARTACK (phonetic), appeared before the Children's Court, and was sent to the Children's Home. Wasn't it recommended that LEE OSWALD be committed to an institution not only for his protection but for the protection of the community?

RE: LEE HARVEY OSWALD

A. Only in this regard - I only knew he was confined for five to six weeks and must have had psychiatric treatment. The judge didn't confine LEE and nothing was said to me about psychiatric treatment. If he needed psychiatric treatment, the judge wouldn't have let me have him.

Q. Did he ever have occasion to be further examined?

A. No, however, a change of environment was suggested in that we leave New York and return home. I don't think that LEE received a complete psychiatric examination and I was never told of Dr. HARTACK's (phonetic) examination.

Q. What are your feelings toward OSWALD's wife as to her opinions?

A. I will always be waiting for MARINA when she is ready. I respect her wishes if she don't want to see me.

Q. 1. If LEE HARVEY OSWALD was a government agent, why didn't the government come forward that he was an agent?

2. Why did LEE HARVEY OSWALD choose to contact the Russian authorities instead of ours in case of trouble?

3, Why did Mrs. OSWALD contact an attorney known for his representation of a known Communist to dig up the facts? (The name of this attorney unknown to participant)

A. 1. I don't have an answer. It is up to our government to come forward with the answer.

2. He is telling his wife for her to contact the Russian Consulate for her own protection.

KARL: This is newspaper speculation.

RE: LEE HARVEY OSWALD

3. Mrs. OSWALD: Because this attorney represents the underdogs.

Q. I am a juvenile probation officer, does she know if psychiatric examination was given and psyohiatric examination is only given when necessary and not to all children?

A. I would have to assume psychiatric examination was given because Dr. HARTACK (phonetic) made it public. However, I was never told that this is the fact.

Q. By whom was he set up and who had the best advantage of the President's death?

A. In my own way, I don't have proof, but I believe he was set up. I believe the leak is in our own government.

Q. Is it true that LEE OSWALD was in JACK RUBY's Cafe?

A. This was in the newspapers. No one can answer this.

Q. KARL: Was LEE OSWALD a "loner" and did not have close friends?

A. I will bring this out in another program. It is too long a story for the present program. I have a wonderful thing to relate that happened to LEE, and it is something that has never been made public. I intend to make this known on Radio Station WBZ, Boston, on BOB KENNEDY's "Contact" program next Wednesday (2/26/64) from 6:30 to 8:00 PM or, if we cannot do the program on this date, it will be on the following Monday (3/2/64). He had normal relations with all people.

Q. If LEE OSWALD was a government agent, why did he shoot the officer (TIPPIT)?

RE: LEE HARVEY OSWALD

A. We do not believe he did.

Q. What is the basis for Mrs. OSWALD's reasoning that she has conclusive evidence her son did not kill President KENNEDY?

A. Briefly, LEE could not have done this; he would have had to have been a modern-day Superman to have done all the things they claim he did that day.

Q. MORGAN: Actually, it was an hour and ten minutes and not 29 minutes between the time the President was assassinated and the time of OSWALD's arrest in the theatre.

A. My information is from many, many people. I am going by information I have. The only answer I have is that there are many variations.

Q. Wasn't there a witness to the TIPPIT slaying who positively identified LEE OSWALD as the slayer?

A. This witness went to the police car radio to broadcast for help, therefore, could not possibly have seen the man who killed TIPPIT. I believe OSWALD was tried and killed by public opinion because the President was killed, and he was a Marxist and defector. We jumped to the conclusion that he killed the President. If a so-called good man was picked up, would the public readily say that he was the man?

I will answer this question --- They would say that he couldnot have killed the President and he was one of our fine businessmen. My point is this boy was tried by the public --- I am not saying he is not guilty; however, I am saying I believe he was innocent.

Q. Mrs. OSWALD still believes that her son was not in the Book Depository building although evidence indicates he was. She believes

everyone that's seen him are wrong. Why would anyone be carrying window shades to work, and they were never found, and why did he run away?

A. I will have to refer you to Mr. MARK LANE. LEE worked at the Book building and his fingerprints could have been there from another occasion. That box with fingerprints could have been trumped up. We read that witnesses seen LEE in the Book Depository building but the police haven't produced them. A witness stated that LEE advised him that the package contained window shades, but is this the fact?

That is the purpose of cross-examination at the Warren Commission. This way it brings out both sides. There was no cross-examination at the Warren Commission; that's why I object to it. If they had someone do the cross-examination, they would have brought out a lot more.

Q. MORGAN: I've heard it speculated that you want this cleared up as psychiatric reports put the blame on you for the cause of OSWALD being what he was, and supposition is that you want to clear any indirect guilt on yourself.

A. It is not a fact and it is immaterial to me what my neighbors think. I have lived my life alone. It would not mean a thing to me what people think. I have supported my family without help and do not feel guilty in any way. I think I did a good job raising my boys.

Q. KARL: Are you satisfied the way the Warren Commission is conducting these hearings, and do you believe the approach is judicial enough so that a decision can be relied on?

RE: LEE HARVEY OSWALD

A. No, I do not believe the decision of the Warren Commission can be relied upon as I think it is a one-sided affair. We are just testifying, and you must have cross-examination.

The conclusions of the Warren Commission will be speculation and rumor as all the witnesses sit in their chairs and talk to the Commission, then they, the Commission, analyzes what they hear.

The above was the final question in the "Contact" program, and Mr. NELSON G. KARL made the following comment: that he was very proud of his fellow Clevelanders and that only in America could this be expressed with its precept and concept of a fair discussion. He further stated that he believes it a tragedy that JACK RUBY deprived America, the public and LEE HARVEY OSWALD of trial by jury and the proper judicial inquiry.

Mr. HARV MORGAN concluded the program by thanking MARGUERITE OSWALD for her participation.

The above reels of audiotape were furnished to SA T. D. MANNING by [redacted], Radio Station WBZ, Boston, Mass., on 3/5/64. Mr. O'FRIEL requested that the fact he had furnished these tapes to the Boston Office be kept confidential and that any information relative to these reels should not be made public except in a usual proceeding following the issuance of a subpoena duces tecum, directed to PAUL G. O'FRIEL, General Manager, Radio Station WBZ, 1170 Soldiers Field Road, Allston, Mass.

The attention of the Bureau is directed to Reel 3, "Mrs. OSWALD's Press Conference." The reproduction of the questions asked by reporters is not clear. However, Mrs. OSWALD's answers are clearly audible. One portion of the tape deals with her answer to a question concerning the fact that a photograph had been exhibited to her by an Agent of the FBI when she and her daughter-in-law, MARINA OSWALD, were staying at the Executive Inn, Dallas, Texas, on 11/23/63. Mrs. OSWALD indicated that when this photograph was exhibited to her, she stated she did not recognize the individual. However, she subsequently identified the photograph of the individual as being the same as JACK RUBY. She further indicated that the FBI had acknowledged that they had exhibited a photograph to her but said it was not JACK RUBY.

Reels 3 and 4, while they do not contain any information relative to Mrs. OSWALD's actual participation in the Radio Program, "Contact," were obtained by the Boston Office for the information of the Bureau only and are being furnished for whatever action is deemed appropriate by the Bureau.

LEE HARVEY OSWALD
INTERNAL SECURITY - R - CUBA

Dr. Herminio Portell-Vila, 4740 Connecticut Avenue, N. W., Washington, D. C., former Professor of History at the University of Havana, who came to the United States in 1960 as a political refugee from the Castro Regime, advised on February 17, 1964, that among other pursuits he writes articles for the Spanish language weekly magazine "Bohemia Libre", published in New York City. Among these was one which appeared in the December 22, 1963, issue, and was entitled, "President Kennedy's Strange Assassination."

A translation of this article reflects Dr. Portell-Vila described, among other matters, the background of Lee Harvey Oswald, the accused assassin. Dr. Portell-Vila wrote Oswald had visited the Consulates of the Soviet Union and Communist Cuba in Mexico City weeks before the attempt against Mr. Kennedy with the "apparent purpose" of obtaining a communist transit visa to return to the Soviet Union, employing the methods used two years ago by two North American counterespionage officials, Martin and Mitchell. Later in the article he stated that Oswald was a sympathizer of the Soviet Union and Communist Cuba and had just arranged a trip to those countries. Further, after reporting the shooting, he related that Oswald fled from the book store; however, he was not able to continue the flight he had planned to cross the border into Mexico and go on to Communist Cuba; that someone failed to help him at that critical moment and things got complicated when he killed a policeman.

The article then continued that twenty minutes later the Mexican Government ordered the closing of the border with the United States. The plane "Britania" of the stolen Compania Cubana de Aviacion was approaching

Mexico City from Havana when the radio gave the news of President Kennedy's assassination which was confirmed when it arrived in the "City of Palaces." Oswald was not able to enter Mexico again or to reach the "Britania" in which he planned to reach Havana.

In the last paragraph of the article, the writer indicated that the material set forth in his article explained why a special commission was assigned to render a last verdict on President Kennedy's strange assassination while it was evident that Oswald had accomplices unidentified to date who were much more crafty than he.

Dr. Portell-Vila, on February 17, 1964, explained that the material for the above article was obtained from public source material such as American newspapers and magazines, and foreign language newspapers and publications. He wrote the article in the last days of November or the first days of December, 1963.

With reference to Oswald's planned flight to cross the border into Mexico and go on to Communist Cuba, he said he had no direct or specific knowledge of same; that this was conjecture on his part resulting from an analogy to the flight of Martin and Mitchell.

With reference to Oswald and the plane "Britania" from Cuba, he said he again had no specific or direct knowledge pertaining to Oswald using this plane to escape. It appeared logical to Portell-Vila that Oswald would use this regular plane run to Cuba from Mexico if he had planned to go to Cuba after escaping to Mexico. By the use of the word "stolen", Portell-Vila meant that the aviation company involved had been expropriated by the Castro Government; that the airline, and thus the plane "Britania" of that airline, was then in the hands of Castro and in this sense "stolen" from the rightful owners of the airline.

By City of Palaces, he meant Mexico City. He said Mexicans referred to Mexico City by that description.

Although Portell-Vila said he concluded in his article that it was evident that Oswald had unidentified accomplices, he stated that this again was conjecture on

his part, a summation based on his personal analysis of the event. He had no direct or specific knowledge that there were any accomplices, he said.

Portell-Vila said he read in a November 29, 1963, publication that in a speech on November 27, 1963, Fidel Castro, whether through a slip of the tongue or as the result of the influence of liquor, made a comment which suggested that Oswald may have previously made at least one visit to Cuba. He conjectured that this trip of Oswald could have taken place while he was in Mexico last year or perhaps while he was in Russia. He said he had no additional information in this regard.

ANECDOTE OF THE WEEK

■ Brigitte Bardot, the actress, and Morris Lansburg, the Las Vegas and Miami Beach hotel-owner, have been communicating with each other via cable for years. A few days ago, "Fabulous Morris" cabled Brigitte his latest offer of $50,000 a week for an engagement at one of his hotels. The following day he received a communique from Brigitte which read: "Offer me one million dollars and I'll think."

Immediately Lansburg cabled back: "For a million dollars you'll do a good deal more than think." ■

EDITOR'S NOTE: *Bob Barker, emcee of the* Truth or Consequences *show on TV, is a tall, handsome, blue-eyed, part-Sioux Indian who was born in Darrington, Wash., and raised in Mission, S. Dak., on the Sioux Reservation. When Bob was a teenager, his folks moved to Springfield, Mo., where he attended high school and later entered Drury College. At Drury he was so good a basketball player that he was offered a professional contract. He turned it down to join the Navy as a fighter pilot in 1943. After the war, Barker returned to Drury, worked on the side as a radio announcer and disc jockey. In 1945 he married Dorothy Jo Gideon, also a student at Drury, and on graduation the couple moved to Palm Beach, Fla., where Bob got a job on a local radio station. Presently the young couple decided to try Hollywood. The market there was flooded with emcees, announcers and comedians, but Barker put together his own disc jockey-comedy show, something called* The Bob Barker Show, *which lasted 9 years. Ralph Edwards heard Bob on this program, then signed him to emcee* Truth or Consequences, *where he's been ever since. Barker and his wife live in Encino, a suburb of Los Angeles, with 3 pet basset hounds on whom Bob tries such jokes as these:*

an electronic nurse takes over

by FRED WARSHOFSKY

Seriously ill hospital patients are beginning to benefit from the Space Age. The same type of tiny sensors worn by our astronauts now provide a never-before-possible continuous watch over crucial body reactions that is expected to save lives. A welcome by-product will be the freeing of overworked nurses from time-consuming aspects of intensive care.

The devices pictured here have just been installed at Perth Amboy, N.J., General Hospital, first in the nation to have the new physiological monitoring system. Just as they did for the orbiting spacemen, the system's sensors make possible a constant, around-the-clock surveillance of patients' heart rates, respiration and blood pressure.

The patient who is seriously sick often wonders if anyone will notice if he takes a turn for the worse during the night. With the new electronic system in operation, he can take comfort in the assurance that any alarming deviation in his readings will be noted immediately by the nurse on duty.

The sensors are marvels of miniaturization and efficiency. Blood pressure and heart rate are measured through a small, inflatable cuff and a metal ring that are slipped on the patient's index finger. Breathing is registered through a tiny, heat-sensitive bead mounted on a nose clip. As the patient inhales and exhales, the bead is sensitive to the cooling effect of the air flow.

All of the readings are converted to electrical energy. They are transmitted by wire to a central console at a nurses' station and to portable bedside units, where they appear on dials. If a person's heart rate, breathing or blood pressure should change dramatically, a warning buzzer and red light quickly alert the nurse on duty.

Physical reactions are measured and recorded every 30 seconds, far more frequently than nurses could do it even if there were no national nurse shortage and they had ample time to devote to the task.

One testing ground for the system was the National Institutes of Health Clinical Center in Bethesda, Md. In a special, intensive care ward, many hundreds of patients have recovered from major surgery with this electronic assistance.

The equipment is called the Executone-Gulton Physiological Monitoring System. According to Jerry Kaufman of Executone, Inc., it "allows much closer scrutiny than by conventional techniques. A blood pressure reading, for example, is taken every 30 seconds, rather than at 8 or 10 minute intervals." Adds Perth Amboy Hospital director Robert Hoyt: "This means a good deal to the comfort of the critically ill and should also save lives."

DALLAS, TEX.

It is an ironical fact of life that the death of President John F. Kennedy has brought fortune to many.

A few days after the President was assassinated, a 21-year-old Denver student ordered 5 million key chains stamped with the Kennedy impression. Today that student is worth $250,000.

In New York a jeweler came out with Kennedy tie clips, a china-maker with Kennedy beer mugs, a silversmith with Kennedy memorial platters.

Newsstands are still cluttered with special Kennedy magazines. Music shops and supermarkets have sold Kennedy record albums and paperback books by the million, and at least half a dozen publishers are printing books this spring of the late President's speeches, most of which were largely written by Kennedy's speechwriter, Ted Sorensen.

The bonanza has also spread to persons connected with Lee Harvey Oswald, the suspected Kennedy assassin.

The family of the Dallas police officer allegedly gunned down by Oswald, J. D. Tippit, has to date received more than $600,000 from 40,000 different people. The largest single donation was made by Abraham Zapruder, a Dallas garment manufacturer who contributed the $25,000 paid him by *Life* for his motion pictures of the assassination. The second-largest donation, $12,000, was made by Walter H. Annenberg, publisher of the Philadelphia *Inquirer*. This paid off the mortgage on the Tippit home.

Oswald's mother, Marguerite, has sold interviews to foreign publications, has announced a lecture tour

sum, provided Mrs. Oswald has information to divulge that she did not reveal to the Warren Commission in Washington. Hollywood is also interested in filming Marina's life story.

One of the few principals involved in the Presidential assassination overlooked both by fame and fortune is Maurice "Nick" McDonald, 36, the Dallas patrolman who captured Lee Harvey Oswald in the Oak Cliff movie theater 90 minutes after Oswald allegedly killed the President.

McDonald is the forgotten man of the assassination. No one has offered him anything for a magazine article, a lecture tour or even a TV appearance. All McDonald received was a $10 donation, which he turned over to the Dallas police fund.

A native of Camden, Ark., happily married, father of two girls, McDonald is a big, broad (5-feet-11, 200 pounds), balding man with an almost perpetual smile.

"I'm just glad to be alive," he says. "If Oswald's gun hadn't misfired, I'd be a dead goose today. Maybe," he reflects, "Sally and the kids would have then gotten more money than I'll ever make—no doubt about that—but I'd be dead, and what good is a dead husband? Marie Tippit—she lives just a few houses from here—she'd gladly give up the $600,000 if only she had her husband back.

"Money can buy almost anything, but it sure can't bring back the dead. And brother! Let me tell you, I came that close to getting it!"

NICK TELLS HIS STORY

A few weeks ago in Oak Cliff, sitting in the living room of McDonald's one-story, 3-bedroom brick home (cost $12,850—mortgage $11,900), I asked the ... exactly what had hap-

South Oak Cliff, approximately 3 miles west of the Texas Theatre, where Oswald was finally captured.

"That morning was a routine day until we heard on the police radio that the President of the United States had been shot. At that time we were patrolling on Westmoreland Avenue, which is approximately 8 miles from Elm and Houston in downtown Dallas, where the assassination occurred.

"The police dispatcher ordered all police units to report to the vicinity of Elm and Houston to cordon off the district and try to find the assassin.

"We proceeded on Code 3 [the emergency procedure—siren blaring, red lights flashing] to Elm and Houston. We got out of the car and ran over to a police sergeant, who told us to stand by. Meanwhile, the Texas Book Depository Building from which the shots had been fired was cordoned off and completely surrounded, and the crowd was being controlled.

AN UNFAMILIAR VOICE

"At 1:15 we went back to the car, and suddenly I heard over the police radio an unfamiliar voice, a voice not acquainted with police procedure, obviously a civilian. 'A policeman has just been shot!' the voice announced. 'A policeman has just been shot! He was driving police car No. 10 from where I am now talking.'

"When I heard that announcement," McDonald continued, "I knew at once that officer J. D. Tippit had been shot. I knew Tippit had been assigned Patrol Car No. 10 in District 78.

"The voice then continued: 'It looks as if the officer is dead.' When I heard that, I ordered my partner into the car. 'Let's get over to Oak Cliff,' I said. 'We're standing around here doing nothing. Let's see if we can find the guy who shot Tippit.'

Today it gets only 3%, or $600,000, from the casino, which does not seem to attract too many big players any longer. In order to stimulate tourism, Rainier has ordered a 10% reduction on hotel bills for guests who stay more than five days, free entrance to state attractions, parks, museum and opera house, and a free 4" x 6" photograph taken at the local tourist office. Despite these generous inducements, Monaco is still one of the most expensive resort areas in the world.

TAMPAX Incorporated Palmer, Mass.

Jan Cowan, a high school senior of Okemah, Okla., explained her readiness to go to live in Russia as a "Peace Hostage."

Sharran is one of hundreds of citizens from every section of the country who have volunteered to take part in a New York advertising copywriter's ambitious plan to reduce the risk of all-annihilating nuclear war.

Energetic, red-haired Stephen (Dan) James, 39, wants up to a million Russians and Americans to change places for periods of 6 months to 2 years. He proposes they get to know and like the people of the host lands and exert their weighty influence against the amassing of nuclear armaments—and the ever-present fear that these weapons might be triggered, and countertriggered. As a further deterrent, James thinks relatives of some government officials should be included in the deal.

HOMEMADE PEACE PLAN

And it seems possible that the homemade peace plan which Dan James drafted on the kitchen table in his Bronx apartment may someday be put into effect. Already it has propelled him into conferences at the State Department and the White House in Washington and with leaders of Russian life in Moscow. And it has drawn to his special post office box (Box 2737, Grand Central Sta., N.Y. 17, N.Y.) the pledges of more than a thousand Americans that they are prepared to set up housekeeping in the Soviet Union in the interests of peace.

What makes an American feel so [illegible]'s way—to use the atom to do good, not evil; to save lives, not destroy them. I think this 'Peace Hostage' program fits into the idea of teaching all of us to understand and use this power wisely."

TYPICAL AMERICAN SCENES

Harry L. Allen, 49, a steelworker of Hayward, Calif., and his wife Billie, 48, hope to live in their trailer in Russia if Dan James' exchange plan can gain the endorsement of the two governments. Both Mr and Mrs. Allen, who have no children, are veterans of U.S. Navy service. In preparation for their hoped-for sojourn in the Soviet Union, they have been taking "home" movies of typical scenes from American life, which they would like to show to some of the people there.

Says Harry Allen: "A person's life, in relation to time, is just a tiny flash. If you can do one good thing in that flash that can be remembered, you've accomplished something. My wife and I might not live so comfortably there as we do here. So what? I'd be useful. I'd work as a steelworker there, exchanging places with a Russian steelworker. We'd both benefit an awful lot."

Mrs. Allen expresses her feelings:

"If civilization isn't going to regress back to the animal stage, war just has to [illegible] stopped. War in this day and age is [illegible]er insanity. Average people have to [illegible] everything they can to stop it. That's [illegible]y I'm for this 'Peace Hostage' plan. [illegible] even go to see Khrushchev myself, to [illegible] to stop a war from coming. The reason to go there because they might be killed in a nuclear attack on Russia. Our very presence would show them that the U.S. isn't going to shoot off any rockets."

Dan James recently met in New York with a group of visiting members of the Soviet Peace Committee. As he has before, he pressed them to join in working out arrangements for a formal conference between negotiators for the Committee and for James' Peace Hostages Exchange Foundation. The conference, proposed for next June in Geneva, would set up a pilot exchange of 50 citizens from each country and launch studies of all problems inherent in a vast expansion of the exchanges.

THESE AMERICANS TELL WHY THEY HAVE VOLUNTEERED TO LIVE IN RUSSIA

"The world is made up of little, average individuals. Working together, we *can* achieve world peace—if the people work for it and don't just leave it to the government."

With those words, 17-year-old Sharran Cowan, of Okemah, Okla., explains why she and her family have volunteered to live in Russia for a year. Sharran's father is a farmer. Her mother is a former schoolteacher. Sharran is a high school senior. Her brother is a college student.

Why would a family feel so strongly about peace that he will pull up stakes and move thousands of miles to a strange land to help achieve it?

"I'm rather religious," Sharran Cowan relates. "Now that we've secured a Bomb that has the power to destroy mankind,

son we signed up is that this plan will give us a chance to show Russians what America really is."

When she was single she had many battles with her studio over the weight problem.

HOLLYWOOD.

Three years ago Columbia Pictures agreed to renew the $450-a-week contract of a lovely, auburn-haired, green-eyed actress from San Diego named Jo Morrow. There was only one hitch: Miss Morrow would have to keep her weight under 137 pounds, or the deal was off.

For tall, curvaceous Jo—5-feet-7½, vital measurements 37-23-36—this was no easy job. She loved to eat. "Just a little snack here and there," she explains. But the snacks mounted until Jo reported on-camera weighing 150 pounds.

The camera lens makes people look fatter than they really are, and Columbia had no intention of paying Jo $450 a week while she dieted on studio time.

VICIOUS CIRCLE

Jo Morrow starved herself, and the studio renewed her contract. But presently the actress regained her past weight, and the whole cycle of threats, massages and enforced dieting would begin again.

"The reason I ate," Jo points out, "was frustration. That's the reason most people get heavy. They eat because they're disturbed and dissatisfied.

"I was unhappy, because back then I was going with Frank Sinatra. He was the first man I really fell in love with. He turned me from a girl into a woman, and I'm still indebted to him. But gradually, as we began going together—we kept it very quiet, of course—I realized

weight down or get lost."

Today at 24, a svelte Jo Morrow finds no trouble weighing in at 130 pounds or less. Reason: last June, after converting to the Jewish faith, Jo married writer Jackie Barnett in Las Vegas.

"Ever since," she gleefully announces, "I've had absolutely no trouble in keeping my weight down. I'm no longer frustrated. I'm a happily married woman. I cook. I sew. I clean. I know in my heart that someone loves me deeply. I don't have to turn to food as a source of satisfaction.

"And surprise of surprises," she adds. "My career is also going better than ever. I recently finished a film, *Sunday in New York*, at Metro, also half a dozen different TV shows, and for once in my career, I'm actually in demand.

"I'm telling you," Jo declares, "if a girl wants to reduce, the answer is marriage. Love cuts down your frustration *and* your waistline—at least the first year, anyway."

waves through the antennas, and the waves are strong enough to send the shark thrashing wildly off.

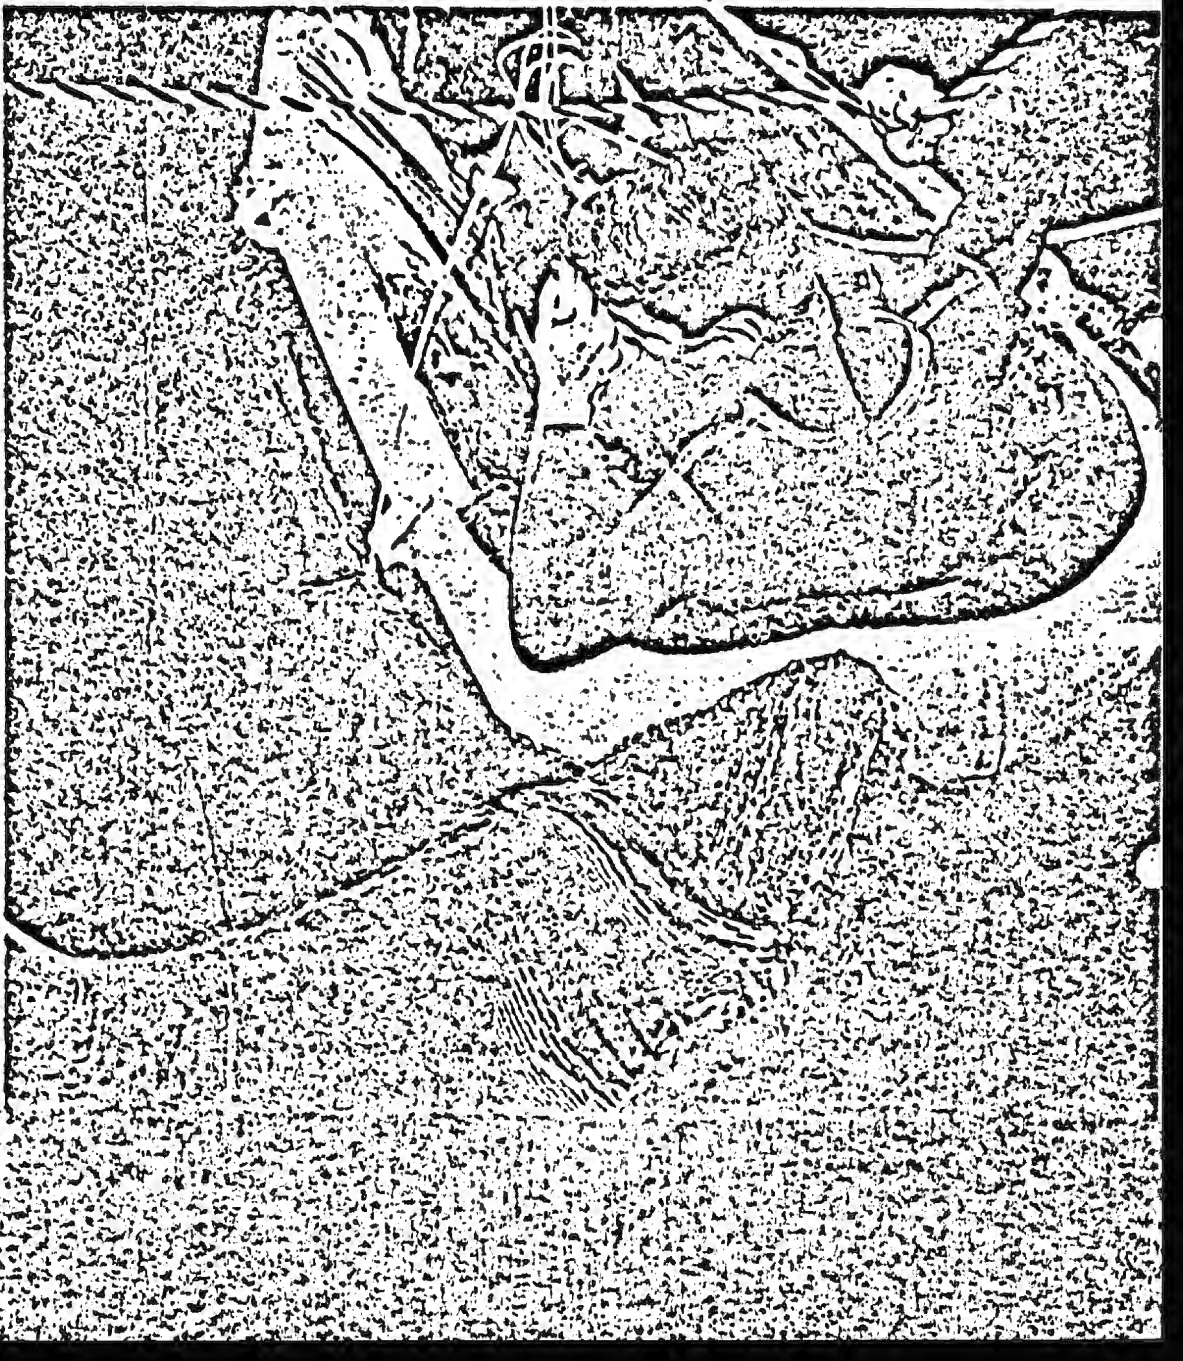
"This won't kill the shark," Hicks says. "We don't want to do that. It just repels him." Although the jolt received by sharks is not fatal, the scare lasts a long time. Some of the sharks used in tests of the repeller have refused food—including liver, which is a favorite—for three or four days.

The repeller is effective up to 75 feet in all directions. And the bigger the shark the greater the deterrent action because of its larger and more highly sensitive nerve network.

Hicks notes that the repeller has no effect on the person using it; or on other fish near-by. "Each major species of fish," he explains, "is vulnerable to a specific electromagnetic wave length." The device has already been used to help rid some of Florida's waterways of gar fish, but it has had no effect on the same fish. And in South Africa, used on a different frequency, driven off crocodiles.

WORKED ON HIS OWN

Millions of dollars have been spent by the United States government over the years to develop repellents that would offer complete protection. However, Hicks did not have the benefit of a government research grant or outside financing in developing his device. He used his own limited funds, and he employed the know-how of Miami electronics expert, Norman Bean. It



Other repellents in use today do not provide the necessary protection. Chemical repellents dissipate in the water, and killing a shark with knife or gun only serves to draw other sharks to the scene.

Last June, J. Manson Valentine, a member of the board of the Miami Museum of Science and Natural History, told the Navy that Hicks' repeller is "extremely effective in warding off prowling sharks, sharks lured to bait, even sharks engaged in actual feeding.

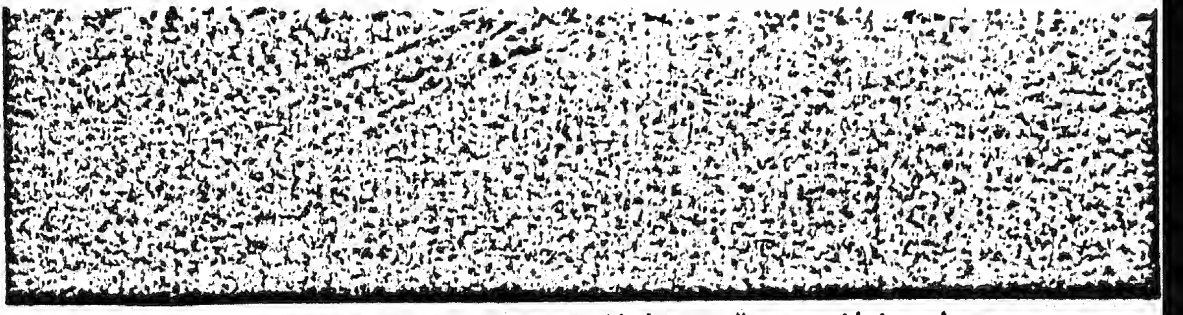
"During scores of tests conducted in the shark channel of the Miami Seaquarium," Dr. Valentine's report continued, "... sharks, many over six feet in length, were thrown into typical convulsive movements, followed by rapid escape turns, the instant the repeller was activated in their proximity."

In a recent demonstration of the unit—shown in these photos—Hicks sat in an inflatable rubber raft about four feet long. He waited until the shark nosed the raft, ready to attack, and then activated the repeller. Its nerve network overloaded, the shark churned away.

WILL BE AVAILABLE TO PUBLIC

The Hicks repeller, which will be available to the public through sporting goods stores after it is in full production, will sell for about $100. It can be used in a wide variety of ways for many purposes. At beaches with shark or barracuda problems, for example a number of units could be strung around the swimming area to ward off sharks; with this arrangement batteries would not be used, and the unit would be hooked up to a permanent power supply. Tuna fishermen, whose nets are often attacked by sharks and who thus lose thousands of dollars every season, could attach the repeller to their nets.

The armed forces and the National Aeronautics and Space Administration are interested. The Coast Guard is considering the units for air-sea rescue work. And NASA would outfit astronauts with a miniature version of the unit, weighing a pound and a half, with the antennas running down the leg. It would operate for a straight 12 hours. Said one astronaut, "I'd hate to go into orbit only to splash into the water and get eaten by a shark. What an anticlimax!"



Shark attacks Hicks' raft, in test demonstration, a moment before repeller current is turned on.

At instant the Hicks repeller is activated, the shark flips over, churns away seeking escape.

SHARKS PROWL BEACH AREA . . . ATTACK BATHER . . . MAN'S ARM LOST . . . SWIMMER KILLED.

These are headlines from newspapers around the United States last year. And only recently there was another headline saying that sharks had attacked skin divers off San Francisco, ripping the legs of one of them.

Tragically, these headlines have increased in frequency over the past few years, not necessarily because the shark population has increased, but because more and more people go into the water for sports, research and exploration.

Headlines of the future may be different, however, and shark waters made safer because of the development of an electronic unit called the Hicks Electronic Shark Repeller.

The device, operated by the wearer, has been hailed as the first effective shark repellent. World War II Navy hero Rear Admiral Dan Gallery says: "I'm convinced it works. It should be provided for all Navy pilots and frogmen for foolproof protection."

Invented by John Hicks, a 37-year-old zoology graduate of the University of Miami, the repeller operates on batteries housed in a waterproof casing from which extend two miniature antennas. Like a flashlight, the device is effective as long as the batteries are kept charged. The unit, which weighs about four pounds, operates on the principle that electronic impulses of the proper rate, duration and amplification can be tuned in on a shark's nervous system. When the switch on the repeller's casing is flipped on, electric energy from the batteries sends out shock

On January 4 of this year Nick McDonald, along with another Dallas policemen and several Secret Service men, was assigned to guard and protect Marina Oswald, widow of the man who had tried to murder him, in North Dallas.

"In the month that assignment lasted," McDonald says, "Marina Oswald didn't know who I was. She's a fine young woman who looks after two babies. She apparently will have nothing to do with her mother-in-law, probably for good reason, and I wish her only the best. In marrying Lee Harvey Oswald I'm sure she didn't know what she was getting into. She's always been considerate, courteous and co-operative with all the authorities."

Nick McDonald—he dislikes his given name, Maurice, and adopted the name Nick from the word "nickname"—has been on the Dallas police force 9 years. He began on March 3, 1955, following his discharge from the Air Force, at a starting salary of $285 a month. Currently he earns $489 a month. Because he found it rough to support a wife and two daughters and make mortgage and other finance payments on that salary, his wife also works.

McDonald was raised by his grandparents. His parents were divorced when he was 5. He attended Arkansas State Teachers College and served hitches in both the Navy and Air Force before he came to Dallas with his young bride, the former Sally Lou Plyler of Prescott, Ark.

"Police work," he says, "has become my life, and I love it more than anything else. My wife keeps nagging me to quit, but she knows I never will. She keeps thinking I'll come to some untimely end, and maybe I will. 'But after all,' I tell her, 'Who wants to live forever?' "

An income she's sure of as long as she lives?

There's one way that guarantees it!

How can you best protect your wife against the unforeseen? By assuring her a lump sum of money? Or by guaranteeing her a steady income?

OSWALD'S CAPTOR *continued*

The officer's wife's first thought: "My husband has been shot"

"I heard from someone that a policeman had been shot near Oak Cliff, and the first thought that came to my mind—I guess every policeman's wife thinks the same—was that it was Nick. I phoned the Oak Cliff substation immediately, and they told me it was J. D. Tippit who'd been killed.

"Then a few minutes later," Mrs. McDonald recalled, "I got a phone call from Ann Williams. Her husband Frank is on the force with Nick. He's Nick's best friend. Ann said, 'Sally, hold on to yourself. Nick's been wounded.'

"I tell you, I went numb. It was a few minutes before I could feel or think anything. I was sure my husband was dead. He'd come real close to death two times before. I'd wanted him to quit the police force. Now I cursed myself for not having insisted.

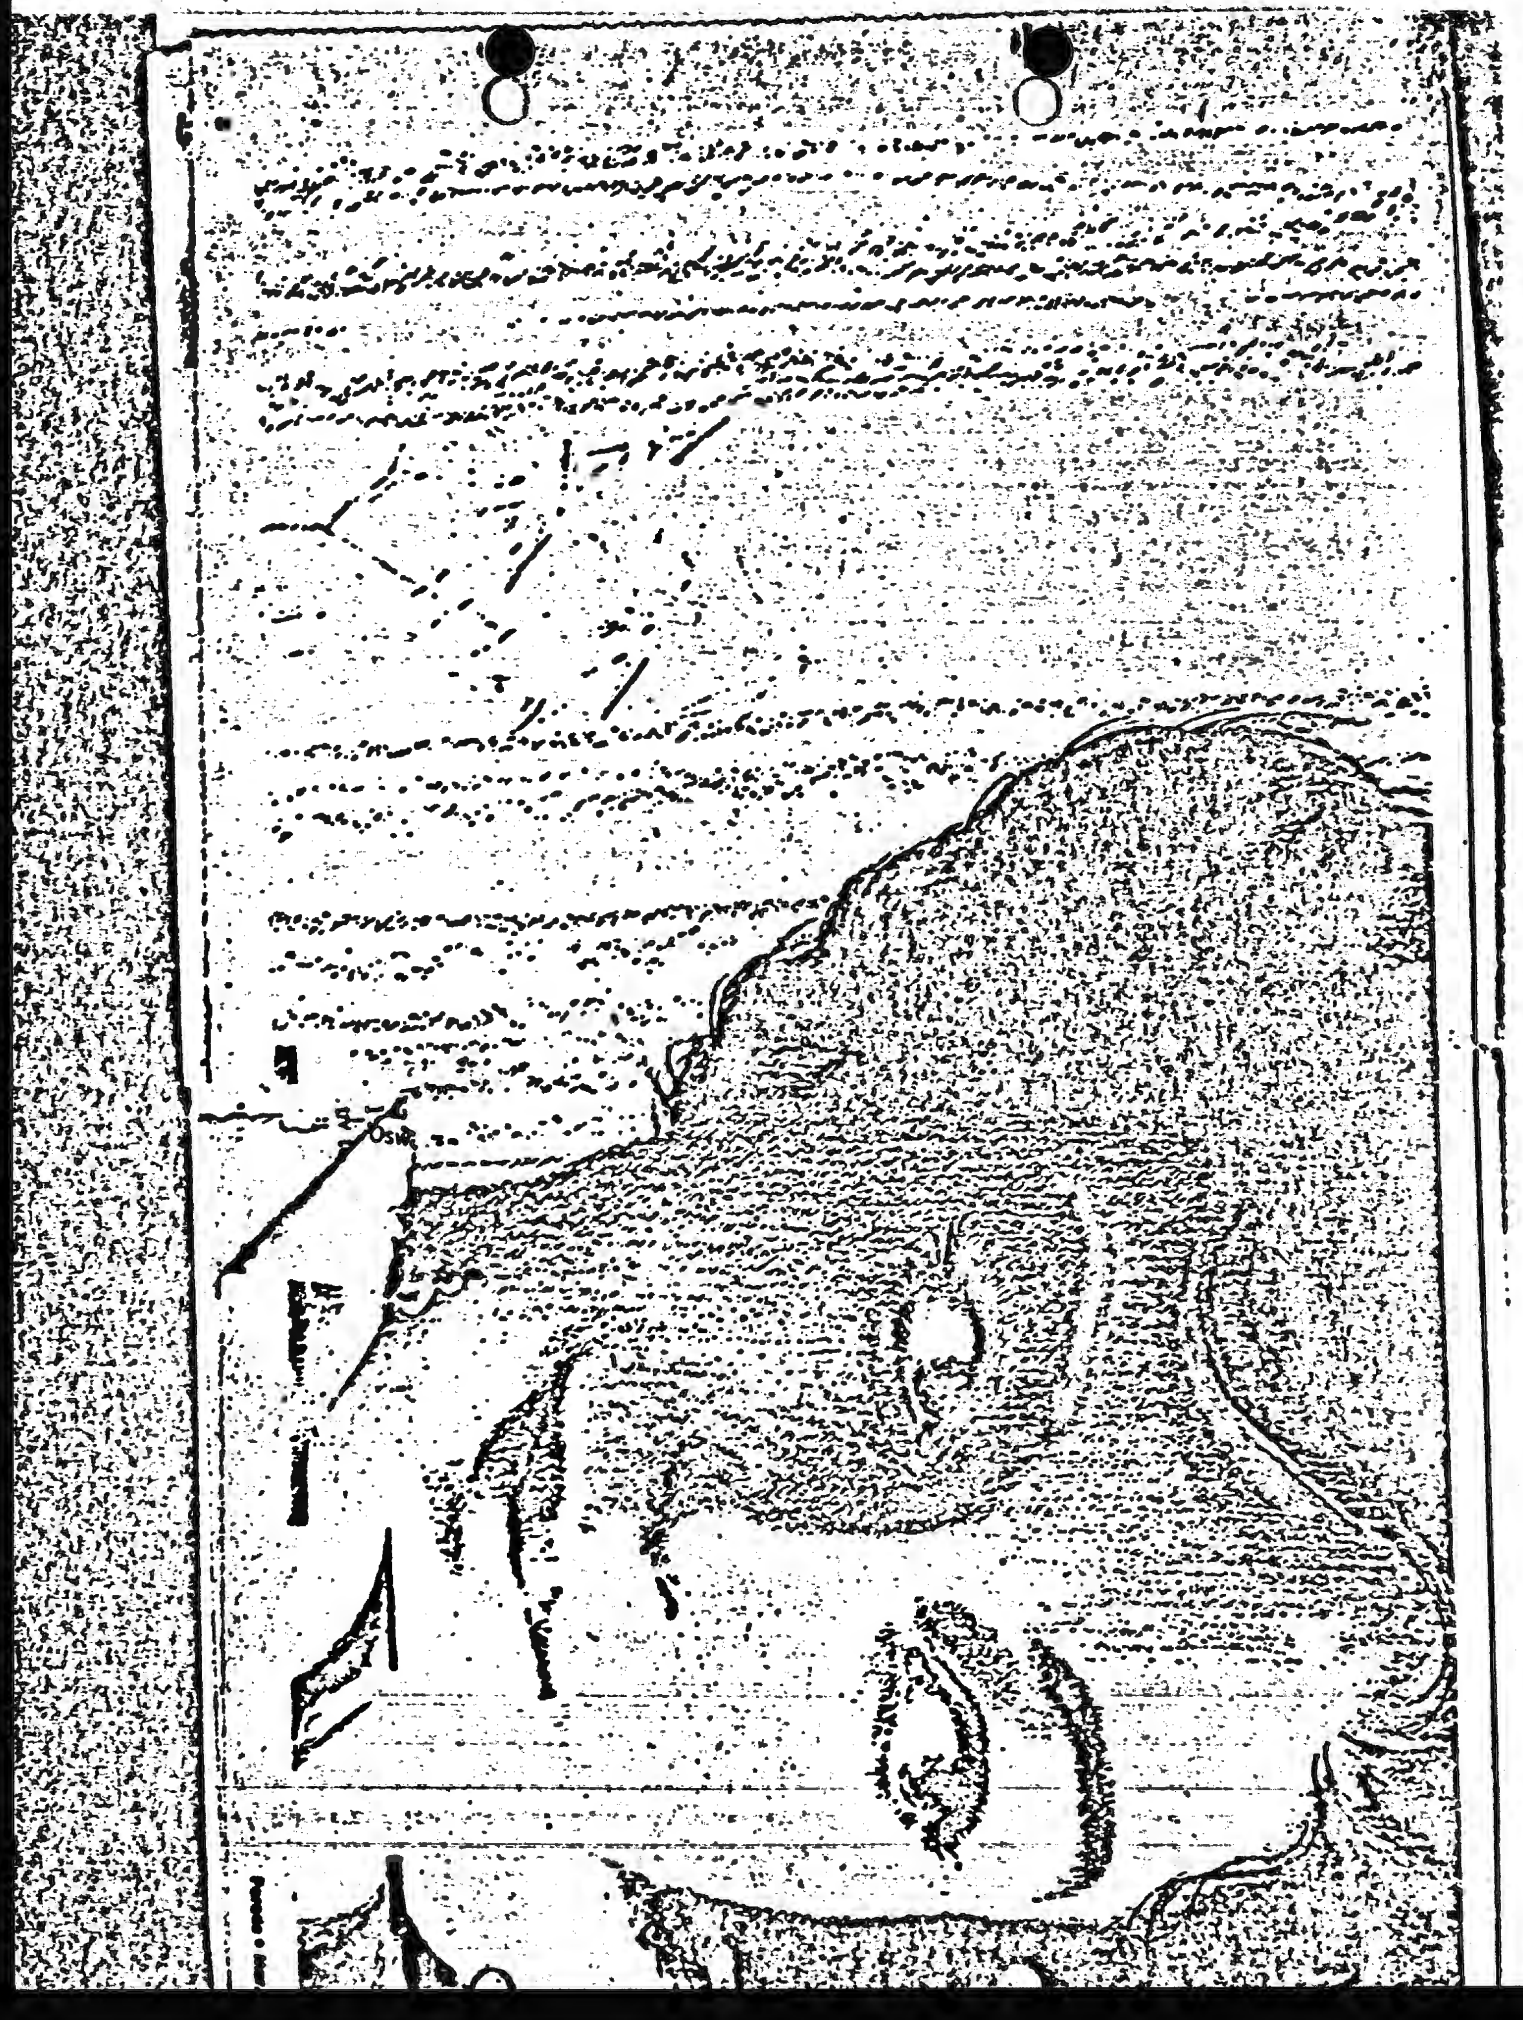
"I began to sob and cry. I guess I was nearly hysterical. People gathered around, trying to console me. And then the phone rang again. Someone grabbed it and yelled at me, 'It's your husband.' I lurched for the phone, and I heard Nick's voice. 'I'm okay,' he said calmly. 'Just got a few scratches.'

"I couldn't believe it. I thought he was fibbing, ju trying to make me feel good. 'Let me speak to som one else,' I said. He put Jerry Hill on the phon Jerry assured me Nick was all right. But I still wasn sure. I raced down to police headquarters, and whe I saw Nick standing there, breathing, I said ov and over, 'Thank God. Thank God.' "

Two days later Maurice and Sally McDonald we attending the Oak Woods Christian church with the two daughters, Vicki, 13, and Michelle, 10, whe following the invocation, the minister announced his congregation: "Lee Harvey Oswald has just bee shot in the basement of City Hall."

McDonald leaned back in his pew and said soft to himself, "Oh, my God."

When Oswald died, McDonald was genuinely so ry. "I'm convinced," he says, "that Oswald was guilt We have an eye-witness to his murder of J. D. Tippi a woman who saw the whole thing. And I'm equall sure he assassinated the President, but certainly h was entitled to his day in court. Jack Ruby had no righ to take the law into his own hands."



"The theater house lights were up at the time. I peeked through the curtain, but the show was still playing. Several policemen were searching the balcony. As I stepped out through the curtain the lights became dim again, but the movie stopped.

"The two men closest to me were sitting in the center of the theater. I decided that I would search

away from Oswald, he suddenly plunged it forward into my chest and pulled the trigger, but my hand over the gun slowed the action of the hammer and it only dented the primer. I could hear the snap, but no bullet was fired.

around the alley, then drove up and down near-by alleys. That's the last time I saw my partner that day.

"As I was patrolling the alleys, another report came over the radio that a suspect with Oswald's general description had raced into the public library about a block away. I immediately drove to the public library on Jefferson. I got out in the alley and took my shotgun with me. I went through the side door of the library and ordered all persons out with hands up.

"Everybody inside the library came out with hands up. A teenager told me that he had just run in to tell the people of the assassination. He didn't match the police description of the unknown assassin at the time. No one else in the library did either.

"I ran back to my car. As I got in, there came another radio report. A suspect had just been seen running into the Texas Theatre in the 200 block of West Jefferson. I drove on Code 3 to the theater. When I got to the front, there were 3 or 4 police cars already at that location, so I decided to go to the rear of the theater. I got out of the squad car and joined 3 other uniformed officers at the rear of the theater, and we went in through the rear exit door. I remember that one of the movies at the Texas was *Cry of Battle*.

A LOOK AT THE SUSPECT

"Just inside the theater we were met by a shoestore salesman who had seen the suspect run into the theater without paying for a ticket and could identify him. This shoe salesman went to the stage with me, peeped through the curtain and identified the suspect who, he said, was wearing a brown shirt. It was Oswald. He was sitting in the back of the theater, alone. There were only about 10 or 15 people in the entire theater, so I decided to approach every single person in the orchestra so that I would miss no one. I walked first to these two men. I had them stand on their feet, and I searched them.

"While I was frisking them I kept glancing over their shoulders at Oswald, just in case he should make a break. These first two men were sitting about 15 rows from the screen, in the center.

"After I decided that these men were unarmed and not suspect, I walked out of the 15th row, up the aisle and entered the row where Lee Harvey Oswald was sitting. Oswald was slumped down in the second seat, third row from the rear, on the right side of the center section.

"As I got within one foot of the suspect, I saw he was sitting calmly with his hands on his lap. He was wearing a brown shirt, with a white T-shirt underneath, and dark trousers.

" 'All right,' I said, 'on your feet.' Oswald stood up and slowly raised both his arms. As he did this, he said in a tone of resignation, 'Now it's all over.' My hands darted over his body as I searched for a weapon. Quickly they reached Oswald's waist. On his right side tucked beneath his belt was a .38 snub-nosed revolver, a Smith & Wesson—what they call a Smith & Wesson snubnose—blue steel.

"As I reached for the gun, Oswald also grabbed for it with his right hand. I shouted, 'I've got him!' With his left fist Oswald then smashed me right between the eyes as hard as he could, knocking my cap off. We both fell, fighting, into the seats, but I still had some portion of his gun in my hand, and so did he, only he had his hand on the trigger part. I remember thinking, 'He can't beat me to death with his left fist, but he sure can kill me if I let go of this gun.'

"I held up as we were waiting for that gun. Our [illegible] and I pulled the gun out of Oswald's hand. I handed it to another officer, Detective Bob Carroll, who was in plain clothes. Officer T. A. Hudson then came up from the row behind and threw his arm around Oswald's neck. Officer C. T. Walker, running from the left, grabbed Oswald's left arm. Officer Ray Hawkins ran to the row in front of us and grabbed Oswald from the front. I held on to the suspect with my left hand.

"The officers then took Oswald out of the theater and transported him to the City Jail. It was then 2 P.M., about 90 minutes after President Kennedy had been assassinated.

PHOTOS TO PROVE A POINT

"When Oswald was taken from the Texas Theatre, I walked back to my squad car and drove downtown. There I reported to Captain Westbrook, and he escorted me to the crime lab, where pictures were taken of my face. The gun had cut it while Oswald and I had been fighting. My nose and lips were also a bit bloody from the fighting.

"The captain wanted photos taken because Lee Harvey Oswald was already hollering about police brutality. If Oswald had lived we would have presented evidence, photographic evidence, that he was resisting arrest and force had to be used to subdue him. After Oswald was arrested, no one laid a hand on him. I was the only one who hit him at any time, and that was in self-defense.

"At the time I captured Oswald, I had no idea that he had killed the President of the United States. I was fairly sure, however, that he was the man who had killed Officer Tippit."

While all this was going on, officer Nick McDon-

NOTE: A man named John Bowen sat next to subject during bus trip from Texas to Mexico City 9-26/27-63. Bowen has been identified as Albert Osborne, born 11-12-88 in Grimsby, England. He appears to be a con man and was interviewed in Nashville on 3-3-64, at which time he admitted furnishing false info as to his identity and denied any knowledge of Oswald or being a passenger on the above bus. It had previously been reported that he engaged subject and other passengers on the bus in conversation and may have furnished info re subject's activities in Mexico City. He has various stories as to his background and our investigation of him led us to believe he was a Baptist missionary who spent many years in Mexico. On 1-7-64 Legat Mexico interviewed Osborne, a missionary at Texmelucan. He furnished considerable info (false) concerning Bowen whom he said was in the U.S. As indicated above, we have identified Osborne and Bowen to be the same individual and he has admitted furnishing false info.

My dear FBIs':

As a loyal American citizen, especially to our martyred President Kennedy, may I ask a question?

Was it humanly possible for the assasin, Lee Harvey Oswald, to have wrapped and carried the weapon (gun) right in his home, then carried it out, without the knowledge of his wife ?

This question is being asked on the assumption that gun was kept right in his home up to the day of our President's murder.

Is she the accomplice ?

I more than thank you.

WASHINGTON 25, D. C.

March 7, 1964

THE PRESIDENT'S COMMISSION

Since the tragic assassination of our late President John Fitzgerald Kennedy on November 22, 1963, at Dallas, Texas, this Bureau has forwarded to the President's Commission in excess of 12,800 pages of investigative results broken down as follows:

Topic	Pages
Investigation of Lee Harvey Oswald and related matters	8650
Jack L. Ruby, Civil Rights investigation	4200

In addition, our Laboratory has furnished the Commission with over 2400 photographs.

GENERAL INVESTIGATIVE DIVISION

1. At the present time the General Investigative Division has a total of nine pending requests from the President's Commission, the oldest dated February 21, 1964, and the most recent dated March 4, 1964. The status of each of these in chronological order is set out below.

By letter dated February 21, 1964, the President's Commission requested investigation to establish how the photograph of Lee Harvey Oswald carrying a rifle and pistol came into the possession of various news media. This photograph received considerable nationwide publicity as a cover for "Life" magazine. Dallas was immediately requested to run this matter down and by communication dated March 3, 1964, this material was furnished to the Bureau and is in the process of being assembled for transmission to the Commission.

105-82555-

ENCLOSURE

2. By letter dated February 21, 1964, the Commission submitted a three-page request for technical and other related information concerning the rifle used in the assassination. This request is very extensive and requires the obtaining of original documents of numerous items such as shipping documents, invoices, bills of lading, etc. This was immediately relayed to the field for expeditious attention. This request requires technical examination by our Laboratory as well as extensive work by our Dallas Office. The technical data has now been assembled and the numerous documents are being obtained, some of which are already in the possession of the Bureau. This matter is being closely followed and when all items are obtained they will be promptly furnished to the Commission.

3. By letter dated February 24, 1964, the Commission referred to us two matters which necessitated leads being covered in Milwaukee, Wisconsin, to interview a reporter for the "Milwaukee Journal" concerning the alleged signature of Oswald on a register at the "Fox and Hounds" restaurant, and research work by our Dallas Office concerning a photograph which appeared in "The Saturday Evening Post" in which an individual was observed who resembled Lee Harvey Oswald. Both of these matters have been handled and a current letter to the Commission under the date of March 9, 1964, has been prepared.

4. By letter dated February 28, 1964, the Commission requested still additional information relating to the rifle used in the assassination. This particular request necessitates leads be covered by our Legal Attache in Rome with the Italian Munitions Industry. Prior to referring this matter to the Legal Attache considerable research was necessary at the Bureau in order to facilitate the Legal Attache's handling of this request. By communication dated March 6, 1964, this matter was referred to the Legal Attache in Rome requesting expeditious handling.

5. By letter dated March 2, 1964, the Commission requested we obtain copies of Immigration and Naturalization Service records of Jack L. Ruby's parents, Joseph and Fannie Rubenstein. It also requested we obtain all available records of toll calls made by Ruby, his three brothers and four sisters and twelve persons known to have been in contact with Ruby between September 26, 1963, and November 22, 1963. This is currently being afforded expeditious handling by the field.

DOMESTIC INTELLIGENCE DIVISION

This Division has seven pending special requests of the President's Commission for investigation in this matter. The earliest of these requests is January 13, 1964 and the latest request is March 3, 1964. Set out below is a chronological summary of each of the seven pending requests furnishing the status of each:

1. By letter dated January 13, 1964, the Commission requested this Bureau to initiate a full scale background, intelligence investigation of Michael Paine and his wife, Ruth Paine. Marina Oswald was residing at the Paine residence at the time of the assassination. We have initiated such investigation and have furnished the Commission reports setting out results of such investigation to date. Our investigation of the Paines is continuing.

2. By letter dated February 12, 1964, the Commission requested this Bureau initiate a full scale background investigation of George and Jeanne De Mohrenschildt, acquaintances of Marina and Lee Harvey Oswald. Such investigation was instituted and we are reviewing summary reports just received on these individuals and will furnish them to the Commission in the immediate future.

3. By letter dated February 12, 1964, the Commission made inquiry into certain facets of our investigation relating to Oswald's trip to Mexico between September 26, 1963 and October 3, 1963. The Commission was particularly interested in the manifest of the Transportes Frontera Company and identities of passengers of this bus during the above period. This necessitated extensive investigation in Mexico and at the border. Our letter of February 25, 1964 furnished the Commission results of our inquiries to that date and informed the Commission that further details would be furnished as developed. We are affording this phase of our investigation close and continual attention on a priority basis.

4. On February 24, 1964, Mr. J. Lee Rankin, during a meeting with the Director, orally requested that this Bureau conduct appropriate investigation of

Marina Oswald to determine her contacts and activities. Appropriate instructions were issued to the Field and results of our coverage are being immediately sent to the Commission on a day-to-day basis.

5. On February 25, 1964, Mr. Rankin orally requested of Inspector J. R. Malley that this Bureau make arrangements to have talks or meetings at which Mark Lane appears recorded by any means. We have issued appropriate instructions to the Field and transcripts and tapes where available relating to Lane's speeches and meetings are being furnished to the Commission as received from the Field.

6. On February 26, 1964, Mr. Howard Willens of the Commission orally requested Inspector Malley to obtain recordings of all of Marguerite Oswald's appearances. The Field has been so instructed and recordings and transcripts of her appearances are being furnished the Commission as obtained.

7. By letter dated March 3, 1964, the Commission requested investigation of six different items resulting from Marina Oswald's testimony before the Commission. The six items included:

   1. Locate two thick books on history of the United States carefully read by Oswald

   2. Determine whether the rifle of Oswald's did or did not have a mounted scope when shipped to him by the seller

   3. Conduct investigation in vicinity of Love Field in Dallas in attempt to find practice range where Oswald may have fired his rifle

   4. Make handwriting examination of a note that may have been used by Marina Oswald and a friend, Mr. George Bouhe. The note was not enclosed from the Commission and we so informed the Commission by letter dated March 6, 1964.

5. Conduct handwriting examination to definitely determine if Oswald was right or left handed. We answered this request in our letter to the Commission dated March 6, 1964.

6. Ascertain whether the 15 power telescope and hunting knife furnished to the Commission belonged to the Paines, and if not, attempt to trace their origin.

We have issued appropriate instructions to the Field in connection with the above-listed items and as soon as the investigation is received at the Bureau it will be forwarded to the Commission.

FOR IMMEDIATE RELEASE
MARCH 7, 1964 - 4:45 P.M.

FBI Director J. Edgar Hoover today issued a public denial that Lee Harvey Oswald, accused assassin of President John F. Kennedy, and Jack L. Ruby, accused murderer of Oswald, ever served as confidential informants of the FBI.

Mr. Hoover said, "To set the record straight and to refute the misinformation which has been maliciously circulated, I want to state unequivocally that Lee Harvey Oswald and Jack L. Ruby were never FBI informants; that they were never employed by this Bureau in any capacity; nor did they ever render any services for--or receive any sums of money from--the FBI."

There is attached an airtel to all field offices calling their attention to the need for meticulous reporting in the captioned investigation.

Recently, it has been necessary to return letterhead memoranda and investigative reports for revisions and corrections. Valuable time and effort are lost in such procedure. To preclude against this and to insure that all offices are aware of this problem, it is believed sufficient to call this to their attention.

It is necessary at this time with this communication to call to the attention of all offices the need for meticulous reporting in this investigation. You should know that reports and letterhead memoranda submitted by the offices covering investigation in their respective jurisdictions are furnished to the President's Commission on the Assassination of President Kennedy. This Commission is engaged in the task of creating a historical record and, consequently, could be most critical of loose investigation and loose reporting. Our investigative efforts are judged by our reports. Therefore, each SAC should insure that due care and consideration are given to this matter.

Bureau recognizes that some SAs excel over others in reporting results of investigations. In this instance, we want to insure that we utilize our best investigators and our best report writers. This will include careful proofreading before submission of report or letterhead memorandum. Bureau is dealing with this case a "Special" and we do not want to lose valuable time by having to return reports and letterhead memoranda because of incorrect spelling, sentence structure and other obvious inadequacies. At the same time, you should insure in this investigation and others being disseminated by the Commission that we do not have fuzzy carbon copies, illegible photographs, missing pages, etc.

This matter should be brought to the immediate attention of all personnel who are concerned.

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington 25, D. C.

Dear Mr. Hoover:

This morning Mr. Jones Harris, who resides at 242 East 43d Street, New York, N.Y., appeared at the Commission with his attorney, Arnold R. Krakower, Esq., of 19 E. 53d Street, New York, N.Y. They brought with them several items of photographic material, including the enclosed 13 photographs. Mr. Harris tells us that 12 of them are reproductions of a portion of the 13th picture by either a micro or macro method of photography.

As you will see, the blow-ups of the individual in the doorway do bear some resemblance to Lee Harvey Oswald as he is depicted in other available photographs.

For your information, the photographer who made these blow-ups for Mr. Harris is Bernard Hoffman, located on the fourth floor of 76 Madison Avenue, New York, N.Y.

Mr. Harris advises us that a print used in connection with the publication of substantially the same picture in an issue of the Saturday Evening Post following the assassination is the photographic base most suitable for a beginning point in this type work. However, his claim is he was unable to obtain it and therefore used the enclosed.

The foregoing is being brought to your attention for whatever use you deem appropriate in connection with your identification of the individual depicted in the picture, who is immediately adjacent to the doorway of the Texas School Book Depository Building, and which you have already undertaken.

Sincerely yours,

On an entirely different subject, and in connection with the matter you have previously investigated and reported at page 7 of your Bureau memorandum, dated December 13, 1963, entitled "Hoaxes, False Reports, & Irresponsible Reporting," Mr. Harris advises that Robert L. Deschon, a Milwaukee newspaper reporter who writes for the MILWAUKEE JOURNAL, was the source of a rumor which had come to his attention, through another, in substance alleging that Oswald's name appeared on a guest register maintained at an establishment called the "Fox and Hounds" located at the northern end of Lake Huberta in the vicinity of Milwaukee. Harris further advises that inquiry by him, among others, leads him to believe that the restaurant is owned by one or more of four brothers named Fazio who reportedly have underworld-type connections.

Harris further advises that upon learning this information he began corresponding with Deschon and is still doing so, and accordingly, prefers not to be identified as having disclosed Deschon's name. Harris claims that Deschon is convinced that there is something to the rumor because of the reaction on the part of the restaurant's personnel among whom he has conducted inquiry.

This material is being furnished to you for your additional information and for your use in conducting an interview of Deschon, if you agree one should be conducted.

Thank you for your continuing cooperation in the work of this Commission.

Dear Mr. Rankin:

On March 2, 1964, a confidential source who has furnished reliable information in the past advised that he was in contact with Marina Oswald on that date. According to this source, Marina Oswald stated that her attorney, Mr. William A. ReNYairtel 3-5-64 with enclosed letterhead memorandum setting forth results of interview of Rede Bassing.

Miami should immediately reinterview John Martino concerning allegation of Bassing. Nathaniel and Sylvia Weyl should likewise be exhaustively interviewed. The above individuals are well known to the Miami Office. Definitely pin down each allegation in this matter and set forth any additional leads warranted to resolve the truth or falseness of the information.

With regard to information set forth in paragraph three on page two of reairtel, New York should incorporate this in a letterhead memorandum suitable for dissemination to the President's Commission. Since this apparently has no relation to the Bassing allegation, it should have been in a separate communication. In view of the possible significance of this information, it will be necessary that it be completely resolved.

Dallas 2444

Dallas files disclose the landlady named Roberts referred to on page two, paragraph three, of reairtel is possibly identical with Darlene Roberts, housekeeper at 1026 North Beckley, Dallas, Texas. Roberts has been interviewed previously in connection with captioned matter. If not already handled, Roberts should be reinterviewed for any information indicating Bernard Weissman, one of the signers of the anti-President advertisement which appeared in a Dallas newspaper, may have resided at her rooming house at the same time Lee Harvey Oswald resided at the above address. If so, ascertain relationship, if any, between the two.

Recipients are further advised that in submitting letterhead memoranda for dissemination to the President's Commission or which may be disseminated to the President's Commission concerning captioned matter, that Bureau property stamp should be eliminated. This is being done at the request concerning referenced letterhead memorandum.

NOTE: G. Michael Hanrahan, attorney, Pelham, New York, and former FBI Agent, advised New York Office that a client of Hanrahan, advised that Oswald and Weissman apparently resided at same rooming house in Dallas and inferred that Weissman may therefore have been acquainted with and/or influenced Oswald.

Legat, Mexico City, in attached cablegram requests 3 Agents be sent to his office on special assignment, 30 to 60 day duration, to dedicate their full time to handling the investigation concerning Oswald to bring it to logical conclusion in shortest time possible. Legat points out that, while entire Agent personnel devoting large part of their time to handling investigation in Oswald case, they must utilize certain amount of time on other expedite and urgent matters in addition to commitments arising from road trips. We have instructed Legat by cablegram 2-20-64 to immediately advise of total percentage of Agent time being utilized on Oswald investigation. His request will be analyzed upon receipt of reply.

REBUCAB 940, FEBRUARY 18 LAST.

IN INTEREST OF FULLY PROTECTING BUREAU'S POSITION AND IN ORDER TO INSURE THAT ALL MATTERS ARE INTENSIVELY INVESTIGATED AND BROUGHT TO A LOGICAL CONCLUSION IN SHORTEST TIME POSSIBLE, SEARCHING ANALYSIS HAS BEEN MADE OF SITUATION HERE AND FOLLOWING IS SUBMITTED FOR BUREAU'S CONSIDERATION.

BUREAU IS REQUESTED TO STUDY THE POSSIBILITIES OF SENDING THREE AGENTS HERE ON SPECIAL ASSIGNMENT OF APPROXIMATELY 30 TO 60 DAYS DURATION. WHILE ENTIRE AGENT PERSONNEL OF MEXICO CITY OFFICE HAVE BEEN DEVOTING A LARGE PART OF THEIR TIME TO HANDLING INVESTIGATION IN INSTANT CASE, THEY OF NECESSITY MUST BE UTILIZED A CERTAIN AMOUNT OF TIME ON EXPEDITE AND URGENT MATTERS, SUCH AS FUGITIVE CASES AND ESPIONAGE AND SECURITY MATTERS HAVING A DIRECT BEARING ON THE INTERNAL SECURITY OF THE UNITED STATES. IN ADDITION, BUREAU COMMITMENTS HAVE REQUIRED THAT VARIOUS AGENTS BE ABSENT ON ROAD TRIPS FROM TIME TO TIME, SUCH AS RECENT 10 DAY ROAD TRIP OF LEGAT TO SOUTH AMERICA TO INTERVIEW CANDIDATES FOR NATIONAL ACADEMY.

WHILE MEXICO CITY INVESTIGATION HAS BEEN SUCCESSFUL IN FILLING IN BROAD GENERAL PICTURE OF OSWALD'S ACTIVITIES WHILE IN MEXICO CITY, IT IS NOTED THAT WARREN COMMISSION IS RAISING MORE AND MORE QUESTIONS CONCERNING MINOR DETAILS OF THESE ACTIVITIES.

AND IT IS PRESUMED THAT MORE AND MORE OF THESE QUESTIONS WILL BE RAISED BY THE COMMISSION IN THE NEAR FUTURE. IT IS ALSO NOTED THAT THERE HAS BEEN AN INCREASE IN THE NUMBER OF PEOPLE WHO ARE ALLEGED TO HAVE SEEN OR TO HAVE HAD SOME CONTACT WITH OSWALD WHILE IN MEXICO, AND EVEN THOUGH ALLEGATIONS OF THESE PERSONS IN SOME CASES APPEAR TO BE EXTREMELY REMOTE OR COMPLETELY UNTRUE, THEY MUST OF NECESSITY BE RUN OUT AND FULLY RESOLVED.

IT IS FELT VERY STRONGLY THAT IN ORDER TO AVOID ANY POSSIBLE FUTURE CRITICISM OF THE BUREAU ON THE PART OF THE WARREN COMMISSION OR OTHERS AND IN ORDER TO FULLY DISCHARGE OUR RESPONSIBILITIES, IT WOULD BE MOST DESIRABLE TO HAVE THE THREE AGENTS SENT HERE ON SPECIAL ASSIGNMENT TO DEDICATE THEIR FULL TIME TO BRINGING THIS MATTER TO A LOGICAL CONCLUSION AS RAPIDLY AS POSSIBLE.

IN THE EVENT THE BUREAU APPROVES THIS SUGGESTION AND IF THEY ARE AVAILABLE, IT IS STRONGLY RECOMMENDED THAT SAS ROLF L. LARSON OF PHOENIX OFFICE AND HENRY J. PRATT OF NEW YORK OFFICE BE SENT HERE ON THIS SPECIAL ASSIGNMENT, ALONG WITH ONE OTHER AGENT. SA LARSON DEPARTED MEXICO CITY ON TRANSFER LESS THAN A YEAR AGO, AFTER 10 YEARS OF ASSIGNMENT HERE, AND IS THOROUGHLY FAMILIAR WITH WORKINGS OF VARIOUS MEXICAN POLICE AGENCIES AND OF OUR OWN INFORMANTS. SA PRATT WHILE ON ASSIGNMENT HERE WORKED NOT ONLY IN HEADQUARTERS CITY BUT ALSO IN TERRITORIES OF ALL OUR RESIDENT AGENCIES AND IN CENTRAL AMERICA. HE IS COMPLETELY FLUENT IN SPANISH AND WOULD BE DECIDED ASSET IN RUNNING OUT LEADS AWAY FROM MEXICO CITY. FOR THIRD AGENT,

IT IS SUGGESTED THAT SA FREDERICK E. RODERICK OF LOS ANGELES OFFICE OR SA WALLACE R. HEITMAN OF DALLAS OFFICE COULD WELL BE UTILIZED IN VIEW OF THEIR PAST ASSIGNMENTS IN MEXICO CITY OFFICE.

NAMES OF ALL THESE AGENTS HAVE BEEN SPECIFICALLY SUGGESTED BECAUSE OF THEIR PAST ASSIGNMENTS HERE AND THEIR FAMILIARITY WITH LANGUAGE, PEOPLE AND TERRITORY.

IN EVENT OF APPROVAL OF THIS SUGGESTION, IT WOULD BE DESIRABLE BUT NOT ABSOLUTELY ESSENTIAL THAT AGENTS SENT HERE BE FURNISHED WITH OFFICIAL OR DIPLOMATIC PASSPORTS. SHOULD TIME OR OTHER REASONS PREVENT OBTAINING OF SUCH PASSPORTS, AGENTS SHOULD OBTAIN MEXICAN TOURIST CARDS TO COVER PERIOD OF THEIR ASSIGNMENT.

BUREAU IS ASSURED THAT AGGRESSIVE, ENERGETIC ACTION IS BEING TAKEN ON ALL LEADS OUTSTANDING HERE, AND REQUEST FOR SENDING OF AGENTS HERE ON SPECIAL ASSIGNMENT IS MOTIVATED ONLY BY DESIRE TO FULLY INSURE THAT BUREAU'S RESPONSIBILITIES ARE FULFILLED IN SHORTEST TIME POSSIBLE AND ITS INTERESTS PROTECTED.

Above airtel furnished two copies of a list of items pertaining to this case which were reviewed by representatives of the President's Commission.

It is noted this list under Item C8 lists "6.5 mm. Mannlicher-Carcano cartridge case from building". It appears this item should be corrected to read "6.5 mm. Mannlicher-Carcano cartridge from rifle" inasmuch as this item is actually a live round of ammunition obtained from the assassination rifle, and the cartridge is listed as Laboratory Specimen C8 in laboratory reports.

A review of the photographs in connection with the above list reveals photographs pertaining to "Paraffin Casts of Oswald's Hand and cheek", Items C41-C46, Laboratory Specimen numbers Q53A-Q53G through Q58 as well as Leboratory file number PC 78318. No Laboratory report has been located by Dallas Office pertaining to this examination.

ReBStel 3/5/64 and RSairtel 3/6/64 with letterhead memorandum enclosed, both captioned as above with copies to New York and Dallas by mail. Your attention is directed to comments made by Marguerite Oswald on the radio program "Contact" on Radio Station WBZ, Boston, on 3/4/64 that she had made a recording recently in New York concerning Lee Harvey Oswald to be released in April, 1964.

New York should attempt to determine the identity of the recording concern through established sources and, if copies of the recording are available, discreetly obtain two copies for the Bureau through such sources. When obtained, forward the two copies to the Bureau, one suitable for dissemination to the President's Commission. Also submit full transcript of recording in letterhead memorandum without Bureau property stamp suitable for dissemination to the President's Commission.

If copies of recording not available through established sources of your office, submit recommendations re obtaining copies.

REURAIRTEL AND LETTERHEAD MEMORANDUM FEBRUARY TWENTY-SEVEN LAST.

A REVIEW OF REFERENCED MEMORANDUM DISCLOSES THE FOLLOWING QUESTION CONCERNING MEXICAN RECORDS FM-FIVE, FM-EIGHT AND FM-ELEVEN. IN MAJORITY OF INSTANCES LISTED YOU STATED THE FM-ELEVEN SHOWED THE MODE OF TRAVEL UPON DEPARTURE; THAT IS, AUTO, AUTOBUS, RAILROAD, ET CETERA. IN THE PARAGRAPH STARTING AT THE BOTTOM OF PAGE ONE AND CONTINUING ON PAGE TWO OF REFERENCED MEMORANDUM, YOU POINTED OUT THAT THE BASIC INFORMATION APPEARING ON FM-ELEVEN WAS TAKEN FROM THE TOURIST CARDS PAREN FM-FIVE OR FM-EIGHT ENPAREN. IF THIS IS SO, THEN THE MODE OF TRAVEL UPON DEPARTURE IN CASES WHERE SHOWN ON FM-ELEVEN SHOULD ALSO BE SHOWN ON CORRESPONDING TOURIST CARDS. IN THE CASE OF OSWALD'S DEPARTURE, THE MODE OF TRAVEL ON FM-ELEVEN WAS SHOWN AS QUOTE AUTO UNQUOTE. OSWALD'S TOURIST CARD DID NOT SUPPORT THIS. THE QUESTION ARISES AS TO WHETHER THE NUMEROUS TOURIST CARDS YOU HAVE OBSERVED SUPPORT THE FM-ELEVEN WITH REGARD TO THE MODE OF TRAVEL UPON

DEPARTURE. IF THE MODE OF TRAVEL IS MARKED ON ALL OF THESE TOURIST CARDS PAREN AND THEREAFTER COPIED ON TO THE FM-ELEVEN EUPAREN THIS WOULD SUPPORT THE CONTENTION THAT OSWALD'S MODE OF TRAVEL UPON DEPARTURE WAS UNKNOWN AND THE ENTRY QUOTE AUTO UNQUOTE ON THE FM-ELEVEN WAS INCORRECT. OF COURSE, IF THESE TOURIST CARDS ALSO DO NOT SHOW THE MODE OF TRAVEL UPON DEPARTURE AND THIS IS ONLY SHOWN ON THE FM-ELEVEN, IT IS POSSIBLE THE PERSON PREPARING THE FM-ELEVEN RECEIVES THE INFORMATION AS TO THE MODE OF TRAVEL UPON DEPARTURE FROM SOME OTHER SOURCE THAN THE TOURIST CARDS AND YOU WILL HAVE TO DETERMINE THIS.

AS YOU KNOW IT HAS NOT BEEN ESTABLISHED HOW OSWALD LEFT MEXICO ON OCTOBER THREE, ONE NINE SIX THREE. UNTIL WE CAN PROVE OSWALD WAS ON A BUS, THE POSSIBILITY WILL ALWAYS EXIST THAT HE LEFT BY AUTOMOBILE AS INDICATED IN MEXICAN IMMIGRATION RECORDS. NO EXPLANATION HAS BEEN GIVEN AS TO WHY RECORDS SHOW HE DEPARTED BY AUTOMOBILE. TO SAY THE RECORDS ARE ERRONEOUS IN THE ABSENCE OF PROOF OF SOME OTHER MODE OF TRANSPORTATION IS NOT TO ANSWER AN IMPORTANT QUESTION IN THIS CASE. NO EFFORT MUST BE SPARED TO CLEAR THIS MATTER UP. ANALYZE IT CAREFULLY AND HANDLE IT THOROUGHLY AND PROMPTLY.

REGARDING THE FIRST TWO FULL PARAGRAPHS ON PAGE THREE OF REFERENCED AIRTEL AND THE LAST PARAGRAPH OF REFERENCED MEMORANDUM, THE BUREAU HAS NO OBJECTION TO YOUR HANDLING THE EXPLANATION IN THE LAST PARAGRAPH OF THE MEMORANDUM AS YOU HAVE DONE PROVIDED THAT IN OMITTING MENTION OF THE CUBAN TRAVEL CASES YOU HAVE NOT OMITTED ANYTHING SPECIFICALLY DEALING WITH THE OSWALD CASE, BUT RATHER EXAMPLES OF ERRORS APPEARING ON FORMS FD-ELEVEN. ADVISE. YOUR ATTENTION IS CALLED TO THE FACT THAT THE BUREAU PROPERTY STAMP IS NOT TO APPEAR ON LETTERHEAD MEMORANDA FOR DISSEMINATION TO THE COMMISSION. IN RECHECKING THE TOURIST CARDS TO DETERMINE IF THEY ARE MARKED WITH REGARD TO MODE OF TRAVEL UPON DEPARTURE, YOU SHOULD PAY PARTICULAR ATTENTION TO THOSE TRAVEL CARDS HANDLED BY CHAPA, THE MAN WHO HANDLED OSWALD'S CARD AT THE TIME OF HIS DEPARTURE, AND DETERMINE IF CHAPA INDICATED ON THESE CARDS THE MODE OF TRAVEL.

FEDERAL BUREAU OF INVESTIGATION

Date January 9, 1964

JESSE A. SKRIVANEK, resident of 5909 Carleen Drive, employed as purchasing clerk, Procurement Division, State Headquarters, Selective Service System, 515 Western Republic Building, advised the following:

The Monday following the assassination of President JOHN F. KENNEDY, Mrs. DANNELLY of his office asked him if he could recall an individual who she believed to be HARVEY OSWALD having visited that office.

Thereafter he "racked his brain" but could not recall having ever seen anyone resembling OSWALD, having seen several photographs of OSWALD in the newspapers as well as having observed him on television.

More specifically he could not recall the individual or instance referred to by Mrs. DANNELLY.

FEDERAL BUREAU OF INVESTIGATION

Date February 5, 1964

File #: 105-

LORINE SHULER, Cashier, Trek Cafe, 3100 South Congress, advised the following:

STELLA NORMAN was no longer employed as a waitress at this cafe. NORMAN's last known residence was the second house on the east side of Bannister Street, running north off of Ben White Boulevard.

During NORMAN's employment at the Trek Cafe her hours were from three until eleven p.m., except on Fridays and Saturdays when she worked from five p.m., until one a.m.

NORMAN's day off was Wednesday.

She could not recall an instance during NORMAN's employment when NORMAN had been the only waitress on duty at the Trek Cafe. The work schedules were set up so there would always be two waitresses on duty at all times, but one might be temporarily preoccupied by answering the telephone or using the washroom normally for very few minutes at a time.

SHULER advised that on three or four different occasions within a week's span of time shortly after the assassination of President JOHN F. KENNEDY, NORMAN mentioned to her that she had seen LEE HARVEY OSWALD as a customer in the Trek Cafe sometime prior to the assassination. However, she did not pay too much attention to NORMAN and could not recall the details of what NORMAN had told her but that each time the story was told by NORMAN she varied from the previous story or stories. These remarks by NORMAN were made while on duty at the cafe. To her recollection NORMAN made these remarks to her, SHULER, and to her alone.

In conclusion SHULER said she did not place any faith in the stories related by NORMAN hence more or less dismissed the matter from her mind.

Date January 9, 1964

FLORENCE ESTELLA NORMAN, widow, 4301 Bannister, advised the following:

She began employment at the Trek Cafe, 3100 South Congress, the latter part of August, 1963, and was so employed until the Monday before Thanksgiving.

From the beginning of this employment until October, 1963, her hours were from 5:00 p.m., until 1:00 a.m., seven days a week. Her hours were changed and she began work either at 1:00 or 3:00 p.m., and worked until either 11:00 p.m., or midnight except Fridays and Saturdays when her hours were from 5:00 p.m., until 1:00 a.m.

The Sunday after the assassination of President KENNEDY while at the Trek Cafe she saw a picture of LEE HARVEY OSWALD in an Austin paper and recognized him as a customer she had served at the Trek Cafe.

This customer was at the cafe in the midafternoon so by the above working hours she concluded this individual was present at the Trek Cafe either the latter part of October or the early part of November 1963.

She recalled the following concerning this incident:

She was alone in the restaurant, neither other employee nor customer being present. The cook was in the kitchen. This individual came into the restaurant and ordered coffee. He appeared very nervous. He kept fooling with the paper napkins and appeared to be writing or doodling on these napkins. He used three or four napkins and must have put these in his pocket before leaving as the napkins were not left on the table, ashtray or floor.

The customer remained 30 or 45 minutes and had either three or four cups of coffee. He paid 10¢ for each coffee as the Trek does not give refills on coffee.

by SA ROBERT W. CARNES/jb;cbl Date dictated 1/4/64

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

This customer was alone at all times. She did not notice his mode of transportation on leaving and neither did she notice the direction in which he left.

Seeing he was nervous she tried to start a conversation with him but he did not respond.

On seeing the photograph of the accused assasin in the paper that Sunday she exclaimed out loud, "My God I know him."

A Mr. DAY who is employed at a local newspaper was in the cafe as a customer.

Mr. DAY asked her how she knew the accused assasin and she told him, "As a customer."

Mr. DAY then said he thought he too had seen this individual in the Trek Cafe.

She could not recall Mr. DAY being in the cafe when this customer whom she believed to be identical with the accused assassin of President KENNEDY was there, but Mr. DAY could have been present.

NORMAN advised she could not recall having discussed this matter with anyone other than Mr. DAY and the newspaper reporter who had contacted her about two weeks prior to this interview at her then place of employment, Bill's Grill, located at South Congress and Riverside Drive. As a matter of fact she had not even discussed this with her parents.

In conclusion NORMAN said she did not know who had directed the newspaper reporter to her.

FEDERAL BUREAU OF INVESTIGATION

Date 2/5/64

WILLIAM COVINGTON, owner, Trek Cafe and Motel, 3100 South Congress, Austin, Texas, advised as follows:

FLORENCE NORMAN, who was commonly known as STELLA NORMAN began employment as a waitress at the Trek Cafe on July 26, 1963, with her hours being from three o'clock p.m. until eleven o'clock p.m., Sunday, Monday, Tuesday and Thursday and from five o'clock p.m., until one o'clock a.m., on Friday and Saturday.

Wednesday was NORMAN'S day off.

Her last day of employment was on Monday of the week ending Saturday, November 30, 1963.

He determined these dates of employment by referring to his payroll book and the hours of her employment he recalled from memory.

Specifically concerning the date of September 25, 1963, his payroll record showed that NORMAN had been paid for the usual six days work for the week ending September 28, 1963, indicating to him that NORMAN had her regular day off on Wednesday September 25, 1963.

According to his records, NORMAN worked on only two Wednesdays during her employment, these being the Wednesdays of weeks ending on Saturdays, August 31, 1963, and October 19, 1963, on those occasions NORMAN was paid for full seven days of work.

NORMAN was not related to him. To his knowledge NORMAN was not related with anyone connected with the Trek Cafe.

He had heard NORMAN make mention of having seen LEE HARVEY OSWALD, reputed assassinator of President JOHN F. KENNEDY in the Trek Cafe, though he could not recall the party to whom she made this statement and she had never discussed the matter with him directly.

On 1/22/64 at Austin, Texas File # SA 105-2509

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

He did not pay too much attention to NORMAN in this regard as he felt it was "foolishness" on NORMAN'S part.

He believed NORMAN to be somewhat irresponsible and unreliable for the following reason. In terminating this employment, NORMAN did not resign, but, for several days she would call in and say she was ill and could not report for work. It seemed that each time some other employee would mention having seen NORMAN at a night club the previous evening "living it up." After several days she quit calling in and just did not show for work again.

Mr. COVINGTON advised that in his manner of operating the Trek Cafe there are always at least two waitresses on duty in the cafe and one waitress should not be left alone by the other for a period of more than ten minutes for he would not permit this. Such an absence should be only to use the wash room or answer the telephone.

In conclusion, Mr. COVINGTON advised that the guests in the Trek Motel for the nights of September 24 and 25, 1963, were all regular customers who were known to him, and not identifiable by name or photograph with LEE HARVEY OSWALD.

FEDERAL BUREAU OF INVESTIGATION

Date 1/23/64

L. (only) B. (only) DAY, 4524 Duval Street, Austin, Texas, was contacted after attempts had been made to contact him on January 2, 5, 7, 9, 10, and 13, 1964, at various times of the day. DAY advised as follows:

When he first saw the photograph of LEE HARVEY OSWALD in the newspaper a day or two after the assassination of President JOHN F. KENNEDY, he was in the Trek Cafe located on South Congress in Austin. Present was STELLA, the waitress at the cafe, whose last name was not known to him.

On seeing the photograph, he said, "Gol dang, STELLA, don't you remember him?" Whereupon she answered, she did not.

He then told STELLA she had waited on that man, there in the Trek Cafe, about six weeks prior to this occurrence. He then told STELLA that OSWALD was sitting in the cafe one day when he, DAY, was "ragging her" and reminded her that on that occasion he told her, "If I could find a wife who would make me a living, I'd marry her," and that STELLA had said not to try to trap her, that she was already married and making a living for that husband.

He reminded STELLA that OSWALD had been sitting on the third or fourth stool from the cash register and that he, DAY, had sat on the last stool in the rear of the cafe.

He reminded STELLA that OSWALD had what appeared to be a pencil in his hand and seemed to be "jotting" on something; that OSWALD kept looking in the direction of the kitchen.

After reminding STELLA of the above, STELLA sat down and after appearing to give the "matter some deep thought," told him she too recalled seeing OSWALD in the

cafe on that occasion.

He supposed he recalled OSWALD'S appearance in the Trek so vividly because OSWALD, to him, resembled two of his friends, BERNIE BALKY, who would be known to TOMMY ATTRA, and BILL, who operates Bill's Wrecking Yard on the Old San Antonio Highway out of Austin.

He did not mention this resemblance to a reporter who talked to him about this matter as he had already told the reporter that OSWALD resembled a "cedar chopper," a not too favorable comparison, and did not want to embarrass BERNIE BALKY and BILL by extending such a comparison to them for their resemblance to OSWALD.

He did not tell STELLA to joke with OSWALD, as related by the reporter in the Texas Observer, and this was a misunderstanding on the reporter's part.

Refering back to the incident of OSWALD'S appearance in the Trek Cafe, he advised that OSWALD was sitting at the counter on his arrival there and estimated this was some six or seven weeks prior to President KENNEDY'S assassination. He said OSWALD remained thirty or forty minutes; that he did not notice OSWALD on his departure as to what direction he took or his mode of travel.

Normally, there are at least two waitresses present at the Trek Cafe, but on this occasion he could recall only STELLA being present.

While OSWALD was there, two or three people came in and had coffee, though he could not recall who they were, or even if he knew them.

This must have occurred after 3:00 p.m. as at that time STELLA was reporting for work at 3:00 p.m.

In conclusion, he wished to say that he was wrong as many times as he was right, but that he believed the man at the Trek Cafe was, in fact, OSWALD.

FEDERAL BUREAU OF INVESTIGATION

Date 1/23/64

TOM KATTRA, Street Circulation, Austin American newspaper, Austin, Texas, advised the following:

He has known L. B. DAY for a number of years. In the last few years DAY has had several different wives and has given the appearance of being a bit unstable.

He was of this opinion as in his infrequent conversations with DAY, DAY had conversed "in a wandering manner" and really appeared to have imagined some of the things he related.

As a result thereof, he has accepted things told to him by DAY with "a grain of salt."

Records of Continental Airlines Company are maintained at the home office located at the Los Angeles International Airport, Los Angeles 9, California.

In conclusion, MURPHY advised he had not retained a schedule of Continental Airlines, Austin - Houston service, which would have been in effect on September 25, 1963; however, he said from memory he believed flights to Houston departed Austin at 10:30 a.m., 3:00 or 4:00 p.m., and 8:00 or 9:00 p.m., with return flights departing Houston 7:00 a.m., 1:00 p.m., and 5:30 or 6:00 p.m.

AT LAREDO, TEXAS

On January 21, 1964, GILBERTO CAZARES GARZA, Chief of Mexican Immigration, Nuevo Laredo, Mexico, advised that he could find no cancellation of tourist permits for October 3, 1963, on the following persons:

Sra. LANDEROS
JUANA (last name unknown)
Sra. MORALES
RAFAEL FLORES
CANSTIERE
ANGEL PEREZ
Sra. AGUILAR
LUZ TRICARCO
CONSTANTINO GARCIA

These names appeared on the passenger list of the Transportes Frontera Bus Line, Bus Number 340, which left Mexico City on October 2, 1963, and the name of "OSWLD" also appears on the manifest.

CAZARES stated that his records did reflect, however, that one JUANA MARIA ALANIZ, married, age 47, American, who had entered Mexico on October 1, 1963, and whose destination in Mexico was Monterrey, Tourist Card Number 626392, had departed Mexico at Nuevo Laredo, Mexico, on October 3, 1963, and her destination in the United States was San Antonio, Texas. CAZARES stated ALANIZ was traveling by bus.

Date February 28, 1964

Reverend WALTER LADDIE HLUCHAN, Pentecostal Church of Christ, 711 Madison, Eagle Pass, Texas, advised as follows:

In 1939 he was assigned by the Pentecostal Church of Christ to do missionary type work at Vera Cruz, Vera Cruz, Mexico. In the latter part of this year, 1939, he met a person who was introduced to him as JOHN HOWARD BOWEN at the residence of Reverend A. C. HORSTMAN, than a missionary for the Pentecostal Church of Christ at Vera Cruz. At this time the person he met as JOHN HOWARD BOWEN, but whose true name he now knows to be ALBERT OSBORNE, was living at Nocheslan, Oaxaca, Mexico, which location is between Oaxaca City, Oaxaca, Mexico, and Puebla City, Puebla, Mexico. OSBORNE had suffered financial losses due to a flood in Oaxaca and at that time he (HLUCHAN) bought a Remington portable typewriter from him (OSBORNE) for 150 pesos ($30.00 in United States money). OSBORNE was at this time selling Bibles and distributing religious literature but was apparently not connected with any specific church or religious denomination.

After this he did not see OSBORNE for approximately eight months but during the following twelve months, 1940-41, he visited OSBORNE several times at Nocheslan, Oaxaca, Mexico, when he, HLUCHAN) chanced to be in Nocheslan on duties connected with his missionary work.

In 1941 he (HLUCHAN) became extremely ill from fever and because of ill health left Mexico for about nine years. During this period he did not see OSBORNE and did not receive any information concerning him. In late 1949 or early 1950 he (HLUCHAN) returned to Mexico City to continue his missionary work. During the next eight or nine years, 1950-58, he saw OSBORNE on about four or five occasions, most of which were at the Mexico City, Mexico, home of Mrs. LOLA LOVING, wife of a now deceased missionary who now resides at 2223 A Street, Forest Grove, Oregon, and that at some unrecalled date between 1950 and 1958 OSBORNE changed his residence from Nocheslan, Oaxaca, Mexico,

to Texmelucan, Puebla, Mexico, which location is also known as San Martine, Puebla, Mexico.

In about 1958 OSBORNE was in some difficulty with the Mexican Immigration authorities at Mexico City concerning his residence in Mexico and his using the name JOHN HOWARD BOWEN.

On one occasion during this period he (HLUCHAN) was at the residence of Mrs. LOLA LOVING in Mexico City and OSBORNE, who was also at the residence, was discussing his problems with the Mexican Immigration authorities. At this time OSBORNE explained in his (HLUCHAN's) presence that many years ago (HLUCHAN did not recall if OSBORNE indicated a specific number of years) he, OSBORNE, had come to Mexico with one JOHN HOWARD BOWEN to do missionary type work. A short time later he lost or misplaced his Mexican Tourist Card which permitted him to live legally in Mexico and it happened that BOWEN, with whom he had come to Mexico and with whom he was doing missionary work, was leaving Mexico and did not need his Mexican Tourist card. OSBORNE explained that for this reason BOWEN gave him his Mexican Tourist card to use for identification as a tourist legally in Mexico. OSBORNE explained that subsequent to this he (OSBORNE) was known to persons whom he met as JOHN HOWARD BOWEN and among all his acquaintances he used only this name.

Reverend HLUCHAN stated that he positively does not know any reason other than the above as to why OSBORNE used the name JOHN HOWARD BOWEN. Reverend HLUCHAN stated although he met OSBORNE in 1939 he has probably seen him less than a dozen times, has never been closely associated with him and has not seen him since sometime in 1961. Reverend HLUCHAN stated he does not know of any ministerial training OSBORNE may have had, OSBORNE has indicated that prior to going to Mexico he had done missionary work in India for many years; he has never heard OSBORNE called anything but "Mr."; he has never known OSBORNE to have an associate or to organize a church in Mexico; he has never known the religious faith of OSBORNE; as to his knowledge OSBORNE has distributed literature of the Methodist, Baptist and other churches and had at times indicated a connection with an unknown church in England. Reverend HLUCHAN stated OSBORNE

has for many years given religious instruction to Mexican boys who resided at his residence and has distributed religious type literature in Mexico. Reverend HLUCHAN pointed out that during the time he has known OSBORNE since 1939, the only letter he recalls receiving from him was one he received in early February, 1964, indicating a return address of EMILIO CARRANZA 4A, Texmelucan, Puebla, Mexico, which letter was signed ALBERT OSBORN, and including information that OSBORNE had apparently returned to Texmelucan shortly before Christmas, 1963, after participating in evangelistic services in England, Spain, Northern France and Northern Africia.

Reverend HLUCHAN pointed out that he was vague on some dates regarding his contacts with OSBORNE as he was unable to recall clearly the details of these contacts. Reverend HLUCHAN stated that he has never known OSBORNE to be connected with any occupation or activity other than missionary type work in Mexico and does not know anything unfavorable concerning him. Reverend HLUCHAN concluded by stating that he could not give any additional information or reason why OSBORNE had used the name JOHN HOWARD BOWEN when his true name was ALBERT OSBORNE.

II. MISCELLANEOUS

On December 13, 1963, OSCAR S. WARNKE, Chief Jailer, Bexar County Jail, San Antonio, Texas, advised Complaint Clerk LARRY M. HILL that he had received information from one MARY CONAWAY to the effect that a man by the name of ALAN HIDELL might possibly have information concerning the activities of LEE HARVEY OSWALD.

On December 21, 1963, Mrs. MARY CONAWAY, 2231 Basse Road, San Antonio, advised SA GEORGE KEEFER that she had contacted Mr. WARNKE for the reason that she wanted to do anything that would be helpful in the investigation surrounding the assassination of President JOHN F. KENNEDY. She said that she is not personally acquainted with ALAN HIDELL and does not know where he lives but that she associated him in her mind with the events surrounding the assassination because of the similarity between his name and the name ALEK HIDELL which, according to newspaper accounts, was used by OSWALD. Mrs. CONAWAY stated that at one time she worked in the Bad Check Division of the Bexar County District Attorney's Office and that several accounts involving ALAN HIDELL came to her attention. She said that she gathered the impression that ALAN HIDELL was a trouble maker and a very unreliable person and added that she felt that there was possibly some connection between him and OSWALD. She said she had no information concerning the activities of OSWALD and was unable to furnish any physical description or background information concerning ALAN HIDELL.

On December 27, 1963, Mr. GEORGE ZEPEDA, Retail Merchants Association, advised Investigative Clerk JOHN SMITH that his office has a record for ALLAN M. HIDELL of 123 Sutton Street, San Antonio. This record reflected that HIDELL was the proprietor of a used car lot at 1603 Broadway, San Antonio, and that his credit was unsatisfactory reflecting numerous unpaid and delinquent accounts.

On December 27, 1963, IC SMITH checked records of the Identification Bureau of the San Antonio Police Department, and advised that these records contain a file numbered 43618 concerning ALLAN M. HIDELL, 123 Sutton Street, San Antonio. This individual was listed as having been born May 23, 1921, in Pennsylvania and

having fingerprint classification number 15 0 27 000 15
20 III

This individual was arrested November 3, 1955, for a violation of city ordinance Section 60-70 but this charge was dismissed on November 23, 1955. He was again arrested October 13, 1962, for malicious mischief and released on county bond. The records of the Bexar County Sheriff's Office indicate that this case number 3671 was reported in the magistrate's docket but never filed upon. A photograph of ALAN M. HIDELL under San Antonio Police Department number 24810 was obtained.

On January 3, 1964, ALAN MAXWELL HIDELL voluntarily appeared at the San Antonio Office. He was advised by SA GEORGE KEEFER that he need not answer any questions, that anything he might say could be used against him in court and that he was entitled to have an attorney. HIDELL stated that he had no objection to answering any questions concerning his past or present activities and that he did not desire to have a lawyer.

ALAN MAXWELL HIDELL advised that he was born on May 23, 1921, at Allentown, Pennsylvania. He identified his father as CHARLES MAXWELL HIDELL (deceased) and his mother as FLORENCE KEIDEL HIDELL, who presently resides at 123 Sutton Drive, San Antonio, Texas. He stated that when he was a very small child his family moved to Orlando, Florida, and when he was about five or six years of age they again moved to Los Angeles, California. In about 1930 he and his family moved to San Antonio, Texas, where he attended Jefferson High School graduating in 1939. At that time he lived on Rosewood Street and following graduation attended St. Mary's University in San Antonio for one year. In 1941 he was drafted into the United States Army receiving Army serial number 38061231. He received a medical discharge in November, 1945, and returned to San Antonio where his residence was 2309 W. Mulberry Street and his occupation that of buying and selling used cars at 1603 Broadway. In 1952 he married MARTHA BECK and lived at 123 Sutton Drive continuing in the same business as above. MARTHA passed away in 1957 and in 1960 he married VIRGINIA GRONA. At this time the HIDELLS lived at 2803 Arrowhead in San Antonio but in 1961 his business

failed and he was divorced by VIRGINIA. On November 15, 1963, he married FRANCES IMELL at Seguin, Texas, and he now lives with his mother at 123 Sutton Drive. FRANCES IMELL HIDELL maintains an apartment at 138 Vanderheck and operates a bookkeeping service in the Milam Building. HIDELL stated that he receives a small pension as a result of service-connected injury and that he makes a little money from time to time as a free lance wholesaler of used cars.

ALAN HIDELL advised that in 1960 or 1961 he was arrested on bad check charge in San Antonio, but that the Grand Jury failed to return indictment.

HIDELL stated that he has not visited Mexico City for the past thirty years although he has been in Mexico twice during recent years. In September of 1961 he visited Monterrey, Mexico, with his wife VIRGINIA on a pleasure trip and on July 3 and 4, 1963, he made a similar pleasure trip to Monterrey. On this occasion he entered Mexico via Zapata due to the fact that roads leading south from Laredo were in bad condition. This trip was made with FRANCES HIDELL and her two children, ages 13 and 10, and they were accompanied by CLAYTON P. MYER, an insurance agent who resides at 127 Cloverleaf, San Antonio. ALAN MAXWELL HIDELL advised that he has never used any other name than the above, although he has discovered that it is a common mistake for others to spell his given name ALLEN. He stated that he does not possess any information concerning the assassination of President KENNEDY other than that which he obtained from reading newspapers and watching television. He said that he is not acquainted with LEE HARVEY OSWALD or JACK LEON RUBY or any other individual connected with the assassination or the subsequent killing of OSWALD.

HIDELL stated that he had a brother, JOHN HIDELL, who died in 1961, and that he has two sisters, JANE (Mrs. FRANK) MANNY, age 46, who resides on Avant Street in San Antonio, and MARY (Mrs. ROLAND) GUARY, age 38, who resides in San Francisco, California. He said that he has an uncle by the name of ALEX HIDELL who is about 75 years of age and who operates a hardware store in Philadelphia, Pennsylvania. This individual has a son ALEX, who is ALAN HIDELL's cousin. ALEX HIDELL, JR., according to ALLEN HIDELL, works with his

father in the hardware store in Philadelphia. He was unable to furnish any additional or any specific information concerning ALEX HIDELL.

INTERVIEW OF MISS [redacted]
[redacted] RE [redacted]

On January 3, 1964, Miss [redacted] 3446 Connecticut Avenue, N.W., furnished the following information:

She is employed as a Secretarial Assistant, Office of Cultural Affairs, Pan American Union (PAU). The office was formerly known as the Editorial Division. During the period from 1960 to the Summer of 1962, this Division was headed by [redacted] who uses the pen name of [redacted] Miss [redacted] acted as [redacted] secretary during this period.

Based on her knowledge of [redacted] during this period and subsequent to his leaving this position, and information learned from others in the PAU, Miss [redacted] stated she feels that [redacted] is a member of an international Marxist conspiracy. Her reasons for this are as follows:

[redacted] was born in Spain and fought in the Spanish Civil War on the side of the Loyalists. From Spain he went to Mexico where he became a citizen. He then traveled to the United States and became an employee first for the Pan American Health Organization and then the PAU. He is an atheist and speaks derogatorily of the United States. He visited the Soviet Union in 1960 and has also made trips to numerous other countries throughout the world. A peculiar circumstance surrounded [redacted] trip to the Soviet Union. When he assumed his position at the PAU, he requested Miss [redacted] to contact the embassies of the countries he was to visit to get visa information. He did not request any information about the Soviet Union, since it was not on his original itinerary. She later learned that [redacted] had visited there, however.

Miss [redacted] continued that it is a peculiar coincidence that civil uprisings have occurred in the countries visited by [redacted] after he has left. She cited

as instances of this, student uprisings in West Berlin, riots in Bogota, Colombia, riots in Italy, and the assassination of RAFAEL TRUJILLO in the Dominican Republic.

When [redacted] left the PAU he returned to Mexico City, Mexico, where he is in charge of the International Labor Office and is responsible for the publication of the periodical "Panoramas." He writes for this periodical under the name [redacted]

Miss [redacted] suspicions of [redacted] were not originally aroused when she acted as his secretary, and she defended his name against the accusations of other unidentified employees of the PAU who classified [redacted] as a communist. Her suspicions were aroused as the result of an incident that took place in 1961 when [redacted] resided at [redacted] Street, N.W. [redacted] residence had been marked by a stencil in red "Beware in this house lives a communist." At this same time, the PAU itself had been marked with somewhat similar markings and the residences of other PAU officials had been so marked. [redacted] was the only official to report this to the FBI, according to Miss [redacted]

In addition, the assassination of President JOHN F. KENNEDY on November 22, 1963, caused her great concern. She has read that the suspected assassin, LEE HARVEY OSWALD, was a professed Marxist and had visited Mexico just prior to the assassination. She feels that there is some connection between OSWALD, [redacted] and JACK RUBY, the accused slayer of OSWALD. She has no definite basis for this feeling.

Miss [redacted] described [redacted] as a very high strung individual, given to emotional tantrums. He is very perceptive and intelligent and a prolific writer. While he was employed at the PAU he also did translation work for the U.S. Department of State. His wife, [redacted] was employed at the Foreign Service Institute as an instructor. Among his acquaintances in this country were ANGEL PALERM, PAU; JAVIER MALAGON, PAU; WALTER REUTHER, AFL-CIO; ARTHUR SCHLESINGER, JR., Presidential Assistant and THEODORE SORENSEN, Presidential Assistant. He was also very friendly

with the Mayor of West Berlin, WILLIE BRANDT and visited that city when BRANDT was elected Mayor. He is also a professed atheist with a strong hatred for the clergy. (U)

[redacted] was investigated by the FBI in 1959 for the position of Purchase Order Vendor, U.S. Information Agency. The case was referred to the FBI for investigation by the Civil Service Commission under the provisions of Public Law 298, 82nd Congress. On May 23, 1960, the Civil Service Commission advised that a favorable determination as to PAGES' loyalty had been made. (U)

[redacted] (U)

A former communist in Spain, [redacted] gradually changed his convictions and finally became an avowed anti-communist although he remains a socialist of the extreme left and is reputed in some quarters to be a "Trotskyite." He is a regular contributor to the pro-communist magazine, "Siempre," in Mexico. His articles in this magazine usually attack communism, but the attacks are without great vigor and it is believed that the magazine uses them as a screen for its basic pro-communist propaganda.

The report went on to state that [redacted] is very anti-FRANCISCO FRANCO (Spanish dictator), and that he makes it clear in all his writings that he is systematically opposed to all dictators. The report related that [redacted] is currently working in Mexico, D.F., as manager and coordinator of an establishment called "Centro de Estudios y Documentaciones Sociales" (Center for Social Studies and Documentation), which is a part of the Kaplan Institute of New York City. The center is located at Tameses Number One, Mexico, D.F., and claims to be engaged in the distribution of data concerning the social situation in Latin America. One of its principal activities is the publication of a (U) bimonthly bulletin called "Panoramas."

INTERVIEW OF DR. HERMINIO PORTELL-VILA
RE ARTICLE IN "BOHEMIA LIBRE" CONCERNING
ASSASSINATION

Dr. HERMINIO PORTELL-VILA, 4740 Connecticut Avenue, N.W., Washington, D.C., former Professor of History at the University of Havana, who came to the United States in 1960 as a political refugee from the CASTRO Regime, advised on February 17, 1964, that among other pursuits he writes articles for the Spanish language weekly magazine "Bohemia Libre," published in New York City. Among these was one which appeared in the December 22, 1963, issue, and was entitled, "President KENNEDY's Strange Assassination."

A translation of this article reflects Dr. PORTELL-VILA described, among other matters, the background of LEE HARVEY OSWALD, the accused assassin. Dr. PORTELL-VILA wrote OSWALD had visited the Consulates of the Soviet Union and Communist Cuba in Mexico City weeks before the attempt against Mr. KENNEDY with the "apparent purpose" of obtaining a communist transit visa to return to the Soviet Union, employing the methods used two years ago by two North American counterespionage officials, MARTIN and MITCHELL. Later in the article he stated that OSWALD was a sympathizer of the Soviet Union and Communist Cuba and had just arranged a trip to those countries. Further, after reporting the shooting, he related that OSWALD fled from the book store; however, he was not able to continue the flight he had planned to cross the border into Mexico and go on to Communist Cuba; that someone failed to help him at that critical moment and things got complicated when he killed a policeman.

The article then continued that twenty minutes later the Mexican Government ordered the closing of the border with the United States. The plane "Britania" of the stolen Compania Cubana de Aviacion was approaching Mexico City from Havana when the radio gave the news of President KENNEDY's assassination which was confirmed when it arrived in the "City of Palaces." OSWALD was not able to enter Mexico again or to reach the "Britania" in which he planned to reach Havana.

In the last paragraph of the article, the writer indicated that the material set forth in his article explained why a special commission was assigned to render a last verdict on President KENNEDY's strange assassination while it was evident that OSWALD had accomplices unidentified to date who were much more crafty than he. (U)

Dr. PORTELL-VILA, on February 17, 1964, explained that the material for the above article was obtained from public source material such as American newspapers and magazines, and foreign language newspapers and publications. He wrote the article in the last days of November or the first days of December, 1963.

With reference to OSWALD's planned flight to cross the border into Mexico and go on to Communist Cuba, he said he had no direct or specific knowledge of same; that this was conjecture on his part resulting from an analogy to the flight of MARTIN and MITCHELL. (U)

With reference to OSWALD and the plane "Britania" from Cuba, he said he again had no specific or direct knowledge pertaining to OSWALD using this plane to escape. It appeared logical to PORTELL-VILA that OSWALD would use this regular plane run to Cuba from Mexico if he had planned to go to Cuba after escaping to Mexico. By the use of the word "stolen," PORTELL-VILA meant that the aviation company involved had been expropriated by the CASTRO Government; that the airline, and thus the plane "Britania" of that airline, was then in the hands of CASTRO and in this sense "stolen" from the rightful owners of the airline. (U)

By City of Palaces, he meant Mexico City. He said Mexicans referred to Mexico City by that description.

Although PORTELL-VILA said he concluded in his article that it was evident that OSWALD had unidentified accomplices, he stated that this again was conjecture on his part, a summation based on his personal analysis of the event. He had no direct or specific knowledge that there were any accomplices, he said. (U)

PORTELL-VILA said he read in a November 29, 1963, publication that in a speech on November 27, 1963, FIDEL CASTRO, whether through a slip of the tongue or as the result of the influence of liquor, made a comment which suggested that OSWALD may have previously made at least one visit to Cuba. He conjectured that this trip of OSWALD could have taken place while he was in Mexico last year or perhaps while he was in Russia. He said he had no additional information in this regard. (U)

INFORMATION REGARDING STAY OF MARINA OSWALD AT WILLARD HOTEL DURING PERIOD OF TESTIMONY

On February 19, 1964, WF T-3 advised that Marina Oswald, wife of the accused assassin, Lee Harvey Oswald, and her party stayed at the Willard Hotel, Pennsylvania Avenue and 14th Street, N. W., Washington, D. C., during the recent period when she testified before the Presidential Commission on the Assassination of President Kennedy. By her party, WF T-3 meant her child, a nurse, Secret Service Agents, a Mr. John Thorne, and a Mr. Jim Martin. WF T-3 stated that Thorne was reported to him as her lawyer, while Martin described himself to WF T-3 as her business manager.

WF T-3 stated that the Abraham Lincoln Suite had been arranged for Mrs. Oswald through the United States Secret Service; that this suite consists of rooms 301-2 and room 345. He explained that the suite is entered from the hotel hallway into a small alcove or hallway; that off this alcove to the left is room 345 with two beds, and to the right 301 and 302, a combination bedroom and adjoining living room space. The two bedrooms face each other across the common alcove. Entrance to the suite, however, can only be gained through the common entrance from the hotel hallway. Occupants of the suite control access through this common entrance as well as to the individual rooms within the suite.

WF T-3 advised that registration E4246 in the name of Tom Kelley, Secret Service, was arranged for Marina Oswald for rooms 301-2 of the suite. A date stamp disclosed she registered at 9:23 a.m. on February 2, 1964. A date stamp also revealed her departure from the hotel at 9:41 a.m. on February 9, 1964.

WF T-3 advised that registration E4247 in the name of Tom Kelley, Secret Service, revealed that room 345 was assigned to unnamed Secret Service Agents; that a date stamp indicated registration at 9:23 a.m. on February 2, 1964. A date stamp on the reverse indicated that departure was at 12:55 p.m. on February 7, 1964.

WF T-3 advised that room 345 was occupied by two Secret Service Agents; that registrations E4286 and E4285 pertain to these two agents and actually are

clarifications of registration E4247. WF T-3 advised that Registration Number E4286 in the name of William Carter, Little Rock, Arkansas, revealed he occupied room 345. The time of departure stamped on the reverse is 12:55 p.m., February 7, 1964. WF T-3 advised that Registration Number E4285 in the name of Bob Jamison, Miami, Florida, revealed he occupied room 345. The time of departure stamped on the reverse side is 12:55 p.m., February 7, 1964. No in stamp of registration appeared on E4286 and E4285, but WF T-3 said that the date stamp on registration E4247 of 9:23 a.m., February 2, 1964, applied to them; that they came in with Mrs. Oswald. WF T-3 said that registrations E4285 and E4286 bore a notation that they were associated with the Secret Service.

Thus, WF T-3 pointed out, these two Secret Service Agents checked out of room 345 on the morning of February 7, 1964. He said he had learned that the Secret Service exercised responsibility for Mrs. Oswald only during the period she testified before the Commission.

WF T-3 believed that a nurse stayed with Mrs. Oswald and her child during the period of her testimony; that because of the fact that there was no separate billing for this woman, he believed she was utilized by the Secret Service; that she departed the same time they did. WF T-3 said the nurse occupied one of the beds in the same room as Mrs. Oswald, he believed. Mrs. Oswald's child slept in a crib moved into the suite.

WF T-3 said that Mrs. Oswald's registration revealed that she did not check out according to a departure stamp thereon until 9:41 a.m. on February 9, 1964.

WF T-3 said that registration number E4310 in the name of Jim Martin, 11611 Farrar, Dallas, Texas, revealed a stamped arrival of 8:00 p.m., February 2, 1964. According to this record, Martin was originally assigned room 633. He subsequently moved to room 625. Then, according to a room change or change of rate slip, he moved from 625 to room 345 in the Abraham Lincoln Suite on February 7, 1964, at 5:19 p.m., as indicated by a date

stamp on the slip. The time of departure stamped on the reverse of the registration form is 2:02 p.m., on February 9, 1964. (U)

WF T-3 said that registration card E4311 for John M. Thorne, 302 W. College, Grand Prairie, Texas, revealed a date stamp showing he checked in at 8:01 p.m. on February 2, 1964. Thorne was originally assigned to room 632, moved to room 618, and then to room 345 of the Abraham Lincoln Suite. According to a room or rate change slip dated February 7, 1964, Thorne moved to 345 from 618 on that date. Although there is no time stamp on this slip, WF T-3 said the change was undoubtedly at the same time as Martin's since the same clerk's name appears on both slips. The time of departure stamped on the registration card reverse is 2:02 p.m., February 9, 1964. No further change of rooms was indicated for Marina Oswald, Martin or Thorne, WF T-3 said. (U)

WF T-3 said that the Presidential Commission was billed for expenses of Mrs. Oswald until the departure of the Secret Service Agents on February 7, 1964. Her subsequent expenses of about $95.00 were billed to: Mr. Jim Martin, Box 1407, Prairie, Texas. Thorne's entire expenses were billed in the same manner. (U)

WF T-3 said he had gained the impression from the way Mrs. Oswald looked at her business manager, Martin, that she was "sweet" on him. He remarked to an unrecalled Secret Service Agent that Mrs. Oswald seemed to be enamored with Martin, and the latter remarked, as if in agreement, that he felt sorry for Martin's absent wife. WF T-3 said the housekeeper who handled the suite in question said that Martin and Mrs. Oswald always seemed to be together whenever she was around the suite. WF T-3 said he had no further information in this respect. He did mention that Martin was quite attentive to her child while they were at the hotel, but thought part of this was for publicity effect. (U)

WF T-3 said he had received no complaints whatsoever pertaining to Mrs. Oswald's stay at the hotel. He said that a complaint of any nature would have been brought immediately to his attention. (U)

WF T-3 also advised that Martin and Thorne, according to records, made the following long distance calls:

2. An eleven minute call to Grand Prairie, Texas, subsequent to the previous call, telephone number AN 4-1889.

3. An eight minute call to Minneapolis, Minnesota, at approximately 11:11 p.m., telephone number 377-9176.

February 7, 1964

1. A seven minute call to Grand Prairie, Texas, telephone number AN 4-1889.

February 8, 1964

1. A four minute call to Grand Prairie, Texas, at approximately 11:09 a.m., telephone number 262-2608.

WF T-3 advised that he had no record of any long distance calls made by Mrs. Marina Oswald while at the hotel.

WF T-3 also said that Mrs. Marguerite Oswald, the mother of the accused assassin, also stayed at the Willard Hotel during her recent stay in Washington, D. C. According to registration number E5400, her entry was

recorded as 6:27 p.m., on February 9, 1964, her departure recorded as 2:23 p.m., on February 17, 1964. Mrs. Marguerite Oswald appeared to have a number of well dressed Negro men visiting her room during her stay. WF T-3 said he did not know who they were or what they represented but suggested they may have been associated with Negro civil rights groups. WF T-3 said her bill was paid by her New York lawyer whose name he could not recall.

Mrs. Oswald originally was assigned to room 731, then subsequently moved to room 512 at end of testifying period.

WF T-3 said that he mentioned to Marina Oswald and to Martin that Mrs. Marguerite Oswald was expected to arrive and stay at that hotel starting that day. He gathered from the unfavorable response that he received that Marina Oswald and her mother-in-law did not get along well and that Marina disliked Oswald's mother.

WF T-3 said Marguerite hardly gave the appearance of a bereaved person. She appeared to be in bright spirits and he had heard that she indicated she expected to get about $25,000 for rights to a contemplated book on her experiences.

WF T-3 also advised that registration E4284 in the name of Claude Davis, Charlotte, North Carolina, indicated that he was a Secret Service employee; that he originally occupied room 304, then room 735. WF T-3 said that no in time was recorded but that he felt Davis was with the Secret Service detachment with Marina Oswald when she arrived and was assigned a room nearby her suite on the same floor at first. He felt subsequent assignment to room 735 was in relation to the protection of Mrs. Marguerite Oswald. The departure time on the reverse was stamped at 7:53 a.m., February 9, 1964.

WF T-3 further said that registration E4283 in the name of Carl Hardy, Seattle, Washington, indicated that he was a Secret Service employee; that he occupied 304 originally, then moved to room 732. Again no in time was indicated for Hardy. WF T-3 said he believed

Hardy was part of the Secret Service detachment guarding Marina Oswald when she arrived and was assigned a room nearby her suite on the same floor at the outset. He felt the subsequent room assignment may have been in connection with protection of Mrs. Marguerite Oswald, since room 732 was nearby hers. The stamped date of departure on the reverse of the registration form was 9:27 a.m., on February 13, 1964.

WF T-3 said that registration E4282 was in the name of Allen Dickerson, Louisville, Kentucky. WF T-3 said he believed Dickerson was a Secret Service employee; that he occupied room 643. WF T-3 believed Dickerson was assigned to the protection of the mother. Stamped departure time for Dickerson was 2:30 p.m., February 13, 1964.

On February 25, 1964, WF T-3 furnished the following additional information concerning Mrs. Marina Oswald, wife of accused assassin, Lee Harvey Oswald, and her party, who stayed at the Willard Hotel, Pennsylvania Avenue and 14th Street, N. W., Washington, D. C., during the recent period when she testified before the Presidential Commission on the Assassination of President Kennedy.

WF T-3 advised that he had previously reported on February 19, 1964, that Registration Number E4246 in the name of Tom Kelley, Secret Service, was arranged for Marina Oswald for Rooms 301-302 of the Abraham Lincoln Suite, and that a date stamp disclosed she registered at 9:23 a.m., on February 2, 1964. A date stamp also revealed her departure from the hotel as being 9:41 a.m., on February 9, 1964.

WF T-3 advised that he had previously reported on February 19, 1964, that Registration Number E4310 in the name of Jim Martin, and Registration Number E4311 in the name of John M. Thorne, revealed their time of departure from the hotel was stamped 2:02 p.m., on February 9, 1964.

On February 25, 1964, WF T-3 stated that in most cases the departure date stamp is placed on a guest's registration card at the time he settles his

account and actually departs from the hotel. He said that the departure stamp is normally interpreted in this respect as an indication of the actual departure time of an individual.

WF T-3 stated that in some cases when a guest pays his bill prior to checking out, but does not depart the hotel with baggage at that moment, the registration card is not stamped with a departure time and date until he is seen departing or the hotel maids' report reflects the room has been vacated. In these latter cases the date stamp would not reflect the actual date and time a guest departed, but would be a day late and would reflect the same date as the hotel maids' report. He explained that in this particular case the departure date stamp would reflect the time of administrative action by the hotel clerk, rather than the actual departure time of the guests.

WF T-3 advised that he ascertained from the hotel maids' report submitted February 9, 1964, that Rooms 301-2 and 345 were not occupied on the night of February 8, 1964. This report is based only on the maids' observation that no personal items were left and that the beds in those rooms did not appear to be used, thus requiring no maids' services.

WF T-3 advised that he recalled that on Saturday, February 8, 1964, about 10:30 a.m., he talked with Mr. Jim Martin, Mrs. Marina Oswald and her child for about twenty minutes in the Willard Hotel lobby. They inquired about ground transportation to Dulles International Airport and he advised them to take a taxicab from the hotel to 12th and K Streets, N. W., where they could get a bus to Dulles Airport.

WF T-3 said that they did not check out of the hotel after his conversation with them, and he does not know when they actually departed. He said that he contacted the doorman and bellboys who were on duty during the day shift on February 8, 1964, and ascertained from them that although they were all alert concerning the presence of this party in the hotel, none of them actually saw them depart.

WF T-3 stated that he observed that Jim Martin signed for the hotel bill on the morning of February 8, 1964, but did not check out at that time. WF T-3 said he told the registration clerk at that time that Martin and Oswald were not leaving the hotel then. (u)

WF T-3 felt that inasmuch as the Oswald party gave no indication of final departure from the hotel, no departure date was stamped on their registration cards at that time. (u)

WF T-3 noted that registration cards for Rooms 301 and 302 were together in the hotel file, separate from the card for Room 345. He conjectured that the clerk may have pulled the card for Rooms 301-2 at the same time and having just received the maids' report of February 9, 1964, reflecting these rooms vacant, stamped departure date on each as 9:41 a.m., February 9, 1964. (u)

WF T-3 stated that the clerk may have inadvertently failed to pull the registration card for Room 345 at the same time as the cards for Rooms 301-302. He said this may account for the difference in the departure time between the occupants of these rooms in the same suite.

WF T-3 advised that the registration records of the Willard Hotel reflect that no one occupied the Abraham Lincoln Suite on February 9, 1964. (u)

WF T-3 advised on February 26, 1964, that he had subsequently determined that a Willard Hotel employee, Frank Creagen, observed Marina Oswald and child, Mr. Martin and another man depart from the Willard Hotel with luggage about 3:00 p.m., on Saturday, February 8, 1964. (u)

D.C.

WF T-3 also advised on February 26, 1964, that he determined that the bill covering Marina Oswald's stay at the Willard Hotel included the night of February 7, 1964, but that she was not charged for the night of February 8, 1964. (u)

On February 25, 1964, Inspector THOMAS J. KELLEY, U.S. Secret Service, Washington, D.C., advised that he left MARINA OSWALD at the Willard Hotel, Washington, D.C., on February 7, 1964, and that he did not know how or when she left Washington, D.C. Mr. KELLEY said that he understood from talking with MARINA that she planned to leave Washington on February 8, 1964, from Dulles International Airport.

On March 4, 1964, Mr. KELLEY advised that MARINA OSWALD traveled to Washington, D.C., from Dallas, Texas, on February 2, 1964, via Braniff International Airways (Electra). She was given a round trip ticket, the return portion of which could be used any date on any airline to Dallas. She was given first class fare. Inspector KELLEY informed that MARINA OSWALD traveled to Washington, D.C., using the name Mrs. ROBERT JAMISON, which is the name of one of the Secret Service men assigned to her.

On March 4, 1964, Miss ANTONETTE CAPUTO, Reservation Supervisor, Braniff International Airways, 1528 K Street, N.W., Washington, D.C., made available the reservation records for February 8 and 9, 1964. No record was located in the true names of MARINA OSWALD and party.

A check of these records did reflect one reservation card bearing the names of JOHN TERBERT and J. HOBBS. It indicated that this reservation was made by Mr. TERBERT at 1900 on February 6, 1964, who could be contacted at Room 618, Willard Hotel. This reservation was received telephonically and indicated that it was, "To Complete a Party of Four" (TCP-4). It was also indicated that the party of four had "open tickets" with no specific reservation or tickets not for the particular flight they now wanted to take. Numbers affixed to this card indicated two seats were needed.

The card for TERBERT and HOBBS reflected the reservation was made for, and used on the Braniff Flight Number 9, leaving Dulles Airport at 5:45 p.m., on February 8, 1964, arriving in Dallas, Texas, at 7:48 p.m. the same date.

A separate reservation card, bearing the name "Mrs. HOBBS and infant," was also located. This card reflected that the reservation had been made on February 6, 1964, by Mr. TERBERT, Room 618, Willard Hotel, at the same time as above card. It also bore the notation "TCP-4" (to complete a party of four). Reservation was also for Braniff Flight Number 9 departing Dulles Airport February 8, 1964, at 5:45 p.m., arriving Dallas at 7:48 p.m. It was noted that the number "2" had been crossed out on this card and replaced by the number "1" to indicate the seats to be occupied.

Miss CAPUTO explained that if "Mrs. HOBBS'" infant was less than two years old, that she would not be required to purchase a ticket for the infant's seat. If the infant were two years or older, "Mrs. HOBBS" would be required to purchase a seat for the child.

It has been previously indicated that JOHN M. THORNE was originally assigned to Room 632, moved to Room 618 and then to Room 345 of the Abraham Lincoln Suite. According to a room or rate change slip dated February 7, 1964, THORNE moved to 345 from 618 on that date.

A copy of referenced Airtel and the film clip in question are attached for the use of the Houston Office. A copy of the film clip in question that was furnished the Bureau by the Dallas Office as an enclosure to Dallas airtel 3/6/64 is being returned herewith to the Dallas Office for completion of Dallas files in this particular matter.

The Houston Office should immediately contact appropriate officials of the Texas Ministerial Council, Houston, Texas, in an effort to identify the individual who bears resemblance to Oswald. The Houston Office is aware, of course, that Lee Harvey Oswald reportedly was in Russia from October, 1959, to June, 1962. Therefore, it appears highly unlikely that the individual depicted in the enclosed film clip is identical to Lee Harvey Oswald. However, the President's Commission has shown an intense interest in running out to the fullest extent any allegation in this matter and, therefore, it is highly desirable that the unknown individual depicted in the film clip that resembles Oswald be identified.

Handle promptly and submit reports of your investigation in a report suitable for dissemination to the President's Commission.

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation

Washington 25, D. C.

Dear Mr. Hoover:

Thank you for your letter of February 21, 1964, in which you advise that your Bureau is determining whether Salvador Diez Verson will undergo a polygraph examination.

In connection with this matter, I have recently been wondering whether there is any identity or relationship between Dr. Borrell Navarro, named by Verson as his source, and Horacio Duran Navarro, the husband of Silvia, who had contact with Oswald when he visited the Cuban Embassy in Mexico City. We note that sometimes your reports refer to Verson's alleged source as Navarro and at other times as Navarros.

The Commission has requested me to ask that your Bureau and any cooperating agency consider this possibility and appropriately investigate it. I am assuming that you are in possession of translations of the interrogation reports prepared by the Mexican police based upon their interviews of Silvia Duran, her husband, and others detained at the home of Silvia's brother-in-law.

Thank you for your continuing cooperation in the work of this Commission.

Sincerely,

REC-17 ~~105-82555-2397~~

March 4, 1964

BY COURIER SERVICE

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated February 27, 1964, inquiring into the possibility of relationship between Dr. Borrell Navarro and Horacio Duran Navarro, the husband of Silvia Duran. Dr. Borrell Navarro was previously named by Diaz Verson as his source of the allegation that Lee Harvey Oswald in late September, 1963, traveled to a restaurant in Mexico City with Silvia Duran, where they met a functionary of the Cuban Embassy. Our memorandum in this matter dated January 29, 1964, reported that Dr. Eduardo Borrell Navarro, a former Cuban Cabinet Minister, denied furnishing any such information to Diaz Verson.

Mr. Diaz Verson was interviewed by our Miami office on February 27, 1964, at which time he said he knew nothing firsthand concerning the visit of Lee Harvey Oswald to Mexico or concerning persons contacted there by Oswald. He admitted contact in Mexico City with Dr. Eduardo Borrell Navarro, but stated he did not and does not attribute to Dr. Borrell the statement regarding the travel of Oswald and Silvia Duran to a Mexico City restaurant or their meeting at such an establishment with a functionary of the Cuban Embassy. Diaz Verson said that the only contact of Oswald discussed by him with Dr. Borrell was that of the visit by Oswald to the Cuban Consulate in Mexico City and the fact that Silvia Duran was picked up and interviewed by Mexican Police. He said there was some speculation and talk as to the specific official with whom Duran may have placed Oswald in contact.

MAIL ROOM ☐ TELETYPE UNIT ☐

Diaz Verson stated that at the offices of "Excelsior," a Mexico City newspaper, on the evening of November 25, 1963, some persons unknown to him discussed alleged meeting by Oswald with Duran at a restaurant in Mexico City which he thought was the Caballo Blanco, but could well have been the Caballo Bayo. He said the matters of Oswald being a guest in the home of Duran and the placing of Oswald in contact with a Cuban official are strictly unidentified comments and the voicing of thoughts and speculation by a group of Latin-American newspapermen.

Diaz Verson said that after Angel Fernandez Varela was interviewed by the FBI in Miami he came to Diaz Verson and asked, "Just what were the details about Oswald meeting Duran in some cabaret or restaurant in Mexico City and the introduction of Oswald to an official of the Cuban Embassy?" He said that Fernandez Varela admitted that he had forgotten and confused the story "a little."

On February 27, 1964, Diaz Verson said there was no reason for him to take a polygraph examination as he did not attempt to sustain the veracity of the information in question as to origin and that he does not attribute the statement in question to Dr. Borrell Navarro. He concluded that Fernandez Varela, through lack of knowledge and typical Cuban exaggeration, may have given erroneous account to Jose I. Lasaga.

Mr. Diaz Verson was reinterviewed February 29, 1964, by our Miami Office and stated that Dr. Borrell Navarro is a Cuban exile and a former functionary of the regime of Fulgencio Batista. He said that Horacio Duran Navarro and his wife Silvia are Mexican citizens and bear no relationship with Dr. Borrell Navarro insofar as he knows. Diaz Verson said that the Mexican Foreign Office described Duran Navarro and his wife as Mexican citizens in Mexico City press accounts in which the Mexican Foreign Office rejected the Cuban protest for the detention and the interrogation of Silvia Duran.

On February 29, 1964, Diaz Verson admitted to Special Agent (SA) Edwin L. Sweet that he did furnish statements on January 4 and 9, 1964, to SA James J. O'Connor which are at variance with the details he furnished to SA Sweet on February 27, 1964, as reported above. He declared that he did not do this out of malice or bad faith or with intent to mislead anyone. He said he did not regard anything he said as evidence or serious until challenged regarding the variance in his statements. He said he was ashamed to admit to his irresponsible naming of his source.

LIBRARY
FOUNDATION

He continued by stating that he did not go to Mexico to investigate anything, but rather to attend the international press congress previously described. He said that consequently he did not listen closely and did not take notes on what was said regarding Oswald's visit to Mexico. He said that of 18 or 20 newsmen present in the offices of "Excelsior," he believed all were Mexican except Dr. Borrell Navarro. He said he knew the names of none of the newsmen present except that of Dr. Borrell Navarro.

He admitted he had undoubtedly attributed more to Dr. Borrell than he should have in his interviews with SA James J. O'Connor in January, 1964. He stated that all the newsmen were expressing opinions, theories, were asking questions and offering their own possible solutions regarding Oswald's contacts in Mexico.

Diaz Verson stated he cannot honestly separate, as to source, what he heard from the 18 or 20 newsmen, read in the Mexico City newspapers and heard from Dr. Borrell Navarro. He reaffirmed that Dr. Borrell Navarro discussed the visit of Oswald to the Cuban Consulate, as well as the fact that Silvia Duran was picked up and interrogated by the Mexican Police. Mr. Diaz Verson appeared extremely distressed and embarrassed during his reinterview on February 29, 1964. He said that he writes for several newspapers and had written nothing concerning the alleged trip of Oswald to the Mexicon City restaurant because he knew he could not be sure of his facts and sources. He said he regretted his irresponsible statements had caused inconvenience to the FBI and to the President's Commission. On February 29, 1964, Mr. Diaz Verson declined to undergo polygraph examination.

In view of Diaz Verson's statements on February 27 and 29, 1964, in which he denied that Dr. Borrell Navarro was his source, we would ask if you still desire investigation to explore the possibility of a relationship between Dr. Eduardo Borrell Navarro and Horacio Duran Navarro.

Your letter of reference observed that our reports in this matter have referred to Diaz Verson's source as Borrell Navarros and as Borrell Navarro. The reason for this was that Dr. Borrell's name was given to us by Diaz Verson during his January 4 and 9, 1964, interviews as Borrell Navarros. During his reinterviews on February 27 and 29, 1964, Diaz Verson confirmed that he now knows Dr. Borrell's full name to be Eduardo Borrell Navarro. Our memorandum dated January 29, 1964, which reported the results of our interview of Dr. Borrell Navarro, deleted the letter "s" from his name in that portion which related to the interview. We would ask you to

Honorable J. Lee Rankin

note that the letter "s" in the name "Dr. Borrell Navarros" in that portion of our January 29, 1964, memorandum dealing with the revelations of Diaz Verson was underlined to signify an error on the part of Diaz Verson.

Sincerely yours,

J. Edgar Hoover

On February 5, 1964, Mr. MIKE CARRIER, Rambler Motel, Waskom, Texas, advised a representative of the FBI that he and his brother, EUGENE CARRIER, operate this motel and are assisted by Mrs. EUGENE CARRIER.

After reading in the newspaper about the assassination of President JOHN F. KENNEDY, his brother, EUGENE CARRIER, looked through the registration cards for this motel for the year 1963 and found the following described registration card:

"RUTH PAINE, 2515 W. 5th St., Irving, Texas"

driving a Chevrolet with Texas license NK 4041, which registration card was for September 23, 1963, for two persons in room 10 at the rate of $6.00. The identity of the second person is not recorded on the registration card.

Mr. CARRIER said the writing on the above-described registration card is in the handwriting of the motel guest, with the exception of the "9-23-63", which is in his handwriting.

Mr. CARRIER said he is unable to recall RUTH PAINE or the other guest who occupied room 10 and that he has

MP 105-2564

MP T-1 advised that on the above date he had occasion to visit the bar situated in the Winnipeg International Airport and sat near a table at which two persons were already seated. These individuals were conversing in normal tones and consequently he paid little attention to them until he heard the name of OSWALD mentioned. MP T-1 stated that one of the individuals, herein referred to as Number One, stated several times, "How much did OSWALD know. How much did she know." It was MP T-1's impression that the two individuals were speculating as to whether there are people other than OSWALD who knew. MP T-1 explained that the background music in the bar and the normal activity within the place made it difficult for him to hear the entire conversation between these two individuals but that he did manage to overhear parts of the ensuing conversation.

MP T-1 stated that after the query was made as to how much OSWALD knew Number One made the statement, "We have a film that I have seen where ISAACS is seen near KENNEDY after the landing." Number Two then remarked something to the effect about ISAACS, ending in a query, "Why should a person with such a good record as ISAACS' become mixed up with a psycho." The impression received by MP T-1 was that the two unknown subjects were still referring to ISAACS. Number One then made the statement that HOFFMAN or HAUCHTMAN (phonetic) is or was searching for ISAACS and there was mention of a car, a 1958 Dodge, which should be looked after when ISAACS is found. It appeared to MP T-1 that the gist of this conversation appeared to be that the car was to be disposed of and if ISAACS was found he apparently could clear the matter up. Number One then stated that even if ISAACS (?) is found guilty the Bureau will not stop their investigation. At this juncture Number Two mentioned merchandise or papers coming in from Nevada. Number One replied something to the effect that Mercury would be closed as it has been too risky in the past months. MP T-1 explained that from the conversation he could not determine whether Mercury referred to a town of Mercury, Nevada, a business, or possibly an automobile, but that he did receive the impression that when they mentioned closing they were referring to closing a house or shop.

MP T-1 advised that there had been a reference between the two unknown subjects about the fact that there had been no regular sales meeting since November, and he received the impression from listening to the conversation that if everything went well there would be a sales meeting at the Town House at Kellogg and Broadway in Kansas City, Missouri, on March 18, 1964.

MP T-1 also stated that he had the impression that the reservation for this sales meeting was to be in the name of a textile firm. MP T-1 advised that the last portion of the conversation that he overheard was a statement by unknown subject Number One and was something to the effect that his niece had left for California and that there is more money at my or our disposal than at any other time.

MP T-1 explained that the conversation between the unknown subjects lasted about a half an hour and that he definitely formed the opinion by listening to their conversation that ISAACS was linked or was to be linked with the assassination of the President and the two unknown subjects were wondering why he should get mixed up with a psycho like OSWALD.

MP T-1 explained during the above conversation that since unknown subject Number One was sitting with his back to him he did not see his face but that he would be likely to recognize unknown subject Number Two since this individual was facing him. MP T-1 again emphasized that only portions of the conversation was overheard by him and that the notes that he had taken of the conversation were destroyed by him after leaving the airport and, therefore, he was unable to quote exactly the terminology used by the two unknown subjects, but that he did recall that unknown subject Number One was referred to as Mr. ROMANOK (phonetic). Unknown subject Number Two was never referred to by name.

MP T-1 towards the latter part of the conversation between Number One and Number Two noticed another individual in the bar seated across the room from him and who kept looking in his direction with great interest. MP T-1 stated that he was conscious of the fact that this individual, herein referred to as Number Three, was staring at him during the period that he was taking notes of the conversation between the two individuals and had the feeling that this individual may have signaled the two unknown subjects of his interest in them since these men suddenly changed their conversation and began talking about various types of airplanes that could be seen from the window.

At this time Number Two made the statement, "There is the type of plane I fly back home." MP T-1 stated that upon hearing this statement he also looked outside the window and noticed a two motor amphibian airplane. MP T-1 stated that by this time he became very apprehensive because of the scrutiny by Number Three and left the bar and went to a magazine stand in the lobby where he inquired whether there was a Royal Canadian Mounted Police (RCMP) official in the building.

MP T-1 stated that he was informed that there was a RCMP official downstairs and as he turned to proceed downstairs he noticed Number Three across the lobby watching him. MP T-1 stated that at this time he made his way to a bank of phones located in a hall near the magazine stand and made a call to the RCMP Headquarters.

When the connection was made he again noticed Number Three standing near the entrance to the hall from the main lobby whereupon he abruptly terminated the connection. MP T-1 advised that after a short time he ventured back to the vicinity of the magazine stand and did not notice the presence of Number Three and took this opportunity to leave the terminal building.

MP T-1 stated that while driving home from the airport he destroyed his notes because by this time he was quite frightened by the incident. MP T-1 stated that on his way towards home he saw a friend waiting for a bus and gave him a lift to town.

On the same date MP T-2, a reputable businessman in Winnipeg, Manitoba, Canada, advised that he has known MP T-1 for approximately two and a half years and that MP T-1 had disclosed to him the incident that occurred at the Winnipeg International Airport. MP T-2 stated that after being informed by MP T-1 what occurred he checked with the RCMP Headquarters and ascertained that MP T-1 had telephonically contacted them on the afternoon of February 13, 1964. MP T-2 considers MP T-1 as a reliable individual.

On February 28, 1964, [redacted] Central Registry, [redacted] Police Department, advised that his records show that MP T-1 was arrested by the [redacted] for break, enter and theft in 1951 and in 1954 for assault for which he was sentenced to $40.00 in cost or 30 days. [redacted] stated his records also indicated that MP T-1 in 1949 was charged with theft and that this charge was stayed. [redacted] explained the associate of MP T-1 at the time of the break-in and theft in 1951 is presently serving a twenty year sentence for manslaughter in a penitentiary in [redacted]

Memorandum

TO : Mr. Mohr DATE: February 7, 1964

FROM : C. D. DeLoach

SUBJECT: ASSASSINATION OF THE PRESIDENT
ALLEGATIONS THAT OSWALD WAS
AN FBI INFORMANT

Pursuant to instructions, I saw Senator Jim Eastland at his office at 2:15 p.m., 2-7-64. I told him the Director was very concerned about the information received from him (Senator Eastland) and Jay Sourwine on 2-6-64 and that the Director, of course, wanted to set the record straight immediately. I then showed the Senator a copy of the sworn affidavit which had been executed by the Director and delivered earlie that day to Rankin of the Presidential Commission. The Senator read the affidavit and then described it as a document that very obviously ties everything down.

I told Senator Eastland that we respected his confidence, however, would appreciate permission to see other Senators whom he indicated had an interest in this matter. He told me that he thought we should see Senators Russell and Hruska immediately, however, Senator Dirksen was at Sibley Hospital at the present time.

I then went to Senator Dick Russell's Office and upon seeing him mentioned that it was understood that he was cognizant of the false allegation that Oswald had once been an FBI informant. The Senator acknowledged that he knew of Wade's statements to the Commission. I then showed Senator Russell the Director's affidavit whereupon he read it in its entirety. He described it as a good affidavit and one that should forever straighten this rumor out. He added that there are so many rumors about the assassination that almost any individual can pay a quarter and take his pick. He continued that in all honesty Henry Wade had specifically told Commission members that the allegation concerning Oswald's being an FBI informant had been received by him from a newspaperman named Hudkins. The Senator stated that Wade made it plain that he had no personal knowledge that Oswald had been an FBI informant. The Senator added that Wade was told to return to Dallas and recontact Hudkins for further information. Senator Russell stated that Wade had reported back to the Commission that Hudkins had no further information, could not substantiate his allegations and had refused to testify or furnish an affidavit to the Commission.

MAR 18 1964

I next saw Sourwine. After reading the affidavit, he stated he was very positive it should put to rest all rumors. I told Sourwine that I felt certain he realized that the FBI's reputation could be at stake in the event such a vicious rumor was widespread publicity. I told him for this reason I would have to insist that his source in this particular matter be identified. I reminded Sourwine that he had told me in Senator Eastland's presence that his source was an employee of the Department of State who later had reconfirmed the information with CIA. Sourwine interrupted me to state that he had not indicated that his source was with the State Department. He stated his exact words were, "This matter has been motivated, in my opinion, by the State Department." I told Sourwine that my notes, made immediately after the conference with him and Senator Eastland, were very clear on this matter and that I felt certain he had attributed this information to a source within the Department of State. He replied that if he had done this he was in error. He said however that his source had definitely reconfirmed this information with CIA.

I told Sourwine that regardless of the agency with whom his source was employed, I would have to know the identity of such a source so that all strings could be tied down in this matter. Sourwine agreed to call his source in my presence and ask him if he would object to his identity being revealed. At that time Sourwine dialed a number and asked the person answering the phone if he would object to his identity being revealed to the FBI in connection with the Oswald-informant information. After a few moments, Sourwine turned to me and stated that his source would have to think about the matter and he would let me know later on during the evening. Sourwine stated that his source was somewhat reluctant to having his identity revealed inasmuch as the source identity would immediately lead the FBI to the identity of a second source within CIA. I told Sourwine that if CIA was putting out such scurrilous rumors, that agency should definitely be tied down and made to put up or shut up.

Following the discussion concerning the identity of Sourwine's source, Sourwine told me that he had talked to Senator Russell earlier that afternoon. Senator Russell, according to Sourwine, stated in strict confidence that he was very disturbed about the activities of the Warren Commission. He claimed that he was considering resigning from this Commission. Senator Russell reportedly told Sourwine that five out of six senior lawyers employed by the Commission are extreme liberals and that all of the young lawyers are very liberal-minded. Senator Russell allegedly told Sourwine that each employee of the Commission has a definite area of investigation assigned to him. He mentioned that despite attempts at coordination, the individual employees have haphazardly pooled their investigative information without attempting to centralize or coordinate any facts whatsoever. Senator Russell is also very disturbed about Chief Justice Warren and his inability to handle the assignment as Chairman of this Commission.

After exacting a statement from Sourwine that he would call me later on that evening concerning his source, I went over to the Senate Floor and contacted Senator Hruska. We went up to his private office in the new Senate wing of the Capitol and talked for approximately three minutes when Senator Hruska found it necessary to return to the Floor in order to make remarks concerning tax legislation. Following his return, I showed him the Director's sworn affidavit. Senator Hruska expressed the opinion that it was very thorough and certainly left no doubts whatsoever. He asked if it could be possible that Oswald had an alias and had served the FBI as an informant using an alias or different name. I told him there was no possibility whatsoever of such an incident occurring inasmuch as our investigation had very thoroughly checked out all names used by Oswald. Senator Hruska stated this satisfied him.

Senator Hruska added that Senator Dirksen was most concerned about this matter, chiefly because Senator Dirksen felt that this was an attempted smear at the Director and the FBI. He stated that Senator Dirksen had also feared that this matter could completely discredit the FBI if some disreputable or left-wing Senator made a speech on the Floor of the Senate or issued a press release regarding the matter. He added that Senator Dirksen's friendship for the Director was a very sincere thing and, therefore, the Senator felt very keenly about this matter. He asked if I would accompany him to Sibley Hospital immediately so that we could talk to Senator Dirksen regarding this matter.

At this point I telephonically contacted the Director while Senator Hruska was out of the room and advised the Director of the foregoing details.

Senator Hruska and I arrived at Senator Dirksen's hospital room at approximately 6:15 p.m. Mrs. Dirksen was in the room at the time. She has recently undergone surgery. (The Director has sent a letter to Senator Dirksen regarding the illness of his wife.) I assisted Mrs. Dirksen down the hall and then came back to join Senators Dirksen and Hruska.

Senator Hruska told Senator Dirksen that I had an affidavit signed by the Director which should definitely put Senator Dirksen's mind at ease. Senator Hruska told Senator Dirksen that he felt this affidavit would be of therapeutic value to him inasmuch as it was known that he was very worried about this situation. I then showed Senator Dirksen a copy of the sworn affidavit. He read the letter to Rankin very rapidly and handed both the letter and affidavit back to me. I told him I realized that our visit was somewhat of an imposition, however, I would appreciate it if he would briefly scan the entire affidavit. He did so and afterwards stated that it was a very complete document and that he felt much better about the situation. He added that he had several questions. I told him the Director would want me to answer any questions that he might raise.

Senator Dirksen inquired if District Attorney Henry Wade had any connections with the Communist Party. I told him Wade had no such connections to our knowledge. I briefed both Senators at this time, however, on the scurrilous article in Saga Magazine by former Agent Turner, also the article in Nation magazine and the offensive by the Communist Party in connection with attempting to discredit the FBI. Senator Hruska inquired as to whether Wade was a publicity seeker. I told him that the answer to this was obvious in view of the many statements made by Wade, even including information which had been furnished by the FBI.

Senator Dirksen asked me if we were satisfied with Rankin. I told him that Rankin had been appointed as an alternative. I then briefed Senators Dirksen and Hruska on the fact that Chief Justice Warren had first wanted his protege Warren Olney to serve as Executive Secretary of the Presidential Commission, however, in view of Olney's miserable personality and inefficiency it had been necessary for a number of sources to confidentially brief members of the Presidential Commission, other than Warren, as to Olney's background. I told Senators Dirksen and Hruska that as a result of this action the Commission members had overridden Warren concerning the appointment of Olney and that Rankin had been elected as an alternative. Dirksen stated he knew Olney and definitely recognized him as an inefficient nincompoop.

Senator Dirksen stated that he had no further questions but that he would appreciate the Director being advised that his chief interest in this entire matter was to prevent the FBI or the Director from being smeared. He stated that despite his illness if we needed his services we could certainly count upon him to start a backfire against any individual or group which might attempt to discredit the Director or the FBI.

I told both Senators Dirksen and Hruska that we deeply appreciated their interest in this matter and that I would immediately advise the Director whom I felt would be greatly appreciative of their friendship and willingness to assist the FBI.

Upon arriving back at my office, Inspector Kemper advised me that Sourwine had called at approximately 6:10 p.m. to advise that his source did not want to give an absolute "no" to the FBI, that the source was checking further and would give an answer either the first of the week or the middle of next week. We, of course, will not allow this matter to lie idle. Sourwine will be contacted first thing Monday morning and pressed for action.

Dear Mr. Rankin:

Lee Harvey (6)

Further reference is made to the statements of former Special Agent Henry M. Wade concerning the manner in which he handled informants while serving in the Special Intelligence Service of the Federal Bureau of Investigation during World War II. I have been advised that on February 7, 1964, you were shown copies of the detailed vouchers and receipts submitted by Mr. Wade while he was in Ecuador and that you expressed an interest in having a copy of this material.

A duplicate set of the copies of Mr. Wade's vouchers and receipts has been prepared from our records and it is a pleasure to transmit this material to the Commission with this letter.

Enclosed is a copy of an article which appeared in the March 6, 1964, issue of L'Unita, organ of the Communist Party of Italy.

The Bureau will note that the article relates that Attorney MARK LANE has pointed out the inconsistency of accusations against the subject made by the FBI, the Secret Service, and the Dallas Police.

The article also mentions at length the woman in the red coat who claims to have heard four shots rather than three, and who claims that the shots came not from the warehouse but from the bridge. The article notes that the woman has furnished this information to the FBI but the FBI considers the woman crazy.

al «Carousel»

C'erano Ruby, Weissman, Tippitt, e un «quarto»

WASHINGTON, 5

La Commissione speciale incaricata di condurre un'inchiesta sull'assassinio del presidente John F. Kennedy ha tenuto ieri inaspettatamente una seduta pubblica.

Il pubblico è stato ammesso in aula dietro richiesta dell'avvocato Mark Lane, di New York, il quale si batte per stabilire l'innocenza di Lee Oswald, il presunto assassino di Kennedy. L'avvocato, nella prima parte della sua deposizione ha presentato diverse fotografie che, a suo dire, sono state manipolate per nascondere o modificare il reale svolgersi dei fatti durante la tragica giornata di Dallas.

La Commissione ha deciso che le fotografie saranno acquisite agli atti e confrontate con le altre foto delle quali essa è già in possesso.

Successivamente Lane ha riferito su una misteriosa riunione che ebbe luogo al «Carousel», il locale notturno gestito da Jack Ruby. «Ho qui la deposizione giurata di una persona la quale si trovava nel locale sette giorni prima che Kennedy fosse ucciso. Quella sera questa persona ha scorto a un tavolo, assorti in una sommessa ma animata discussione, quattro individui. Sono riuscito ad individuare tre di essi. Ebbene: si tratta di Jack Ruby, dell'agente Tippitt e di Bernard Weissman. Weissman è lo stesso individuo che a pagamento fece pubblicare sul Dallas News una pagina di insulti contro Kennedy il giorno stesso in cui fu effettuato l'assassinio. Tippitt è il poliziotto che rimase ucciso subito dopo che l'attentato ebbe luogo e la cui morte è stata attribuita a Oswald, il quale avrebbe sparato un colpo di pistola contro il Tippitt per evitare di essere catturato da questi. Jack Ruby infine è l'assassino di Kennedy».

L'avvocato Lane ha fatto rilevare alla Commissione che pur non potendo escludere di trovarsi di fronte a un caso o ad una coincidenza, si tratta di una riunione abbastanza singolare. Non solo. Ma l'avvocato Lane sostiene che non si può affatto parlare di pura coincidenza. L'avvocato di New York infatti sostiene di conoscere benissimo anche il quarto partecipante al convegno del «Carousel». L'avvocato sta ancora cercando di rintracciarlo (se nel frattempo non è stato ucciso», ha soggiunto Lane) e perciò non ha fatto il suo nome.

Ma il difensore di Oswald afferma che anche questo «quarto» uomo è stato ritrovato più volte implicato nei tragici avvenimenti nei quali di volta in volta, ed a distanza di poche ore, si trovarono coinvolti Kennedy, Oswald e Ruby.

la prima

Anche questa seduta pubblica della Commissione era presieduta dal capo della Corte Suprema Earl Warren.

L'avvocato Lane sostenne sin dall'inizio la scarsa consistenza delle accuse lanciate dalla polizia del Texas, dagli agenti dell'FBI e da quelli del servizio segreto contro Lee Oswald. In seguito la madre del presunto assassino di Kennedy si rivolse a Lane per pregarlo di adoperarsi per riabilitare la memoria del figlio. E' quest'opera che ora Lane sta portando avanti con pazienza e tenacia. Per far ciò egli si è recato ripetute volte a Dallas ove ha svolto una sua propria inchiesta sulle circostanze in cui fu assassinato Kennedy.

Egli ad esempio è riuscito ad interrogare la donna con il cappotto rosso che al momento degli spari si trovava a pochi metri dalla macchina del presidente e che chiaramente appariva nel documentario cinematografico che fu girato per caso durante l'attentato. La donna ha confermato a Lane di aver udito in quegli istanti quattro e non tre colpi di fucile. E tutti provenienti non dal magazzino di libri bensì dal fianco cavalcavia verso il quale l'auto presidenziale si stava avviando.

La donna ha deposto in questi termini anche di fronte agli agenti dell'FBI, ma questi l'avrebbero trattata come una pazza.

A Dallas il procuratore distrettuale Henry Wade ha mostrato alla giuria che dovrà pronunciarsi sulla colpevolezza di Jack Ruby il film che ritrae la drammatica scena dell'uccisione di Oswald. Wade ha già comunicato che chiederà alla giuria di rilasciare un verdetto di colpevolezza, il che per Ruby significherebbe finire sulla sedia elettrica. Oggi hanno deposto gli agenti Graves, Arelus e Thomas MacMillan. Hanno confermato che dopo il primo colpo Ruby fece [illegible] Oswald.

Dear Mr. Rankin:

Reference is made to your letter dated February 24, 1964, requesting this Bureau to reinterview Mrs. Ruth Paine and to conduct any additional investigation deemed appropriate to determine the exactness of Mrs. Paine's memory regarding her stay with Marina Oswald at a motel in Texas just across the Louisiana line on the night of September 23, 1963.

Our letter of March 2, 1964, furnished the Commission results of our interview with Mrs. Paine and other inquiries by this Bureau in this matter. We also indicated that a copy of the registration card of the Rambler Motel, Waskom, Texas, regarding Mrs. Paine, would be furnished to the Commission.

Enclosed are two copies of the registration card of the Rambler Motel regarding Mrs. Paine. The enclosures have been assigned evidence number D-147 and the original of the enclosures is being maintained by the FBI Laboratory along with other evidence in this case. You will note that in our letter of March 2, 1964, we advised that Mrs. Paine stated this registration card is in her handwriting.

This concludes our inquiries into this matter.

Dear Mr. Rankin:

On March 8, 1964, a confidential source who has furnished reliable information in the past advised that on that date Marina Oswald had furnished him the following information.

Marina stated she had been told by Robert Oswald that new information had just been developod to the effect that Lee Harvey Oswald had been seen drinking Coca-Cola ten minutes after the President had been assassinated and Marina expressed doubt that Lee could have been "that calm." She also mentioned that someone had observed a man running across the yard of the building. Although Marina did not further elaborate to our source, she presumably was referring to the Texas School Book Depository building immediately following the assassination. Marina further commented that it is hard for her to believe that it was not Lee who committed the crime and she will not attempt to exonerate him. She also expressed doubt that Lee had an accomplice, commenting that she feels Lee shot President Kennedy, that he took a shot at General Edwin Walker and further shooting on his part could have been expected. She stated she feels these to be the facts, although she did not see Lee take the rifle during his visit with Marina on the Thursday prior to the assassination.

Immediately following these comments, according to our source, Marina stated that although she felt sure Lee did the shooting, she wondered if someone else was shooting also. She also said she thinks Lee wanted to do it, but perhaps there was someone else in addition to Lee. Marina agreed that the United States Government is trying to develop the true facts concerning the President's assassination but added that "only God knows." She further commented that if Ruby had not shot Lee, perhaps Lee would have told the story.

Marina also advised our source that under no circumstances will she meet with Lee's mother, Marguerite Oswald, and stated that Robert Oswald claims his mother is crazy.

The above is furnished for your information.

Sincerely yours,

J. Edgar Hoover

Reairtel points out that TILNEY suggests that MARINA OSWALD be arrested for first degree murder based on the fact that she must have had prior knowledge of subject's intention to assassinate President KENNEDY. In the interview with GWYER he mentioned that TILNEY had stated this to him and he agrees that MARINA OSWALD might have had knowledge of her husband's intention, but the only basis for this thought is the husband - wife relationship.

On March 2, 1964, Frederick Tilney, Jr., Center Island, Oyster Bay, New York, advised that he had discussed the subject with Joseph Goyer of Washington, D. C., and they concluded that Marina Oswald was older than 22 years of age.

Joseph A. Goyer, Senior Research Specialist, Industrial Engineering, Library of Congress, Washington, D. C., advised a Special Agent of the Federal Bureau of Investigation on March 11, 1964, that he had absolutely no firsthand knowledge of Lee Harvey Oswald or his wife Marina. He stated that he reads the papers thoroughly and many questions have arisen in his mind about these people. He said he heard somewhere that Oswald spent some time in the Smolensk area while in the Soviet Union and believes that this is an area used by the Soviet secret police as a training area. He felt it strange that a youthful, productive worker like Marina would be permitted to leave the Soviet Union unless she was on some sort of a mission. Relative to their departure from the Soviet Union, Goyer recalled a press release stating that Marina's father was a colonel in the militia and this is another reason why he suspects her as a person on a mission.

Goyer related that he feels that Marina is about 25 or 26 years old, rather than the announced age of 22, based upon the fact she finished grade school, finished a pharmacy course, and was working in a plant when she and Oswald were married. Another factor he considered in arriving at this age was that Marina announced that she recalled her father going in the Soviet army, thus leaving her mother in adverse conditions.

Re: LEE HARVEY OSWALD
IS - R - CUBA

One final question Goyer would like resolved is that the Oswalds seemed to exist very well even though he had no steady employment. Goyer suspected that Oswald was being supported by someone and this could be the Soviet Republic.

In conclusion Goyer wondered if perhaps Jack Ruby was not a party to a conspiracy and hoped that Ruby would confess to such a plot.

Goyer reiterated that his ideas relating to Oswald are strictly conjecture based upon press releases and conversations with others and he has no firsthand knowledge to report.

"Today is my fifth day here and still no word from you, could it be that you are still amused or could it be that by submitting the material given you to the proper upper levels that you feel you might be shamed or belittled by doing so. Lynn if you have this feeling or attitude you are only kidding your self!

"The Chief Justice, Secret Service, F.B.I. at Dallas, Dallas Police, all remind me of a statement made by Jesus Christ,

'Ye strain with a gnat while the camel treads out the corn.' .

"This Oswald-Ruby monkey business is just a waste of time, money, energy, and the only truth here is that Oswald knew the clique in this area, the clique knew Oswald and every useful intimate thing about him, and then made him the scape-goat, Oswald was expendable.

"The real principles are numerous, they are a large house Lynn - and their operation covers a lot of ground - even beyond East St. Louis!

"Lynn - God has made this statement - ' My word shall not be returned unto me empty.'

"This is one reason why I know that this work (Acts 13-41) must go on and be completed, even though by reason of temporary failure I will be required to get through to President Lyndon B. Johnson and this I will if I have to! By this I mean, of course, if God requires it.

"I sure would like to have both you and Grady for working partners. I hope this matter works out this way. So till later, I am,

"Sincerely yours

On March 3, 1964, FLOYD OXNER, Deputy Sheriff, Apache Junction, Arizona, advised that FLOYD E. SWINK answered the telephone for several months about two years ago for the Deputy Sheriff's Office at Apache Junction, Arizona while the deputies were out of the office. In exchange for his answering the telephone he was given a place to sleep in the Sheriff's Office. He was not an employee of the Sheriff's Office. It will be noted that on March 19, 1961 FLOYD SWINK appeared at the Phoenix Office and advised SA WALTER E. PETERS that he had been endowed with some supernatural power to have visions. He stated that during the course of the past six or seven years, he has had 300 visions. Several of his more recent visions have been connected with the murder of JUDITH MAY ANDERSON, which involves the murder of a teenage girl whose body was found in a barrel in Bellmont Harbor, Chicago, Illinois.

SWINK stated that through these visions he was led to Florida and there met one RAYMOND FRANCIS MUCCIO. He described MUCCIO as being a white, male Italian, 37 years of age, 5' 9½" in height, 183 pounds, gray hair, brown eyes, flushed face, slight bay window, single (divorced, past employment as Yellow Cab Company, Chicago, Illinois, Bellmont and Holstead Branch, Chicago, Illinois; Arco Drive-away, Cahicago, Illinois. SWINK stated at that time that he planned to go to Chicago upon the finish of the visit in Phoenix and would probably be staying at a second-rate hotel on East Van Buren Street.

Bill Martin the owner who has the reputation of throwing sums of money to the help that please him, Al is driving a new Mercury and claims that it was bought in his name and paid for in full by Bill Martin, the alleged stipulation in this instance being that if Al stay on the job for a year and give Bill Martin $50.00 a month the car would be considered paid for!

"There is a tall girl working for Bill Martin (I don't know her name) and this girl stays very close to him most of the time. She is in her confidence and knows planety. There is obviously many more but I don't know who they are.

"I told you of the vision about 'Near St. Louis' 'Brookmeade' and the shell map given me.

"Now last but surely not least, one vision I told you about keeps disturbing me, you recall the vision of Johnson in the grocery store, he receives two shots above his right ear.

"Three points of this vision keep coming to mind - 1st, no blood came from the bullet holes, 2nd - he does not go down, 3rd - he is holding an egg shaped handled derringer pistol as he stands, now then spiritually when two become married they are and become one flesh, in this light could the offence be to Mrs. Johnson rather than Lyndon? Only time can tell.

"Well Lynn why God has required that I use my last piece of change to stay here tonight is surely far beyond my understanding, never the less here I am if anyone wants to see me.

If an early sampling of LANE's speeches throughout the country reveals they are repetitive, containing no new allegations, etc., that this be brought to the attention of the Presidential commission.

It is conceivable that covert recording by Bureau personnel or established Bureau source could be used, if discovered by LANE or associates, to discredit and embarrass the Bureau And commission.

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
11/22/63
DALLAS, TEXAS

PURPOSE

This is to advise of action initiated by Bureau based on results of President's Commission received 3/4/64.

DETAILS

Mr. J. Lee Rankin, General Counsel, President's Commission, by letter dated 3/3/64 advised that on Thursday, 2/27/64, Marina Oswald's former business manager, James Herbert Martin, testified before the Commission.

According to Rankin, Martin testified that about one week before his testimony he met an executive of the Dinkler Hotel chain who related a story to Martin which the executive had learned from a maintenance man employee of the Dinkler chain in Atlanta. According to the story the maintenance man's wife was or is presently a long-distance telephone operator and she heard, on night before President Kennedy's assassination, a male individual made a credit card call to Lee Harvey Oswald and say "proceed as planned." After this he placed a second call to Jack Ruby and told Ruby that if "anything went wrong he knew what to do."

Rankin requested appropriate investigation be undertaken to determine the accuracy of this report.

An interview of Martin by Dallas developed this this rumor was overheard by him in Dallas night spot. Continuing investigation

Memorandum

TO : MR. CONRAD

DATE: 3/12/64

FROM : R. H. JEVONS

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY
11/22/63, DALLAS, TEXAS

On the morning of March 11, 1964, SA Cortlandt Cunningham of the Laboratory personally delivered to the President's Commission 12 items of evidence in accordance with the request contained in Mr. Rankin's letter of March 4, 1964. In response to requests of Commission staff members Oswald's rifle was dismantled and then reassembled in their presence. At that time Chief Justice Earl Warren inquired whether Mr. Cunningham could reassemble Oswald's rifle before the Commission, using only a dime as a tool, in order to make this possibility a matter of record for the Commission. It is noted that we have previously advised the Commission by letter that the rifle could be assembled with a screw driver, a dime or similar item.

Following coordination through your office with Mr. Belmont, Mr. Cunningham was sworn in before Mr. Warren and briefly testified to the ease with which this weapon may be dismantled and reassembled as well as to the type of instrument needed for its reassembly. Mr. Cunningham then reassembled the C 14 rifle before the Commission using a dime as a screw driver.

Also during the time the above material was being delivered, Mr. Warren observed a February 21, 1964, copy of Life Magazine and this copy of Life Magazine had a cover photograph of Lee Harvey Oswald holding a rifle. He pointed out the photograph to Special Agents Charles L. Killion and Cortlandt Cunningham and advised that someone representing the interests of Oswald had stated that the rifle in the photograph does not appear to be identical to the assassination rifle. This person claimed that the top of the stock of the rifle in the photograph appears straight its full length, whereas the stock of the assassination rifle is curved in the area of the comb. Mr. Warren commented that the area of the stock in the photograph in Life Magazine is somewhat shadowed and indistinct.

Mr. Warren did not make any requests of the Bureau relative to the above comments.

Memorandum to Mr. Conrad
RE: ASSASSINATION OF
PRESIDENT JOHN F. KENNEDY
11/22/63, DALLAS, TEXAS
62-109060

For your information, the picture on the February 21, 1964, issue of Life Magazine is the same photograph as our exhibit D-20 except for retouching that has been added to enhance the detail for publication. Such retouching of photographs is a common practice in photoengraving to intensify highlight areas and separate shadow details. There has been a highlight retouched along the stock of the rifle in the Life Magazine reproduction of the D-20 picture. This retouched highlight does not follow the actual contour of the stock of the rifle. There is also evidence of retouching in other areas of the picture on the rifle and around the head and shoulders of Oswald.

Delivery of the items of evidence to the Commission on March 11, has been confirmed by appropriate letter to the Commission. It is further noted for record purposes that Mr. Cunningham brought back with him from the Commission evidence items C-14, C-10, and C-10a, which were returned by the Commission.

RECOMMENDATION:

In anticipation of a request from the President's Commission and in connection with the field's current effort to ascertain the source of the picture appearing in the afore-mentioned copy of Life Magazine, it is recommended that the field be instructed to determine whether the photograph was retouched by Life Magazine or retouched before Life Magazine obtained it.

ADDEND 1 RDR:bhg 3/13/64

In connection with the cover photograph appearing on the 2/21/64 issue of "Life" magazine which shows Oswald carrying rifle and wearing a pistol, the following is pointed out:

This Bureau has never inferred or advised the Commission that the rifle Oswald is shown holding is the same as the rifle used in the assassination of President Kennedy. This may logically be inferred; however, we have never in fact stated this since it is not possible through examination of the photograph to locate sufficient characteristics to state it is one and the same rifle. Our investigation to date has also failed to disclose information wherein Oswald's wife or close associates can state this is in fact the same rifle. Therefore, determining whether "Life" has retouched the photograph appearing on the cover of the above issue does not appear pertinent to our investigation. The President's Commission, as noted above, has been furnished a copy of this photograph and in the absence of a specific request, it is not felt any further action should be taken in this matter.

As you are aware, based on a President's Commission request, we have been endeavoring to establish the source of these photographs which have received fairly wide publication since the publication of the above issue of "Life." Our investigation in this particular matter discloses that numerous copies of this photograph were available in the Dallas Police Department and that no system of control was established. It is known that many of these photographs are missing. This information has been furnished to the President's Commission.

ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY
11/22/63, DALLAS, TEXAS

The following information is set forth concerning the circumstances surrounding the recent publication of a photograph of Lee Harvey Oswald holding a rifle and a pamphlet with a revolver on his hip which appeared in "LIFE" Magazine and other publications:

The original photograph in question is one of 47 photographs found during the search of property of Lee Harvey Oswald in the garage of Mrs. Ruth Paine's residence, 2515 W. 5th Street, Irving, Texas, on November 23, 1963, by homicide and robbery detectives G. F. Rose, H. M. Moore, R. S. Stovall, and J. D. Adamcik, Dallas Police Department.

These 47 photographs were turned over to the FBI on December 2, 1963, by Captain J. W. Fritz, Homicide and Robbery Bureau, Dallas Police Department. Information concerning the receipt of these photographs is set forth on Page 388 of a report of Special Agent Robert P. Gemberling dated December 10, 1963, at Dallas.

On February 27, 1964, Marina Oswald advised Special Agents of the FBI that she had originally taken the photograph of Lee Harvey Oswald with a rifle and pistol which had recently appeared on the front page of "LIFE" Magazine. She stated she took this picture with the American-made Imperial Reflex camera owned by Oswald and that the picture was taken in the yard at their Neeley Street address in Dallas, Texas. She stated she could only recall that she snapped the camera one time but she stated she must have snapped it twice because there were two different poses of Oswald with the rifle. She stated she believes Oswald developed the film and printed one copy each of the poses as far as she knows. These prints he gave her and inscribed each on the back to his daughter June. He told Marina for her to show them to June after he had gone away. He did not explain to Marina what he meant by going away.

Marina stated she had placed the pictures in the baby photograph album which she had. On November 22, 1963, following her questioning by the Dallas Police she and Marguerite Oswald, mother of Lee Harvey Oswald, were at the residence of Mrs. Ruth Paine, 2515 W. 5th Street, Irving, Texas, and she (Marina) showed Marguerite Oswald the photographs of Lee Harvey Oswald with the rifle. Marguerite told Marina to hide the photographs and Marina did hide them in a shoe at the Paine residence. On the next day, Marina was again questioned by the Dallas Police following which questioning Marguerite Oswald asked Marina what she had done with the pictures of Lee Harvey Oswald with the rifle. She replied she had hid them and Marguerite told her to burn them. Marina advised she burned these two photographs on November 23, 1963, at the Paine residence. She does not recall that there were other prints in existence. She stated however that there must have been other prints in existence because of subsequent happenings. She stated while she was residing at the home of James Herbert Martin, her former business advisor, and prior to the release of the "LIFE" Magazine which contained the photograph of Oswald on the cover, she was told by Martin that he had sold the photograph of Oswald with the rifle to "LIFE" Magazine for $5,000.

Marina Oswald advised that her former attorney, John M. Thorne, on about February 11, 1964, told her at the home of Mr. and Mrs. Declan P. Ford, 14057 Brookcrest, Dallas, Texas, that it was he who had sold the photograph of Oswald with the rifle to "LIFE" Magazine for $5,000.

Marina Oswald stated as far as she knows, "LIFE" Magazine has not paid $5,000. She has not received any money for the photograph. She stated further that neither Martin nor Thorne asked her permission to sell the photograph and she had not given authority to either of them to sell the photograph.

On February 27, 1964, Captain J. W. Fritz, Homicide and Robbery Bureau, Dallas Police Department, advised he did not know how many copies of the photograph of Oswald with a rifle which had appeared in several publications had been made. Captain Fritz recalled that on November 23, 1963, he had requested the Identification Division of the Dallas Police Department to make up a few enlarged prints of said photograph for aid in the investigation and one copy of the enlarged photograph was furnished to the FBI at Dallas, Texas, and one to U. S. Secret Service, Dallas, Texas, on November 23, 1963. The enlarged copy received by the FBI at Dallas was furnished to FBI Headquarters on November 24, 1963.

Captain Fritz stated to his knowledge copies of said photograph and others have been furnished to the Texas Attorney General's Office and to Assistant District Attorney for Dallas County, Bill Alexander. Captain Fritz stated no copies of said photograph, to his knowledge, were furnished to any news media and that Assistant Chief of Police George Lumpkin reportedly has a record of the dissemination made of the photographs in this case.

Captain Fritz advised it would have been possible for some member of the Oswald family to have had another copy of the photograph in question, however; he felt that the photograph with the words of Oswald's which appeared in "LIFE" Magazine, had to have come from those originally in the possession of the Dallas Police Department.

On February 27, 1964, Captain George M. Doughty, Identification Division, Dallas Police Department, advised his department has no record of the number of copies made of the photograph in question or of the dissemination made of same. Doughty recalled that a number of photographs in instant case had been made up by Assistant Chief of Police George Lumpkin.

Captain Doughty stated to his knowledge no photographs in instant case were ever disseminated to any news media of any type.

On March 2, 1964, Assistant Chief of Police George Lumpkin, Dallas Police Department, advised he did not know how many copies had been made of the photograph in question. He stated the only copies of said photograph known to have been disseminated were to the FBI, U. S. Secret Service, Attorney General's Office, and to the Dallas County District Attorney's Office. Assistant Chief Lumpkin stated no copies were ever authorized for dissemination to any news media of any type.

On March 2, 1964, Lt. Carl Day, Identification Division, Dallas Police Department, advised that on November 23 and 24, 1963, a large number of copies were made of the photograph in question and were laid out for use of investigating officers. Lt. Day stated his instructions had been to give the FBI and the U. S. Secret Service anything they wanted. Lt. Day advised when he returned to work on November 25, 1963, he found all of the photographs gone and it was necessary to make up some more. He stated he has no record of the dissemination of these photographs. He recalls when the photographs were laid out, numerous officers examined them and it is possible some were taken by these unrecalled officers without his knowledge. Lt. Day estimated he had made at least 21 copies of said photograph and possibly more. Lt. Day stated that about four days to a week after

ASSASSINATION OF PRESIDENT
JOHN FITZGERALD KENNEDY,
NOVEMBER 22, 1963, DALLAS, TEXAS

November 22, 1963, an order was put into effect that photographs in instant case were to be disseminated only on authority of the Chief's Office. Prior to this time, there is no way to tell how many photographs were given out or to whom given.

Lt. Day stated that since said order, six sets of photographs--(50 to 60 photographs which would include the photograph of Oswald holding the rifle) were made for Assistant Chief of Police George Lumpkin on December 7, 1963, and later five additional sets were sent to Assistant Chief Lumpkin reportedly for the Attorney General's Office. Lt. Day stated also that on December 4, 1963, Patrolman Glasscock, Department of Public Safety, was given two sets of eleven photographs for Governor Connally, however he is not sure that the photograph of Oswald holding the rifle was included in this group.

Lt. Day stated he has no knowledge of said photograph being given to any news media of any type.

On March 2, 1964, Captain J. W. Fritz, Homicide and Robbery Bureau, Dallas Police Department, advised that "NEWSWEEK" Magazine of March 2, 1964, has an article on Page 80 concerning the photograph of Oswald holding a rifle wherein it is stated that said photograph was purchased from James Martin, business advisor of Marina Oswald, by "LIFE" Magazine. This article further stated that "unfortunately for 'LIFE', at least two other packets of Oswald's photographs were subsequently being circulated (but not by Martin). Gene Roberts, an enterprising 31-year-old reporter for the Detroit Free Press, decided to go after them and managed to buy some treaty photographs (including the two "LIFE" had bought)."

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated February 21, 1964, concerning a request of Congressman Gerald R. Ford for you to ascertain the circumstances under which the photograph of Lee Harvey Oswald carrying the rifle and wearing the pistol was released to the press.

Enclosed for your assistance are two copies of a self-explanatory communication from our Dallas Office dated March 3, 1964. In addition to the information contained in this communication, the following is submitted:

On February 25, 1964, Mrs. Martha Bucknell, Office Manager, Washington Bureau of "Life" magazine, advised her magazine had purchased the above photograph from Mrs. Marina Oswald through her former agent, James Herbert Martin. Mrs. Bucknell advised in confidence her New York headquarters are concerned by the publication of this photograph by other news media and that "Life" is contemplating suit against those publications. She requested this matter not be given publicity outside the President's Commission. Mrs. Bucknell could furnish no information as to how other publications obtained similar photographs.

Mr. Jerry O'Leary, Jr., of the "Washington Evening Star," stated he was in Dallas on the night of November 22, 1963. He believes officers from the Dallas Sheriff's Office and Dallas Police Department, while searching the residence of Mrs. Ruth Paine of Irving, Texas, obtained several photographs, one of

which was the photograph in question. Mr. O'Leary indicated he had seen a copy of the photograph appearing on the cover of the February 21, 1964, issue of "Life" in the hands of a local Dallas police officer either on the night of November 22, 1963, or the morning of November 23, 1963. Mr. O'Leary stated he confidentially learned "Life" paid Marina Oswald, through her agent, $5,000 for the photograph. He also believes a Detroit paper obtained this photograph in the same way, by purchase from James Herbert Martin.

The March 2, 1964, issue of "Newsweek" on page 80 contains an article captioned "A Big Sale," which describes the apparent purchase of this photograph by "Life" and "The Detroit Free Press." The information contained in this article is substantially the same as indicated above with the exception this article indicates that attorneys for "Life" and Marina Oswald were contemplating legal action against "The Detroit Free Press."

From the information available, it would appear numerous unaccounted for copies of this photograph were readily available in Dallas, Texas, shortly after the assassination of President Kennedy. It also would appear this photograph, as well as other photographs relating to Lee Harvey Oswald, was made available for sale through representatives of Mrs. Marina Oswald.

Inasmuch as Mr. Martin has been questioned by you concerning this particular photograph, no reinterview of him concerning this matter is contemplated by this Bureau. Your request to have Mr. Ken Murray of "The Detroit Free Press" interviewed, as contained in your letter dated March 6, 1964, is receiving appropriate attention. When the results of this interview and any other necessary investigation are received, you will be notified.

Sincerely yours,

Honorable J. Lee Rankin

NOTE:

Mr. Rankin, President's Commission, by letter 2/21/64, stated that Representative Gerald R. Ford (R. - Michigan) had requested Rankin to obtain above information. Inquiries by Dallas would indicate the most logical source for the wide dissemination was the Dallas Police Department who admittedly made numerous copies and made no effort to control their dissemination. "Life" magazine has apparently paid $5,000 to Marina Oswald's former manager or attorney; however, Marina Oswald stated as late as 2/27/64 she has seen no money nor did she authorize such a sale. Inasmuch as Mr. Martin has been questioned by the Commission concerning this particular photograph, no reinterview of him concerning this matter is contemplated by this Bureau. Rankin's request contained in letter dated 3/6/64 to have Mr. Ken Murray of "The Detroit Free Press" interviewed is receiving appropriate attention. When results of this interview and other investigation necessary is received, Mr. Rankin will be notified. It is felt the above answers the Commission's request. No further action being taken. The Commission's letter dated 3/6/64 is being handled separately in an expeditious manner.

Dear Mr. Hoover:

On Thursday, February 27, 1964, the Commission heard the testimony of Mr. James Herbert Martin who has been Mrs. Marina Oswald's business manager. During the course of his testimony, Mr. Martin made the following statement:

"I met a gentleman who is an executive with the Dinkler Hotel chain, and he related the story to me that was told to him by one of their engineers, a maintenance man in the Atlanta, in their Atlanta, hotel. The maintenance man's wife was on or is a long distance telephone operator, and on the night preceding the assassination there was an individual that called, well, they way I heard the story, that he mentioned to her to remember this telephone call because it would go down in history. He made a credit card call to Lee Harvey Oswald, and simply said, 'Proceed as planned.'

"Then he made another telephone call to Jack Ruby and told him that if anything went wrong he knew what to do.

"Now, I questioned this, I guess there are numerous rumors of this type or whatever it is, and he said no, that it was definitely the truth, and the reason she hadn't come out before with it was that it is a violation of Federal law to listen to a long distance telephone call, and that they finally did report it to the FBI."

UNREC.

RECORDED 10 MAR 17 1964

Upon further questioning, Mr. Martin stated that he did not know whether the long distance operator worked in the Dinkler Hotel or "whether she was in the long distance or toll offices in Atlanta." Mr. Martin stated further that in his opinion either the telephone operator or the telephone company has the credit card number and other records concerning the call. Mr. Martin stated that he heard about this story about one week prior to his appearance before the Commission.

Mr. Martin should be questioned further concerning this story and further investigation should be undertaken to determine the accuracy of this report.

Dear Mr. Rankin:

Reference is made to your letter dated March 3, 1964, relating to the testimony of Mr. James Herbert Martin on February 27, 1964. Mr. Martin furnished the President's Commission with information relating to alleged telephone calls on the night preceding President Kennedy's assassination to Lee Harvey Oswald and Jack L. Ruby from Atlanta, Georgia.

On March 6, 1964, Mr. Martin was interviewed in Dallas, Texas, and advised he originally heard the above story about February 18, 1964, from an executive of the Dinkler Hotel Chain who had been introduced to him by Miss Marie Rushing, owner of the Sky-Night Club in Dallas. Miss Rushing was subsequently interviewed and she identified this executive as Mr. C. E. Hornsby, Jr., general manager of the Dinkler Hotel Chain, Atlanta, Georgia. Miss Rushing also corroborated Mr. Martin's assertions concerning the alleged telephone calls.

On March 6, 1964, Mr. Cyrus E. Hornsby, Jr., Atlanta, Georgia, advised that the information he furnished to Miss Rushing was received by him in a hearsay manner from Mr. Ralph Harmon, an engineer at the Dinkler Plaza Hotel, Atlanta. Mr. Hornsby pointed out he has no first-hand knowledge concerning this matter but was just repeating a rumor. Mr. Hornsby stated Mr. Harmon's wife is a long-distance telephone operator in Atlanta.

Honorable J. Lee Rankin

Mr. Carling Dinkler, owner of the Dinkler Plaza Hotel, Atlanta, Georgia, advised on January 28, 1964, that Mrs. Helen Harmon, a local telephone operator, told her husband, Ralph Harmon, an engineer at the Dinkler Plaza Hotel that an unnamed telephone operator had told Mrs. Harmon she had handled long-distance telephone calls from Chamblee, Georgia, to Dallas, Texas, for Lee Harvey Oswald and Jack L. Ruby on the night prior to President Kennedy's assassination.

Mrs. Harmon during interview stated she did not know who the operator was, but there had been a rumor around the telephone company that some unidentified operator had placed calls for Oswald and Ruby on the night before the assassination originating at the Dogwood Motel in Chamblee, Georgia. Mrs. Harmon stated this operator allegedly had been interviewed by the FBI.

Your attention is invited to the report of Special Agent Charles S. Harding at Atlanta, Georgia, dated December 1, 1963, entitled, "Lee Harvey Oswald, Internal Security - R." Pages 28 and 31 of this report relate to information furnished by Miss Marion Hayes, a long-distance operator for the Southern Bell Telephone and Telegraph Company, Atlanta, Georgia. Miss Hayes indicated that approximately three weeks prior to November 26, 1963, she had handled long-distance calls for Lee Harvey Oswald and Jack Rubenstein, placed from the Dogwood Motel in Chamblee, Georgia. These calls were placed on a Sunday evening and the individual placing the calls used a credit card ending in 832. At the time of this interview Miss Hayes admitted to being emotionally upset over the assassination of President Kennedy.

In view of Miss Hayes' information the security officer for the Southern Bell Telephone and Telegraph Company was contacted and he stated it was very improbable that the same telephone operator would have received and placed the calls described by Miss Hayes. He made a check of all canceled calls for the dates of November 3, 10, and 17, 1963, all Sundays, and no calls identifiable with those mentioned by Miss Hayes could be located.

Honorable J. Lee Rankin

In addition the telephone records of the Dogwood Hotel, Chamblee, Georgia, for the month of November, 1963, were made available and no record could be located disclosing that telephone calls were placed to Dallas or New Orleans as indicated by Miss Hayes.

This concludes our inquiry into this particular matter.

Considerable investigation has been, and is still being conducted concerning Oswald's trip to Mexico in the period 9/26 to 10/3/63. As you know it has not been established how Oswald traveled from Mexico City to Nuevo Laredo and thence to Dallas on 10/3/63. The FU-11 prepared in Nuevo Laredo indicates on its face that he left by automobile, although Mexican personnel believe this entry was made in error. The person who made the entry does not recall why she made it. On the other hand, the passenger manifest of the Transportes Fronteras Bus Company lists Oswald's name, possibly indicating he rode this bus from Mexico City to Nuevo Laredo. No one has been interviewed who can definitely place him on this bus. Moreover, a close study of this passenger manifest raises numerous questions apparent on its face. For example, nine ticket numbers are listed beside the names of passengers going to Laredo and seven ticket numbers beside the names of passengers going to Monterey and this is summarized at the bottom. Yet, no ticket number appears by Oswald's name and none appear by the name Angel Perez. Can the person who prepared this manifest explain what he meant in detail when he made each entry? 105-82555-211

REC-1

From a study of the names on the list, it would appear that except for Oswald, the people were all Mexicans. None of these people except Oswald surrendered tourist permits to Mexican immigration authorities at Nuevo Laredo. However, some of these people may have entered the United States and, if Mexican citizens, would not have had tourist permits. Under these circumstances they

would have probably had to furnish background information about themselves to United States immigration authorities. These records should be reviewed, if not already done, at Laredo, Texas, for the names of those people on the bus. The ultimate objective, of course, is to identify and interview these other people on the bus for information they may have regarding Oswald's departure from Mexico.

A copy of referenced letterhead memorandum of 3/2/64 has been sent to Legat, Mexico, with the request that he discuss with proper Mexican authorities there the significance of all entries made on the copies of the FM-11 sent from Nuevo Laredo to Mexico City, including the entries made in column 16.

As long as it cannot be definitely established how Oswald traveled from Mexico City to Nuevo Laredo and from there to Dallas on 10/3/63 you should insure that all conceivable investigation has been completed covering all possible modes of transportation between these cities.

The Bureau realizes that this phase of the investigation has been particularly difficult because of the language barrier and because of the Mexican method of record keeping. Nevertheless, the investigation must be done, and done so completely that no question can later be raised that investigative steps were overlooked. The questions indicated above which you should answer or comment upon arise on the basis of an analysis of information furnished the Bureau on this phase of the investigation. The Bureau believes you should at this time carefully review all the investigation done by you in this phase of the case. Analyze it in light of the problem to be solved and advise the Bureau as to what further steps you are taking or what you would recommend taking to resolve this problem. Give this your continued and concentrated attention so it can be brought to completion promptly.

Lee Harvey Oswald
Internal Security - R - Cuba

Recisloves Razgaitis, 1225 Bushwick Avenue, Brocklyn, New York, was contacted by Special Agents of the Federal Bureau of Investigation on February 25, 1964. He explained that he came to the United States on May 18, 1949 and he became a U. S. citizen on March 8, 1955. He was born on March 7, 1918 in Lithuania.

Mr. Razgaitis made available a letter dated February 10, 1964, sent to the Honorable Robert Kennedy, the Attorney General of the United States, Washington, D. C. The letter is as follows:

"Mr. M. Razgaitis

Lee Harvey Oswald

"with Soviet Union Exibition people is known to you. At that time he was strong figther for Soviet Union ant__communism.

"If it is necessary I can this testify.

"Very truly yours /3/ P Razgaitis"

He explained that during the summer of 1960, around June or July, he, Razgaitis, went to the New York Coliseum at Columbus Circle in New York City, where the Soviet Union had an exhibition. He explained he is against all forms of Communism and, therefore, he went to the Coliseum to pass out anti-Communist pamphlets entitled "Soviet Russia (The Twentieth Century Barbarians) No. 1 Enemy of the United States of America and the Free World." According to him, this pamphlet explains how Russia has enslaved the European people.

He went to the Coliseum for three consecutive days distributing anti-Communist literature. On the first day, he recalls handing a pamphlet to a young male described as 6' 1", skinny, with light complexion, who immediately ripped the pamphlet from his, Razgaitis', hand, and threw the pamphlet to the ground. This individual immediately called Razgaitis a "Nazi Fascist bastard" and he began speaking to Razgaitis in the Russian language. This individual then hurried into the Soviet Union Exhibition.

He explained that he saw this individual on the three consecutive days he was stationed at the Coliseum, and he believes this person was an American instead of a Russian working at the exhibition. He explained he has no basis or facts, but he believes this person was Lee Harvey Oswald. He indicated he is well aware that it has been widely published in the press that Oswald was in the Soviet Union in 1960, but he wanted to make this information available in the event that Oswald could have been a spy for Russia during 1960 and sent to the U. S.

He reiterated that he has no facts and it is only his opinion that this person could have been Oswald, but in view of the fact he has a deep hatred for Russia and their form of government, he wanted to bring this to the attention of the United States Government.

It should be noted that during the interview, Mr. Razgaitis became emotionally upset and it was necessary to make efforts to calm him in order to continue the interview.

Dear Mr. Rankin:

Enclosed for your information are two Xerox copies of a memorandum dated March 4, 1964, prepared by the New York Office of this Bureau relating to a letter dated February 10, 1964, which was addressed to the Attorney General by Necislovas Razgaitis, 1225 Bushwick Avenue, Brooklyn, New York. The letter, the contents of which are set forth in the enclosed memorandum, was furnished to this Bureau by the Attorney General's office on February 12, 1964.

Mr. Razgaitis, in his letter to the Attorney General, stated that he had come in contact with Lee Harvey Oswald in New York City in 1960. Inquiry to date has indicated, however, that Oswald was in the Soviet Union in 1960. In addition, your attention is directed to paragraph 2 of page 3 of the enclosed memorandum which advises that on being interviewed Mr. Razgaitis became emotionally upset and it was necessary for Agents of this Bureau to calm him in order to continue the interview.

In view of the above information, no further action is contemplated by this Bureau in this matter. Copies of the enclosed memorandum are being furnished to the Attorney General and to the United States Secret Service.

Re: Assassination of President
John F. Kennedy

Dear Mr. Miller:

During the recent trial of James R. Hoffa at Chattanooga, Tennessee, I reported orally to Mr. Charlie Shaeffer information pertaining to the assassination of President Kennedy. Due to the attendant circumstances at the trial, this matter might have slipped Mr. Shaeffer's mind. Therefore, I am reporting it to you as I reported it at that time.

During a trip to Louisiana, I received information from an informant to the effect that he had spoken to one Tom Callahan of Baton Rouge, Louisiana, who stated that he had recently spoken to Jimmy McCurley, who allegedly was acquainted with Lee Oswald when the latter was in New Orleans. McCurley claimed to have met Oswald because both of them were fans of Connie Francis, singing star, and that Oswald was dating her in New Orleans. Mr. Curley reportedly is president of the Baton Rouge Connie Francis Fan Club and is described as a fanatic on the subject of this recording artist.

McCurley denied having any association with Oswald and the "Fair Play for Cuba" committee.

This might possibly explain Oswald's receipt of money by wire from an unknown source prior to the assassination.

Sincerely yours,

A. FRANK GRIMSLEY, JR.

Enclosed for each the New Orleans and Dallas Offices are a copy of a letter from the Department dated March 11, 1964, enclosing a letter the Department received from Mr. A. Frank Grimsley.

The New Orleans Office should institute immediate investigation in an attempt to identify Tom Callahan of Baton Rouge, Louisiana, and Jimmy McCurley of New Orleans, Louisiana. Thereafter, New Orleans should interview Tom Callahan to obtain all data in his possession in this matter and thereafter should interview Jimmy McCurley to ascertain full details of his alleged acquaintance with Lee Harvey Oswald.

In the event McCurley indicates that Lee Harvey Oswald was acquainted with Connie Francis, the singing star, and that Oswald was dating Connie Francis in New Orleans, the New Orleans Office should set out an appropriate lead to ascertain current whereabouts of Connie Francis in order that she can be interviewed in this matter.

Results of New Orleans investigation should be set out in a report suitable for dissemination to the President's Commission.

Boston, Massachusetts

February 26, 1964

ASSASSINATION OF PRESIDENT JOHN F. KENNEDY,
NOVEMBER 22, 1963, DALLAS, TEXAS

On February 25, 1964, Mrs. Eloise Ducharme, the wife of John Ducharme, who is employed by the United States Post Office Department, Millbury, Massachusetts, residence 21 Millbury Avenue, Millbury, Massachusetts, advised that a short time ago she received in the mail from one of her cousins in the Detroit, Michigan area, a copy of an article which had appeared in the December 7, 1963 issue of the Detroit "Free Press," pages 1 and 2a, authored by Gene Roberts. The reason her cousin sent the article was due to the fact that an Everett Glover, identified as a chemist, and as a resident of Dallas, Texas, was mentioned in this article. She said she has a brother named Everett Glover who is a chemist and does reside in Dallas, Texas.

According to the article, during February, 1963, Glover had been host at a party held in his home in Dallas at which Lee Harvey Oswald and his wife had been the guests of honor. Glover and eight or ten of his friends had been studying Russian and he met Oswald through one of these friends, namely, a geologist, George De Morenchild. The latter person met Oswald through Russian refugees in the Dallas-Fort Worth area.

According to the article, Glover thought that his friends might enjoy an evening with two persons who had left the Soviet Union so recently. It was mentioned that the other guests were learning the Russian language so that they might read Russian technical journals and had come to the party to hear about Oswald's three year stay in Russia. The article also mentioned one Norman Fredericksen, a geologist, who had expressed comments indicating that the information furnished by Oswald had not been worthwhile.

INDEXED
21 FEB 20 1967

Mrs. Ducharme advised that no member of her family has seen Everett Glover for eleven years. She described him as follows:

Name:	Everett Dow Glover
Age:	48 years
Race:	White
Sex:	Male
Nationality:	American
Height:	About 6'
Weight:	About 170 pounds
Hair:	Brown
Residence:	9838 Webbs Chapel Road Dallas, Texas

(In which city he has been a resident for about twelve years)

Employment: Chemist (at one time employed by the Chemical Division of the Mobil Company, Dallas)

Marital Status: Second wife, whom he married in September, 1963, in Dallas, Texas, given name Magdolna, a Hungarian refugee

Former wife, Elizabeth Butler Glover, residence Chocolate Avenue, Hershey, Pennsylvania, who presently works as a secretary for the United States Navy Department in Pennsylvania

Son, Michael, age 16 years, living with Elizabeth Butler Glover.

Concerning the other members of the family, she identified them as follows:

Father:	(Deceased)
Mother:	Lucy Dow Glover Brown, age approximately 72 years, who lives with her second husband, the Reverend Hervey Brown, age approximately 74 years, a minister, at Gansevoort, New York
Sister:	Miriam Fisher, age 45 years, wife of Alvin Fisher, residence Main Street, North Oxford, Massachusetts. Alvin Fisher is employed as a turret lathe operator for the Heald Machine Company, Worcester, Massachusetts.
Brother:	Henry Burton Glover, age about 44 years, residence Bradley Boulevard, Greenville, South Carolina, in which city he is employed in an executive capacity by the Steel-Peddle Company.

Concerning her brother, Everett, she said that he has always been what she would call an "intellectual." He had excellent grades throughout his schooling; he is interested in music and plays the harpsichord; he is an avid figure skater; and has always had a keen interest in the study of languages. He graduated from high school in 1933 and then entered Clark University, Worcester, Massachusetts, at about 1934, and graduated six or seven years later, due to the fact that he had to drop out periodically in order to accumulate sufficient funds for tuition, etc. He served in the United States Army during World War II, and after his discharge entered the University of Wisconsin, where he took graduate studies. His wife, who had served in the WAVES during World War II, also attended the University of Wisconsin as an undergraduate. He completed his graduate studies in 1949 and he then went to Montana where he was employed as a teacher at a junior college (exact name and location unknown) until 1951. Afterwards he went to Texas.

She had no information concerning the assassination of President Kennedy, nor of any connection that her brother might have had with Oswald or the assassination, other than what was contained in the above mentioned article. She said she furnished the information because she wanted to cooperate with the Federal Bureau of Investigation.

Re Memphis airtel to the Bureau, dated 2/6/64, regarding alleged allegations by JOHN MARTINO.

Enclosed to the Bureau and Dallas are five and two copies respectively of a letterhead memorandum, dated and captioned as above.

JOHN MARTINO during interview on February 15, 1964, related how, in October, 1959, he was being transferred from Vivac Prison to Principe Prison at Havana and the military guard, a Lieutenant JOSE MEDINA, brought him to the American Embassy in Havana. At the Embassy, according to MARTINO, he was hopeful of either taking asylum or of being admitted to a hospital because of a bleeding ulcer condition. He said that the American Consuls, however, naming HUGH KESSLER and (FNU) BROWN, both now deceased, refused to help him and requested him not to cause any trouble for the United States Embassy, but to be a good American citizen and proceed to the Cuban prison. MARTINO possessed copies of considerable correspondence by U.S. Senators directed to the State Department relative to the aforementioned incident of MARTINO's visit to the Embassy in Havana in October, 1959. MARTINO advised that his book "I Was CASTRO's Prisoner" contained a chapter which he said pertained to this "cowardice" in the U.S. Embassy.

During the course of interview, MARTINO made various claims of access to information concerning matters inside Cuba through his unidentified sources. It was pointed out to him if he were receiving reliable and authentic information, it should be properly furnished to the United States Government and not simply diverted into lecture material. He thereupon stated that he regularly furnished this information to J. SOURWINE of Washington, D.C. This is believed to be the investigator for the Senate Committee on Internal Security.

MARTINO also claimed that during the Summer of 1963 he personally led a mission which infiltrated Cuba and returned to Florida. He said that this mission was performed upon the instructions of the Defense Department at Washington, D.C., after he had furnished information making such an infiltration desirable. He intimated that the purpose of the mission was to bring out Russians. He declined to furnish more specific details on this matter.

During the interview at MARTINO's residence, MARTINO introduced to the interviewing agents Cuban exile, FELIPE VIDAL SANTIAGO, who is the subject of Bufile 105-85523, Miami file 105-6466. VIDAL has been active in anti-CASTRO activities and may be one of the "unidentified" sources of MARTINO's information on Cuban matters.

MARTINO revealed that he is a close friend of JIM BUCHANAN, reporter for the "Pompano Beach, Florida, Sun-Sentinel." Miami report, dated January 25, 1964, in this case is devoted to an article by BUCHANAN, which set forth irresponsible statements concerning the FBI and activities of OSWALD. MARTINO stated he is sure that

IM 105-8342

LEE HARVEY OSWALD had been in Miami because JIM BUCHANAN had told him that his brother, JERRY BUCHANAN, had been in a fight with OSWALD at Miami when OSWALD tried to join a group of anti-CASTRO "Freedom Fighters." MARTINO said BUCHANAN told him this was a true fact and that MARTINO could use it in his lectures.

The Miami Office does not contemplate efforts to locate JERRY BUCHANAN for interview concerning the foregoing claim in view of the fact there has been no evidence developed that OSWALD was ever in Miami and also in view of the fact the unreliability of JIM BUCHANAN has been self evident in the past.

With respect to the alleged prostitute in Mexico City, whom MARTINO stated was kept "under wraps" because of her knowledge of the activities of LEE HARVEY OSWALD, this is an apparent reference to SYLVIA DURAN, mentioned in Miami report, dated January 23, 1964, in this case. (X)

With respect to the statement by MARTINO that Dr. JOSE ANTONIO CABARGA was arrested in Mexico City for publishing information hostile to CASTRO in connection with the assassination of President KENNEDY, this CABARGA appears identical with the CABARGA mentioned in Miami teletype to the Bureau, dated November 25 and 26, 1963, in the caption "ASSASSINATION OF PRESIDENT JOHN F. KENNEDY, NOVEMBER 22, 1963; AFO."

MARTINO furnished the photostat of an article written by him under the caption "CUBA AND THE KENNEDY ASSASSINATION." This article appeared in the December 21, 1963, edition of "Human Events", a weekly published at

Washington, D.C. No study of this article is being unde
taken inasmuch as it appears to contain no authentic or
specific information relative to the assassination, but
rather consists of some speculation, opinion, and non-
original information.

Mr. MARTINO stated that he, himself, did not kno
LEE HARVEY OSWALD and he knew no one who was personally
acquainted with OSWALD.

RE: LEE HARVEY OSWALD;
INTERNAL SECURITY - RUSSIA - CUBA.

On February 15, 1964, John V. Martino, born August 3, 1911, at Atlantic City, New Jersey, and resident, with his family, at 2326 Alton Road, Miami Beach, Florida, stated he was aware of the article which had appeared in the Memphis, Tennessee, "Press-Scimitar," on January 30, 1964. Mr. Martino said he had been interviewed by Kay Pittman of the "Press-Scimitar" on the day before he gave a lecture in Memphis on the situation in Cuba. With regard to the content of the newspaper article, Mr. Martino said it had been completely twisted by the reporter, and he had reprimanded her for it while in Memphis. He said, specifically, that he had never stated that Oswald had been paid to assassinate President Kennedy. He said he does not work with the Cuban underground, as quoted in the article, although he has sources of information concerning activities in Cuba. He said he was quoted correctly in the statement that his sources informed him that President Kennedy was engaged in a plot to overthrow the Castro regime by preparing another invasion attempt against Cuba.

Martino refused to divulge the sources of his information or how they might know what plans President Kennedy might have had. He said it was the opinion of his sources,

CLOSE

as well as his personal opinion, that President Kennedy was assassinated because Castro had learned of this preparation for a new invasion of Cuba.

He said that his statement that Castro had made the assertion that President Kennedy and Attorney General Robert Kennedy were not the only heads of state who could have someone executed was a fact that had been printed in Cuban exile papers at Miami. He said this statement, or veiled threat, by Castro occurred not in Brazil, as related in the "Press-Scimitar" article, but rather in the Brazilian Embassy. He said his personal source for this threat by Castro was "people who called him" to advise that a Cuban exile doctor, Jose Antonio Cabarga in Mexico City had the statement printed in the Mexican newspaper "El Universal," and was jailed in Mexico for making this revelation. He said the Mexican Government took such measure because it is well known that Mexico is pro-Castro.

With respect to the statement attributed to Mr. Martino in the "Press-Scimitar" article that "We know that Oswald was in Mexico. We know that he left from a clandestine airport in Yucatan for Cuba and was there the week of October 4," Mr. Martino stated this was true and correct. He said his sources, whom he would not divulge, had informed him of these facts. He said it is well known that Oswald was in Mexico, and that it is also a fact that air strips are located in the Yucatan Peninsula.

Mr. Martino was questioned as to how the existence of landing fields in Yucatan constituted evidence that Oswald

ARY FERRELL

RE: LEE HARVEY OSWALD

had gone to Cuba from the Yucatan Peninsula about the week of October 4 (1963). He stated that he was certain that such was the case, because he understood from his source that a girl in Mexico City, whose name he did not know, had made this information available. He explained that the girl was a prostitute with whom Oswald stayed while in Mexico City, and while this girl could verify the movement and activities of Oswald, she was being kept "under wraps" by the authorities in Mexico.

Mr. Martino stated that his information, in part, comes from a high source in the Cuban Government from whom he receives messages. He declined to reveal in what manner the messages are received. He said this source had recently informed him that Fidel Castro had made his recent visit to Russia because the Russian Government was upset over the assassination. Mr. Martino said his same source advised that Castro, on his return from Russia, planned trouble for the United States in Panama or Brazil, and brought about the Panamanian crisis in order to prove to Russia that he still controlled the situation in Latin America. Mr. Martino stated this same source has informed him that the political leader, Francisco Juliao, will cause an uprising in Northeast Brazil in the next few weeks, with the help of Castro.

Mr. Martino stated that he had been arrested by the Castro government at Havana, Cuba, in July, 1959, and was not released until October, 1962. He said he was charged and tried with being an anti-Castro agent, and

witnesses at his trial testified that he had landed on a highway in a light plane in order to clandestinely enter Cuba, whereas, in fact, he had arrived by a scheduled Pan American Airways flight. He said that while in jail he learned from William Morgan, an American citizen who fought with Fidel Castro and was subsequently executed by the Castro regime, that the real reason Martino was jailed was because of statements he had made against Castro on a Miami radio station. Mr. Martino explained that on three occasions in January, 1959, he spoke with Allen Courtney, a radio interviewer with a nightly program at Miami. He stated that although, by arrangement with Mr. Courtney, his name was not announced, as is the rule with Mr. Courtney in his broadcast interviews with telephone callers, the identity of Mr. Martino, in some manner, must have become known to the Cuban authorities. He said that in his broadcast conversation with Mr. Courtney, he, Martino, was very critical of Castro, inasmuch as he had identified Castro as a Communist as of 1953.

Mr. Martino said that he had been in the electronics business before his arrest in Cuba, but that on his return forty months later, his business was gone. He said he then engaged in writing a book entitled, "I was Castro's prisoner," which was published in August, 1963, by Devin-Adair Company of New York City. He said the book was written in collaboration with Nathaniel Weyl, the author of "Red Star Over Cuba."

Mr. Martino said that in addition to having written the book, he has also been busy in fulfilling lecture engagements

EFTDCTI

RE: LEE HARVEY OSWALD

in which he hopes to alert the American people to the threat which Cuba poses for the United States.

He said that his talk at Memphis, Tennessee, had been arranged through the "Speakers for America" group. He advised that on March 12, 1964, he has an engagement to appear at Rio Grande, Ohio, booked by the "Wide World Lecture Bureau, Inc.," 18 E. 48th Street, New York City.

Synopsis: Mrs. EUGENE (LOLA) LOVING, Forest Grove, Oregon, advises that ALBERT OSBORNE had told her he used contributions to purchase food, Bibles, tracts, etc. Mrs. LOVING repeats OSBORNE's story of dual identity. Son gives same account, which he heard from father prior to father's death in 1961. Mrs. LOVING locates receipts and cancelled checks for contributions to OSBORNE.

- RUC -

DETAILS:

On March 4, 1964, Mrs. EUGENE (LOLA) LOVING, 2617 17th Street, Forest Grove, Oregon, advised that for a long period she had been sending monthly contributions by check, usually in the amount of $5.00, to ALBERT OSBORNE. She said OSBORNE had told her that he uses the money to buy food, Bibles, tracts, literature and other materials necessary for the operation of his mission at Texmelucan, Mexico. She commented that throughout the period she had known OSBORNE, he never had given her any reason to believe that he used the money for any other purpose.

Mrs. LOVING went on to say that she knows of no evangelists or associates who might be working with OSBORNE and with whom he might be sharing the money. She believes him

to be alone in the operation of the mission at Texmelucan, and she had wanted to help him with donations because he did not seem to have any particular church behind him.

Mrs. LOVING said further that OSBORNE always was very prompt in providing receipts for her contributions. She had noted that the receipts, with the exception of the signature, were always typed. She always had accepted the signature on the receipts as that of OSBORNE, although from time to time she had noted that the handwriting appeared somewhat different. She added that since she no longer has to pay income tax, she does not retain the receipts which OSBORNE provides her for the contributions. She noted, however, that she might still have a few such receipts, and possibly some of her cancelled checks, among her records and effects, which are stored at the home of her son, DALE LOVING, in Forest Grove.

Mrs. LOVING recalled again the story that OSBORNE had told her about his dual identity. He had readily admitted that he was using two names— ALBERT OSBORNE and JOHN HOWARD BOWEN; that BOWEN at one time had been an associate in the operation of the mission at Texmelucan but had died, and that after BOWEN's death, financial contributions kept coming to the mission in BOWEN's name. The mission was entirely dependent upon voluntary contributions of this type, and since the mission was hard pressed financially anyway, OSBORNE took steps to insure that he would not lose the money. He went to banking officials, explained the situation, and was given permission to use either name in accepting the contributions. The only banking concern which Mrs. LOVING could recall that OSBORNE had specifically mentioned in this connection was American Express in Mexico City.

Mrs. LOVING commented that she never had had any reason to doubt OSBORNE's explanation for using both names; that she never had heard any other version from OSBORNE or anyone else, and that she never had thought to even question that OSBORNE's explanation might not be accurate. She added that she never had known OSBORNE prior to the time that she and her husband went to Mexico in 1956; that she had had association with him only during the two-year period that they were in Mexico, and that she has not seen him since their return to the United States in 1958. She has, however, corresponded with him frequently since that time. She stated that she always had found OSBORNE to be entirely reliable; that she admired the

mission work which this man, whom she believed to be in his 80's, is doing, and that she had no reason to doubt his integrity or question his character.

She went on to say that she felt certain that OSBORNE actually did operate a mission in Texmelucan; that when she and her husband were in Mexico, they had gone on more than one occasion to Texmelucan, where they observed the mission and saw the young men whom OSBORNE apparently was training. She pointed out that Mexican governmental regulations forbid the actual owning of any building for a mission, and that OSBORNE apparently had rented or leased a large frame house in Texmelucan for this purpose. Here he lived with the young men who were under his guidance.

Mrs. LOVING said still further that she never had known OSBORNE to be in any difficulty with any authorities anywhere. She recalled that all missionaries are required to enter Mexico as "teachers" not missionaries, and that they are required to go to some port of entry every six months to have their entrance permits extended. She said that she and her husband followed this procedure throughout their stay in Mexico and were aware that OSBORNE was doing likewise.

Mrs. LOVING also noted that she continues to send donations of clothing to OSBORNE, as well as money. Since it is forbidden to send such clothing contributions into Mexico, she usually sends them to the address, P. O. Box 308, Laredo, Texas, unless OSBORNE tells her otherwise. Since she sends the clothes to Laredo, she also sometimes sends her monetary contributions to that same address, although she also has sent them to Texmelucan.

According to Mrs. LOVING, OSBORNE always appeared to be hard-pressed for money, and she and her husband when in Mexico occasionally had fed him. She also recalled that from time to time, OSBORNE would visit the United States, reportedly on speaking engagements, and when he returned he would have sufficient funds to continue a while longer. He had indicated that this money was from donations by the groups which he had addressed. Mrs. LOVING believed most of these visits to have been in Texas.

FD 44-225

DALE LOVING, 2223 A Street, Forest Grove, Oregon, Mrs. LOVING's son and an employee of the Department of Forestry, State of Oregon, in Forest Grove, was interviewed independently of his mother on March 4, 1964. He said that he had been in Indonesia with his parents as a missionary but did not go with them when they went to Mexico in 1956. Consequently, he never had known OSBORNE personally. He was well aware of him, however, because his parents frequently had referred to him upon their return to Forest Grove and talked of him over the years since that time. He said that his father and mother had gone to Mexico in 1956 and returned in 1958. He commented that he was certain of these dates, because he recently had had reason to establish them in connection with efforts to secure a pension for his mother. He said that his parents had not known OSBORNE prior to the time they went to Mexico and had not seen him since their return.

LOVING went on to say that his father, EUGENE LOVING, had been a Pentecostal minister and teacher throughout his adult life. He continued in this field until his death in 1961. Prior to his death, he and Mrs. LOVING frequently talked of OSBORNE, the mission he was operating in Texmelucan and the difficult time he was having, apparently because he had no church behind him. He noted that while in Mexico, his parents occasionally had fed OSBORNE, whom they had referred to as being in his 80's, and had assisted him all they could. He added that his mother continues to feel sorry for OSBORNE and thus sends him the regular donations of money and clothing.

LOVING said that he was well aware of OSBORNE's dual identity; that he frequently had heard his parents refer to the fact that OSBORNE was using two names. LOVING then related his understanding of the reason for the two names, telling an identical story as that related by his mother. He noted that this also was the information his father had supplied prior to his death; that this always was the version accepted by his family, based on information supplied by OSBORNE, and that as far as he knew, no one in the family had any reason to doubt it.

LOVING volunteered the comment that within his family there never had been any questionable connotation to the story told by OSBORNE and that the LOVINGs always had believed OSBORNE's usage of the two names was entirely legitimate. In addition, none of the family had had any reason to believe that the money sent to OSBORNE was being used for any purpose other than the operation of his mission.

PD 44-625

On March 6, 1964, Mrs. LOVING said that she had searched her records and had succeeded in locating two receipts from OSBORNE for contributions she had sent and four cancelled checks, likewise for contributions. Both receipts were on forms of the Mixteca Baptist Church. One, dated July 13, 1961, was for $5.00 and was signed with the name of ALBERT OSBORN, and the other, dated June 17, 1963, also was for $5.00 and likewise was signed with the name of ALBERT OSBORN.

The first of the cancelled checks was dated May 16, 1961, and was in the amount of $10.00; the second, July 13, 1961, in the amount of $5.00; the third, Jan. 13, 1962, in the amount of $5.00, and the last, May 14, 1962, in the amount of $5.00. All were drawn on the Forest Grove Branch of the First National Bank of Oregon and signed with the name of LOLA LOVING. The first two were made payable to ALBERT OSBORN and were endorsed with only the name of ALBERT OSBORN. The third was made payable to DR. ALBERT OSBORN and was endorsed with two names, DR. ALBERT OSBORN and JOHN HOWARD BOWEN. Mrs. LOVING noted that OSBORN sometimes referred to himself as DR. OSBORN. The last check was made payable to ALBERT OSBORN and also was endorsed with the names, ALBERT OSBORN and JOHN HOWARD BOWEN.

"I wrote and mailed you a letter today but the enclosed newspaper article is the reason for the quick follow up.

"I picked up a newspaper this evening, the enclosed article was on the front page. I was reading with interest and when I came to the mentioned "Arthur Schlesinger Jr." God let me have the works, my jaws froze, my heart bumped, in short I got it from head to toes!

"I began asking questions and God answered, now remember Lynn I am relating what God told me, - This man was no friend, HE KNEW OF THE PLANNED ASSINATION OF JOHN KENNEDY! Mrs. Kennedy is in no danger from this fellow, but he is a Judas.

"As God shows me these things I can't help but wonder what chance a President has if any at all!

"Well Lynn, God got me out of bed at 6.00 am this morning. I went to the Picadilly Cafeteria for my coffee at a few minutes past 8.00 am, at 8.10 approx I began to receive signs of your reaction to my letter, only this time it was different - my whole body became weak, my arms and legs just felt like they were becoming useless. I'm glad I was sitting down.

"Now Lynn - refering to the Shell road map in the 'Brookmeade near St. Louis' vision this refers to a filling station near the Oaklawn race track, and in which Marshall is a 'cc' owner, his partners I believe to be Brooks and Meade, these are part of the large communist house (Mansion) in East St. Louis, the 'Mansion' refers to a very large operation - not a literal house or Mansion.

"The 11 mentioned in my other letter are leaders in this commie operation, but surely not the total workers involved.

"The Zulder Zee set up here called on this affiliated group for a worker, they received 'Marshall' and then saw to it that he got safely back to East St. Louis Ill. I believe that the above will just about wind up the matter of Kennedy's assination, but it sure opens the door to the understanding of how large this subversive commie group is in our country.

"I have stretched pennies now as far as they will go, so tomorrow morning at 11 am unless something unusual happens I will be on the street, however I still have one Air Mail envelope and will use it for something of value if necessary - so till later,

Dear Sir:

Attached is a copy of a letter which I wrote about three weeks ago and mailed to John McCone of the Central Intelligence Agency on February 24. It deals with a matter of great national importance. I have recieved no acknowledgement from the CIA, and this lack of response has only increased my concern about the subject discussed in the letter. Therefore, I am passing it on to you because I am confident that you will give it fair consideration. Thank you.

Sincerely yours,

Eleanor Gabriel

Eleanor Gabriel (Mrs. Joseph P.)

Respectfully to Director

UNREC.

Below I [illegible] several possible interpretations of the Barghoorn incident. I have not attempted full arguments pro and con. (I am not equipped to do so) but only tried to supply cause for holding each unconvincing. I then offer another interpretation with some reasons for considering it, and show that it permits a connection between Professor Barghoorn's arrest and other events of great significance.

Some Interpretations of the Incident:

1. The Soviets suspected Professor Barghoorn of spying during this trip and on previous occasions.

If the Russians had really suspected Dr. Barghoorn of espionage activity and wished to arrest him for this reason, why would an entrapment be necessary? They could have picked him up under suspicion of spying without a trumped up incident outside of the hotel, -an incident which they didn't choose to capitalize on. Furthermore, they accused him of spying on previous visits to Russia (according to Professor Barghoorn's statement) and questioned him extensively about his behavior in the past. Such accusations would not require a "set-up" to be used as grounds for his arrest, especially since he was to be held incommunicado anyway.

2. The Soviets wished to retaliate against recent arrests of Soviet spys in the U.S.

The delay in announcing the arrest seems to discount this. Also, someone with Professor Barghoorn's reputation would be a strange choice. It would be more likely that they would choose some minor embassy official, as has been done in the past. If Russia wanted a hostage why would they keep him for 11 days before announcing that he had been arrested? Besides, as far as we know, no suggestion of an exchange of prisoners ever took place. Why would he be interrogated intensively and watched in his cell? The Communist practice in most arrests is almost always to isolate a prisoner for an initial period, sometimes for a rather long time. This might indicate that they were really trying to find out something from him, and as soon as possible.

3. It was a lower level blunder.

This seems least likely, given the nature of the Communist hierarchical organization. For what reason would some lower level decision be made to entrap someone like Professor Barghoorn and treat him in the fashion he described? The repercussions of such an act could be easily deduced- at any level- and decisions of such moment are not made autonomously. Its value as mere harassment would be far outweighed by the damage it could do to programs,

105-82555

such as the cul[redacted]exchange, apparently arranged by the USSR. The timing was probably bad, in light of the imminent renegotiation of [redacted] rocket.

Another Interpretation:

All of the above theories, and some others which have been suggested begin with the assumption that there was a preconceived plot to trap Professor Barghoorn and arrest him. But there is at least one other way of viewing the events in the case. If the Barghoorn incident were not a hoax or a mistake, then consider the possibility that the material handed to Professor Barghoorn was of some significance and acceptance of it might have indicated participation in espionage of some sort. The Russians did tell Professor Barghoorn that the young man was also arrested. It is possible that he was. Note that Professor Barghoorn quoted the man as saying to him "Are you an American?" and reported that he then thrust the paper into his hands and rushed off. The statement allows for the man not knowing the identity of Professor Barghoorn. Why not say "Are you Professor Barghoorn?", or simply "Professor Barghoorn_____.", or nothing? It is unlikely that the Russians would mark outside the Metropole to pick up any American at random.

Suppose that it was the young man they were watching, and that their concern was with the material he had and what he was going to do with it. This material might have been of considerable importance to ANY American. The man may have wanted to give it to an American and did so in the only way he could under the circumstances. No doubt many Americans pass in and out of the Metropole Hotel. A Russian could readily recognize an American without knowing his identity. If he were under pressure, and feared he might be watched, he might try to pass the information on in this fashion. The police might not know whether the encounter was prearranged, or whether the recipient knew anything prior to this meeting.

Given this hypothesis, the nature of the material given to Professor Barghoorn assumes importance. He said some of it appeared to be photographs, but evidently he saw it only briefly and it was not described to him in detail. They might have had the problem of finding out whether he knew something about it without giving him any hint of what it was. If he did have information, it was important enough to hold him incommunicado. If he didn't know anything, he must not be given any indication of the subject about which they were concerned. Therefore, while my knowledge of interrogation procedures and techniques is limited, I would assume that the questioning should be oblique and that the prisoner's behavior could be observed to note his reactions to various suggestions and situations. This was in fact the method Shakespeare had Hamlet use.

Apparently they became convinced after 11 days that Professor Barghoorn was not previously involved and knew nothing about the situation. Then they notified the U.S. Embassy of his arrest. In order to give some substance to their "spy" charges, or perhaps to make us think it was all a propaganda move, they continued to detain him, but after a decent period and what would be considered adequate protest (from President Kennedy himself), they released him. They were ob-

vir[illegible]ly no lon[illegible] of his role or the charges, [illegible] ranked hi[illegible]ort of the country [illegible] further discussion of his alleged espionage activities.

Which leads to speculation. But what if it was that Professor Barghoorn was given, which could hold significance for "an American", [illegible] which the Russians were determined that an American should not know. There are of course numerous possibilities and one could make all sorts of wild guesses. However, there are a few interesting aspects of Professor Barghoorn's story which lead to a remarkable coincidence, and this coincidence suggests a rather frightening but plausible interpretation.

I call attention to two excerpts from New York Times articles about the case.

> "Dr. Barghoorn was held in solitary confinement. He was watched through a slit in the cell door and the light was kept burning most of the time. He was interrogated constantly and accused of espionage during a 1943-47 tour of duty with the embassy and during his postwar visits. He added that the interrogators focused much of the questioning on the years 1946-51 when he worked with the State Dept. in a project in West Germany involving the interrogation of Soviet defectors."

> "I was allowed to read some issues of Pravda, and they also, somebody with a sense of humor gave me Theodore Dreiser's book, one of his novels An American Tragedy- in Russian. And I read the whole of the first volume."

It would be unlikely that his inquisitors were directly concerned with Professor Barghoorn's activities of 12-16 years ago. What strikes one in the first quotation is the word defectors. The information they sought might have involved defectors, but in some other circumstance, some other time.

As for the novel, it would be comforting but possibly misleading to endow a Soviet interrogator with a sense of humor. The description of the interrogation indicates they were engaged in a serious business. Why give him a book? Why give him just one book? If their purpose was to give him something to do, why not give him a choice of books? Surely there were other Russian editions available to his captors.

The book itself may have been an instrument in their interrogation. Suppose that what the police feared Professor Barghoorn knew something about was a plot to foment some action which would produce disastrous results in America? Something which might inevitably be thought of as "An American Tragedy"? Dr. Barghoorn's reaction to the title of the book might be another key to the information they sought.

This strange juxtaposition of "Defector" and "An American Tragedy" is either a remarkable coincidence, as I have stated above, or it establishes a link, however preposterous it may seem, between Professor Barghoorn's arrest and the assassination of President Kennedy less than one month later.

The investigation of that act (which was in fact labeled "An American Tragedy" in a National Observer headline) is now going on.

time to time reports in the press suggest that the official finding will be that Lee Harvey Oswald did alone in committing the deed. This may very well be the case. However, the American mind tends to seek the simple solution, and too often equates simplicity with truth. Other possibilities should not be rejected because they are complex, or even fantastic. Going to the moon is fantastic. It is obvious that if any foreign conspiracy,- in the Soviet Union, in Cuba, or in Red China,- were to consider undertaking a plan as flagrant as the assassination of the President of the United States, they would have to be almost certain that their part could never be discovered. They would certainly not leave a trail of obvious clues. There was, by coincidence, such a plot- a plausible method- described in the recent novel The Manchurian Candidate. This work, while fiction, was based on modern psychological theory and methods, which are as vital a field of cold war competition as space research. What more foolproof method than to have the crime committed by an American?- an American who could be prepared and so manipulated that he was not aware of what his assignment was to be, and who might even be so conditioned that he would carry it out without realizing why or that it was not his own idea?- someone who would feel no remorse afterward because he would be conditioned to forget the crime? What better place to strike than in the South, where the murder- if the assassin should escape- could be immediately interpreted as the outcome of violent resentment to the President's stand on civil rights, a domestic issue?

The Communists are acknowledged leaders in the field of psychological conditioning. Lee Harvey Oswald was a defector who did spend time in Russia, time during which there was opportunity for them to become familiar with the nature of his unstable condition. Perhaps they found him particularly susceptible to the kind of conditioning I have described. Perhaps they rejected his application for citizenship because they realized that he might someday provide a convenient tool for their agents in the United States.

So far, the public evidence shows an inexplicable sequence of events which placed Oswald at the right moment in the window of the School Depository Building with a rifle, having recently decided to shoot the President- a man against whom he apparently bore no grudge. I acknowledge that people, especially disturbed people, may do utterly absurd things for unfathomable reasons. But I am equally aware of the new science of psychological manipulation and the dedication of those who serve Communism. Therefore, I believe that it is a real possibility that Lee Oswald was a tool in a plan which, far from being absurd, may have struck the most decisive blow of the century to the free world.

It is amazing to see how Oswald's behavior since his return from Russia could fit into this hypothesis. His wife has acknowledged that he changed and became very difficult in those last months before the assassination. One can almost see the shadowy figure of his manipulator lurking in the background, directing Oswald's activities, having him order a rifle under an assumed name, practice shooting, take out library books about Huey Long and John F. Kennedy at the same time. The shot at General Walker could have been a "rehearsal",

and the trip to New Orleans a means of getting him out of Dallas after that incident. His visit to Mexico City could have been an assignment in which he was some sort of courier, or another test of some kind. Everything one reads about Oswald seems to suggest that he was biding his time, waiting for something, but there is no evidence that he knew what it was. He seemed to be almost in a state of suspended animation. In his TV appearances he was almost like an automaton.

The important missing element in this picture is his American Operator. That is, the person who was responsible for preparing and manipulating him, and finally "triggering" the deed. This should be a person to whom Oswald would be accessible, and who could see him in fairly natural circumstances so as not to arouse suspicion. In The Manchurian Candidate this person was a woman who could be described as above suspicion. It is another striking coincidence that, so far as we know, the only friend Lee Oswald had after returning to the United States was a woman, a woman who was so "kind" that she took in Oswald and his family, drove them around the country, and informed him of job opportunities. It is not impossible that a Communist agent might masquerade as a saint. In fact, it would be the optimum disguise.

. . . . . .

I have not attempted a complete analysis of Oswald and the assassination. What I hope I have succeeded in doing is to point out a certain relationship between facts which should make it difficult to dismiss the theory of a possible plot without thorough investigation and deep study. Just who the conspirators were is of course not deducible, but the strange coincidences in the Barghoorn affair suggest that the plot, if it existed, may have been known by some persons in the Soviet Union. I submit these thoughts to you with the knowledge that it may all be an extraordinary coincidence. Scientists have often produced erroneous theories that appeared to fit their data. My information is limited. However, these thoughts weigh upon me, and I am convinced that the theory deserves exploration. Professor Barghoorn and psychologists expert in the field of conditioned behavior should be consulted. As an American deeply concerned with the dangers we face in the cold war I ask that you give this serious consideration. Thank you.

PRESIDENT'S COMMISSION
ON THE
ASSASSINATION OF PRESIDENT KENNEDY
200 Maryland Ave. NE.
WASHINGTON, D.C. 20002

MAR 6 1964

Hon. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20530

Dear Mr. Hoover:

Reference is made to our previous letter dated February 21, 1964, requesting investigation of the publication by Life Magazine and various newspapers of a picture of Lee Harvey Oswald shown with a rifle and revolver.

During his appearance before the Commission on Thursday, February 27, 1964, Mr. James H. Martin was questioned regarding this matter. Among other things, Mr. Martin stated as follows:

"Mr. Martin. Life Magazine purchased the rights, North American rights on a photograph of Lee Harvey Oswald with a rifle and pistol, primarily for their use on a cover issue.

"Mr. Dulles. That is what appeared on the recent cover issue, I guess, it was two weeks ago.

"Mr. Martin. Yes, sir.

"Mr. [illegible], that $5,000 has been paid. We have the $5,000 in an escrow account.

"Mr. Redlich. Did you actually have in your possession the photograph, a copy of which appeared on the cover of Life Magazine?

"Mr. Martin. No.

"Mr. Redlich. Could you tell us how this contract was [illegible] in view of the fact that Life Magazine apparently [illegible] cover a photograph which you never possessed?

UNREC.

Mr. Martin. They knew the photographs belonged to Zapruder. They have a common law copyright, and the only way they could legally use the film is to purchase the rights from Zapruder.

Mr. Redlich. Did Life Magazine indicate to you where they obtained the photograph?

Mr. Martin. No.

Mr. Redlich. Have you had conversations with other public persons concerning that photograph?

Mr. Martin. Yes. I made the contact with the London Daily Mail for the purchase of the British Commonwealth rights on that same photograph, and they guaranteed $2200 plus 50-50 split on what they sold in the Commonwealth. It was restricted to the Commonwealth only.

However, the London Daily Mail came out with the photograph prior to the Mirror, and I was informed by Mr. Weggand of the London Daily Express that the Detroit Free Press had sold this photograph to the London Daily Mail for $500.

Mr. Redlich. Do you have any idea how the Detroit Free Press obtained this photograph?

Mr. Martin. No. I talked to Ken Murray, who I was informed was the attorney for the Detroit Free Press.

Mr. Redlich. Where did you talk to him?

Mr. Martin. At his home in Detroit.

Mr. Redlich. By phone?

Mr. Martin. By telephone. And he stated that the photograph was public property, and not covered under common law copyright. I asked him where he got the photo, and he said he got it at the same place as Life did, through a leak in the Commission. I talked to Life's magazine attorney -- I can't remember his name. It is a very odd name. It begins with an 'S'. Now, Murray said that Life had informed him that they had gotten it from a leak through the Commission, and I contacted Life and he denied saying anything of the sort to Murray.

"However, Murray insisted that that is where he got that and he figured it was public domain."

I would appreciate your interviewing Mr. Murray regarding this matter and conducting any further investigation you consider appropriate.

Sincerely,

J. Lee Rankin

Re Paris letter 3/6/64 and Paris cable 3/10/64.

There is enclosed a copy of the fourth article in the series by THOMAS GITTINGS BUCHANAN, Jr. which appeared in the weekly paper "L'Express" on March 12, 1964.

In summary, the article contains discussion of BUCHANAN's previous allegation to the effect that two slayers were involved in the shooting of the late President Kennedy and that one of the murderers was stationed on a bridge facing the oncoming motorcade. BUCHANAN includes a series of photographs which he personally took recently in Dallas in support of his statement that the assassin on the bridge would have had no difficulty in escaping from his position during the confusion that followed the shooting.

BUCHANAN then turns to a discussion of LEE HARVEY OSWALD and his relations with Government agencies including the Bureau and CIA. BUCHANAN states that when OSWALD was first employed in the publishing warehouse he came under the jurisdiction of Dallas municipal authorities and in view of security information concerning him which undoubtedly was available to local authorities he would not have been hired, according to BUCHANAN, unless some individual or agency had interceded in his behalf.

BUCHANAN, thereafter, discusses OSWALD's relations with the Bureau mentioning that OSWALD was known to have been in contact with and to have been interviewed by SA Joseph Hosty of the Dallas Office. In support of his statement that OSWALD must have also been in contact with CIA, BUCHANAN alleges that were this not the case OSWALD would never have been able to obtain a U. S. passport as quickly as he did in view of available security information concerning him.

BUCHANAN also comments critically that the Bureau must have been aware, prior to the shooting, that OSWALD had purchased a rifle by mail order and yet the Bureau did nothing to "neutralize" him or to arrange for him to be watched during the course of the late President's visit. BUCHANAN ends this portion of his discussion with the statement "There is no need to wonder any longer why the FBI is as anxious as the Dallas police to close the OSWALD case."

As has been suggested with previous articles the Bureau may wish to have this article translated in its entirety. If this is done, it is requested that a copy of the translation be furnished to this office.

We will continue to follow future articles in "L'Express" and also keep the Bureau promptly advised of any action contemplated by Ralph Smith of USIS, who is mentioned in recnb.

The following investigation was conducted by SAA LEON ROSS GRABEN at Charleston, W. Va.:

Attempts to contact BUSTER D. MITCHELL, R. D. #5, Box 621, on 1/21 and 22/64, were met with negative results.

On 1/23/64, BUSTER D. MITCHELL, R. D. #5, Box 621, advised he has had no personal contact with LESLIE HOLLANDSWORTH since last interviewed by SA GRABEN. He stated he had received a letter from LESLIE dated 12/15/63, from China Lake, Calif., in which he advised him not to mention to anyone what he had told him when they met in Charleston. MITCHELL said he assumed LESLIE was referring to the statement that he was going to hear something that is going to shock the country. He said LESLIE also mentioned that he was going to Reno for the holidays and would be in Los Angeles after the first of the year, and could be located through a friend (not identified) at 633 Elden Avenue, Los Angeles 6, California. He said LESLIE made no mention as to his activity in China Lake or what he would be doing in Los Angeles.

MITCHELL said LESLIE's father, W. C. HOLLANDSWORTH, who was last known to live in Beckley, W. Va., died a number of years ago and it is his understanding that his mother had since re-married and her whereabouts were not known to him. He said the only person or relative that he knew of that would know LESLIE's mother's married name and whereabouts would be a distant cousin, EDITH STOVER, who lives on "E" Street, Beckley, W. Va. MITCHELL said he could furnish no further information regarding LESLIE's relatives or activity.

On the same date, Mrs. VIRGINIA JARRETT, Criminal Identification Bureau, West Virginia State Police, State Capitol, advised her records reflect that one LESLIE CHESTER HOLLANDSWORTH, also known as ROY ELMER and BOB ELMER, white male, born 1907, Raleigh County, W. Va., 5'9", 151 lbs., blue eyes, brown hair, light complexion, wife KATE, was arrested by the West Virginia State Police on March 9, 1933, at Gauley Bridge, W. Va., for armed robbery and on March 28, 1943, as a fugitive from justice for the Maryland State Police. She said her files contain no further record for HOLLANDSWORTH. Mrs. JARRETT made available a photograph of HOLLANDSWORTH that was taken on March 9, 1933.

Page 4 of rerep sets forth information to the effect that on 11/26/63, BUSTER D. MITCHELL, RD No. 5, Box 621, Charleston, West Virginia, advised SA LEON ROSS GRABEN that he met LESLIE HOLLINSWORTH, from Dallas, Texas, on the street in Charleston, West Virginia, on 11/18/63, or 11/19/63, and during the conversation, HOLLINSWORTH made the statement, "You are going to hear something soon that is really going to shock the country." MITCHELL claims HOLLINSWORTH made no further comment about the matter, and he did not think any more about the statement until he heard of the President's assassination in Dallas.

MITCHELL advised HOLLINSWORTH is his fourth cousin and he has not seen HOLLINSWORTH since about 1940, just after HOLLINSWORTH had been released from prison. He also stated he did not know HOLLINSWORTH'S address, employment or activity in Dallas. He mentioned that he assumed HOLLINSWORTH had returned to Dallas.

ASAC Fields, Boston, called this afternoon with regard to Bureau teletype requesting that arrangements be made to obtain a recording for the President's Commission of Attorney Mark Lane's talk at Amherst College.

ASAC Fields advised that preliminary inquiry had determined that Lane had been requested to appear by a small group of students and the University had not been consulted prior to the invitation. He said that the talk was going to be held in a small room on the University campus and while the president is a very good contact, the chairman of the board of Amherst is John J. McCloy who is on the President's Commission. Fields said in view of this, Boston thought that it would be necessary to inform their source that the request to obtain a recording was from the President's Commission.

I told Fields that we were doing this at the specific request of the Commission and that further he could confidentially advise their contact of this fact. He said that this would be done and the Bureau would be advised if it was possible to obtain the recording and in the event further difficulties were encountered and it would be necessary to have Agents obtain recordings that specific Bureau authority would be requested.

There are hundreds of items of evidence being maintained by the FBI Laboratory in this case. On Bureau instructions the Dallas Office prepared a detailed summary, item by item, describing each item of evidence and set forth what action it was taking concerning each item of evidence. In addition, the Dallas Office set out the exact reference in its reports where it was reporting such data. This has been of considerable assistance to supervisors at Seat of Government handling the Oswald investigation in correlating leads and promptly handling requests emanating from the President's Commission and other Government agencies. Lee Oswald

Dear Mr. Rankin:

Reference is made to my letter of March 6, 1964, concerning Clarence Daniel Smelley, who advised our Birmingham, Alabama, Office that in 1962 he and an associate, whom he declined to identify, gave $20,000 to a Nashville, Tennessee, juror on behalf of James Riddle Hoffa, President of the Teamsters Union, and were present in Washington, D. C., in 1963 when Hoffa gave "contracts" to Lee Harvey Oswald to kill President Kennedy and the Attorney General.

On March 6, 1964, Smelley was served by Special Agents of our Birmingham Office with a subpoena duces tecum issued by a Federal grand jury at Nashville, which called for his appearance before that body at 9:00 A.M., March 9, 1964. The subpoena also called for the production at that time of tape recordings which Smelley had exhibited to our Agents and which he said contained conversations with James Riddle Hoffa and others.

105-82555-2516
REC-3

Smelley failed to appear before the Federal grand jury and an order for the arrest of Smelley for criminal contempt was filed by Federal District Judge William E. Miller, Nashville, on the afternoon of March 9, 1964. The order also directed the seizure of the objects which Smelley was ordered to produce.

On March 10, 1964, Special Agents of our Birmingham Office placed Smelley under arrest and seized the mentioned tapes. Smelley was permitted to play a sampling of the tapes, which proved to be recordings of radio programs.

On March 11, 1964, Smalley furnished a signed statement in which he admitted he did not have any information or evidence with respect to jury tampering by Hoffa or any knowledge of the above-mentioned "contracts" between Hoffa and Oswald. Smelley also admitted that he did not have tape recordings of conversations involving Hoffa which related to these matters. Smelley said he had furnished false information on these points because of his opposition to Hoffa and his concern that Hoffa would not be convicted in the Chattanooga, Tennessee, jury tampering trial.

At a hearing in the chambers of Federal Judge William E. Miller, Nashville, on March 11, 1964, James L. Roberts, a former Assistant U. S. Attorney in Nashville, was appointed to represent Smelley. The court ordered that the tapes which had been seized from Smelley be turned over to the Clerk of the Court under seal and that Roberts listen to the tapes and thereafter report to the court. The court also ordered that no representative of the Government should listen to the tapes or make recordings thereof at this time.

Judge Miller ordered that Smelley be admitted to the Veterans Administration Hospital, Birmingham, Alabama, for a period of observation in order that a determination can be made as to his mental condition.

Any further developments of interest to your Commission will be brought to your attention.

Sincerely yours,

J. Edgar Hoover

A man named John Bowan sat next to the subject during the bus trip from Texas to Mexico City on 9-26, 27-63. Bowan has been identified as Albert Osborne, born 11-12-88 in Grimsby, England. He appears to be a con man and was interviewed in Nashville 3-3-64 at which time he admitted furnishing false information as to his identity and denied any knowledge of Oswald or being a passenger on the above bus. We have conducted considerable investigation and have established that Osborne was sitting next to the subject on the bus on the above-mentioned trip and to pursue this point further will not furnish us any additional productive data. It does not appear that Osborne has any personal knowledge relating to Oswald or any connection with Oswald. His hesitancy and vagueness during interview is attributable to the fact that he is a con man operating a missionary in Ecuador and is soliciting funds for this missionary under the name of Osborne and Bowan. He recently advised one of the contributors that Bowan had been his associate in the operation of the mission and had died and so as not to lose money Osborne arranged with banking authorities for payments in both the name of Osborne and Bowan. Re San Antonio airtel and letterhead memorandum 3/2/64; San Antonio airtel 3/2/64 and letterhead memorandum 2/22/64; Bureau cablegram 3/12/64.

Enclosed is one copy each of referenced airtels and letterhead memoranda for your information and assistance in covering leads bearing on the phase of the investigation dealing with Oswald's visit to Mexico.

The letterhead memorandum of 3/2/64 includes information from Garza on pages 7, 8 and 9 which is speculation as to why immigration authorities in Mexico City drew certain lines on the FM-11. You should determine from the persons who drew the lines their meaning. On page 9 in paragraphs 3 and 4, Garza comments on the information in column 16 on the FM-11. Ascertain who typed this column, the reason it was done, when it was done, and whether it was done in the usual course of business, if this information is available. Note that it seems to have been done only for those dates where Oswald's name appears. See if you can obtain an explanation as to why the date September 16, 1963, appears in this column.

In connection with referenced Bureau cablegram, the Bureau believes you should analyze at this time all the investigation done by your office with regard to Oswald's visit to Mexico and particularly with regard to his departure from Mexico. Advise the Bureau what further steps you are taking or what you recommend taking to resolve the problem as to the mode of travel he used in departing Mexico City and Mexico. You are aware that you should insure that all conceivable investigation should be done covering all possible modes of transportation between Mexico City and Nuevo Laredo so that no question can later be raised that investigative steps were overlooked. Continue to give this phase of your investigation your concentrated attention so it can be brought to completion promptly.

March 3, 1964

RE: LEE HARVEY OSWALD

The following information was furnished by a confidential source abroad who had occasion to interview [redacted] in Mexico City in connection with other matters on February 27, 1964:

[redacted] identified himself as having been a member of a student group which visited Cuba in 1963 and explained that he had come to Mexico City to seek contact with the Cuban Embassy in the hope of arranging another trip to Cuba or obtaining assistance in making arrangements to travel to Communist China as an observer or teacher. He also mentioned that he had made some inquiries with respect to the visit to Mexico City of LEE HARVEY OSWALD in the hope that he could develop an angle which would enable him to write a saleable magazine article.

[redacted] furnished the following background data concerning his interest in OSWALD's activities in Mexico:

Within the recent past, the attorney for Mrs. MARGUERITE OSWALD, OSWALD's mother, had visited San Francisco on a lecture tour and [redacted] had attended the lecture and had spoken to the attorney, MARK LANE, at some length after the lecture.

COPIES DESTROYED

21 FEB 20 1972

CONFIDENTIAL

LANE had stated to [redacted] that "the FBI is so convinced that OSWALD was responsible for the assassination of President KENNEDY that it has ignored other witnesses and failed to follow up various leads." He claimed to have seen an affidavit in the possession of the Dallas Police Department reflecting that the paraffin tests made of OSWALD had disclosed powder burns on his hands but not on his cheek, suggesting from this that he might have fired a hand gun on the day of the assassination but not a rifle.

LANE claimed that he had located four women newspaper reporters who were between the underpass and the point from which the assassination shots allegedly were fired, and those women had expressed the belief that the shots they heard had seemed to originate from the opposite direction from the Texas School Book Depository where OSWALD reportedly was employed. According to LANE, the four reporters had claimed that upon hearing the shots from the direction of the underpass, they turned in time to see a puff of smoke and figures running along the bridge over the underpass.

LANE also stated that he had seen (or had in his possession) a second affidavit to the effect that five spent bullets had been located following the assassination rather than the three bullets which had been publicized in the U. S. press. He referred to those alleged projectiles as follows:

1. A bullet which appeared on the stretcher which was utilized in removing President KENNEDY from the official car.

2. One bullet which lodged in the thigh of Governor CONNELLY.

3. One bullet which struck Governor CONNELLY in the chest.

4. A bullet which was found imbedded in the presidential automobile.

5. A bullet which was found on the grass adjacent to where the automobile had been at the time of the shooting.

[redacted] ucted LAHE further to the effect that the latter had information that two days prior to the assassination, a "huddle" had taken place at JACK RUBY's "CAROUSEL CLUB" with the participants being RUBY, TIPPETT (the Dallas policeman allegedly killed by OSWALD) and an individual whose name [redacted] was unable to recall but described as the "man who had published a full-page advertisement in a Dallas newspaper shortly prior to the assassination, charging President KENNEDY with being a Communist."

[redacted] expressed reluctance to discuss the above-described meeting, stating that the information had been obtained by LAHE from a very confidential source, the identity of whom he was not aware, and he referred to the information concerning the meeting as being "real dynamite." He commented that if the meeting had taken place, it suggested a conspiracy of the "RADICAL LEFT" or "RADICAL RIGHT" and added that perhaps TIPPETT had meant to shoot OSWALD; that possibly OSWALD killed TIPPETT, contrary to the "conspiracy" and it became necessary for JACK RUBY to eliminate OSWALD.

[redacted] denied that his trip to Mexico had been financed in any way by Attorney LAHE but said that he had advised the attorney of his intention of traveling to Mexico, to which LAHE replied that he would be "interested in anything he might pick up."

Assassination of President John F. Kennedy
November 22, 1963
Dallas, Texas

On February 28, 1964, Mr. Ed Brenna, Gem Long-Playing Record Company, 111 New Jersey Railroad Avenue, Newark, New Jersey, advised that his company makes 100 long-playing records each week from a master record furnished by Mr. Jay Levy of Radio Pulsebeat News, 222 East 46th Street, New York City, NY.

Mr. Brenna advised that the records made for Pulsebeat on February 26, 1964, had the following news item on them:

"There is no question that the United States Government is suppressing information in this case. There is no question but that FBI Agents and Secret Service Agents have attempted to have witnesses change their testimony. There is no question but that there is a deliberate attempt by the Government to prevent the American People from getting all the facts in this matter. There are documents now in the Dallas District Attorney's Office which show almost conclusively that Oswald did not fire a rifle on November 22, 1963, the day of the assassination and there are affidavits on file at the District Attorney's Office of Dallas which show that the shots came not from the Texas Book Depository Building where it is alleged that Oswald was, but actually from the grassy knoll near the overpass directly in front of the Presidential car not the Book Depository Building directly to the rear of the Presidential car.

I think that in this the most important case in the history of our country, the American people have the right to secure all the facts".

Memorandum

TO: Mr. Mohr

DATE: March 13, 1964

FROM: C. D. DeLoach

SUBJECT: THOMAS GETTINGS BUCHANAN, JR.
INTERNAL SECURITY - C

D.C

Reference my memorandum to you in captioned matter dated yesterday pointing out that Jay Iselin of "Newsweek" had furnished Wick information on Buchanan visiting Deputy Attorney General Katzenbach in the Department and seeing some member of the Warren Commission. Buchanan, of course, is the man who is writing articles in the Paris newspaper, "L'Express," stating Oswald and Ruby were informants of the FBI.

DEVELOPMENT:

Jay Iselin called Wick late last evening stating that Buchanan was to come back to Washington Thursday, 3-12-64, to see "New Republic" representatives for the purpose of writing an article in that magazine on the involvement of Oswald and Ruby with the FBI. Iselin said he did not know whether Buchanan had, in fact, returned to Washington. Iselin said it was Monday, 3-9-64, that he had talked with Buchanan. It was Tuesday, 3-10-64, said Iselin, that Buchanan had talked with Deputy Attorney General Katzenbach. During the discussion with Katzenbach, the latter arranged for Buchanan to see Howard Willens of the Warren Commission. Iselin said he believed that Mr. Katzenbach phoned Willens asking him to see Buchanan.

D.C

Iselin said that shortly thereafter, perhaps Tuesday evening, 3-10-64, or early 3-11-64, Buchanan went to New York to see his agent. 105-82555

In the event Iselin obtains any more information about the activities of Buchanan in this area, he will advise Wick.

New York T-1 was contacted by Special Agents of the Federal Bureau of Investigation on March 2, 1964. The source furnished the following information:

From December 30, 1963 through January 8, 1964, the source was [redacted] Delray Beach, Florida. While there the source met John Martino, the author of a book on Cuba entitled, "I Was Castro's Prisoner". Martino was imprisoned by Fidel Castro in Cuba for about three years and according to the source, the book is extremely interesting. Martino and Nathaniel Weyl are co-authors of the book and the book was released in November, 1953.

The source stated that during Martino's visit they discussed many subjects and Martino appeared well informed on Cuba. During the evening Martino and the Weyls discussed Lee Harvey Oswald and his wife, Marina. Nathaniel made the statement that he

has no basis for his beliefs but thinks that Marguerite Oswald, Oswald's mother, is probably an old line Communist. He added he could not prove his belief.

He stated Marina is probably politically involved but he could not furnish facts to prove this belief. When questioned why and how Marina was politically involved, Weyl indicated the Communist Party (CP) and other groups may attempt to use her statements to their advantage.

Concerning Lee Harvey Oswald, [redacted] a letter dated January 22, 1964, from Nathaniel Weyl from his residence in Florida. The portion of the letter dealing with Oswald is as follows:

"When you see Vic Lasky you can tell him the Cubans have been quite restrained about Oswald. They know the circumstances under which Oswald contacted the Cuban G-2 (military intelligence) by telephone from a private house in Miami, but they told the man who had the facts to give it to the FBI and then forget about it. It seems fairly definite that Ruby went to Havana to make some shady deal with a creature called Praskin who works with the Communists and is also tied up with call girls. A friend of mine who ran for President of Cuba in 1958 will testify to this shortly for the Senate Internal Security Subcommittee --- though this item may be confidential, I know about it because J. Sauerwein of the Committee contacted me to get him."

From this letter and from discussions with Weyl and Martino, the source does not know the informant or source but no doubt it is Martino since he claims to be close to Cuban aliens in Miami. The source has no information concerning the circumstances under which Oswald allegedly contacted the Cuban G-2. The name of the individual who ran for the President of Cuba in 1958 is unknown to the source.

On the occasion the source met Martino and the Weyls [redacted] Martino and Nathaniel discussed the rumors that Oswald had been refused a visa to the Soviet Union and he made a quick trip from Mississippi to Cuba. Oswald returned from this trip with a sum of money, amount not mentioned, and purchased a car. The circumstances surrounding the purchase of the car was not disclosed. According to Nathaniel, the information of Oswald's trip to Cuba was reported by a girl in Miami with whom Oswald "shacked up with". This girl is reportedly from Mexico or Miami but any additional information in this matter would have to be obtained from Nathaniel.

Nathaniel also made a statement, according to the source, that he is convinced that Jack Ruby is a dope pusher and he will definitely be used by the Communists.

The source stated that the basis of the above information is definitely based upon conversations with the Weyls and Martino and the source does not know if the statements are true or just gossip on the part of the above individuals.

It is to be noted that Victor Lasky is a reporter on the staff of the "New York Journal American".

In 1953, the Federal Bureau of Investigation conducted an inquiry entitled, "SYLVIA WEYL, nee Castleton, aka Mrs. Nathaniel Weyl, Sylvia Van Der Horst, Mrs. Adriaan Van Der Horst, Mrs. Bernardo Antonio Bianchetti, Sylvia Bianchetti, Applicant, Pan American Union, Washington, D.C.; LOYALTY OF THE EMPLOYEES OF THE UNITED NATIONS AND OTHER PUBLIC INTERNATIONAL ORGANIZATIONS - IR". In her application she indicated she had been a member of the CP of the United States from 1931 to 1937. She stated she became disillusioned because of the increasing awareness of Russian control and broke definitely with the Party in 1939.

Frank Meyer, Woodstock, New York, a self-admitted former member of the CP, was interviewed as a reference in 1953, and stated that the Weyls broke with the CP sometime between 1937-1939. He indicated the Weyls have made public statements concerning their past activities and present feelings and he feels they are both strongly, clearly and deeply anti-Communist.

ReDLrep 12/2/63 of SA Warren C. DeBrueys, same caption, pages 25 - 33 regarding data obtained by New Orleans Office from Mr. William I. Monaghan, Vice President, William B. Reily and Company, Inc., as to the time punch cards of Oswald. Enclosed are Xerox copies of the time punch cards of Oswald during his employment at the Reily firm.

Bureau desires clarification of the fact that referenced report shows Oswald's work time, as reported by Monaghan for each Friday, varies from the Friday shown on the time card. For example, referenced report shows that for Friday 5/10/63 Oswald's time in was 7:59 a.m. and time out 4:30 p.m., whereas time card for week ending 5/17/63 shows those same times for Friday. The discrepancy apparently stems from the fact that the Reily Company pay period for Oswald began on Friday and went through Thursday and, thus, the Friday entry on each card actually belongs to the Friday of the previous calender week.

You should immediately determine from the William B. Reily and Company, the explanation for variation noted between the time cards and the data reported by Mr. Monaghan and sutel.

Enclosed for the Bureau are two copies of the tape-recorded speech consisting of approximately 2½ reels each. LANE's speech was given at the Unitarian-Universalist Church, Elmwood Avenue and W. Perry Street, Buffalo, the evening of 2/28/64, after legal opinion was rendered during that day which upheld the right of the Hotel Buffalo to deny use of its facilities to LANE for his scheduled talk.

LANE's remarks were recorded through the cooperation of a local newspaper, the Buffalo Evening News, and its radio station affiliate, WBEN. the radio station to record LANE's speech. It was suggested LANE might be informed that WBEN wished a verbatim recording to avoid possible misquotes, and that excerpts from his talk might be used for radio and TV news broadcasts.

[redacted] subsequently advised that arrangements had been made for the radio station to handle the matter; that it was being done at his specific request and without the radio station being aware of the Bureau's interest. He said the only other person aware of the Bureau interest was [redacted] Buffalo

The recording was obtained from [redacted] the morning of 2/29/64. In reviewing the enclosed recording, the Bureau will note LANE at the outset not only makes reference to the cancellation of his talk by the Hotel Buffalo management, but also refers to a group of demonstrators outside of the church that evening and the Subversive Squad of the Buffalo PD. The demonstration consisted of a group of two to five individuals who picketed the church that evening protesting LANE's appearance and the alleged communist influence in bringing the meeting to pass. The Subversive Squad of the Buffalo PD was apparently believed to be responsible for a certain amount of harassment of individuals involved in planning and publicizing the meeting during the preceding week.

Three agents were present at the meeting, which matter was discussed during referenced telephone call to Bureau. One were a tape-recording device. One had limited shorthand ability. It was believed, prior to the time above arrangments were made with the "Buffalo Evening News," that between the recording device, the agent's shorthand notes, and the recollection of all three agents in attendance, that an acceptable transcript of the speech might be produced.

The recording of LANE's speech obtained by the agent is not of the same fine quality as the recording enclosed and therefore is not being forwarded. It should be noted, however, a question and answer period followed LANE's talk and this was not recorded by WBEN, but is included on tape obtained by agent. This portion of tape is being reviewed and, if found suitable, will be forwarded by separate communication.

Buffalo advised 3/6/64 that portion of tape not

Reference WFO letterhead memo dated 2/19/64 reflected that JOHN M. THORNE, 302 W. College, Grand Praire, Texas, was assigned to Room #632 on 2/2/64 at the Willard Hotel, Washington, D. C. He moved to room #618 and on 2/7/64 moved from room #618 to room #645.

It appears from the above, that JOHN M. THORNE, who occupied room 618 at the Willard Hotel, made the reservations for the indicated flight; that MARINA OSWALD, MARTIN, and THORNE departed under the above assumed names.

Dallas is requested to verify from MARINA OSWALD, her, MARTIN's and THORNE's return to Dallas on the indicated date under the assumed names, she as Mrs. HOBBS.

Enclosed herewith are ten copies each of 7 letterhead memoranda together with 21 copies, three each, of 7 exhibits submitted in accordance with Bureau instructions.

These letterhead memoranda pertain to Exhibits Nos. D-96, D-97, D-108, D-109, D-110, D-116, and D-117.

The Bureau's attention is called to Bureau letter to Dallas dated 2/11/64 with copy to New Orleans listing exhibits by "D" Number which exhibits had been submitted to the Bureau by New Orleans letter dated 2/4/64. Four copies of each of the exhibits mentioned in these letters were furnished Dallas with instructions to prepare letterhead memoranda if investigation concerning such exhibits had already been reported.

From an actual perusal of the photographs, it has been determined that D-116 is the exhibit described in Bulet of 2/11/64 as D-117; and that the photograph of Exhibit D-117 is actually the exhibit described in Bulet as D-116. Such exhibits are properly described in the enclosed letterhead memoranda. However, the Bureau and New Orleans should correct their copies of Bulet to Dallas and New Orleans 2/11/64 to the extent that D-116 should be D-117 and D-117 shold be D-116.

With respect to Exhibit D-110, there are four pages making up the 11 time cards. However, only two copies of the page reflecting time cards for the weeks ending June 7, June 14, and June 21, 1963, were received from the Bureau. The two complete sets of the 11 time cards are attached to the Commission copies of the letterhead memorandum, but the Bureau's copy does not have this page and none is available at Dallas. The Bureau is requested to add a copy of this page to complete their copy of this exhibit and to furnish Dallas a copy of this page in order that Dallas will have a complete set of the pages making up this exhibit.

Dear Mr. Rankin:

Reference is made to your letter dated March 6, 1964, requesting certain information concerning the type of cartridges recovered in connection with the assassination of President John F. Kennedy and the ballistic characteristics of these cartridges.

The cartridges represented by the C6, C7 and C38 cartridge cases and the cartridge C8 are properly referred to as 6.5 mm. Mannlicher-Carcano cartridges. The bullets loaded into these cartridges are "ball" type bullets, which is a term applied to full-metal jacket bullets. The bullet weighs 161 grains. Chronograph tests were run on similar cartridges, using the C14 rifle, and the muzzle velocity was found to vary between 2135 and 2200 feet per second. The average velocity was 2165 feet per second. These muzzle velocity variations are well within the normal standards set for commercial ammunition. The muzzle energy for a 161-grain bullet having a velocity of 2165 feet per second is 1676 foot pounds.

In reference to your question concerning the number of cartridges which the clip of the rifle, C14, will hold, it is to be noted that the clip will hold six cartridges. For your information, it is not necessary that the clip be fully loaded when inserted into the rifle.

Sincerely yours,

J. Edgar Hoover

FD-302 (Rev. 3-3-59) FEDERAL BUREAU OF INVESTIGATION

Date 3/9/64

BUELL WESLEY FRAZIER, 2439 West Fifth Street, Irving, Texas, was interviewed at the Texas School Book Depository Building, located at 411 Elm Street, Dallas, relative to the events that transpired on the morning of November 22, 1963. In regard to his driving LEE HARVEY OSWALD from his residence, 2439 West Fifth Street, Irving, to the Texas School Book Depository Building, he stated they traveled the following route:

From 2439 West Fifth Street, easterly onto 6th Street, then via 6th Street to O'Connor where he turned left and proceeded north to Highway 183; right on Highway 183 which runs into Stemmons Freeway, and then on Stemmons Freeway to the Commerce Street exit where he turned off. He proceeded east on Commerce Street, under the triple underpass to Record Street where he turned left and proceeded north on Record to McKinney where he turned left and proceeded west on McKinney to Broadway. He turned left on Broadway and went south for one half block where he made a right turn into a wire-fenced area. This fenced area is referred to as a parking lot No. 1 for employees of the Texas School Book Depository Building which parking lot is located behind the Texas School Book Depository Warehouse at McKinney and Houston Streets. He then parked his vehicle alongside a tin shack located at the rear of the warehouse, in the parking lot, and OSWALD got out of the vehicle from his seat next to the driver and opened the back door where he picked up the package that he had previously told FRAZIER contained curtain rods. OSWALD then preceded FRAZIER toward the Texas School Book Depository Building, walking in front of FRAZIER by approximately 50 feet as FRAZIER estimated. He stated this route was diagonal from where the car was parked alongside the tin shack across the railroad tracks then along a fence located between the Texas School Book Depository Building at 411 Elm Street and the Texas School Book Warehouse located at McKinney and Houston Streets which fenced-off area appeared to contain various pieces of railroad equipment therein.

During all this time, OSWALD preceded FRAZIER by approximately 50 feet, and FRAZIER recalled seeing OSWALD go into the Texas School Book Depository Building, through the rear door leading into

the building from the loading platform. He advised he was crossing the last pair of railroad tracks which run parallel with Pacific Street at the corner of Pacific and Houston Streets when he observed OSWALD close the back door and FRAZIER thereafter went through the same back door and went immediately to the basement of the building where he left his lunch and proceeded to do his work.

FRAZIER estimated it ordinarily took from three to five minutes to walk from the area where he generally parked his car. This route was walked by FRAZIER and SA RICHARD E. HARRISON and on this occasion took four minutes. It is further noted the distance from the point where FRAZIER parked his car to the rear door of the Texas School Book Depository Building is approximately 1,200 feet.

It should be noted FRAZIER indicated he proceeded east on Commerce to Record Street, not on Main Street to Record Street, as he indicated when previously interviewed.

Investigation of captioned matter has disclosed LEE HARVEY OSWALD was a passenger on the Flecha Roja (Red Arrow) Bus that departed Nuevo Laredo, Mexico, approximately 2:00 PM, September 26, 1963, and arrived Mexico City, Mexico, AM 9/27/63. On the trip he, OSWALD, sat beside an elderly white male.

As reported in this report, photographs of ALBERT OSBORNE, also known as JOHN HOWARD BOWEN, have been identified by other passengers as the elderly man who sat beside OSWALD on the bus trip. OSBORNE, also known as BOWEN, during interviews has admitted making a bus trip from Nuevo Laredo, Mexico, to Mexico City on September 26-27, 1963, but denies knowing OSWALD, does not identify photograph of OSWALD as likeness of person he sat by on the bus and claims he was the only English speaking passenger on the bus on which he made the pertinent trip.

By communication dated February 22, 1964, the Bureau directed the Dallas Office to prepare a report under the OSWALD caption incorporating all known facts regarding OSBORNE-BOWEN and to set forth all logical leads to resolve questions of identity of OSWALD-BOWEN, nature of his activity since June, 1962, extent of his relationship with OSWALD, reasons for his use of

dual identity, and his being untruthful during Bureau interviews. The communication further directed that OSBORNE be interviewed when located to resolve the above points.

On March 3, 1964, OSBORNE was located and interviewed at Nashville, Tennessee, such interview being incorporated in this report.

After that interview, the Bureau directed Dallas, in view of the extensive investigation conducted regarding OSBORNE in this matter, to prepare a report restricted to OSBORNE setting forth all background data developed concerning him, including interviews conducted with him.

On January 17, 1964, the Kansas City Office reported that LAWRENCE DIMSDALE, Administrative Hearing Examiner, Social Security Administration, Kansas City, Missouri, advised SA MARION C. STREET that no record could be located for JOHN HOWARD BOWEN at the Payment Center District Office, Kansas City, Missouri; Kansas City, Kansas; Independence, Missouri, or at the Bureau of Hearings and Appeals.

Title: LEE HARVEY OSWALD

Character: INTERNAL SECURITY-RUSSIA-CUBA

Synopsis:

Investigation disclosed LEE HARVEY OSWALD made a trip on Flecha Roja Bus leaving Nuevo Laredo, Mexico, 9/26/63 and arrived Mexico City, Mexico, 9/27/63. OSWALD reportedly sat beside an elderly white male on this bus trip. The elderly white male has been identified by other English speaking passengers that were on the bus as ALBERT OSBORNE who is also known as JOHN HOWARD BOWEN. ALBERT OSBORNE was interviewed 1/7/64 at which time he described JOHN HOWARD BOWEN as an acquaintance but said he had no way of communicating with BOWEN. He was interviewed as BOWEN on 2/8 and 17/64 at which times he denied being identical to OSBORNE, but said he was acquainted with OSBORNE, and furnished considerable information regarding OSBOPNE and himself. On 3/3/64 OSBORNE was again interviewed at which time he admitted that he is also known as JOHN HOWARD BOWEN, having used that name since soon after World War I. During latter 3 interviews, OSBORNE admitted making a trip from Nuevo Laredo, Mexico, to Mexico City, Mexico, on September 26-27, 1963, but does not identify photographs of LEE HARVEY OSWALD as person he sat beside on trip. He states he sat beside a young man that appeared to be Mexican or Puerto Rican and claims he, OSBORNE, was only English speaking passenger on bus. OSBORNE is reputed and claims to be a missionary in Mexico for many years and he receives financial assistance from churches and individuals throughout the United States for this work. OSBORNE has not furnished any detailed information as to his movements and/or activities, claiming he is unable to supply such data. OSBORNE is 75 years of age, born in England, reportedly served in the British Army and migrated to the United States in 1914. Thereafter, he claims he has lived in Washington, D. C. and

DETAILS:

ALBERT OSBORNE - JOHN HOWARD BOWEN

The following investigation has been conducted incidental to identifying, locating and interviewing the man who sat beside LEE HARVEY OSWALD on a bus trip from Nuevo Laredo, Mexico to Mexico City, Mexico, on September 26 - 27, 1963. Much of the investigation hereinafter set out has been previously reported, but is again being set out for the sake of clarity, continuity and completeness:

INVESTIGATION TO IDENTIFY AND LOCATE THE PERSON THAT SAT BESIDE LEE HARVEY OSWALD ON THE BUS TRIP FROM NUEVO LAREDO, MEXICO TO MEXICO CITY, MEXICO, ON SEPTEMBER 26 - 27, 1963, AND INTERVIEWS WITH THE INDIVIDUAL IDENTIFIED

On December 2, 1963, Mr. HARVEY CASH, American Consul, Nuevo Laredo, Mexico, furnished a list of persons who entered Mexico at Nuevo Laredo, Mexico, on September 26, 1963. The list was obtained from a check of the Mexican Immigration records and the Mexican Customs records at Nuevo Laredo.

On December 2, 1963, Confidential Informants Dallas T-1 and T-2, confidential sources abroad, reviewed the list prepared and advised that it was a complete list of persons entering Mexico at Nuevo Laredo on September 26, 1963. The address of the persons entering Mexico was available only in those cases where the individual entered by automobile and was the owner or person entering the automobile into Mexico. Appearing on the list is the name JOHN H. BOWEN, Houston, Texas, type of transportation - unknown, destination - Mexico, D. F., and tourist card type FM5. Data on the tourist card issued to BOWEN reflects he was married, age 60 years, born America, employed and a resident of Houston, Texas.

Confidential Informant Dallas T-3, a confidential source abroad, advised on December 6, 1963, that a review of the records of Flecha Roja (Red Arrow) Bus Lines, Nuevo Laredo, Mexico, revealed the name LEE H. OSWALD appears on the bus lines

DL 100-10461/eah

manifest of September 26, 1963, as having entered Mexico at Nuevo Laredo, Mexico, en route to Mexico, D. F. The person using the name OSWALD was on the 2:00 PM Flecha Roja bus and had one bag. The bus was No. 516 with the driver being listed as ROBERTO MORALES. A total of eighteen passengers boarded this bus at Nuevo Laredo, twelve of whom were en route to Monterey, Nuevo Leon, Mexico. Passengers en route to Mexico City were listed as PABLO VASQUEZ and possibly his wife, since he is listed as a party of two, S. MORAN, ALFREDO BRESENO, ROLO SORQUIS, T. GONZALEZ, (FNU) ROWEN, LEE OSWALD, (FNU) BOWEN - possibly JOHN H. BOWEN, Houston, Texas, JOHN MC FARLAND and two other persons for a party of three.

Passengers en route Monterey, Nuevo Leon, Mexico, were ANDRES MORALES and one other person for a party of two, APE MARTINEZ, HARRY J. MITCHELL with two for a party of three.

On December 24, 1963, Confidential Informant Dallas T-4 furnished the following information concerning efforts to locate JOHN H. BOWEN, a passenger with OSWALD on a southbound bus from Nuevo Laredo, on September 26, 1963.

Informant advised that investigation discloses BOWEN departed Mexico City, October 1, 1963, on Flecha Roja bus, bound for Nuevo Laredo. Mexican Immigration records reflect BOWEN departed Mexico, at Nuevo Laredo, on October 2, 1963, but no information concerning his home address was available.

Informant advised that Flecha Roja bus records reflect BOWEN and one WILLIAM S. SHIVELY purchased consecutive tickets for Flecha Roja bus trip from Mexico City to Nuevo Laredo, although they did not occupy adjacent seats. Mexican Immigration records reflect SHIVELY was issued a tourist card at Nuevo Laredo, September 22, 1963, and entered Mexico at that location on the same date. SHIVELY departed Mexico at Nuevo Laredo on October 2, 1963, with BOWEN and him being checked out by the same Mexican Immigration Service employee.

The Mexican tourist card described SHIVELY as an American citizen, 22 years of age, and a student. He presented

a birth certificate as proof of identity and his home address was given as Cincinnati, Ohio, no street address.

The following investigation was conducted by SA TERENCE D. DINAN, between December 5 - 9, 1963, in an effort to identify and locate JOHN H. BOWEN:

In addition to the above, all of the persons in Houston, Texas, with the name JOHN BOWEN, regardless of middle name and initial, were contacted, and all advised that they did not travel to Mexico on September 26, 1963.

The current telephone and city directories for Houston, Texas, fail to reflect the names JOHN H. or J. H. BOWEN. Telephonic inquiries were made of all the persons named BOWEN listed in the Houston Telephone Directory, but they were unable to furnish any information concerning a Houston resident named JOHN H. BOWEN.

JOHN R. EATON, Superintendent of Census and Attendance, Houston Independent School District, advised that his records from 1926 to date fail to reflect any person named JOHN H. BOWEN, as ever having attended a Houston Independent School from 1926 to 1963.

Confidential Informant Dallas T-5, a confidential source abroad, reported Doctor and Mrs. JOHN BRYAN MC FARLAND, 10 Fulwood Park, Liverpool, England, were interviewed December 12, 1963, at which time they furnished certain information, part of which follows:

The MC FARLANDS remembered LEE HARVEY OSWALD as they got into conversation with him on the trip from Nuevo Laredo to Mexico City, Mexico, on September 26 - 27, 1963. They recalled that OSWALD traveled alone, but also spoke to two Australian girls who were in their mid-twenties that boarded boarded the bus in Monterey and left the bus in Mexico City. They stated OSWALD sat behind them, the MC FARLANDS, and next

to an eighty-year-old United States citizen who looked be about sixty years of age who lives in Cuernavaca and the State of Tennessee. The individual that sat beside OSWALD was allegedly a retired schoolteacher who taught in India and Arabia and is currently writing a book on the Lisbon Earthquake of 1775.

A review of FBI files reflects one JOHN HOWARD BOWEN, born January 14, 1887, at Chester, Pennsylvania, once resided in Houston, Texas.

On June 4, 1942, CHARLES M. PICKEL, Rural Route 7, Henderson Springs, Tennessee, Sevier County, advised an Agent of the FBI, Knoxville, that one J. H. BOWEN, whom he believed to be an Italian, had resided in the vicinity of Henderson Springs for the past two years. He stated that BOWEN operates a camp for boys known as the "Campfire Council." According to PICKEL, one of the boys at the camp told GEORGE SHARP, of Route 7, Henderson Springs, Tennessee, that he had seen BOWEN tear down an American Flag and stomp it into the ground. PICKEL said that BOWEN had three large police dogs at his home, which were very dangerous. PICKEL complained that the boys at the camp were committing some acts of thievery and property damage in the neighborhood. PICKEL stated that BOWEN spends time traveling over the country roads in and around Henderson Springs and that he knew for a fact that BOWEN had once traveled to Mexico City.

At the request of the FBI, PAUL LILLY, Patrolman, Tennessee Highway Patrol, made an investigation of the above allegation. On August 21, 1942, Patrolman LILLY, by letter, advised the FBI, Knoxville, that he had contacted Mr. GEORGE SHARP, Mr. CHARLES M. PICKEL, and others, and all of these persons had told him that the main trouble concerning BOWEN was on account of some vicious dogs which BOWEN had at his camp. LILLY stated that the neighbors told him they were deathly afraid of these dogs and that something had to be done about them. LILLY reported that he talked to some workers at the camp and they told him they had never seen or heard of any activities that would lead them to believe that BOWEN was or had been disrespectful to the United States.

FD-302 (Rev. 1-21-60) FEDERAL BUREAU OF INVESTIGATION

Date 12/23/63

1

Mr. HAL C. STEPHENS, Executive Director, Boys' Club of Knoxville, Inc., residence address 407 Caswell Avenue, Knoxville, Tennessee, advised that he was not personally acquainted with JOHN HOWARD BOWEN but stated that he had heard a lot about BOWEN since BOWEN was formerly Director of the Campfire Council at Knoxville, Tennessee, from 1938 to the Spring of 1943. STEPHENS stated at this time the Campfire Council was abandoned and the Boys' Club was organized and BOWEN was let out of boys' work. STEPHENS stated that he knew of nothing derogatory concerning BOWEN's loyalty to the country, but it was rumored that BOWEN was a homosexual and for this reason he was let out of boys' work in Knoxville. STEPHENS stated that he knew of no prosecution concerning BOWEN and, to his knowledge, no charges were ever placed. He stated that he never received any derogatory information concerning BOWEN's loyalty to the country, but that he, STEPHENS, does know that, when he took over the books and inventory of the Campfire Council for the newly organized Boys' Club, items on the inventory, such as boats and motors, were never accounted for.

STEPHENS related that, as Director of the Campfire Council, BOWEN operated a Campfire Council Camp in Sevier County for several years. According to STEPHENS, BOWEN was single and he stated that at this time he would be at least eighty years of age. STEPHENS advised that he knew of no relatives of BOWEN residing in this area and had never heard of any close acquaintances of BOWEN residing in this area.

STEPHENS stated that when BOWEN left Knoxville he reportedly went to Mexico where he was reported to be doing missionary work among the Indians. STEPHENS stated that BOWEN reportedly had been a missionary prior to coming to Knoxville and claimed that he had been a missionary in India.

Mr. STEPHENS advised that a recent news article appeared in the Knoxville Journal on or about November 14, 1963, which read as follows:

"BOWEN leaves for overseas; JOHN H. BOWEN, organizer of Boys' Club here and missionary

"to the Mixteca Indians in Mexico for the past 20 years, left New York yesterday for a speaking tour in England, Spain, Portugal, and Italy. BOWEN organized the Campfire Council for Boys, which evolved into Boys' Club. He served as Director of Boys' Club from 1929 to 1943, when he left for missionary work in Mexico. BOWEN was invited by evangelical groups of each country."

STEPHENS stated that he wrote the Knoxville Journal a reply to the above news article in which he had informed them that BOWEN had never been a Director of the Boys' Club. He stated that he understood that BOWEN in the past had friends submit news items to the JOURNAL for reprint.

Mr. STEPHENS advised that he had no knowledge of BOWEN's residence in Knoxville when he was with the Campfire Council and he stated BOWEN's residence in Sevier County was limited to his operation of the Campfire Council Camp. STEPHENS stated that he was sure that BOWEN has never returned to Knoxville nor resided in Knoxville since he left in 1943.

DL 100-10461/eah

The news article referred to by HAL C. STEPHENS of the Boys' Club regarding BOWEN's reported departure for Europe appeared in the November 14, 1963, issue of the Knoxville Journal; however, an examination of the records of the morgue on December 30, 1963, did not disclose any correspondence relative to this particular article. The morgue did reflect a news article dated December 5, 1953, in the Knoxville Journal, which reported that JOHN HOWARD BOWEN resided in Laredo, Texas, and had established a missionary station and a Baptist Church in Mexico. He was reported to be the first protestant missionary in the land of the Mixtecas Indians. His address was listed as Box 308, Laredo, Texas. The source of this item appeared to be a letter addressed to the Journal from BOWEN.

The newspaper file contained a postal card from BOWEN bearing an illegible postmark of Tampa (Florida?), November ?, 1954. On this postal card BOWEN advised the Knoxville Journal that he was mailing some photographs to the Journal. He stated that last Christmas he announced he was retiring but after a trip to England, where he spoke at a missionary conference, he decided to return to Mexico.

The news file contained a letter dated April 7, 1958, from a Dr. MARTIN HILDAGO, Oaxaca, Oax, Mexico. He wrote that BOWEN, a missionary, had saved two schoolchildren from being struck by a truck. In dashing in front of the truck to sweep the children from the path, BOWEN was slightly injured on his left side when he came in contact with the truck. The writer stated that this was the same missionary who had saved three children from a burning hut about eight years previously.

A short article in the Knoxville Journal dated April 12, 1958, described this incident, based on the above letter.

The newspaper file also contained a letter dated September 11, 1961, from an ALBERTO OSBORNE, which was postmarked at Texmelucan, Pue, Mexico. This letter reported that BOWEN was injured when he fell on a bus between Mexico

City and Publea, and it reported that BOWEN had been doing missionary work in Mexico since he left Knoxville in April, 1943. The letter set forth that BOWEN was invited to Mexico by the late Dr. C. E. LACEY, a missionary of the Southern Baptist Convention. The letter reported that BOWEN would be eighty-two in January (1962), but that he could easily pass for a man in his middle 50's. This letter went on to relate that BOWEN, prior to coming to Knoxville, had served as a missionary in India and had been active in missionary work since 1910 except the time he spent in Knoxville.

The Knoxville Journal published a short news article on September 15, 1961, based on the above letter.

On December 20, 1963, Mrs. CLARA BULL, Knoxville Credit Bureau, advised that a search of her files reflected no credit record for JOHN HOWARD BOWEN.

On December 20, 1963, Mrs. CHARLES DAVIS, Records Department, Knoxville Police Department, advised she found no arrest record in the files of her office for JOHN HOWARD BOWEN.

The newspaper files also contained two photographs that purport to be pictures of J. H. BOWEN. One photograph depicts a white male wearing a waist length zippered jacket and a sun helmet. The other photograph depicts a white male wearing a double-breasted business suit, no hat, standing before a castle-like edifice. Copies of these photographs were obtained.

PATRICIA WINSTON and PAMELA MUMFORD, 153 North New Hampshire Avenue, Los Angeles, California, were interviewed on January 8, 1964, by SA'S CHESTER C. ORTON and JOSEPH DOYLE POWELL.

WINSTON and MUMFORD viewed photographs of BOWEN that were obtained from the files of the Knoxville Journal and stated the photograph of BOWEN wearing the sun helmet was not familiar to them. They said that the picture taken in 1954 of BOWEN standing in front of a castle was familiar and possibly could have been the man who sat next to OSWALD on the bus trip from Laredo to Mexico City, on September 26 - 27, 1963.

DL 100-10461/eah

In this regard, it is pointed out that both WINSTON and MUMFORD had previously stated that they made a trip from Nuevo Laredo to Mexico City on a Flecha Roja bus on September 26 - 27, 1963, and identified LEE HARVEY OSWALD as a passenger on that bus with whom they conversed.

On December 20 & 27, 1963, reviews were made of birth records, school board records, credit bureau records, city directories, newspaper morgues and death records at Chester, Pennsylvania, with no information being developed to identify JOHN HOWARD BOWEN, born January 14, 1887, at Chester, Pennsylvania.

On January 7, 1964, Confidential Informant Dallas T-4, supra, advised that JOHN HOWARD BOWEN had not been located in Mexico.

Dallas T-4 reported the interview, on January 7, 1964, of Reverend ALBERT OSBORNE, an elderly Canadian missionary, residing at 4-A Emilio Carranza Street, San Martin De Texmelucan, State of Pueblo, who disclosed the following information:

JOHN HOWARD BOWEN is an ordained Baptist Minister who, over the years, has collected funds for construction of several churches in Mexico. BOWEN has not been in Mexico since late September or early October, 1963, at which time he advised OSBORNE he was thinking of giving up his missionary work because many of his contributors who helped him financially over the years are now deceased. OSBORNE suggested that BOWEN could be located through the Hotel Jong or Jung, New Orleans, Louisiana, where he was recently employed and was making efforts to qualify for Social Security benefits. OSBORNE also opined BOWEN might be located through Hotel St. Anthony, Laredo, Texas.

OSBORNE claimed he has no way of communicating with BOWEN and does not know his exact address in the United States, although he believed BOWEN was in the United States at that time. He said BOWEN never lived at 4-A Emilio Carranza Street, San Martin De Texmelucan, Pueblo, but did pick up his mail there during his visit to Mexico in September - October, 1963.

DL 100-10461/eah

The following investigation was conducted on January 13, 1964, by SA MILTON R. KAACK:

HARWOOD HOLT, Auditor, Jung Hotel, 1500 Canal Street, New Orleans, Louisiana, checked his records and advised that JOHN HOWARD BOWEN is not presently employed by the Jung Hotel and has not been employed during the past two years.

Mrs. MAXINE MATTHEWS, Secretary to GEORGE DAWSON, Manager, Hotel New Orleans, 1300 Canal Street, New Orleans, checked the records and advised that JOHN HOWARD BOWEN is not employed at the present time by the Hotel New Orleans, nor has he been employed during the past two years.

Reverend O. S. CHIOCCHIO, Pastor, Canal Boulevard Baptist Church, 5320 Canal Boulevard, New Orleans, advised that JOHN HOWARD BOWEN is unknown to him. Reverend CHIOCCHIO stated that he would know BOWEN if BOWEN was living and working in the New Orleans area and was engaged in missionary work for the Baptist Church.

Miss DOROTHY PATERSON, Secretary to Reverend JOHN GILBERT, New Orleans Baptist Association, 3939 Gentilly Boulevard, New Orleans, advised that she could find no record in her files of JOHN HOWARD BOWEN. Miss PATERSON stated that if BOWEN was engaged in missionary work for the Baptist Church in the New Orleans area he would be listed in her files.

On January 21, 1964, Dallas T-4, supra, reported that the photographs (2) of JOHN HOWARD BOWEN, one wearing a sun helmet and zipper jacket, the other with him standing before a castle-like edifice, were identified on that date, January 21, 1964, by a servant at the residence of ALBERTO OSBORNE, in Texmelucan, Mexico, and by a Mexican minister in the same community as being identical with OSBORNE.

Dallas T-4 further reported that when ALBERTO OSBORNE was interviewed on January 7, 1964, he was in possession of a Canadian Passport, No. 5-605377, and claimed residence of 4114 Drummond Street, Montreal, Canada. Correspondence was

located at the residence of 4-A Emilio Carranza Street, San Martin De Texmelucan, Pueblo, bearing a return address of WALTER OSBORNE, Old Folks Home, Grimsby, Lincolnshire, England.

The servant at the Texmelucan, Mexico, address stated OSBORNE was then on a trip to an unknown part of the United States and indicated he may return to Mexico within the next two or three weeks.

Dallas T-4 reported that inquiry at the American Express Office, Mexico City, Mexico, revealed ALBERT OSBORNE was known there as JOHN H. BOWEN and last visited that office about two weeks prior to January 21, 1964.

Further, on November 15, 1963, BOWEN requested that letters to him be forwarded to American Express, 649 5th Avenue, New York City, New York, and American Express has no other address for him, but reported that BOWEN frequently travels to Laredo and San Antonio, Texas.

On January 27, 1964, Dallas T-4 reported that a Canadian missionary, ALBERT OSBORNE, was known to the Mexican Immigration authorities in 1958 as a missionary in Mexico and inquiries then conducted failed to develop any background information of value through investigation by the Royal Canadian Mounted Police in Canada. The Canadian address for OSBORNE then in possession of the Mexican Immigration authorities was found to be non-existent. A photograph of OSBORNE obtained at that time appears to be the same person interviewed as ALBERT OSBORNE on January 7, 1964.

Dallas T-4 reported that several officials of the Baptist Church in Mexico City had reported they have no knowledge of JOHN H. BOWEN or ALBERT OSBORNE.

T-4 reported that OSBORNE normally resides in a native mud wall dwelling in Texmelucan, where the only person having knowledge of his movements is the teen-age caretaker who, himself, frequently visits his family in Oaxaca, Mexico, when OSBORNE is not there.

On January 16, 1964, the caretaker disclosed that a wedding announcement had been received from Mrs. LOLA

LOVING, Milsboro, Oregon, announcing the wedding of her daughter, SHARON RUTH LOVING, on October 20, 1963.

Dallas T-4 reported that on January 21, 1964, letters addressed to BOWEN had been received at the Texmelucan, Mexico, address from Osteghus Publishing Company, Minneapolis, Minnesota, and from "The Beam", 6248 Camp Bowie Boulevard, Fort Worth, Texas.

On January 27, 1964, Confidential Informant Dallas T-6, a confidential source abroad, reported that a check of the passport files, Department of External Affairs, Ottawa, Ontario, indicates an ALBERT OSBORNE was issued Passport No. 5-605377, on October 10, 1963, through the office of the Canadian Consul, New Orleans, Louisiana. At that time, OSBORNE indicated his mailing address as "Will Call" and his permanent address since 1917 as 1441 Drummond Street, Montreal, Quebec. OSBORNE reflected his date of birth as October 22, 1888, in Grimsley, England, 5'10", 200 lbs., blue eyes, dark brown hair - slightly gray, single, and indicates he is a member of the clergy.

Attached to his passport is an affidavit in lieu of guarantor indicating he was at the time in New Orelans and was "presently in transit." The passport contained a photograph of ALBERT OSBORNE having been taken in October, 1963. Copies of the photograph were obtained.

On January 28, 1964, Dallas T-6 reported 1441 Drummond, Montreal, Quebec, is a YMCA and ALBERT OSBORNE is not known there. The YMCA received a letter from an ALBERT OSBORNE, dated January 13, 1964, with return address of Emilio Carranza Street, San Martin de Texmelucan, Pueblo, Mexico, indicating that he, OSBORNE, would not come to Montreal as planned, but instead was going to Alberta and any mail should be forwarded in care of General Delivery, Detroit, Michigan. The original of this letter which bears the signature of ALBERT OSBORNE was obtained.

Dallas T-6 reported on February 6, 1964, that Passport No. A-34736 issued to ALBERT OSBORNE by Canadian Authorities on June 8, 1953, at Ottawa, Canada, and was valid until June 8, 1958. It was not revalidated at the time and, therefore, expired on that date. Further, OSBORNE could have retained possession of the passport until June, 1963, but it would not have been a valid document.

DL 100-10461/eah

Under date of February 19, 1964, the FBI Laboratory furnished the following information concerning a document examination requested by Confidential Informant Dallas T-6 on February 11, 1964:

Specimens received 2/17/64

Q493 One page typewritten letter bearing heading "Emilio Carranza 4-A Texmelucan Pue. M E X I C O," addressed to "Central Y.M.C.A, Montreal, Canada," beginning "Dear Sir - If you have ...." and signed "Albert Osborne"

Result of examination:

The typewriting on Q493 matches most closely the Laboratory standard for an Underwood pica style of type spaced ten letters per inch. This typewriting was not identified in the Anonymous Letter File and a photograph of the typewriting will be added to this file.

The typewriting on Q493 was not identified with any of the previous typewriting in this case.

On February 14, 1964, extensive investigation, which has previously been reported, and is not being repeated in detail, was made at the General Delivery, U. S. Post Office; Special Investigations Squad, Detroit Police Department; Better Business Bureau; Board of Commerce; Council of Churches; Catholic Missions Office, all Detroit, Michigan, with negative results concerning ALBERT OSBORNE's present location.

GEORGE E. BLACKSTOCK, Canadian Consul, Suite 1719, 225 Baronne Building, produced an application for a Canadian Passport which was signed by Reverend ALBERT ALEXANDER OSBORNE at the office of the Canadian Consulate General, New Orleans, Louisiana. This application was dated October 10, 1963, at which time OSBORNE furnished his residence address as 1441 Drummond Street, Montreal, Canada. The application contained the following descriptive data concerning OSBORNE: Born November 12, 1888; sex - male; place of birth - Grimsley, Linco, England; height - 5'10"; weight - 200 pounds; blue eyes; brown and gray hair; marital status single; no visible scars and marks; occupation - minister (clergy).

OSBORNE claimed that he resided in Canada from August 21, 1917, to the present time and is a naturalized citizen of Canada because of his services in the Canadian Armed Forces. OSBORNE's Canadian Passport #4-347367, which was issued in June, 1953, was cancelled and Canadian Passport #5-605377, dated October 10, 1963, was issued to him by Chief Clerk PERCY WHATMOUGH, of the Canadian Consulate General's Office. This passport is valid until October 10, 1968, and was delivered to OSBORNE personally on October 10, 1963. At the time OSBORNE applied for a new passport, he exhibited his birth certificate and a record of service in the Canadian Armed Forces. In addition, he signed an affidavit claiming that no one knew him in New Orleans well enough to act as a guarantor because he was "in transit." OSBORNE's file contained a letter from OSBORNE dated October 16, 1963, at Mexico, D. F., which was received at the Canadian Consulate General's Office on October 18, 1963. This letter thanked the office employees for their kindness and enclosed $5.00 with the instructions that BLACKSTOCK purchase a little present for the clerical employees at the Canadian Consulate General's Office. The $5.00 was returned to OSBORNE by letter dated October 18, 1963, explaining that the employees of the Consulate General's Office could not accept any gifts, which letter was addressed to "Reverend ALBERT OSBORNE, care of American Express Company, Niza 22 Mexico, D. F."

PERCY WHATMOUGH, Chief Clerk, Canadian Consulate General's Office, Suite 1710, 225 Baronne Building, advised that he examined OSBORNE's application for a passport, cancelled his old passport, which was issued in June, 1953, and issued his new passport, No. 5-605377, to OSBORNE on October 10, 1963. WHATMOUGH recalled that OSBORNE told him that he, OSBORNE, had come to New Orleans from his residence in Montreal, Canada, by bus and that he was on his way to Mexico City by bus and that he was making this trip as part of his vacation.

OSBORNE did not tell WHATMOUGH what bus route he had taken from Montreal to New Orleans, nor did he tell him his intended route from New Orleans to Mexico.

AT NEW ORLEANS, LOUISIANA

The following investigation was conducted by SA MILTON R. KAACK on January 31, 1964:

JOHN A. DONALD, Canadian Consul, Canadian Consulate General's Office, Suite 1710, 225 Baronne Building, advised that in many instances natives of Great Britain who are naturalized citizens of Canada, claim dual citizenship and therefore continue to carry a British passport in addition to their passport issued by Canada.

HARWOOD HOLT, Auditor, Jung Hotel, 1500 Canal Street, advised that he had no record of ALBERT OSBORNE as an employee of the Jung Hotel during the past two years.

GEORGE DAWSON, Manager, Hotel New Orleans, 1300 Canal Street, advised that ALBERT OSBORNE has not been employed by the Hotel New Orleans during the past two years.

Reverend O. S. CHIOCCHIO, Pastor, Canal Boulevard Baptist Church, 5320 Canal Boulevard, advised that the Reverend ALBERT OSBORNE is not known to him. Reverend CHIOCCHIO stated that if OSBORNE was engaged in missionary work for the Baptist Church in the New Orleans area he would most certainly know him.

Miss DOROTHY PATERSON, Secretary to Reverend JOHN GILBERT, Executive Secretary, New Orleans Baptist Association, 3939 Gentilly Boulevard, advised that there was no record in her files concerning Reverend ALBERT OSBORNE. Miss PATERSON said that if OSBORNE were engaged in missionary work in the New Orleans area he would be listed in her files.

On February 10, 1964, Dallas T-4, supra, advised that OSBORNE had not called for his mail at the American Express Company, Mexico City, Mexico, since that office was previously contacted and additional letters had been received addressed to JOHN HOWARD BOWEN from GEORGE FULLER CUIDLIN, Jonesville, Virginia, postmarked January 29, 1964; from P. O. Box 517, Eagle Pass, Texas, postmarked January 31, 1964, and from Pisgah Home Movement, Pikeville, Tennessee, postmarked February 5, 1964.

T-4 further reported that JOHN HOWARD BOWEN was known to the Senior Cashier, American Express Company, for the past eight years and has cashed numerous U. S. Postal Money Orders in amounts of $25 - $30 each. The cashier does not know ALBERT OSBORNE and is unable to substantiate the claim that the American Express Company, Mexico City, had agreed to honor payments for OSBORNE in the name of BOWEN because BOWEN had died and OSBORNE was carrying on BOWEN's missionary work. This individual is only known at American Express Company as BOWEN and as being connected with some type of religious activities in Mexico.

T-4 reported that inquiries at Texmelucan, Mexico, on February 8, 1964, revealed OSBORNE had not been seen there since about January 15, 1964, but the caretaker reported that he had received post cards from ALBERT OSBORNE postmarked February 3, 1964, with a return address of General Delivery, Birmingham, Alabama; postmarked January 22, 1964, at Chattanooga, Tennessee, with return address of General Delivery, Atlanta, Georgia, and postmarked January 21, 1964, at Chattanooga, Tennessee, contained in the envelope of the William Len Hotel of Memphis, Tennessee. Caretaker claimed he was unaware of the present whereabouts of OSBORNE, but believed he was still in the United States.

T-4 quoted the caretaker as stating that he had not mailed any letter to LOLA LOVING of Forest Grove, Oregon, in late January, 1964, but pointed out that OSBORNE may have mailed such letter before departing Texmelucan.

T-4 reported that Mexican Immigration authorities, Mexico City, are interested in detaining OSBORNE if he returns

to Mexico as he was ordered to leave Mexico in 1958 as an undesirable alien and at that time exited Mexico at Laredo, Texas, April 5, 1958. The Mexican Immigration files show BOWEN to also be known as JOHN H. OWEN.

FD-302 (Rev. 1-25-60) FEDERAL BUREAU OF INVESTIGATION

1 Date 2/11/64

JOHN HOWARD BOWEN was interviewed February 8, 1964, and he furnished the following information:

BOWEN advised that he has been in the Russellville, Alabama, area, speaking at various rural Baptist Churches, and has been residing at the residence of WYLIE UPTAIN, Rural Route, Russellville, Alabama. He stated he intended leaving the Russellville, Alabama, area February 11, 1964, en route back to Laredo, Texas, by way of New Orleans, Louisiana.

BOWEN stated to the best of his knowledge he was born at Chester, Pennsylvania, on January 12, 1885, and his father's name was JAMES A. BOWEN, and his mother was EMILY BOWEN. He did not know his parents, but he was reared in an orphanage in Philadelphia, Pennsylvania. His grandmother, SARAH HALL, participated to a limited extent in giving him guidance and shelter during the early years of his life. His grandmother and relatives are all deceased, and he has no known relatives of any kind.

BOWEN attended elementary school intermittently in the Philadelphia, Pennsylvania, area, but took correspondence courses and has completed the equivalent of about two years of college. He also took a correspondence course in theology, which he completed in about 1914. About fifty years ago, he was ordained as a minister by the Plymouth Brethren Church, in Trenton, New Jersey, and about forty-five years ago he was ordained as a minister by the Northern Baptist Convention at Binghamton, New York. He also is recognized as an ordained minister by the Missionary Baptist Convention and he currently considers himself associated with that church body.

BOWEN stated he considers himself an itinerant gardener and preacher. He was formerly a member of the First Baptist Church at Knoxville, Tennessee, and more recently was a member of the First Baptist Church at Laredo, Texas. He has visited and worshiped at the latter church intermittently for the past twenty years.

About thirty years ago, BOWEN applied for a job as a juvenile counselor, with the Tennessee Valley Authority at Knoxville, Tennessee, and recalled that he was fingerprinted on that occasion. From about 1929 to about 1934, BOWEN worked

with juvenile delinquents for the City of Knoxville, Tennessee. While doing this work, he became well acquainted with Doctor A. D. MUELLER, who is now associated with the Veterans Hospital in Memphis, Tennessee, and lives at 4035 Tutwiler Road, Memphis, Tennessee. He also became well acquainted with Miss MARY ELLIOTT, who is a prominent social worker in the Knoxville, Tennessee, area.

BOWEN states since becoming ordained about fifty years ago he has traveled extensively in the United States, particularly in the Stanton, Virginia, area, and in the southern part of the United States as an itinerant Baptist Minister. During the past twenty years, he has also made numerous trips as an itinerant Baptist Minister throughout Mexico. He stated he has never been to Canada or England or any other foreign country, except in about 1939, he once visited Bermuda. On these itinerant preaching tours, he resides in the homes of the host pastor, and he moves from place to place frequently. He considers his home to be the St. Anthony Hotel, Laredo, Texas, and he is well known there by the manager, OSCAR FERRINA. He has been residing at that hotel intermittently for the past twenty years, and has made trips to Mexico for the past twenty years as an itinerant preacher.

BOWEN stated he has no passport, but carries for identification purposes the following items:

Social Security Card in the name of JOHN HOWARD BOWEN, Social Security No. 449-36-9745.

Texaco Company Credit Card #T-11372, in the name of J. H. BOWEN, P. O. Box 3042, Knoxville, Tennessee.

Gold Star Insurance Company Card,
Policy No. M3176,

Card from Laredo National Bank, in the name of JOHN HOWARD BOWEN, 920 Salinas Avenue, Box 308, Laredo, Texas, Account No. 10-7400-1.

BOWEN stated that in 1956 he contacted an unrecalled attorney in Philadelphia to apply for Social Security. This attorney experienced great difficulty in obtaining a date of birth for him. The attorney was not able to completely verify his birth, but furnished him with a card reflecting the following data:

Name:	JOHN HOWARD BOWEN
Born:	1/14/1880
Father:	JAMES A. BOWEN
Mother:	EDITH MONTGOMERY
Place of birth:	Chester, Pennsylvania
File No.:	D-869-1880
Filed:	March 6, 1956

The above card bore the signature of a person which appeared to be BERWIN F. WATKINS as the person who executed the birth data form. BOWEN stated he doubted if the above was exactly correct, but it was the best birth data which the attorney could obtain through unknown sources. He could not recall the name of this attorney and was not certain if WATKINS was his name or not. BOWEN stated he had been unable to obtain Social Security benefits because of his inability to obtain correct birth data.

BOWEN states that in about 1958 he was residing at the Reece Hotel, Oaxaco, Mexico, and also residing in that same hotel was ALBERT OSBORNE, who was a retired itinerant Baptist Minister from Canada. OSBORNE was about 70 years of age, 5'8" tall, 190 pounds, hair gray and balding, and had an

English or Scottish accent. BOWEN acknowledged that OSBORNE was about his same size and age.

A census of some type was then being taken by Mexican authorities, and BOWEN was unable to locate his identification papers. He, therefore, borrowed the identification papers of OSBORNE on that occasion, and exhibited them to the Mexican authorities. He thereafter returned these papers to OSBORNE. He later found his own identification papers, and states he has never before or since claimed to be anyone other than JOHN HOWARD BOWEN.

BOWEN stated he next saw OSBORNE in about the Spring of 1961 or 1962, at the Railway Express Company Office in Mexico City, Mexico. He pointed out he corresponds occasionally with OSBORNE, but has not seen him since the above occasion. He recalled having heard through friends in Mexico that OSBORNE was traveling in Mexico as an itinerant Baptist preacher in December, 1963, and January, 1964, but he was planning on returning to Canada, and possibly taking up residence in the vicinity of Vancouver, Canada.

BOWEN observed a photograph of a man standing in front of a castle-like building, holding what appeared to be a camera, and he identified that person as being ALBERT OSBORNE. BOWEN explained that he has a copy of that same photograph, which was sent to him by OSBORNE, and it apparently was taken during a trip to England or Scotland.

BOWEN also observed a photograph of a man in a zippered jacket and a helmet, and identified that as being a photograph of himself, which had been taken about twenty years ago at Veracruz, Mexico. BOWEN stated that ALBERT OSBORNE has traveled in the same areas in Mexico as an itinerant Baptist preacher, and OSBORNE has stayed at the two independent churches in Texmelucan, Mexico, where the churches maintain a home for ministers. These churches also distribute food for children from destitute families. He explained that it was entirely possible persons might confuse him with OSBORNE, because they are both itinerant Baptist preachers, are about the same size and age, and both travel extensively in Mexico.

BOWEN stated he was not interviewed in Mexico at Texmelucan or anywhere else, by the FBI, regarding OSBORNE or OSWALD. He pointed out when he came to Laredo, Texas, recently he learned that the FBI had been making inquiries there regarding his recent trip to Mexico. He stated that he thereafter looked through his papers and files at Laredo and learned that he had made a trip by bus from Nuevo Laredo, Mexico to Mexico City, on September 26-27, 1963.

BOWEN explained that at the bus station in Nuevo Laredo, Mexico, at about 3:30 PM, September 26, 1963, he boarded a bus en route to Mexico City, and signed his own name, JOHN HOWARD BOWEN, to the roster of passengers. He sat in the third seat from the front on the right side. A young man who apparently boarded the bus at the same time sat in the seat adjacent to him. He described this person as follows:

Sex:	Male
Race:	White
Age:	29
Height:	5'8"
Weight:	150 lbs.
Hair:	Blond and thin
Complexion:	Dark

He explained this passenger had a small zipper bag which he placed in the rack above his feet. He did not talk to this person or hear him speak to anyone else on the bus. He presumed this person was Mexican or Puerto Rican, because he was dark complected and did not appear to be an American. He recalled that directly in front of him was a man and a woman who were about sixty years of age. The man was retired from the Bermuda Police Department, and he apparently had been traveling extensively since his retirement. BOWEN recalled that two Mexican women and a small child occupied the seat directly behind him. He could not recall who the other passengers might have been on the bus. He did recall that the bus was fully occupied when it left Nuevo Laredo.

BOWEN stated the young man sitting next to him went to sleep shortly after getting on the bus, and did not converse with him or anyone else. At about 4:30 or 5:00 PM, on September 26, 1964, the bus stopped for a lunch stop at Sabinas Hidalgo, Mexico. This young man went to the restroom and ate a lunch at the bus station. When he returned to the bus, he went to the rear of the bus where he reclined on a rear seat and went to sleep.

BOWEN stated he did not recall seeing the above person again during the trip to Mexico City, and has not seen him before or since that time. He did not know where the above person got off the bus. BOWEN stated he does not recall having specifically seen a particular photograph of subject LEE HARVEY OSWALD, but is rather certain he had seen some newspaper photographs of him. He stated he does not feel that the above person was identical to LEE HARVEY OSWALD, because the above person was quite dark complected and appeared to be a Mexican or Puerto Rican.

BOWEN stated he arrived in Mexico City on the above bus about 9:30 AM, September 27, 1963. He thereafter boarded another bus in Mexico City and went to Puebla, Mexico, where he resided at the St. Augustine Hotel. The next day, he boarded a night train at Puebla and traveled to the Railroad Hotel in Jesus Carranga, which is north of Juchitan, Mexico. He remained in this area for about one week, contacting various native ministers, and delivering Bibles to them. He preached some in Juchitan and Tehuantepec, area. He then returned to the area of Puebla, Mexico, where he resided with various persons connected with Baptist churches in that vicinity. He then traveled back to Laredo, Texas, in about the middle of November, 1963. While in Mexico City, he usually resides at the Canada Hotel Annex, which is on Cinco De Mayo Street. BOWEN stated at no time on this trip did he again see the above-mentioned person who had been on the bus with him from Nuevo Laredo.

BOWEN stated he intends to travel from the Russellville, Alabama, area to Laredo, Texas, by way of New Orleans, and expects to be at the St. Anthony Hotel, Laredo, Texas, about February 15 - 17, 1964, where he will remain indefinitely. He stated that, at Laredo, he could locate the bus ticket which would verify the date of the above-mentioned trip into Mexico in September, 1963. He stated he may also have there correspondence from ALBERT OSBORNE.

BOWEN stated he has never taught school, has never been to any foreign countries, other than Mexico and Bermuda. He stated he has never written a book, knew nothing about the Lisbon earthquake of 1775. He could not recall seeing any American girls on instant bus, and knew of no one on the bus who might have talked to the young man sitting in the seat adjacent to him.

BOWEN stated he definitely is not identical to ALBERT OSBORNE and, with the one exception, he has never posed as ALBERT OSBORNE. BOWEN stated he would cooperate fully in this matter. He volunteered to have his photograph and fingerprints taken on this occasion.

BOWEN furnished the following descriptive data regarding himself:

Name:	JOHN HOWARD BOWEN
Sex:	Male
Race:	White
Birth data:	1/12/1885, Chester, Pa.
Height:	5'8"
Weight:	190 lbs.
Hair:	Gray and thin
Eyes:	Blue
Build:	Heavy
Complexion:	Medium
Scars & marks:	Small round sore or scar on right temple
Characteristics:	Wears heavy, dark-rimmed glasses for reading
Occupation:	Itinerant Baptist Preacher

OSCAR FERRINO, owner of St. Anthony Hotel, Laredo, Texas, viewed photographs of JOHN HOWARD BOWEN, one taken with pith helmet and other in business suit in front of what appears to be old English castle, and stated that both photographs appeared to be photographs of the JOHN HOWARD BOWEN that has been staying periodically at the St. Anthony Hotel, P. O. Box 308, for several years.

FERRINO stated that BOWEN usually stays at the St. Anthony when he is passing through Laredo, Texas, en route to Mexico.

FERRINO stated that when BOWEN is not at the St. Anthony Hotel he, FERRINO, holds BOWEN's mail until he receives instructions from BOWEN on where to send the mail or until BOWEN returns for the mail.

FERRINO stated that the name of ALBERT OSBORNE sounds familiar and he was of opinion that mail has come for BOWEN with name of ALBERT OSBORNE on it, but he said that he could not be certain of this, but that BOWEN has always been known around the hotel as BOWEN and has not, to FERRINO's knowledge, used the name of ALBERT OSBORNE in Laredo.

BOWEN stated that this bus arrived in Mexico City about 10:00 a.m., September 27, 1963, and he boarded another bus on the afternoon of the 27th and went to Puebla, Mexico, where he stayed at the Teresa Hotel overnight. From there he boarded a train and went to JESUS CARANZAS, Mexico, and stayed at the Railroad Hotel about two nights, and returned to Laredo, Texas, on October 2, 1963.

When queried about his activities since September 1, 1963, he became indignant, and wanted to know why the FBI was interested in his itinerary, adding that this was a free country and he could travel whenever and wherever he pleased.

Under further interrogation, BOWEN stated that during the month of September, 1963, he stayed at the St. Anthony Hotel, Laredo, Texas, until his trip to Mexico on September 26, 1963. After returning from Mexico on October 2, 1963, he remained in Laredo at the St. Anthony Hotel until the latter part of October when he went on a lengthy trip in the United States, visiting churches and collecting religious books. He added that the records at the St. Anthony Hotel would not reflect that he stayed there in September or October inasmuch as the owner of the hotel owed him money from a typewriter that was stolen from his room and did not charge him for use of the room and, therefore, did not sign his name on the hotel register.

Referring to the lengthy trip he took in the United States the latter part of October, November, and most of December, he stated that he first went to Houston, Texas, where he stayed two nights at the Spur Hotel near the Greyhound Station having left Laredo, Texas, in mid-October. From Houston, he went to Memphis, Tennessee, to see Dr. A. D. MULA; however, did not see him as he arrived there at night. He stayed in Memphis two nights at the William Len Hotel. From there, he went to Charlotte, North Carolina, where he stayed at the YMCA and then went on to Columbia, South Carolina, and back to Laredo, Texas, just before Christmas. After Christmas, he went on another trip and visited Houston, Texas; Lake Charles and Baton Rouge, Louisiana, and returned to Laredo, Texas. He added that this occurred in January, and in February, he made a trip to Birmingham, Alabama.

BOWEN stated that he has never stayed in Texmelucan, Mexico, adding that he has only been through there on his way to Mexico City. He denied being interviewed in Mexico by anyone, and denied ever using a dual identity or ever having been in any other foreign country. He further stated that he has never used the name of ALBERT OSBORNE. He knows a man by that name who is also a preacher and missionary in Mexico. He last saw OSBORNE in Mexico City in mid-summer of 1963, and he and OSBORNE were last together in Oaxaca, Mexico, in 1959. He added that he and OSBORNE look very much alike and were often mistaken for each other in Mexico.

BOWEN stated that during his travels in Mexico, he always stays with pastors and Christian people and sometimes does the same thing in the United States. He could not furnish names of people in the United States with whom he has stayed, explaining that he just could not remember their names. He stated that he is well known in Mexico, particularly Vera Cruz, and Oaxaca, and mentioned the following names of persons who know him and with whom he has stayed in the past: MOSIS NAUM, pastor in Vera Cruz; LEONARD INGRAM and PERCY COX, both preachers in Mexico City; JOHN HARRIS, preacher in Arizaba, Vera Cruz. He added that COX and INGRAM are both listed in the directory, Mexico City. He also knows the man in charge of the Bible Society in Mexico City, however, cannot recall his name. He stated that he visits other cities in Mexico, however, could not recall all the names.

BOWEN was again exhibited photograph of OSWALD and reiterated that he could not identify OSWALD as being on the same bus with him on September 26, 1963, and has never seen him at any time. When confronted with the fact that three other people on the same bus identified him and OSWALD as being seated in the same seat, he stated that he was saying only what he knew, and that possibly other people are not being truthful.

When queried about his background, BOWEN stated that he organized the Boys Club in Knoxville, Tennessee, in 1934, now known as the Boys Club of America. At this point,

BOWEN was pressed for his full background, specific details regarding his activities since September 1, 1963, names of friends, relatives, and people he has visited, etc., and he became very indignant. He stated that he had furnished all of this information to the Birmingham FBI Office and did not have to furnish it again. He stated that he did not understand why the FBI was interviewing him everywhere he went, and wanted to know what he was being charged with as he might get a lawyer. He was advised that he was not charged with anything and was not under arrest. At this point, he stated that he did not want to make any further statements. When asked where he intended to go from Laredo, Texas, he stated he did not know, and refused to say where he was going.

OSCAR FERRINO, owner, St. Anthony Hotel, Laredo, Texas, advised that he recalls JOHN HOWARD BOWEN staying at this hotel in October and November, 1963; however, did not recall the dates and his records would not show inasmuch as a typewriter belonging to BOWEN was stolen from his room and he, FERRINO, paid BOWEN $30.00 for the loss of this typewriter. He did not actually give BOWEN $30.00, but let him stay in the room free, which would be about fifteen days for that amount of money.

In view of this, he did not record BOWEN's name on the register. In checking his records further, he noted that BOWEN stayed at the St. Anthony Hotel three nights in December, 1963, commencing on December 29.

FERRINO added that BOWEN checked out of the hotel at 7:00 a.m., February 17, 1964, and did not say where he was going.

The following investigation was conducted by SA FRED T. LEE, JR., at Eagle Pass, Texas.

On February 18, 1964, Reverend WALTER L. HLUCHAN, Minister, Pentecostal Church of God, advised that on about February 8, 1964, he had received an undated letter from ALBERT OSBORNE whom he knows as JOHN HOWARD BOWEN. Return address on the letter was ALBERT OSBORNE, Emilio Carranza-4-8, Texmelucan, Pue., Mexico. In this letter OSBORNE indicated that on about December 20, 1963, he had returned to Texmelucan after preaching for some time in England, Spain, Northern France, and Northern Africa. OSBORNE did not indicate in his letter the length of time he had spent in Europe, but did indicate he expected to remain in Texmelucan for some time. Reverend HLUCHAN advised he could not furnish any additional information concerning the whereabouts or travel plan of OSBORNE.

On February 19, 1964, Reverend JAMES TIMMONS, Baptist Minister, advised he has known OSBORNE since about 1944. TIMMONS advised he has not seen OSBORNE for some two years and does not know anything concerning his present whereabouts or activities. TIMMONS indicated that he recently sent a letter to OSBORNE with a return address Eagle Pass, Post Office Box 517, but that he has not received any reply to this letter. TIMMONS continued by stating that in the past OSBORNE had frequently visited Reverend JOE AMARINE, Mission Secretary, Southern Baptist Convention, Alice, Texas.

Further, Mr. TIMMONS described OSBORNE as a person who "acted mysteriously and secretively" and that to his knowledge had not attended any ministerial school and his only affiliation with any religious group was the "Plymouth Brothers" which he described as an English non-denomination sect.

Dallas T-5, supra, reported the following information:

Dr. and Mrs. JOHN MC FARLAND, 7A Riversdale Road, Liverpool, England were contacted by Detective Inspector WILLIAM BESTALL of the Liverpool City Constabulary on February 12, 1964.

The MC FARLANDs viewed the photos of ALBERT OSBORNE and JOHN HOWARD BOWEN. They definitely identified the photo of OSBORNE taken October, 1963, as being identical with the man they previously described who sat next to OSWALD on the bus trip into Mexico on September 26, 27, 1963. They were not that positive in identifying the other photos, however.

Mrs. MC FARLAND stated that she remembered OSBORNE as speaking with a slight North England accent and when she questioned OSBORNE if he had ever been in England he replied in the negative, stating that his mother was English. She was led to believe by OSBORNE that he was an American Citizen and had traveled in Mexico extensively as he appeared to know intimately the countryside they were passing through while on the bus trip from Nuevo Laredo to Mexico City.

Both the MC FARLANDs were specifically questioned as to whether they had any knowledge of previous trips OSWALD had made to Mexico and they replied they were under the impression OSWALD had never been to Mexico before because he appeared to be completely ignorant about the country and language.

The Hotel Cuba never came into their conversation with either OSWALD or OSBORNE. Mrs. MC FARLAND stated OSBORNE was carrying a haversack-type bag containing canned food and she was under the impression he was returning to some sort of school or mission in Mexico and she believed it was at Cuernavaca.

On February 15, 1964, Detective Sergeant J. STANDISH, Grimsby Police, England, conducted investigation and interviewed relatives of ALBERT OSBORNE in the Grimsby area. The persons

DL 100-10461
ERH/les

interviewed were WALTER OSBORNE, who resides in an old people's home in Grimsby and is ALBERT OSBORNE's brother. The other individual interviewed was a Mrs. LILLIE FEATHERSTONE, sister to ALBERT OSBORNE who resided at Station Road, Greatcoates, Lincolnshire and is a rural district outside Grimsby.

Both WALTER OSBORNE and Mrs. FEATHERSTONE immediately identified all photos as being that of their brother, ALBERT. They stated that ALBERT was born in Grimsby and left England as a young man with a Lincolnshire Army Regiment for Gibraltar and Bermuda. This was some time prior to World War I as by that time he was in Canada and studied for the ministry and served as a chaplain in the Canadian Army during the period 1914-1918.

They stated it was almost 40 years before ALBERT returned to England and that very little was actually known of his life. He corresponded infrequently with them and they have heard that he was married and had a son but have no idea of the present whereabouts of them.

They did state, however, that for approximately the last five years they have used the address in corresponding with him as ALBERT OSBORNE, care of JOHN H. BOWEN, Box 308, Laredo, Texas, and they continued to use that address until ALBERT suddenly appeared in Grimsby in early November, 1963. According to WALTER OSBORNE, ALBERT traveled to Prestwick, Scotland in the company of a group of scientists who were going to Iceland to photograph a volcano which has emerged there from the ocean. It is not known whether he got off the plane in Prestwick before or after the expedition did the photographing in Iceland, however, he traveled over night by train from Prestwick and arrived early in the morning at Mrs. FEATHERSTONE's home. He remained there four or five days and left for London stating he was going on to Spain.

Mrs. FEATHERSTONE then received a letter dated December 14, 1963, postmarked New York City, in which ALBERT stated he had arrived back in the United States at New York on December 5, 1963.

WALTER stated he heard from ALBERT by letter postmarked Mexico, January 8, 1963, in which ALBERT used the following return address: Emilio Corranza 4A, Texmelucan, Pue, Mexico. He said that he had destroyed the envelope so that it was not possible for Sergeant STANDISH to determine from where the letter had been sent.

DL 100-10461
EEH/les

Neither WALTER OSBORNE nor Mrs. FEATHERSTONE was able to shed any light on the name JOHN H. BOWEN except that ALBERT had told them in the past to write to him care of that name in Laredo. They had never heard him mention BOWEN in any of his letters or in conversation with him.

353

Mrs. FEATHERSTONE advised, however, that she has a sister, a Mrs. ADA AMOS, who resides on Manchester Street, Gary, Indiana, and it is the only other relative she has who resides in the United States. She added she does not think Mrs. AMOS and ALBERT have been in close contact over the years as Mrs. AMOS visited them in Grimsby a few years ago and at that time advised she had seen or heard very little from her brother, ALBERT, even though they were in the same country.

Dallas T-5 also furnished photographs of certified copy of an entry of birth given at the General Register Office, Somerset House, London, Application No. 514371. This document reflects a birth in the District of Caistor, Sub-District of Great Grimsby in the County of Lincoln, England, on the 12th day of November, 1888, at 106 Oxford Street, New Clee, England. The baby is reflected as a boy, name-ALBERT, father-JAMES OSBORNE, mother-EMILY OSBORNE, formerly COLE, with the birth having been recorded December, 1888.

On February 26, 1964, Mrs. ADA AMOS, 353 Marshall Street, Gary, Indiana, advised ALBERT OSBORNE, her brother, was born November 12, 1889, Grimsby, England, parents JAMES and EMILY COLE OSBORNE, both deceased.

Mrs. AMOS said ALBERT OSBORNE attended primary schools in Grimsby, England, was subsequently employed by Grimsby Grocery Store and enlisted in British Army in 1908 and served most of his enlistment in India. She said he bought himself out of the Army in 1914 and migrated to the U. S. during the same year. He settled in the South living most of the time in unrecalled areas of Tennessee.

She stated her brother was occupied as a preacher, church affiliation not known, and was also engaged as an

actor and lecturer involving places and speeches on India. She stated ALBERT married, wife's name and whereabouts being unknown, had one son, reportedly killed in action in the U. S. Armed Forces during World War II, has a daughter-in-law and grandson in the United States, whose names and whereabouts unknown.

She stated ALBERT once lived in Laredo, Texas, address and occupation not recalled. She has some vague knowledge that he was affiliated with some Christian Association and fulfilled engagements making talks on India. She stated that at one time, he was affiliated with an unrecalled boys camp in the South, possibly Tennessee. She remembered in ALBERT's infrequent correspondence and letters that he frequently traveled to Mexico, crossing at Laredo and El Paso, Texas, but recalled no information regarding possible travel to Canada, Spain, or Scotland.

Mrs. AMOS recalls ALBERT formerly lived in New York City and Washington, D. C., addresses unknown, and does not know whether ALBERT is a naturalized United States Citizen. Mrs. AMOS was unable to supply any information regarding ALBERT having lived in Canada or about possible Canadian citizenship.

Mrs. AMOS has not seen ALBERT in over 20 years at which time he visited her home in Gary, Indiana, for one night, this being the only occasion she has seen him in 55 years. She recalled that at that time he was involved preaching and lecturing. She said she has not been in close contact with him because of a minor disagreement regarding his borrowing money from her. She recalled that he wrote her during the 1920s requesting funds at which time she sent him some money in care of JOHN HOWARD BOWEN in New York City. She has no knowledge of ALBERT OSBORNE using the dual identity of BOWEN or ever utilizing any name other than his true name.

Mrs. AMOS said she has never heard of ALBERT having any scientific or technical skills or being involved in oceanography or other scientific projects. She recalled that in earlier years he did manifest some talent as an artist and spent time sketching.

DL 100-10461
KEH/les

Mrs. AMOS stated ALBERT has brothers, ARTHUR OSBORNE, date of birth April 9, 1882, residing Horncastle, Hope Castle, England; WALTER OSBORNE, born March 28, 1868, residing Old Peoples Home, Scather Road, Scather, England, and sisters, ROSETTA GELL, born May 19, 1886, residing 87 Stheliers Road, Cleethorpes, Lincolnshire, England; Mrs. FLORRY BOND, born July 9, 1864, residing 32 Ownit Street, Abbeywood, London, SE2, England. Other sister and brothers are RHODA, WILL, JIM, FRANK, and ABBOTT, deceased.

Mrs. AMOS related that sisters ROSETTA GELL, FLORY BOND, and EMILY FEATHERSTONE have been in closer contact with ALBERT and might be able to furnish more recent information regarding his activities.

On February 17, 1964, Special Agent ERVIN B. BRUNINGA, Birmingham, Alabama, viewed photograph of ALBERT OSBORNE taken October, 1963, and reported that in his opinion, that person is identical with JOHN HOWARD BOWEN whom he, BRUNINGA, interviewed at Florence, Alabama, February 8, 1964.

Miss PAMELA LILLIAN MUMFORD furnished the following information:

She continues to be employed as a legal stenographer at Dillavou and Cox, Attorneys, 611 Wilshire Boulevard, Room 700, Los Angeles. She resides at the Jaqueline Apartments, 153 North New Hampshire Avenue, Apartment No. 212.

Miss PATRICIA WINSTON, who was her former roommate and with whom she was traveling around the world, departed Los Angeles on January 21, 1964, and is presently residing with her parents in Flat 4, #8 Wood Street, Manly, Sidney, Australia.

Three photographs of ALBERT OSBORNE, also known as JOHN HOWARD BOWEN, were displayed to Miss MUMFORD. The first photograph was taken in October, 1963, in connection with his passport application and shows his head and shoulders. He is wearing a white shirt. The second and third photograhs were taken on February 8, 1964, and he is wearing a dark suit, white shirt, and striped tie, and is holding a pipe in his right hand. These are stand-up, full face and profile photos.

Upon viewing these photographs, Miss MUMFORD advised that she was positive that this individual was identical to the man whom she had seen and who sat next to LEE HARVEY OSWALD on the bus which had come from Nuevo Laredo, and which she and Miss WINSTON had boarded at Monterey, Mexico, on September 26, 1963, and which arrived in Mexico City on September 27, 1963. During the time that Miss MUMFORD was on the bus, OSWALD sat next to this man, whom she had previously described as "the Englishman".

ALBERT OSBORNE, whose permanent address is 920 [redacted] Salinas, Box 308, Laredo, Texas, was interviewed at his [redacted] temporary place of residence at the Central YMCA, Nashville, Tennessee, where he is registered under the name JOHN H. BOWEN.

At the outset of the interview, OSBORNE denied his true identity and claimed that his name was JOHN H. BOWEN; however, he later admitted that his correct name is ALBERT OSBORNE and he furnished the following background information concerning himself:

OSBORNE indicated that he was born November 12, 1888, at Grimsby, England, to JAMES OSBORNE and EMILY COLE OSBORNE, both of whom are deceased. He identified his brothers as WALTER OSBORNE, Grimsby, England; ARTHUR OSBORNE, Grimsby, England; WILLIAM OSBORNE, deceased, and FRANK OSBORNE, deceased. He identified his sisters as EMILY FEATHERSTONE, Grimsby, England; FLORE BOND, London, England; ROSETTA GELL, Lincolnshire, England, and ADA AMOS, Gary, Indiana. He stated that he was educated at St. James Academy at Grimsby, England, until the eighth grade. OSBORNE stated that he joined the British Army in 1908, serving in India, Arabia, and Bermuda. He purchased his discharge from the British Army in 1914 while in Bermuda and thereafter came directly to the United States and proceeded to Washington, D. C., where he obtained employment in several grocery stores under his correct name, ALBERT OSBORNE. While in Washington, D. C., he took a correspondence course in Religion from the University of Chicago. Thereafter, he went to Philadelphia, Pennsylvania, where he attended the Philadelphia Bible College for approximately one year while living and working as a janitor at the YMCA in Philadelphia. In 1916, he proceeded to Canada, where he joined the Canadian Army as OSBORNE and remained in the Canadian Army until the cessation of hostilities in World War I. Thereafter, he returned to Washington, D. C., where he met a Syrian, whose name he does not recall, and went into the rug cleaning business with this individual.

OSBORNE indicated that the rug cleaning business was of an itinerant nature and he and the Syrian traveled throughout the United States in this venture. During this period and at the suggestion of the Syrian, he adopted the name JOHN H. BOWEN, in order to obtain a more Americanized name and for the purpose of eventually obtaining American citizenship and an American

passport in order that he might accompany the Syrian to the latter's native country. He indicated, however, that he did not thereafter take any steps to obtain American citizenship or to obtain an American passport. He stated that he took no steps to have his name changed legally but merely adopted the name BOWEN. After leaving the rug cleaning business, he worked for several years as an itinerant gardener primarily in the States of Virginia and North Carolina. In 1929, he went to Knoxville, Tennessee, where he became affiliated with the YMCA in that city in boys' work and indicated that he organized the organization which subsequently became known as the Boys Club of America.

OSBORNE indicated that he remained in Knoxville, Tennessee, until about 1943 when he became an itinerant Baptist preacher throughout the south, having been ordained as a Baptist Minister in the Bethany Baptist Church, Philadelphia, Pennsylvania, in 1916 after he attended the Philadelphia Baptist College.

OSBORNE stated that he first visited Mexico in 1939 as a tourist and became interested in missionary work and has been in and out of Mexico numerous times since then.

He indicated that for the past twenty years he has maintained occasional residence and a permanent mailing address at 920 Salinas, Box 308, Laredo, Texas. In this connection, OSBORNE denied that he had ever received correspondence from relatives addressed as "Albert Osborne, care of John H. Bowen, Box 308, Laredo." He said he was well known at Laredo, Texas, as JOHN H. BOWEN and was a member of the First Baptist Church in that city.

OSBORNE stated that he got in trouble in Mexico in about 1956 when the Mexican authorities were conducting sort of a census in order to identify Americans residing in Mexico. He stated that when he was questioned by Mexican authorities he was required to produce identification documents and the only documents he had were his birth certificate and Canadian Army enlistment papers in the name of ALBERT OSBORNE, which he produced, stating, "This mixed my name up with people in Oaxaca," and indicated that he was known in Mexico by the names OSBORNE and BOWEN.

He indicated that he had used the name JOHN H. BOWEN in the United States since about 1916 except when he applied for and received a Canadian passport at New Orleans, Louisiana, on October 10, 1963, in the name OSBORNE, using the above-mentioned OSBORNE identification documents. He indicated that after obtaining the passport he visited his sisters and brothers in England and a Baptist Church in Madrid on a 21-day trip ending in New York, December 5, 1963. He traveled to Europe and returned to the United States as a passenger on the Icelandic Airlines.

OSBORNE was questioned concerning his missionary work in Mexico. He indicated that he had visited various evangelical churches in Mexico City and other places in Mexico providing books and financial assistance to these churches. He was questioned concerning his source of funds to provide the financial assistance and books and he stated that these funds came from various independent Baptist Churches and members of Baptist Churches with whom he was in contact. He was questioned concerning the identity of others who knew of his work in Mexico and he mentioned he was well known to PERCY COX, who is well known in Baptist missionary circles in Mexico City, and whose name is listed in the Directory of Americans Residing in Mexico City. He also indicated LEONARD INGRAM, who operates a publishing house of religious materials in Mexico City, could provide information concerning his work as a missionary in Mexico. He indicated he was well known to the Bible Society known as the Mexicana Bible Society in Mexico City.

Regarding churches from whom he has received financial support, he indicated that the First Baptist Church, Roanoke, Virginia; Isabell Baptist Church, Leighton, Alabama, and several other churches in that area as well as some churches in Florida, the identity of which he was unable to provide, assisted him financially. He indicated that EARL KIRBY, who is postmaster at Leighton, Alabama, was a person who had rendered considerable financial assistance to him. OSBORNE emphasized that he did not solicit these funds but that these churches and individuals knew of his work and voluntarily sent contributions from time to time.

OSBORNE was specifically questioned concerning specific activities since June, 1962. In this connection, he indicated that in June, 1962, he was at Laredo, Texas. He stated that since that time he has been traveling around considerably. When questioned for specific places he had been in his activities, he indicated he had spent some time in New Orleans and Baton Rouge, Louisiana, and other Louisiana towns and cities looking for old, rare books which he collected and was able to sell for a profit. He indicated that he stayed in rooming houses and cheap hotels, none of which he was able to identify. He was questioned concerning his contacts during that period but was unable to provide specifics.

OSBORNE was questioned specifically concerning his trip to Mexico City on September 26, 27, 1963. OSBORNE indicated that he was a passenger on the Red Arrow Bus Lines from Laredo, Texas to Mexico City, on September 25, 26, 1963. When reminded that he had previously furnished bus ticket stubs of the Red Arrow Bus Lines indicating that he journeyed to Mexico City from Laredo on September 26, 1963, OSBORNE indicated that it was possible that the date of the beginning of his journey was September 26, 1963, but that it was his first recollection that he left on September 25, 1962. He maintained that on the trip to Mexico City there were no other English-speaking people who were fellow passengers and specifically denied that LEE HARVEY OSWALD, whose picture he had viewed on several occasions, was a fellow passenger. He stated he was seated on the bus with a young Mexican or Spanish-appearing person who apparently spoke no English. He stated that this person boarded the bus on the Mexican side of Laredo. He said this person was wearing khaki pants, colored shirt and no hat, and he indicated this person tended to be bald-headed and had a sallow complexion. He got off the bus at the first coffee break at Sabino Hilidgo. His seat mate re-entered the bus after the coffee break, but proceeded to the rear of the bus where he slept. OSBORNE indicated that the only conversation he had with any person on the bus was with two elderly Mexican women who were holding a young baby.

NR 105-891
DL 100-10461
JER:mvd/les

He stated that the nature of his conversation with these elderly women was to apologize to them for any inconvenience he may have caused them in pushing his seat back since they were seated behind him. He stated he did not know where the boy who was his seat mate at first left the bus, indicating he may have left the bus at Monterey, Mexico. He denied seeing and talking to an English couple and denied seeing and talking to two Australian girls who boarded the bus at Monterey. It is his present recollection that he arrived at Mexico City September 26, 1963, at 9:30 P.M. and took a bus to Puebla where he stayed at the Teresa Hotel.

He indicated that he remained there two or three days and then picked up some religious books at the Evangelical Book Store and proceeded to Texmelucan and went to a residence maintained by missionaries who are native preachers who come and go from that residence. He indicated that he returned to Laredo on October 1, 1963 by Vera Cruz and thereafter went to New Orleans, Louisiana, where he obtained his Canadian passport on October 10, 1963. He remained in New Orleans about three days and returned to Laredo, where he remained a few days and then went to New York City via bus leaving New York City for London as mentioned above. He indicated he was in New York City approximately two days staying at the William Sloan on 34th Street under the name OSBORNE.

OSBORNE admitted he had been untruthful in three previous interviews concerning his own identity and had furnished false information concerning JOHN H. BOWEN, whom he had previously indicated was an acquaintance for whom he, OSBORNE, has been frequently mistaken. He indicated that his reason for his untruthfulness was that he had been caught up in his own web of furnishing false information years ago to the Mexican authorities which established his dual identity as OSBORNE and BOWEN.

It is noted that OSBORNE had in his possession at the time of the interview Canadian Passport No. 5-605377 in the name of Reverend ALBERT OSBORNE, occupation - Clergyman. His place of birth was listed as Grimsby, Lincoln, England, November 12, 1888. This passport is valid until October 10, 1968. It was issued at New Orleans, Louisiana, by G. F. BLACKSTOCK, Consul of Canada.

Contained with the Canadian passport was an International Certificate of Vaccination in the name of ALBERT OSBORNE, 1441 Drummond Street, Montreal, Canada, which was issued at the U. S. Quarantine Station, Laredo, Texas. A notation contained in this document indicated he was vaccinated on September 24, 1963, at the above mentioned Quarantine Station. It was also noted that OSBORNE had in his possession Social Security Card No. 449-36-9745 in the name JOHN HOWARD BOWEN. It was also noted he had in his possession a Texas Company Gasoline Credit Card, T11372, in the name JOHN H. BOWEN. Typed on this card is the above Social Security Number.. The expiration date or the date of issuance on this gas credit card was obliterated.

OSBORNE was questioned concerning his means of livelihood in the past several years. He indicated that he was an expert gardener and when funds became low he obtained jobs at various places as an itinerant gardener. When questioned for names of persons or concerns for whom employed, he was able to furnish only the name of Tyler Nursery Company, Tyler, Texas, as a place where he worked during the summer of 1963. However, he indicated that he had worked at various homes in other Texas cities including Austin, but maintained that he could not recall names of such employers nor was he able to furnish identities of other cities where he had worked as a gardener.

OSBORNE was advised that his photograph had been positively identified by other English speaking people on the Red Arrow Bus from Laredo, Texas, to Mexico City on September 26, 27, 1963. OSBORNE again denied that he was on a bus with any other English speaking people and that he himself spoke no English to anyone on the bus.

He stated that since he had finally revealed his true identity that he would have no purpose in being further untruthful, and that if he were a passenger on the bus with LEE HARVEY OSWALD and other English speaking people, he would freely admit same now, but he continued to maintain that he had never seen OSWALD or been a fellow passenger with him on the bus or the above-mentioned English couple and Australian girls.

Date December 24, 1963

OSCAR FERRINO, owner of the St. Anthony Hotel, Laredo, Texas, advised that JOHN HOWARD BOWEN has been staying at the St. Anthony Hotel in Laredo for many many years as he travels to and from Mexico. FERRINO stated that BOWEN is a Baptist Missionary who teaches the Baptist Religion in Puebla, Mexico, and at present is operating a school for approximately 25 to 30 boys. FERRINO advised that he has no records for BOWEN at the hotel for the past two or three months inasmuch as a typewriter belonging to BOWEN was stolen at the hotel and that he gave BOWEN free rent at the rate of $8.00 per week for Room 108 which is the room BOWEN always occupies until typewriter is paid for and, therefore, did not enter his appearance at the hotel in the registry book. FERRINO stated that BOWEN is approximately 80 years old, but appears to be around 60 or 70 years, is heavy set, bald headed, and is approximately 5'9" tall.

FERRINO stated that he forwards BOWEN his mail each Friday to the address of "JOHN HOWARD BOWEN, Emilio Carranza 4-A Texmelucan, Puebla, Mexico".

On January 15, 1964, OSCAR FERRINO, St. Anthony Hotel, Laredo, Texas, advised Special Agent ROBERT L. CHAPMAN that approximately two weeks prior to that date, JOHN HOWARD BOWEN had passed through Laredo from Mexico. He stated that BOWEN told him that BOWEN had been interviewed in Mexico by the Federal Bureau of Investigation and he was then en route to Austin, Texas, for interview by the Federal Bureau of Investigation in Austin. He said BOWEN did not leave any forwarding address, but stated he was en route to Kansas City to straighten out his Social Security and said he, BOWEN, would write to FERRINO and tell him where to forward his, BOWEN's, mail. BOWEN did not state what the FBI had interviewed him about in Mexico.

On February 14, 1964, Miss NANCY DAVIS, Secretary to K. W. NEWMAN, Manager, William Len Hotel, Memphis, Tennessee, advised Special Agent WILLIAM H. LAWRENCE from records that one ALBERT OSBORN , listing his home (no number) at Drummond Street, Montreal, Canada, William Len Hotel, Folio No. 90193, checked into this hotel on January 17, 1964, stayed in Room 205, at the rate of $4.68 and checked out January 18, 1964, leaving no forwarding address, made no telephone calls, and occupied the room by himself.

On February 14, 1964, Mrs. SUE HOWARD, Room Clerk, who checked OSBORNE into the hotel, and Mrs. MARTHA BRENNAN, cashier, who checked him out, and Bellman RAYNER DANNER, who took his bags to Room No. 205, all advised Special Agent WILLIAM H. LAWRENCE, after viewing photographs of ALBERT OSBORNE, that they did not recall him and had no idea as to his purpose in being at Memphis, Tennessee.

Date February 17, 1964

On February 16, 1964, WILLIAM S. SHIVELY, JR., 6650 North Clippinger Drive, Cincinnati 43, Ohio, advised he was unacquainted with any ALBERT OSBORNE or any JOHN HOWARD DOWD.

He said he is a third-year student at the University of Cincinnati and had hitchhiked from Cincinnati to Laredo, Texas, during September, 1963, and bought a railroad ticket from there to Mexico City, Mexico, on September 22, 1963. He said he lived at the Royal Prince Hotel while in Mexico City and had also visited Veracruz, Mexico, for several days, staying at the Emporio Hotel. On October 2, 1963, he left Mexico City for Laredo, Texas, via a bus line, name unrecalled, since he failed to make train connections. At Nuevo Laredo, Mexico, Mexican authorities checked out the passengers on the bus by taking their tourist cards that were issued upon entering Mexico. He said his tourist card was taken also.

Upon being shown the photograph of ALBERT OSBORNE, he said he merely recalled seeing someone who looked like that person either at the bus station in Mexico City or on his bus ride from Mexico City to Laredo, Texas, on October 2, 1963. SHIVELY said he had no conversation with OSBORNE who was not recalled as traveling with anyone else. Also, SHIVELY stated he was unacquainted with the other passengers on the bus, which had about thirty passengers. He stated he could not remember where OSBORNE departed the bus and did not know his destination or whereabouts. Also, he said he was unable to recall what luggage, if any, OSBORNE had, or the type of clothing he wore.

SHIVELY advised he was unable to recall ALBERT OSBORNE's height, weight, color of eyes, color of hair other than greying, or any peculiarities. He said that had he had any conversation with OSBORNE, SHIVELY would have been able to furnish more information.

Dallas T-7, a confidential source abroad, advised on February 7, 1964, that under that date the Spanish police reported their records fail to reflect entry into Spain of ALBERT OSBORNE or JOHN HOWARD BOWEN, elderly white male. Further, no record of OSBORNE was located in the Embassy records, Paris, France.

Dallas T-6, supra, reported under date of February 4, 1964, that efforts by the Royal Canadian Mounted Police Headquarters, Ottawa, Canada, had developed no additional information regarding ALBERT OSBORNE than that previously reported but efforts were continuing.

Little Rock T-1 reported on February 3, 1964, that JOHN HOWARD BOWEN left a forwarding address at the Hot Springs, Arkansas, U. S. Post Office, on January 29, 1964, of General Delivery, Russellville, Alabama.

The following investigation was conducted by SA HORACE H. WILLIS:

Mrs. WILEY UPTAIN, Route 2, Leighton, Alabama, advised February 13, 1964, JOHN HOWARD BOWEN lived at her home during most of approximately two weeks he visited North Alabama, in late January and early February, 1964. She advised she did not know details of BOWEN's itinerary en route back to his home in Mexico, however, she said she transported BOWEN to Russellville, Alabama, on February 10, 1964, where he said he planned to board a Greyhound Bus at 11:32 a.m., February 10, 1964, en route to Mexico, the exact place she did not know, stating she understood BOWEN conducted much of his business at Laredo, Texas. She said BOWEN indicated he intended to contact friends at Birmingham, Alabama, and at New Orleans, Louisiana, en route. He never identified these friends by name or address. She stated she expected BOWEN to reach Mexico on or before February 17, 1964.

Birmingham T-1 reported on February 13, 1964, that the Post Office, Russellville, Alabama, received a postcard postmarked Birmingham, Alabama, February 10, 1964, advising the Russellville Post Office to forward mail for BOWEN to JOHN HOWARD BOWEN, General Delivery, Corpus Christi, Texas.

Mrs. VIRGIL (WILMA) DYKES, 1038 South Whitcomb, Indianapolis, Indiana, advised that she is a contributor to the Baptist mission in Mexico. She stated that approximately two years ago, someone submitted her name to this particular mission run by JOHN HOWARD BOWEN, and she has been contributing to this mission ever since that time. She stated her last contribution was mailed in the middle of January, 1964, to BOWEN at Niza 22, Mexico.

Mrs. DYKES personally never met BOWEN, but has received a number of thank you notes from BOWEN and Christmas cards with some informative comments concerning the mission and himself. She stated the last thank you card contained information that he had hurt his back and was going to Hot Springs, Arkansas in January, 1964, and that for any reason, could be located through General Delivery in that city.

Mrs. DYKES was exhibited two photographs of BOWEN, which she was unable to identify. She further advised she never heard of the name ALBERTO OSBORNE.

Mrs. DYKES made available a group photograph of BOWEN along with some of his parishioners, which was apparently taken in December, 1961, and it was sent to her by BOWEN as a Christmas card.

Mrs. DYKES advised she had no other information available pertaining to BOWEN other than it was her impression that he was running a bona fide Baptist mission in Mexico.

Mrs. EUGENE (LOLA) LOVING, 2617 Seventeenth Street, Forest Grove, Oregon, said on January 31, 1964, that her husband is no longer living but that prior to his death, both he and she had been active missionaries for the Pentecostal Church of God, serving for a number of years in Indonesia.

In the early 1950's, they returned from Indonesia, and in about 1956 they and their daughter, SHARON, went to Mexico City, where they opened a Bible School for the Pentecostal Church of God. Not long after beginning their work, they met another missionary by the name of ALBERT OSBORNE. This man, whom she believed to be a Baptist, had a mission at Texmelucan, not far from Mexico City. His mission consisted of his own large home where he gathered in young men who appeared to have no homes or ties, trained them and then sent them out on their own as missionaries.

It was not long before the LOVINGs found that OSBORNE was using two names. His second was JOHN HOWARD BOWEN. In fact, OSBORNE readily admitted the use of both names and voluntarily explained that JOHN HOWARD BOWEN, at one time, had been an associate of his in the mission at Texmelucan but had died. Monetary contributions for the mission, which is dependent upon such donations, kept coming in to Texmelucan in BOWEN's name, and rather than lose this money, OSBORNE had gone to banking officials and explained the situation. Specifically mentioned by OSBORNE were American Express authorities in Mexico City, who had agreed to honor the contributions and make the payments to OSBORNE, using BOWEN's name. Consequently, over the years since that time, OSBORNE had assumed the dual identity.

Mrs. LOVING continued that she and her husband and daughter were in Mexico City until about 1958 and that during that time and over the years since, OSBORNE has used both names indiscriminately. She pointed out that he continues to correspond with her and that she never knows, from letter to letter, which name he will be using. She usually writes to him, however, in the name of ALBERT OSBORNE.

Mrs. LOVING went on to say that she had received a letter only a week ago from OSBORNE. The return address, which she had torn from the letter, was ALBERT OSBORN, Emilio Carranza 4-A, Texmelucan, Pue. Mexico, which, she said, was the address of his mission. She expressed the belief that OSBORNE would be at that address at the present time, having only recently returned from Europe. She recalled that in recent weeks, possibly in the past month or two, she had received a letter from OSBORNE in Spain.

Mrs. LOVING readily and without hesitation identified two photographs of JOHN HOWARD BOWEN and one of ALBERT OSBORNE as being those of the same person, ALBERT OSBORNE, the man she had known in Mexico. She frequently referred to OSBORNE as a "fine old man" and indicated that she regarded him highly. At one period in his life he supposedly served for twenty years as a missionary in India. Mrs. LOVING believed him to be an American citizen but said she knew of no connections of OSBORNE in the United States except some friends in Texas, whom he visits from time to time. She identified one of his friends as the Reverend WALTER L. HLUCHAN, Post Office Box 1343, Eagle Pass, Texas, who operates a mission near Eagle Pass. Mrs. LOVING said that it had been Reverend HLUCHAN who had introduced OSBORNE to her and her husband and that Reverend HLUCHAN knew OSBORNE well and possessed detailed information concerning him.

Mrs. EUGENE (LOLA) LOVING, 2617 7th Street, Forest Grove, Oregon, advised on February 11, 1964, that she had destroyed the last letter which she had received from ALBERT OSBORNE. This was the letter which bore the return address of ALBERT OSBORN, Emilio Carranza 4-A, Texmelucan, Pue. Mexico. Mrs. LOVING went on to say that she felt that the letter was written from Texmelucan although this may have been only because she was aware that that was his normal address. She recalled definitely that the letter had come from Mexico because it bore Mexican postage stamps which she had removed and saved for a friend.

Mrs. LOVING further advised that every month she sends a financial contribution to OSBORNE, always sending the contribution to him at Texmelucan. The contributions are usually by check, the checks being cashed at American Express in Mexico City.

Mrs. LOVING added that she was currently preparing a contribution of clothing which was to be sent to OSBORNE. She pointed out, however, that regulations prevent shipment of such clothing into Mexico and consequently such clothing contributions are picked up by OSBORNE when he comes to the United States for visits. He normally informs her as to what point she should mail such clothing. These locations are usually in Texas, Mrs. LOVING said, since that is where he usually visits.

Mrs. LOVING recalled that in the last letter received from OSBORNE, the one which had been destroyed, he had told her that the

clothing this time should be sent to him in either name, ALBERT [redacted] OSBORNE or JOHN HOWARD BOWEN, Post Office Box 308, Laredo, Texas. Mrs. LOVING said that this was the address of a friend of OSBORNE's but that she had never known the name of this individual. She commented that she presumed, in view of his mailing instructions to her, that OSBORNE might be at this Laredo, Texas address either at present or soon if he is not currently in Texmelucan.

Reverend WALTER LADDIE HLUCHAN, Pentecostal Church of Christ, 711 Madison, Eagle Pass, Texas, advised as follows:

In 1939 he was assigned by the Pentecostal Church of Christ to do missionary type work at Vera Cruz, Vera Cruz, Mexico. In the latter part of this year, 1939, he met a person who was introduced to him as JOHN HOWARD BOWEN at the residence of Reverend A. C. HORSTMAN, then a missionary for the Pentecostal Church of Christ at Vera Cruz. At this time the person he met as JOHN HOWARD BOWEN, but whose true name he now knows to be ALBERT OSBORNE, was living at Nocheslan, Oaxaca, Mexico, which location is between Oaxaca City, Oaxaca, Mexico, and Puebla City, Puebla, Mexico. OSBORNE had suffered financial losses due to a flood in Oaxaca and at that time he (HLUCHAN) bought a Remington portable typewriter from him (OSBORNE) for 150 pesos ($30.00 in United States money). OSBORNE was at this time selling Bibles and distributing religious literature but was apparently not connected with any specific church or religious denomination.

After this he did not see OSBORNE for approximately eight months but during the following twelve months, 1940-41, he visited OSBORNE several times at Nocheslan, Oaxaca, Mexico, when he (HLUCHAN) chanced to be in Nocheslan on duties connected with his missionary work.

In 1941 he (HLUCHAN) became extremely ill from fever and because of ill health left Mexico for about nine years. During this period he did not see OSBORNE and did not receive any information concerning him. In late 1949 or early 1950 he (HLUCHAN) returned to Mexico City to continue his missionary work. During the next eight or nine years, 1950-58, he saw OSBORNE on about four or five occasions, most of which were at the Mexico City, Mexico, home of Mrs. LOLA LOVING, wife of a now deceased missionary who now resides at 2223 A Street, Forest Grove, Oregon, and that at some unrecalled date between 1950 and 1958 OSBORNE changed his residence from Nocheslan, Oaxaca, Mexico, to Texmelucan, Puebla, Mexico, which location is also known as San Martine, Puebla, Mexico.

In about 1958 OSBORNE was in some difficulty with the Mexican Immigration authorities at Mexico City concerning his residence in Mexico and his using the name JOHN HOWARD BOWEN.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

On one occasion during this period he (HLUCHAN) was at the residence of Mrs. LOLA LOVING in Mexico City and OSBORNE, who was also at the residence, was discussing his problems with the Mexican Immigration authorities. At this time OSBORNE explained in his (HLUCHAN's) presence that many years ago (HLUCHAN did not recall if OSBORNE indicated a specific number of years) he, OSBORNE, had come to Mexico with one JOHN HOWARD BOWEN to do missionary type work. A short time later he lost or misplaced his Mexican Tourist Card which permitted him to live legally in Mexico and it happened that BOWEN, with whom he had come to Mexico and with whom he was doing missionary work, was leaving Mexico and did not need his Mexican Tourist Card. OSBORNE explained that for this reason BOWEN gave him his Mexican Tourist Card to use for identification as a tourist legally in Mexico. OSBORNE explained that subsequent to this he (OSBORNE) was known to persons whom he met as JOHN HOWARD BOWEN and among all his acquaintances he used only this name.

Reverend HLUCHAN stated that he positively does not know any reason other than the above as to why OSBORNE used the name JOHN HOWARD BOWEN. Reverend HLUCHAN stated although he met OSBORNE in 1939 he has probably seen him less than a dozen times, has never been closely associated with him and has not seen him since sometime in 1961. Reverend HLUCHAN stated he does not know of any ministerial training OSBORNE may have had, OSBORNE has indicated that prior to going to Mexico he had done missionary work in India for many years; he has never heard OSBORNE called anything but "Mr."; he has never known OSBORNE to have an associate or to organize a church in Mexico; he has never known the religious faith of OSBORNE; as to his knowledge OSBORNE has distributed literature of the Methodist, Baptist, and other churches and had at times indicated a connection with an unknown church in England. Reverend HLUCHAN stated OSBORNE has for many years given religious instruction to Mexican boys who resided at his residence and has distributed religious type literature in Mexico. Reverend HLUCHAN pointed out that during the time he has known OSBORNE since 1939, the only letter he recalls receiving from him was one he received in early February, 1964, indicating a return address of EMILIO CARRANZA 4A, Texmelucan, Puebla, Mexico, which letter was signed ALBERT OSBORN , and including information that OSBORNE had apparently returned to Texmelucan shortly before Christmas, 1963, after participating in evangelistic services in England, Spain, Northern France and Northern Africa.

DL 100-10461

Reverend HLUCHAN pointed out that he was vague on some dates regarding his contacts with OSBORNE as he was unable to recall clearly the details of these contacts. Reverend HLUCHAN stated that he has never known OSBORNE to be connected with any occupation or activity other than missionary type work in Mexico and does not know anything unfavorable concerning him. Reverend Hluchan concluded by stating that he could not give any additional information or reason why OSBORNE had used the name JOHN HOWARD BOWEN when his true name was ALBERT OSBORNE.

The following investigation was conducted by Special Agent DEAN W. GASTEIGER:

AT JONESVILLE, VIRGINIA

On February 17, 1964, GEORGE FULLER CRIDLIN, age 16, Jonesville, Virginia, son of JOE CRIDLIN, Judge, Circuit Court, Lee County, Virginia, and a student at Jonesville, Virginia, High School, advised that he had met a JOHN HOWARD BOWEN a couple of years ago, when he was in Appalachia, Virginia, for a church meeting. He said as a result of this, and influence of his mother, he became interested in the missionary work that BOWEN was reported to be doing in Mexico, and therefore, sent him some money to be used in the missionary work. He recalled that about January, 1964, he sent about $14.00 to him in Mexico, but he could not recall the address. He mentioned his mother, Mrs. JOE CRIDLIN, would be able to furnish more information concerning BOWEN. He was shown the photograph of ALBERT OSBORNE and he said he could not be sure if this person is identical with BOWEN.

On February 18, 1964, Mrs. JOE CRIDLIN, Jonesville, Virginia, advised that she knew a JOHN HOWARD BOWEN, and a photograph of ALBERT OSBORNE was shown to her. She said that this photograph resembles the person she had met as BOWEN. She recalled she first heard about BOWEN through her sister, Mrs. LOUISE FULLER FRALEY, Appalachia, Virginia, when he first came to Appalachia, Virginia, about 20 years ago and spoke to a group in Appalachia, Virginia, about his missionary work. She did not see BOWEN until about two years ago when he returned to Appalachia, Virginia, and stayed with her sister, Mrs. FRALEY, for a night, and while in Appalachia, he spoke before a group at the Baptist Church. She said that about six years ago she decided to send some money to BOWEN to help out in the missionary work he had said he was doing in Mexico. She stated since then she has been receiving correspondence from BOWEN and presently has numerous letters that he has written. She said that the last letter she received from him was postmarked Chattanooga, Tennessee, January 22, 1964, which had a return address of JOHN HOWARD BOWEN, Niza 22, Mexico, D. F., and this letter mentioned that in December, 1963, he had a back injury and went to Hot Springs, Arkansas, for treatment, but when he got there the pain went away and he returned to the Mexican border and he still did not have any pain. Also in this letter was a receipt for $50.00, dated December 31, 1963, signed JOHN HOWARD BOWEN, on a

receipt form of the Mixteca Baptist Church, Number 151. Mrs. CRIDLIN explained she had sent BOWEN $50.00 to be used in his missionary work. She said that when she would send clothes for use in the missionary work they would always be sent to Box 304, Laredo, Texas, at BOWEN's request.

She related that her son had sent a Cashier's Check for $14.00 to him recently and it was sent to JOHN HOWARD BOWEN, Niza 22, Mexico, D. F., but he has not received any indication that BOWEN received this money.

She received a letter dated January 6, 1964, from JOHN HOWARD BOWEN which mentioned that he was going to Hot Springs, Arkansas, for treatment for a sprained back. Also this letter contained a report of the gifts he had received from Americans and Mexicans to be used in the mission. She also received a letter in October, 1963, which indicated that BOWEN was going to Spain to talk regarding his mission. A letter postmarked November 28, 1963, Madrid, with return address of JOHN HOWARD BOWEN, Plaza de las Cortes 2, Madsia, Espana, indicated that he was returning the next week. Also, at one time, BOWEN had given his address as JOHN HOWARD BOWEN, Av. Juarez 8, Mexico, D. F.

AT APPALACHIA, VIRGINIA

On February 18, 1964, Mrs. LOUISE FULLER FRALEY, Appalachia, Virginia, said she first met JOHN HOWARD BOWEN about 20 years ago when he came to the First Baptist Church, Appalachia, Virginia, and spoke in the church. She related she had not seen him again until about one and one-half years ago, when she received a message from him that he was in Knoxville, Tennessee, and wanted to come to Appalachia, Virginia, to speak at the church. She arranged for him to speak on one occasion and he stayed that evening in her home. She said she knew very little about BOWEN except what he has written in his letters. She ascertained from these letters and conversations with him that BOWEN reportedly was 82 in January, 1963, his wife had been killed in 1963; and his children had died in India where he reportedly had been a missionary for the Baptist Church. He had, in September, 1962, mentioned that a Deacon in the First Baptist Church, Knoxville, Tennessee, had given him enough money to finance his mission for three years. He was also well acquainted with

Mr. and Mrs. FRED ALLEN, 1400 North 4th, Knoxville, Tennessee. He mentioned he had been checked by the Internal Revenue but when they found he operated a mission they discontinued their investigation.

He is not sponsored by the Baptist Church in his mission work, but reportedly is doing the missionary work on his own. She said on occasions she has contributed money to BOWEN's mission.

She said she does not know anything about BOWEN except what he has written or told her. The photograph of ALBERT OSBORNE was exhibited to her and she advised that OSBORNE's photograph appears to be identical with the person she knows as JOHN HOWARD BOWEN who visited in her home about one and one-half years ago.

ALLEN, Sr., 1400 North 4th Avenue, Knoxville, are long-time friends of JOHN HOWARD BOWEN, whom he described as an 84 year old missionary. Reverend ALLEN stated that BOWEN has worked as a missionary in Mexico for the past 22 years.

Reverend ALLEN advised he has not seen BOWEN for quite some time, but advised he had recently received a post card from BOWEN postmarked 2/18/62 at San Antonio, Texas. He advised this was an airmail postcard of the type purchased at U. S. Post Offices. He said the only message on the card was BOWEN's new mailing address and that BOWEN hoped to hear from him soon. Reverend ALLEN stated the new address furnished by BOWEN was Niza 22, Mexico D. F.

Reverend ALLEN advised he had absolutely no idea as to BOWEN's present whereabouts, but advised he would immediately notify the Knoxville FBI Office if he or his parents heard anything further from BOWEN.

Mrs. BESSIE WHITE, Vice President, Pisgah Home Movement, Pikeville, Tennessee, advised she has known of JOHN HOWARD BOWEN for about the past four years. She stated she received information through some source, unrecalled at the present time, that BOWEN was a supervisor of a mission in Mexico, and she has been making contributions to be used to support one of the Evangelists. She said that BOWEN is a representative of the Pentecostal or Full Gospel Church and that he reportedly has several Evangelists working under him at this mission that he operates. She said that the Evangelists are reportedly Mexicans and are working throughout Mexico.

She indicated that she contributes $35.00 per month at the present time but originally only contributed $25.00 per month. This money is supposed to be used to support one of the Evangelists and she receives a receipt each month from the person who received the money. The money is sent to BOWEN, who, in turn, makes the money available to the Evangelists. BOWEN also furnishes a receipt indicating that he receives the money that she contributes. She stated that she makes the contribution in the form of bank drafts, which are drawn on the First National Bank of Pikeville, Pikeville, Tennessee, and these drafts are made payable to BOWEN. She said that these cancelled bank drafts, as well as the receipts, are presently in her possession. She said that she has received information that other persons were contributing to this same cause, but she did not know the identity of any of these persons. She said that BOWEN has never solicited any contributions from her, however, he did notify her that the cost of supporting one of the Evangelists had increased from $25.00 to $35.00 per month. She has never seen BOWEN and her only contact has been through the United States mails by letter.

She said that she knew very little about BOWEN, but he has advised her in his letters that he is originally from Knoxville, Tennessee. She does not know anything about his background but understands that he has been in Mexico for about 18 years doing missionary work. In addition to the money sent each month, the Pisgah Home Mission occasionally sends used clothing and other articles to BOWEN to be distributed to the needy.

She said that the only name she ever knew this person by was JOHN HOWARD BOWEN and his last address was Niza 22, Mexico, D.F., as of about two weeks previously. She said that the name of the Evangelist that she was supporting was a ZENNEN MIGUEL CRUZ, Niza 22.

MYRA SILVER, Secretary, Jones Printing Company, 422 Gird Street, New Orleans, Louisiana, was interviewed at her place of employment and advised that her records reflect the following information:

She stated that on May 29, 1963, a person who she understood gave his name as OSBORNE appeared at the Jones Printing Company and placed an order for 1,000 copies of a handbill, a rough draft of which he submitted on a 8 x 10 looseleaf paper. She stated that the handbill read as follows:

"HANDS
OFF
CUBA!

"Join the Fair Play for
Cuba Committee

"NEW ORLEANS CHARTER
MEMBER BRANCH

"Free Literature, Lectures

"LOCATION:

"EVERYONE WELCOME!"

She advised that the order was placed on job ticket # D-7548 and promised the completed product on June 4, 1963. She advised that the business relationship was strictly cash, due to the fact that her company had never done business with OSBORNE before.

She advised that her records show that OSBORNE appeared on May 31, 1963, and placed a $4.00 down payment on his order. She stated that the handbills were made up on June 1, and locked up on June 3, 1963. She advised that OSBORNE probably appeared on June 4, 1963, picked up his handbills and paid the balance of $5.89 in cash. The total cost for the handbills was $9.89.

She stated that the individaul who placed the order was a young man and that she recalls that although he gave her the name of OSBORNE, she may have been mistaken and understood that the name he gave was OSBORNE whereas he gave her the name of OSWALD. She stated that she repeated the name OSBORNE and that he did not correct her so that she assumed that that was his name.

Mr. IVAN D. MARICLE advised he is the Associate Registrar of the Baptist Annuity Board, Southern Baptist Convention (SBC), Room 202, 511 North Akard Street, Dallas, Texas. He said he had no record of JOHN HOWARD BOWEN in the files of that office and that he doubted BOWEN had ever been a Baptist minister or a regular appointed missionary from the information concerning BOWEN's background and history of employment.

He said that a record might be located in the files of the Foreign Mission Board, Southern Baptist Convention, 3806 Monument Avenue, Richmond, Virginia, if BOWEN served for any length of time under one of their appointments. He said the records of the Baptist Annuity Board at Dallas only cover members of the retirement plan of the Southern Baptist Convention in this area, and would not necessarily cover all persons listed in the Richmond Office of the SBC.

On February 27, 1964, Reverend REUBEN J. Reverend CANAS recommended contact with the following two organizations in the order they are set forth since these organizations would have a record of any Baptist missionary working in, or who has worked in, Mexico:

1. Baptist General Convention of Texas, Reverend DALLAS LEE, Co-ordinator, Language Mission Department, Baptist Building, Dallas, Texas.

2. Reverend ROBERTO BARRAS MAYNES, Executive Secretary of the Condencion Nacional Bautista, Mexico City D.F., Mexico.

Reverend CANAS advised that whereas there were numerous conventions within the Baptist Church in the United States, the missionary work in Mexico approximately the past twenty years has been consolidated into one organization.

On February 10, 1964, Mrs. RUTH PAINE, 2515 W. 5th Street, Irving, Texas, examined photographs of ALBERT OSBORNE, also known as John Howard Bowen, after which she advised she has never seen the person depicted in those photographs and has never heard either name to the best of her recollection.

It will be noted that Mrs. MARINA OSWALD was residing with Mrs. PAINE as of November 22, 1963, and had been an acquaintance of Mrs. PAINE for some months prior to that date.

During the investigation of captioned matter it was determined that at the time LEE HARVEY OSWALD was employed by Jaggars-Chiles-Stovall, Dallas, Texas, October 12, 1962, to April 6, 1963, he had a fellow employee known as JACK LESLIE BOWEN.

In an effort to determine if JACK LESLIE BOWEN was identical to or connected with JOHN HOWARD BOWEN, alleged missionary in Mexico, who was a fellow passenger with OSWALD on a bus trip to Mexico City on September 26-27, 1963, the following investigation was conducted:

A photograph of JOHN CAESAR GROSSI, also known as JACK LESLIE BOWEN, Federal Bureau of Investigation, Identification Number 3,967,794, was obtained from Wheat Photo Studios, Bryan Street at Peak, Dallas, Texas, on June 21, 1956, by SA NAT A. GARY EUGENE LAWLER advised he resides at 3235 Seevers, Dallas, Texas, and is employed by the Prior Products, Inc., at 3128 Record in Dallas. He said his residence telephone number is [redacted] and his business telephone number is MA 8-7411. He observed a photograph of JOHN CAESAR GROSSI, FBI No. 3 967 794, and advised he is identical with a person whom he knew as JACK BOWEN who formerly lived in the Oak Cliff area of Dallas at an apartment on Stevens Forest Drive. He said he last saw BOWEN about three weeks prior to February 15, 1964, when BOWEN was residing at the Executive Inn and told him he was leaving the following day on a trip to Mexico and New York. BOWEN told him on that occasion he could be reached through MAX CHERRY, c/o Mrs. M. M. CHERRY, at 3542 Purdue, Dallas, telephone EM 3-1246. He said that BOWEN told him he and CHERRY planned to go into the import-export business at El Paso, Texas, and Chihuahua, Mexico. BOWEN told him about a deal he had with a Mr. McCOLLOM who was in the insurance business in Dallas which had fallen through so he was going into business with MAX CHERRY.

He said BOWEN married a Canadian whose name is PATRICIA GERVAN BOWEN about three or four years ago and she lives with her mother, MABLE GERVAN, at 50 Ragland North, Renfrew, Ontario, Canada, and BOWEN is occasionally in contact with his wife's sister, EDNA ELLIOTT, who resides at 39 Lorne Street South in Renfrew, Ontario, Canada. LAWLER said he was employed at Jaggars-Chiles-Stovall until about November, 1963, and BOWEN was there for some time leaving about August. He said he recalled that LEE HARVEY OSWALD, the accused assassin of President JOHN FITZGERALD KENNEDY, was employed at this same firm for a very short time while BOWEN was there.

He said BOWEN had never discussed anything about the import-export business until after August of 1963. LAWLER said he was barely acquainted with LEE HARVEY OSWALD and only saw him when he went into the department where OSWALD was employed at Jaggars-Chiles-Stovall. He said he, LAWLER, was in the production office and BOWEN and OSWALD were in the camera department. He said that BOWEN set up a form of type called "Headliner" and produced miscellaneous art work, cartoons, etc.

LAWLER said he never discussed any political beliefs or anything except the production work with LEE HARVEY OSWALD while OSWALD was employed at the Jaggars-Chiles-Stovall plant in Dallas.

Enclosed herewith are ten copies of report of SA EMORY E. HORTON at Dallas 3/10/64.

In view of instructions set out in referenced Bureau airtel of 3/5/64 and the fact the Bureau is suggesting that the Commission might desire to subpoena ALBERT OSBORNE, aka JOHN HOWARD BOREN, and interview him under oath, Dallas is not setting out leads to develop background information on OSBORNE, nature of his activities since June, 1962, extent of his relationship with OSWALD, and reason for dual identity and being untruthful in interviews, UACB.

If the Bureau desires further investigation to develop such data on ALBERT OSBORNE and they definitely wish to establish his activities and movements during recent years, the Bureau is requested to so advise the Dallas Office and the necessary investigation will be initiated.

JOHN B. LE BLANC, Manager, Piggly Wiggly Store, 7041 Canal Boulevard, residence address 6001 Music Street, advised that some time subsequent to January 1, 1964, exact date not recalled, he was looking in an old address book for the telephone number of Blue Plate Foods in New Orleans, and he discovered the notation on the front page of the notebook written in his own handwriting "LEE OSWALD 529-7181 help." LE BLANC had no idea as to when he placed this notation in his notebook and only vaguely recalls that he made this notation when an individual had applied for a position. Upon finding out that there was no job available he left his name and telephone number with LE BLANC.

LE BLANC observed a photograph of LEE HARVEY OSWALD and was unable to identify OSWALD as the individual who had applied for a position prompting him to make a notation in his address book.

ALOYSIUS J. STOLTZ, also known as Harry Stoltz, salesman, Holsum Bakeries, Inc., 4700 Howard Avenue, residence address 501 West William David Parkway, Metairie, Louisiana, advised that sometime last year, exact date not recalled, an individual wearing a sport shirt and slacks approached him in front of the Piggly Wiggly Store at 838 Harrison Avenue just as STOLTZ was about to enter the front door. This person offered to sell STOLTZ several pieces of costume jewelry of different designs which he had displayed on a tray. The jewelry did not appear to be valuable, and the individual did not mention any prices except that he offered to sell the jewelry to STOLTZ "cheap." STOLTZ told him that he did not have any money and was not interested in buying jewelry.

Subsequent to the assassination of President KENNEDY, STOLTZ observed photographs of OSWALD on television and in the newspapers and immediately recognized OSWALD as the individual who had tried to sell him the costume jewelry.

STOLTZ was unable to state the date on which the above event occurred except that he remembered that it was in the warm weather because he, STOLTZ, was wearing a short-sleeve shirt. He said that he had never seen this individual before and had not seen him subsequent to the attempted sale of the jewelry.

STOLTZ observed a photograph of LEE HARVEY OSWALD and was positive that OSWALD was identical with the individual who tried to sell him the costume jewelry.

In December, 1963, the Communist Party (CP) meeting on the National Association for the Advancement of Colored People's Affair was held in Chicago. The chairman of this meeting gave a lecture concerning the Party's view point on the assassination of President JOHN F. KENNEDY. The chairman stated that there is more to this assassination than meets the eye, and there are many questions which have to be answered. He questioned, "Who really murdered President KENNEDY?" He mentioned that people in Dallas say that LEE OSWALD did it; however, it must be kept in mind that Dallas is one of the strongholds of the "ultra right." The chairman further stated that it has to be ascertained as to why an individual by the name of RUBY was able to wander about the Dallas Police Department without being questioned. Also, why was the Dallas Police Department able to hold OSWALD for two days without counsel? The chairman added that OSWALD had maintained his innocence until the end. He further questioned, "What did OSWALD know that the police department were afraid of?"

The chairman indicated that the original plan seemed to be to pin the matter on the ultra left, but the blame was quickly changed to the ultra right. He stated that within two hours of OSWALD's arrest the authorities were able to come up with a televised taped interview by OSWALD making it appear just as if everything was all set. He stated that there is one hope that the full story might be told since he did not believe "BOBBY KENNEDY would hold still for a whitewash."

Mr. ROBERT ROYCE AUGG, Recreation Leader, Boys Industrial School, Lancaster, Ohio, who resides at 623 Pine Street, Lancaster, Ohio, advised on March 11, 1964, that he was associated with LEE HARVEY OSWALD for about three or four months during the latter part of 1957 or the early part of 1958. At that time they were both assigned to the U. S. Marine Corps Air Control Squadron Number 1, Group 11, Atsuki, Japan. OSWALD had the bunk above him in the barracks. AUGG described OSWALD as an individual who kept to himself and who would not associate with other Marines when they went on liberty. OSWALD read considerably and spent much of his off duty time at the library.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

AUGG did not know the type or titles of any of the books that OSWALD read. When on liberty OSWALD would go off by himself and he had no idea of OSWALD's activities while on liberty. OSWALD did not give any indication of being a Marxist or Communist. AUGG stated that about the only thing that he ascertained from OSWALD, during conversation with him, was the impression that OSWALD's mother was wealthy, however, he later found out she was actually on relief.

OSWALD always appeared to have money, and AUGG had the impression that this money came from his mother.

The last time he saw OSWALD was one day he returned to their quarters and saw OSWALD on his bunk while a medical corpsman tied a plastic tourniquet around OSWALD's arm. OSWALD had accidentally shot himself with a .22 caliber Derringer pistol. OSWALD was taken to the hospital and AUGG understood that OSWALD was later given a court-martial where he was charged with failure to register the above .22 caliber Derringer.

AUGG said that the only classified information that he knew that OSWALD possessed was information concerning the Identification Friend or Foe (IFF) System which he believed to now have been declassified due to perfection of newer and better systems.

AUGG stated that during the time that he knew OSWALD in Japan, they did not have the occasion to do any firing on the range, and therefore, he possesses no information concerning OSWALD's marksmanship with firearms.

On February 20, 1964, [redacted] who resides at [redacted], San Antonio, Texas, and who is employed as a pipe fitter in the engine room of the [redacted] San Antonio, Texas, advised that he was born [redacted] at Charlotte, North Carolina. He stated that the first time he was arrested was in 1931 in Charlotte, North Carolina, on the charges of armed robbery. While he was in jail he was approached by a person, whose name he does not recall, who offered him an opportunity to make extra money. He claims that this was his initiation into the Cosa Nostra. From that time up until the beginning of 1963 he was affiliated with the Cosa Nostra organization as a "runner" or "courier" with no specific headquarters. He claims that he carried money for the Cosa Nostra to and from various points in the United States; however, he refused to identify employer or employers, stating that his life is at stake because during the first part of 1963 he severed all of his relations with the Cosa Nostra organization and is hiding from them.

During the time that he was associated with the Cosa Nostra organization, he reportedly overheard that JOHN F. KENNEDY, then President of the United States, was to be assassinated and so informed Father (FNU) MULLINS, Catholic priest attached to St. Mary's Roman Catholic Church, Greenville, South Carolina. This information was supplied to Father MULLINS approximately four months before the assassination of President KENNEDY and [redacted] believed that Father MULLINS has informed the proper authorities regarding this information. [redacted] stated that he himself was not in the position to go to any authority, either federal, state or city, for fear of losing his life if caught by one of the Cosa Nostra members.

[redacted] stated that prior to his separation from the Cosa Nostra organization he learned that they planned to assassinate Chief Justice of the United States Supreme Court EARL WARREN around Easter of 1964. According to [redacted] death is to appear accidental. Chief Justice WARREN will be pricked by a "cobra needle", the head of which contains a deadly poison. The prick is to be administered by a female employee of Chief Justice WARREN who will be a professional woman about 32 years of age. [redacted] does not know if this person is presently employed by Chief Justice WARREN or not.

[redacted] also stated that LEE HARVEY OSWALD, the alleged assassinator of President KENNEDY was the scapegoat of Cosa Nostra who paid him $15,000.00 for the assassination of the late President KENNEDY. [redacted] claimed that OSWALD was sent to Chicago, Illinois, by the Cosa Nostra representative from Kansas City for several weeks of special training about two years ago. After he finished his training in Chicago he was then sent to some town located to the north of Salt Lake City, Utah, where he spent eight months in further training for the assignment of the assassination of the late President KENNEDY. According to [redacted] the rifle which was used by OSWALD to assassinate the late President KENNEDY was furnished by the Cosa Nostra. [redacted] stated that the Cosa Nostra wanted to dispose of KENNEDY because he was "stepping on too many toes."

According to [redacted] Cosa Nostra has no animosity towards President JOHNSON. He stated that the Cosa Nostra will not harm the President at all. They like him very much.

[redacted] admits hospitalization in Salem, Oregon, in 1944. He also admits being hospitalized in Louisiana State Hospital, New Orleans, Louisiana, for approximately three days and also hospitalization in some hospital in Charleston, South Carolina, but he cannot recall the name of this hospital. He stated that all of these hospitalizations were in connection with injuries he received to his body. [redacted] did not admit that he is a mental patient.

[redacted] admitted serving time for armed robbery in 1931 in Charlotte, North Carolina. He served time on a charge of burglary in Salem, Oregon, in 1954, and again on a charge of burglary at Wichita, Kansas, in 1958.

During the course of the interview with [redacted] he drank intoxicants and refused to be specific in any detail as to relationship with the Cosa Nostra organization.

Where would the planners look for a "fall guy" if not through their seriously numerous contacts in the FBI, secret service and Dallas police and their stables of paid informers and provocateurs? Is it not well known that the rash of ultra-rightist organizations, some like the Minutemen who boast they bear arms, even machineguns, and the Birchites, Rockwell's Nazi Party and the Nationalist Party, have a relatively higher percentage of support among military and police forces than among other sections of the population. Many of them have top military men in leadership.

Oswald may have been an undercover agent for the U.S. and not necessarily guilty, or even fully aware of the plans. He may have been used like the drugged and witless Van Der

She concluded "I repeat, I am in as good a position to [illegible] can expect me to be after what has happened."

Jim Martin, who knows no Russian, certainly thinks she is in a "good position." With the fund for her from unrevealed sources already above $30,000, he figures it may yield her as much as $1,500 annually plus the $126 monthly social security.

could "justifiably" claim that Warren "would influence the other eight Justices."

In California, meanwhile, the Kennedy assassination led to an announcement by Attorney General Mosk that he will sponsor a law banning the Minutemen and other private military armbearing groups. Robert DePugh of Norborne, Mo., who heads the Minutemen [illegible] 20,000 members nationally, Troy Houghton, California coordinator, says the outfit has 3,000 members in that state. But he says a state law wouldn't affect them because they each carry arms "as individuals" and it would be unconstitutional to bar them from owning weapons for "their own protection," from "communism."

"The members of these groups are paranoid in their fear of Communism, in their distrust of American institutions and in their desire to possess all varieties of firearms from pistols to machine guns," said Mosk of California's stormtroopers.

a promise that his brief, raising many doubts on the evidence against Oswald, will be taken into consideration.

★

THERE WILL be no attorney in defense of Oswald in the Warren hearings who could possibly cross-examine witnesses of the Dallas Police, FBI and Secret Service. The question is not only whether Oswald as an individual was guilty. As Percy Foreman stated over a TV program, it is a matter of concern to all Americans to get at the truth in the manner provided in court procedures.

The overwhelming majority of Americans, as the polls indicated, were sorry for the murder of Oswald not so much for his individual right to have a trial, as because of their belief that in a trial more of the truth would come out. Large numbers were even doubtful of his guilt, and even larger numbers doubted the FBI and Dallas Police conclusion that he was alone.

Numerous questions remain unanswered. Was Oswald an undercover agent for the CIA or the FBI that sought to recruit him? Much evidence has appeared to support that contention. If that is proven, it would still not prove Oswald guilty or alone in the crime. There has been much competent opinion, and especially from Europe, that Oswald was a victim of a conspiracy. Some have even suggested that Oswald was a double agent.

Lube who was used by Hitlerites to set the Reichstag on fire in 1933, and then labeled a Dutch Communist.

By the same token, men in the FBI, CIA or Dallas police apparatus could have been involved in the conspiracy, but without the knowledge of the authorities of their organizations.

There were a number of such possibilities and it appears that the Warren Commission is looking into them. The Wall Street Journal of January 10 says in its report from Washington that the Warren commission "asks federal agencies to comb their files for any mention of Lee Oswald or Jack Ruby. Even the Securities and Exchange Commission gets the word."

Unless the Warren Commission does get at the bottom of the plot to kill Kennedy the "Next" project, as suggested in "The Rockwell Report" (see photostate on page 6) may be attempted.

★

THE CYNICISM surrounding the suppression of Marina Oswald was well shown in a letter in Russian said to be the only direct word from her, in which she rejected an effort by the Dallas Civil Liberties Union to interview her to determine whether her rights are respected. She replied that she is fully satisfied.

She wrote "I don't think you have anything to worry about. English yet," Martin hastened to explain. "But she's convinced he is guilty even though she cared for him."

According to the N.Y. Times, Marina Oswald went so far as to tell Martin "she has no ill will towards anyone including her husband's slayer Jack Ruby."

★

MARINA OSWALD'S situation is quite understandable. At 22 and still unable to speak English, she is the mother of a two-year old and two-month old child. When the assassination occurred, the Secret Service and FBI secretly lodged them in a motel Jim Martin managed. It was there, on the advice of the Secret Service, that she picked Martin as "business advisor." He immediately picked a lawyer for her and everything has been well in hand since.

With Oswald in his grave and Mrs. Oswald "in as good a position as one can expect" there is only the question of Jack Ruby's "rights." And it seems that a champion for those rights has come forward in the person of Robert Morris, former chief counsel for the Senate's Eastland Committee on Internal Security, who is running for the U.S. Senate in Texas.

With anti-communism his platform, this ultra-right candidate now fears for Jack Ruby's rights because Chief Justice Earl Warren is head of the commission probing the assassina-

In seclusion under Secret Service and FBI guard until the Warren Commission makes its report. Lee Rankin, counsel of the Warren Committee, indicated that the probe may take as long as six months.

★

EVERY EFFORT to interview Mrs. Oswald — by the Dallas Civil Liberties Union, by former N.Y. Assemblyman Mark Lane who went to Dallas, and by the N.Y. Times — were rejected by Martin, presumably in her behalf.

She also refuses to see her mother-in-law, Mrs. Marguerite Oswald, and Ruth Paine, the woman who took her into her home in Irving Tex., and cared for her when she gave birth

[redacted] affair will be reduced to a farce unmatched in history.

In that respect, of serious concern to all who lay hope in a full and uninhibited investigation by the Warren Commission, is the announcement by Rankin that the plan is to rely on the regular investigatory instruments of the government (like the FBI, Secret Service and CIA) and that there is to be no provision for defense of Oswald as had been suggested by prominent attorneys, among them Percy Foreman of Houston, head of the Defense Attorneys Association of America.

Mr. Lane offered to undertake such defense, but only received

vote for public officials and to send their children to good public schools.

This must be met, he stated, by passing the civil rights bill now pending in the House.

The NAACP in a statement issued by Roy Wilkins, executive secretary, lauded President Johnson's message as a "call to action . . . unparalleled in the century-old struggle to assure complete equality of opportunity and rights for all Americans of whatever origin."

James Farmer, national director of the Congress of Racial Equality, called Johnson's message "constructive" in its "emphasis on speedy elimination of discrimination and poverty and

Marina Still Held By FBI; Lane Hired By Oswald Mother

AFTER SEVEN WEEKS under protective custody and enforced isolation from any persons but Secret Service, FBI agents and her "business manager," Lee Harvey Oswald's widow, Marina, is ready to appear as the star witness against her husband later this month when called before the Warren Commission probing the assassination of President Kennedy.

The announcement came not from Marina Oswald but from Jim Martin, her mysterious "business manager," who appeared on the scene by recommendation of the Secret Service.

Meanwhile Mrs. Marguerite Oswald, mother of the slain accused killer, announced she had engaged Mark Lane to defend her son before the Warren Commission. Confirming the announcement, Lane said he would serve without pay.

Martin has in the past week blossomed out with daily statements on behalf of Marina, declaring, as reported by the N.Y. Times Dallas correspondent, Jack Langguth, that even if a jury found Oswald innocent "her opinion would be unchanged."

Moreover, she insists that Oswald fired on Gen. Edwin Walker last April, although ballistic tests in Washington disclosed that Oswald was living in Dallas.

Why is Marina Oswald held incommunicado? We have asked this question repeatedly since Dec. 17. Is it because what she had to tell could prove embarrassing to the FBI, Secret Service and Dallas police, who so miserably neglected protection for the President? Does she have evidence that could implicate others and thereby refute the FBI's and Dallas police conclusions that Oswald was guilty and alone? Does she have evidence to back the mounting material pointing to a link between Oswald and U.S. undercover agencies? (See the photostats on pages 6 and 7.)

It now appears that Marina Oswald is even overeager to give the testimony the FBI and Secret Service want. She promises to scream her husband is guilty even if a probe acquits him. For good measure, she will even say Lee Oswald shot at Walker. So said Jim Martin to the New York Times.

This extra zeal on the part of Mrs. Marina [illegible]d to oblige the FBI and Secret Service is matched only by the crudeness of the entire arrangement to isolate her — a crudeness that would not be acceptable for a grade B movie.

And if the Warren Commission

Negro Lead Call to Fighi

COMMITTING his administration to "war on poverty" and elimination of racial discrimination, President Johnson last week said in his State of the Union Message to Congress that any increased opportunities, in employment, education or housing, must be open to Americans of every color.

As far as the writ of Federal law will run, not some, he declared, but all racial discrimination must be abolished.

His declaration against discrimination came just after he elaborated a program "to help that one-fifth of all American families with incomes too small to meet their basic need."

These include, first of all, the Negro Americans and the Puerto Ricans, and also the Mexican-Americans of the Southwest and Southern whites — the overwhelming bulk of the one-fifth who are ill fed, ill clothed, and ill-housed.

Better schools, better health, better homes, better training and better job opportunities constitute the main weapons, said President Johnson.

He asked the Congress to let this session be known as the one "which did more for civil rights than the last 100 sessions combined."

Asserting that "this is not merely an economic, or a social, political or international . . . but "a moral issue," he declared that all members of the public should have equal access to facilities open to the public,

On 3/9/64 the following quoted anonymous letter was received by the Dallas Office postmarked at Hobart, Oklahoma on 3/7/64 addressed "To The F.B.I. Dallas, Texas":

"To The F. B. I. Dallas, Texas,

"I have been wanting to report this to you for some time, but I was afraid maybe it wasn't important, but maybe it is after all.

"I have a wonderful memory of pictures and name's when I read about them in the pa paper's, I'm not for sure what year it was, but I am very sure I read and saw an article in the Daily Oklahoman, Jack Ruby's picture and Oswald came out together, near the middle of the bottom of the front page of the paper, it was about the time we were having so much trouble with Castro and the Bay of Pigs or the cuban situation, this could have came out in the Oklahoma paper as long as three or more years ago, check the papers and you will find their picture s to gather, I am only sending you this information to help, no other reason, I never did love a lier, "

It is pointed out that LEE HARVEY OSWALD was in Russia from September, 1959, to June, 1962, which would appear to cover the period referred to in the above quoted anonymous letter.

The files of the Retail Merchants Credit Association, Dallas, Texas, made available by [Mrs.] [BIRDIE SUE BELCHER] on March 9, 1964, reflect DECLAN P. FORD has had a record at this Association since February 17, 1960. His present address is listed as 14057 Brookcrest and his prior addresses as 6448 Dunston Lane, 5625 Daniels, 4717 A North Central Expressway, all Dallas, Texas. These records reflect that his last known employment was for DeGolyer and MacNaughton, Consultants, 5625 Daniels Street, Dallas, Texas, beginning in 1953 as a geologist. These records reflect he was born March 10, 1923, in Los Angeles, California. A personal statement by Mr. FORD in this file dated February 1960 reflects he had previously resided in Ventura, California; that he owned unnamed stocks and bonds and had life insurance in the amount of $10,000. This statement reflected he had military service from 1942 to 1945 in the U. S. Navy. He owned a 1959 automobile, free and clear.

DALLAS, TEXAS

SCALD

As of February 1960 Mr. FORD had only one listed account at a clothing store and this was satisfactory. A check revealed he had a sizable checking account at a local bank in Dallas. Since his file was opened, there have been approximately twenty-one inquiries, mostly from retail merchants in Dallas. There were also four inquiries from banks and one inquiry from the Metropolitan Savings and Loan Association concerning a mortgage. This inquiry was on March 8, 1963. This file reflects his wife as KATHRYN or KATHYN. Mrs. BELCHER was not sure of the spelling of this name.

Mrs. BELCHER advised further this association has a record concerning one STANLEY L. SKOTNICKI and wife KATHERINE. This record was opened on November 15, 1947. He was last known to be employed as of June 1958 with Sears-Roebuck and Company Dallas, Texas

on Ross Avenue in Dallas as a salesman. His last known address was listed as 2221 North Fitzhugh and a previous address as 6448 Dunston, both Dallas.

This file reflects SKOTNICKI was from Stephenville, Texas, and he was born in Thurber, Texas, on October 15, 1919. He and his wife were parents of two children. The file reflects that in October 1958 SKOTNICKI sued his wife KATHERINE for divorce. On October 23, 1961, KATHERINE FORD sued STANLEY SKOTNICKI for a debt.

On March 9, 1964, Mr. J. G. VICKERY, Identification Division, Dallas Police Department, and Mr. JAMES KITCHING, Identification Officer, Dallas Sheriff's Office, advised they had no record concerning DECLAN P. FORD or KATHERINE FORD in their respective files.

On March 10, 1964, Mr. MAX CLARK, attorney at law, with office in the Ridglea State Bank Building, Fort Worth, Texas, advised that he is an acquaintance of DECLAN P. FORD and his wife KATHERINE. He advised DECLAN P. FORD had been employed as a geologist with the firm of DeGolyer and MacNaughton in Dallas for a number of years. He spent a number of years with this firm in Spain. He stated about a year ago FORD was let go by this firm because of reduction in force. He was paid two years salary. Mr. CLARK advised FORD was a loyal American citizen of excellent reputation. He stated that he was evidently very skilled in his profession of geology.

He said he believes DECLAN P. FORD was single at the time he met the then KATHERINE SKOTNICKI, whose nickname is KATYA or KATCHA. He said KATHERINE SKOTNICKI was divorced in Dallas and later she and DECLAN P. FORD were married. He said the FORDS, at the present time, live in their own home at 14057 Brookcrest in Dallas. He stated that this home was in the $40,000 to $45,000 class.

CLARK stated DECLAN FORD was from California and that he believed he had worked in California with the Continental Oil Company.

Re: LEE HARVEY OSWALD

CLARK stated Mrs. DECLAN FORD had evidently wanted to step up in society a bit and that may have been one of the reasons why she divorced STANLEY SKOTNICKI. CLARK advised SKOTNICKI had met KATHERINE in Germany. He said KATHERINE FORD was evidently not too well educated but was very intelligent. He said she dressed well and was very glad to be living in the United States. He said he believes she is a loyal American citizen.

On March 11, 1964, Mr. GEORGE BOUHE, 4740 Homer Street, Dallas, Texas, advised he is a former employee of Mr. MAC NAUGHTON, a partner in the firm of DeGolyer and MacNaughton, Consultants. He said he had become acquainted with DECLAN P. FORD while so employed. BOUHE advised FORD had been an employee of the DeGolyer and MacNaughton firm as a geologist and had spent a number of years in Spain where a client of the firm had spent a great deal of money in the search for petroleum. He advised that DECLAN P. FORD had a good reputation in his field of geology. He also advised that DECLAN FORD was of good reputation generally. He stated FORD's wife, KATHERINE FORD, was born in Russia and had been married previously and lived in Dallas at the time she met DECLAN P. FORD.

On March 9, 1964, Miss HELEN ST. JOHN, secretary, U. S. Immigration and Naturalization Service, advised there is no record at this office for Mrs. DECLAN P. FORD or Mrs. STANLEY L. SKOTNICKI.

On various occasions, beginning February 25, 1964, and extending through March 11, 1964, occasion was had by Special Agents ANATOLE A. BOGUSLAV and WALLACE R. HEITMAN of the Federal Bureau of Investigation to converse with Mr. and Mrs. DECLAN P. FORD in connection with interviews which were being conducted with MARINA OSWALD. On these occasions both Mr. and Mrs. FORD furnished information concerning themselves. Mr. FORD advised he is a geologist by profession and formerly lived in California, where he has several brothers who are attorneys. He stated he, at the present time, is in business for himself and works out of his home. He said he does not have an office at any other place, nor is he connected with any other firm.

Re: LEE HARVEY OSWALD

KATHERINE FORD advised these agents she was an interior decorator by profession. She stated she had been married previous to her present marriage and her previous married name had been SKOTNICKI. She said her two older children, a daughter approximately sixteen years of age, and a son approximately twelve years of age, were the children of her previous husband, Mr. SKOTNICKI. Another small child was observed at the house. This child, a boy, is named GREGORY, and is the son of Mr. and Mrs. FORD. He is about two years old.

FORD B. April 1942

It was observed that the home in which the FORDS lived is in the $40,000 to $45,000 class, and is located in the extreme northern part of the City of Dallas, Texas.

TO : MR. CONRAD

DATE: 3/16/64

FROM : W. D. GRIFFITH

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
REQUEST OF THE PRESIDENT'S COMMISSION

By letter dated 3/11/64, The President's Commission advised they had noted certain discrepancies between the photograph of Lee Harvey Oswald holding a rifle and the rifle used to kill the President; that the discrepancy appears in the stock of the rifle, in that the stock appears straight in the photograph whereas the rifle itself has a curve at the point of the hand grip. The Commission requested that the Laboratory attempt to photograph the rifle at the exact angle it appears in the Commission photograph, Exhibit 133, so that they could compare the two photographs to determine if they are photographs of the same rifle.

In accordance with the Commission's request, photographs have been made of the rifle at the same angle shown in Commission Exhibit 133 and are attached to a proposed letter to The President's Commission.

For your information, the photograph referred to as Commission Exhibit 133, containing apparent discrepancies in the stock, was previously examined in the Laboratory but because of the lack of clarity and detail in the photograph, as previously reported in a Laboratory report to Dallas dated 11/26/63, it is not possible to determine definitely whether the photograph shows the murder rifle. In those areas where detail can be observed, no differences were noted between the rifle in the photograph of the Commission and the murder rifle itself to suggest that they are different rifles.

Dear Mr. Rankin:

Reference is made to my letter to you dated February 26, 1964, regarding your request for this Bureau to provide coverage of the public appearances of Mark Lane and Marguerite Oswald.

During the public appearance of Mark Lane at a meeting sponsored by the "National Guardian" at Town Hall in New York City on February 18, 1964, Lane stated that committees of inquiry into the assassination of the late President John F. Kennedy would be organized throughout the country. Lane stated that the national office of the Citizens Committee for Inquiry would be located in New York City.

The "National Guardian" issue of February 27, 1964, contained an article seeking help for the New York Citizens Committee of Inquiry organized by Lane to reveal the facts about the slaying of the late President Kennedy. The address for the New York group was listed as 164 West 79th Street, Apartment 11B, which is the residence of Lane. This Bureau has since learned that the address of the Citizens Committee of Inquiry is now listed as 156 Fifth Avenue, Room 422, New York City. The organization has described itself as a nonprofit group with Mark Lane as Chairman, Robert Gwathmey as Treasurer, and Deirdre Griswold as Secretary.

ENCLOSURE

There are enclosed for your information two copies each of two communications dated March 13, 1964, at Washington, D. C., concerning the subversive backgrounds of Gwathmey and Griswold. You have previously been furnished information regarding the subversive background of Lane.

ROBERT GWATHMEY

Summary

Gwathmey was born January 24, 1903, in Richmond, Virginia. He resides at Apartment 4C, 27 Washington Square, New York City, and is employed as an instructor in the Art School, Cooper Union for the Advancement of Science and Art, 4th Avenue and 7th Street, New York City. (N.Y.)

Gwathmey's history of subversive activity extends from at least 1941 to the present. During 1941 and 1942 while employed as art instructor at the Carnegie Institute of Technology in Pittsburgh, Pennsylvania, he was alleged to be a communist sympathizer and was reported to have attended union meetings, allegedly communist dominated, held in an attempt to organize the Works Progress Administration art project. These meetings were held both at Gwathmey's residence and at the homes of two known Communist Party (CP) members in Pittsburgh. During the above-mentioned period, Gwathmey was on the mailing list of the Contemporary Book Shop, the official CP bookstore in Pittsburgh, and lectured at the Contemporary Book Shop on at least two occasions.

In January, 1941, a source who has furnished reliable information in the past advised that Gwathmey was then a member of the CP who was believed to be assigned to the artists unit of the CP. In 1951 Louis Budenz, former managing editor of the "Daily Worker," a communist newspaper which has ceased publication, stated that prior to 1945 when Budenz left the CP Gwathmey cooperated with the Cultural Commission of the CP by recruiting artists and other professionals for communist front groups and was himself a member of a number of such groups.

DEIRDRE GRISWOLD - Summary

Deirdre Griswold was born on May 4, 1936, at Wilmington, Delaware. She officially joined the Buffalo, New York, Branch of the Socialist Workers Party (SWP) in June, 1951, while a 15-year-old high school student. The SWP has been designated as subversive pursuant to Executive Order 10450.

Her mother, Elizabeth Copeland, was an active member of the Buffalo Branch, SWP, and her stepfather, Vincent Copeland, was an SWP functionary. She was married on August 11, 1953, to Levin Griswold who was also a member of the Buffalo Branch, SWP.

Mrs. Griswold was selected by the SWP to attend the Trotsky School, Mountain Spring Camp, New Jersey, and was there from December, 1957, to June, 1958. The Trotsky School was run by the SWP for party leaders and potential leaders. Following her attendance at the Trotsky School, she served on the Executive Committee of the Buffalo Branch, SWP, and was active in that Branch until February 12, 1959. At that time a minority faction of the SWP, headed by the Buffalo SWP organizer, Sam Marcy, left the SWP and formed their own group which they called the Workers World Party (WWP). Mrs. Griswold was one of this minority faction and became a member of the Executive Committee of the Buffalo Branch of the WWP.

In December, 1960, she was transferred to the New York City Branch, WWP, and has since been residing in New York City, her current address being 601 East 115th Street.

Mrs. Griswold participated in a picket demonstration at the United Nations Building, New York City, on April 19, 1961, which was sponsored by the July 26th Movement. She also participated in a picket demonstration in front of the White House, Washington, D.C., on April 22, 1961, which likewise was sponsored by the July 26th Movement. The July 26th Movement is a revolutionary organization founded and led by Fidel Castro.

Deirdre Griswold

Mrs. Griswold has continued to be a member of and active in the WWP in New York City through 1963. She has visited party headquarters and made contact with party leaders on a regular basis and has made contributions to the organization. She attended the national WWP convention September 2-4, 1961, and served as chairman of the September 4 session.

In 1961, 1962 and 1963, she served as the Secretary of the Committee to Defend Francisco Molina which had been organized by the WWP with the support of the Fair Play for Cuba Committee (FPCC). Molina is a pro-Castro Cuban who was convicted on April 7, 1961, of second degree murder in connection with the shooting of a 9-year-old girl during a fight among Cubans in a restaurant in New York City on September 21, 1960. The FPCC was organized principally with money furnished by the Cuban Government of Fidel Castro.

In October, 1961, Griswold attended a meeting of the July 26th Movement. She also attended a function sponsored by the FPCC in September, 1961, and in November, 1961, she appeared before the Third General Assembly of the Movimiento Pro Independencia de Puerto Rico (MPIPR) where she stated she represented the FPCC and the "National Guardian."

The MPIPR is a group seeking independence for Puerto Rico which includes members of the Nationalist Party of Puerto Rico which, in turn, has been designated as subversive pursuant to Executive Order 10450. The "National Guardian" has been cited by the House Committee on Un-American Activities as the virtual official propaganda arm of Soviet Russia. In 1962 she continued her attendance at functions and participation in demonstrations of the MPIPR. In May, 1963, she attended two more functions of the MPIPR and still another in August of that year.

In early 1962 Mrs. Griswold attended a meeting of the West Side Committee for Friendly Relations with Cuba, an organization of North Americans, Puerto Ricans and Cubans formed by a section organizer of the CPUSA in New York City on February 9, 1961, to create favorable and better relations with Cuba.

Deirdre Griswold

In January, 1962, she participated in a picket demonstration at the United Nations Building, New York City. This was sponsored by the FPCC. In the Spring of 1963, she participated in two more FPCC affairs.

In June, 1962, the WWP participated in the hospital strike in New York City and Griswold was one of those arrested for creating a disturbance during demonstrations in connection with the strike.

In mid-1962 she became active in the leadership of Youth Against War and Fascism and she participated in picket demonstrations sponsored by that organization. Youth Against War and Fascism is the successor to the Anti-Fascist Youth Committee which was established by the WWP to attract youth to WWP membership. In September, 1962, she was described as one of the two persons controlling Youth Against War and Fascism and in the Spring of 1963 she continued her activities and leadership in the organization.

In 1962 and 1963 Mrs. Griswold also participated in some affairs of the Veterans of the Abraham Lincoln Brigade and the Nationalist Party of Puerto Rico, both of which have been designated as subversive pursuant to Executive Order 10450. She further attended functions of the Cuban-American Civil Rights Committee (CACRC) during May, June, July and September, 1962, which were held at the headquarters of FPCC in New York City. The CACRC was organized in May, 1962, to protest attacks against Cuban-Americans who were pro-Castro.

Beginning in February, 1962, she attended functions and demonstrations of the Casa Cuba Club (CCC). On November 29, 1961, the CCC held a meeting which was attended principally and controlled by members of the July 26th Movement where the CCC constitution was revised to make loyalty to the July 26th Movement and the revolutionary government of Fidel Castro a necessary prerequisite to CCC membership.

Doirdre Griswold

In the Fall of 1962, Mrs. Griswold participated in demonstrations sponsored by and meetings of FPCC and was said to wield great influence in the organization. Her activities in the FPCC continued in 1963.

In early October, 1962, Griswold said she had passes to the United Nations to hear a speech to be given by the President of Cuba. She commented that a favorable spectator bloc was highly desirable. In June, 1963, members of the Cuban mission to the United Nations had been invited to a party at Mrs. Griswold's apartment.

In July, 1963, during a walk along Madison Avenue, New York City, by a group of individuals, which walk was sponsored by the Nationalist Party of Puerto Rico for the purpose of demonstrating for Puerto Rican independence, Mrs. Griswold made a speech during which she said Puerto Rico is not free but all decent North Americans will help Puerto Rico gain her freedom.

Mrs. Griswold attended a picnic on May 23, 1963, which was sponsored by the American Committee for Protection of Foreign Born, which organization has been designated as subversive within the purview of Executive Order 10450.

In addition to the above activities, Mrs. Griswold participated in demonstrations and other functions sponsored by numerous left-oriented organizations, not mentioned above, during the period 1960 through 1963.

The above information has been reported by sources who have furnished reliable information in the past. (4)

[redacted]

On February 20, 1964, the Reverend JAMES JOSEPH, Pastor of St. Paul's Episcopal Church located at 1018 Grayson Street, San Antonio, Texas, advised that on the evening of February 19, 1964, he received a telephone call from a [redacted] stated that he must speak with the Reverend JOSEPH as it was a matter of life or death. Reverend JOSEPH asked him if he were ill or in need of financial aid, and [redacted] said no. Reverend JOSEPH pointed out at this time that he was en route to see an ill parishioner who was at the Nix Hospital in San Antonio, and that, if necessary, he would gladly meet [redacted] in the reception room on the 17th floor of the Nix Hospital. [redacted] stated that he did not know where the Nix Hospital was located, and requested Reverend JOSEPH to visit him at his home. The Reverend JOSEPH stated that if it was a matter of life and death, he would find the 17th floor of the Nix Hospital since the Reverend JOSEPH had no intention of looking up [redacted] at his residence.

At approximately 9:15 to 9:30 p.m., [redacted] appeared at the reception room of the Nix Hospital and introduced himself to the Reverend JOSEPH. Reverend JOSEPH stated that he talked intelligently, had a nice appearance, and was clean-cut. Reverend JOSEPH questioned him as to whether or not he had been drinking, and [redacted] stated that he had two drinks prior to coming to speak with the Reverend JOSEPH, and this was the first whiskey he had had in six months. The Reverend JOSEPH stated that [redacted] appeared to be stable and in complete control of his faculties.

COPIES DESTROYED
21 FEB 22 1972

[redacted] told the Reverend JOSEPH that he worked in the engine room of the [redacted] in San Antonio, Texas, and resided at [redacted] in San Antonio. He stated that he had lived all over the United States, including the New York area, but has spent most of his time in Atlanta, Georgia, and in South Carolina. He went on to state that he was a member of the Cosa Nostra gang and that he has since quit this, and that his life is in danger. He stated that one of the gang is located in San Angelo, Texas, who has been keeping an eye on him but was not specific as to the person's identity or as to why this individual was keeping an eye on [redacted] stated that he did not know where he would go next because once you are on the move and try to quit the Cosa Nostra, they will never let you out.

[redacted] stated that four months prior to the assassination of the late President JOHN F. KENNEDY, he had informed the Reverend MULLINS who is stationed at St. Mary's Roman Catholic Church in Greenville, South Carolina, that he had heard, while in the employ of Cosa Nostra, that they planned to assassinate the President of the United States, President KENNEDY. He figured that the Reverend MULLINS would inform the proper authorities, including the FBI. He also stated that he learned the next major target of the Cosa Nostra is the Chief Justice of the United States Supreme Court, EARL WARREN. [redacted] stated that this information has been driving him crazy, and, for this reason, wished to divulge it to a person of responsibility so that they, in turn, could tell the proper authorities. Reverend JOSEPH suggested that he take the information to the FBI, but he stated that he could not take a chance on going to the FBI, but again was not specific as to why he could not go to the FBI.

D.C. C.I.

Reverend JOSEPH stated that he planned to turn the information over to the FBI, and [redacted] stated he did not object to the Reverend JOSEPH turning this information over to the FBI, but he did not wish his name to be mentioned.

[redacted] also stated that he had a prior criminal record; however, he did not care to divulge the nature of the record. He also told the Reverend JOSEPH that at the present time he is not married, but had been married on two previous occasions. He stated that he had two children by the first marriage, but the children have no idea as to his present whereabouts.

At this point, [redacted] stated to the Reverend JOSEPH that probably the Reverend JOSEPH doubted his word and suggested that they place a long distance telephone call to Father MULLINS. This call was placed from the Nix Hospital at approximately 9:30 to 9:40 p.m. on February 19, 1964. Father MULLINS stated that he did know [redacted] and that [redacted] in fact, had told Father MULLINS about the proposed attempted assassination of President KENNEDY. Father MULLINS also confided in the Reverend JOSEPH that [redacted] was a man suffering from a traumatic experience which he has had difficulty in overcoming. Father MULLINS said that when he was told by [redacted] regarding the then-proposed assassination of President KENNEDY, Father MULLINS believed that [redacted] was looking for attention. Father MULLINS stated at this point he sent [redacted] to confession since he claimed to be a Catholic.

After the telephone call, [redacted] paid the bill which amounted to $2.90.

Father JOSEPH then asked [redacted] where LEE HARVEY OSWALD tied into the picture. [redacted] stated that OSWALD is a member of the Cosa Nostra gang; however, he did not last long, once his mission was accomplished. According to [redacted] OSWALD allegedly received a large amount of money for his part in the assassination of the late President KENNEDY.

Reverend JOSEPH informed [redacted] that, as previously mentioned, he would turn this information over to the FBI and that if [redacted] should learn any other information of a similar nature, the information should be turned over to the FBI as soon as possible. Reverend JOSEPH informed [redacted] if he wished to confer further with him, [redacted] should call at the St. Paul's Rectory in San Antonio, Texas. With this, [redacted] left, and Reverend JOSEPH returned to his duties at the Nix Hospital.

Date February 21, 1964

On February 20, 1964 [redacted] who resides at [redacted] San Antonio, Texas, and who is employed as a pipe fitter in the engine room, [redacted] San Antonio, Texas, advised that he was born April 11, 1913, at Charlotte, North Carolina. He stated that the first time he was arrested was in 1931, in Charlotte, North Carolina, on the charge of armed robbery. While in jail he was approached by a person, whose name he does not recall, who offered him an opportunity to make extra money. He claims that this was his first initiation into the Cosa Nostra. From that time up until the beginning of 1963 he was affiliated with the Cosa Nostra organization as a "runner" or "courier" with no specific headquarters. He claims that he carried money for the Cosa Nostra to and from various points in the United States; however, he refused to identify employer or employers, stating that his life is at stake because during the first part of 1963 he severed all of his relations with the Cosa Nostra organization and is hiding from them.

During the time that he was associated with the Cosa Nostra organization, he reportedly overheard that JOHN F. KENNEDY, then President of the United States, was to be assassinated, and so informed Father (First Name Unknown) MULLINS, Catholic priest attached to St. Mary's Roman Catholic Church, Greenville, South Carolina. This information was supplied to Father MULLINS approximately four months before the assassination of President KENNEDY, and LINDSAY believed that Father MULLINS has informed the proper authorities regarding this information. [redacted] stated that he himself was not in the position to go to any authority, either federal, state, or city, for fear of losing his life if caught by one of the Cosa Nostra members.

[redacted] stated that prior to his separation from the Cosa Nostra organization, he learned that they planned to assassinate Chief Justice of the United States Supreme Court, EARL WARREN, around Easter of 1964. According to [redacted] death is to appear accidental. WARREN will be

The prick is to be administered by a female employee of Chief Justice WARREN who will be a professional woman about 32 years of age. [redacted] does not know if this person is presently employed by Chief Justice WARREN or not.

[redacted] also stated that LEE HARVEY OSWALD, the alleged assassinator of President KENNEDY, was the scapegoat of Cosa Nostra who paid him $15,000 for the assassination of the late President KENNEDY. [redacted] claimed that OSWALD was sent to Chicago, Illinois, by the Cosa Nostra representative from Kansas City for several weeks of special training about two years ago. After he finished his training in Chicago he was then sent to some town located to the north of Salt Lake City, Utah, where he spent eight months in further training for the assignment of the assassination of the late President KENNEDY. According to [redacted] the rifle which was used by OSWALD to assassinate the late President KENNEDY was furnished by the Cosa Nostra. [redacted] stated that the Cosa Nostra wanted to dispose of KENNEDY because he was "stepping on too many toes."

According to [redacted], Cosa Nostra has no animosity towards President JOHNSON. He stated that the Cosa Nostra will not harm the President at all. They like him very much.

FEDERAL BUREAU OF INVESTIGATION

Date February 25, 1964

ALBERTO ARZAMENDI CHAPA, Mexican Immigration Inspector, Nuevo Laredo, Mexico, was interviewed on February 22, 1964, in the presence of Assistant Chief of Mexican Immigration ARNOLDO TIJERINA. CHAPA stated that he has been interviewed on several occasions by Mexican officials and from the Mexican Immigration records showing that he, CHAPA, cancelled the tourist permit of LEE HARVEY OSWALD on October 3, 1963, he knows that he, CHAPA, was on duty at that time and cancelled OSWALD's tourist permit, but that he personally recalls nothing concerning the cancellation of OSWALD's tourist permit.

CHAPA viewed a photograph of LEE HARVEY OSWALD and stated that he did not recognize the photograph as being that of anyone he had seen previously. CHAPA did not recall who else was on duty with him on October 3, 1963, but stated that he, CHAPA, was "Jefe de Turno" (translation, in charge of the shift) and was the person who actually stamped OSWALD's tourist permit.

CHAPA stated that it was his duty to collect the tourist permits of persons departing Mexico and to stamp them cancelled and take them to the Mexican Immigration headquarters located in Mexico at the International Bridge. The clerical employees, according to CHAPA, in the Immigration headquarters, then record the cancellations on the ledger books. CHAPA denied it was his duty to record the mode of transportation being used by the tourist. He stated, however, that if he were to record the mode of transportation being used by the tourist, he would write "auto" for automobile and "autobus" for bus.

On October 3, 1963, CHAPA was stationed at Kilometer 26 (Mexican Immigration check point), Nuevo Laredo-Monterrey, N. L., Highway.

FEDERAL BUREAU OF INVESTIGATION

Date March 10, 1964

Laredo, Texas

LAMAR SHAW, Quarantine Border Inspector, advised that he and JULES FONTAINE, also a Quarantine Border Inspector, had checked the ledger book of names of persons vaccinated for the dates August 23 through November 23, 1963, and they could not find the name of ALBERT OSBORNE or JOHN HOWARD BOWEN in this book as having been vaccinated.

LAMAR SHAW explained that all persons who are vaccinated at the Quarantine Station, U. S. Public Health Service, International Bridge, Laredo, Texas, are required to sign this ledger book (he could not further identify the ledger book). He stated that the only information placed in the book is the name of the person vaccinated, which is actually the signature of the person vaccinated, and the date of the vaccination. SHAW stated that no actual check is made at the Quarantine Station to determine whether or not the person vaccinated actually does sign the ledger book and, often when inspectors are busy, the person vaccinated merely walks out of the Quarantine Station without signing the book. Therefore, there would be no record at the Quarantine Station in Laredo, Texas, showing that person to have been vaccinated.

SHAW explained that all persons who are vaccinated are given a certificate of vaccination which is good for three years and should be carried on the person of the individual vaccinated.

SHAW explained that the only other record would be the "surveillance book" which contains the names of the persons who cannot be vaccinated by the U.S. Public Health Service at the Quarantine Station because they are sick or had some kind of rash or for some reason indicated they should not be vaccinated, in which case their names are entered in the "surveillance book", together with their address, and, in approximately 14 days, they generally are contacted to determine if they have contracted any fever or any other indication of a contagious disease such as small pox. SHAW stated that the name of ALBERT OSBORNE or JOHN HOWARD BOWEN was not found in the "surveillance book" for a similar period, August 23 through November 23, 1963.

SA 105-2909

The following investigation was conducted by SA FRED T. LEE, JR.:

AT EAGLE PASS, TEXAS

On February 28, 1964, Rev. JAMES TIMMONS, Baptist minister, P. O. Box 517, Eagle Pass, advised that on or about February 22, 1964, he had received a post card from a person he has always known as JOHN HOWARD BOWEN. Rev. TIMMONS indicated this post card was addressed to him c/o General Delivery, Hereford, Texas, where he resided prior to moving to Eagle Pass some two years ago. Rev. TIMMONS advised that he had never known BOWEN to use any other name and had positively not known him to have the name ALBERT OSBORNE, which name has been indicated to him by a Special Agent of the FBI to be the true name of JOHN HOWARD BOWEN.

The post card received by Rev. TIMMONS was made available and the message on card was as follows:

"Note change of address - Niza 22, Mexico, D. F.

"Yours in Christ,

"/s/ JOHN H. BOWEN"

It is noted that the postmark on this post card was not clear, but it appeared to have been postmarked at San Antonio, Texas, on February 18, 1964.

Rev. TIMMONS stated that subsequent to being interviewed by a Special Agent of the FBI about a person he has always known as JOHN HOWARD BOWEN, who has now been identified to him as ALBERT OSBORNE, he has given this matter some thought and he recalls the following concerning his association with ALBERT OSBORNE:

In 1944 he (Rev. TIMMONS) was running a mission at Laredo, Texas, and that some time during that year a person came by the mission and identified himself as JOHN HOWARD BOWEN, indicating that he was active in missionary-type work in the State of Oaxaca, Mexico. From that time, 1944, to 1951, the person he (Rev. TIMMONS) has always known as BOWEN, but who has now been identified to him as ALBERT OSBORNE, would come by

the mission once or twice a year when he (OSBORNE) would be in Laredo, Texas, to renew his Mexican tourist permit. Since 1951, he (Rev. TIMMONS) has seen OSBORNE twice, both times by chance, on a street in Laredo and he and OSBORNE have exchanged no more than four letters during this period. He has not seen OSBORNE for at least two and one-half years and probably a greater length of time has passed since their last meeting. He wrote OSBORNE a letter addressed to JOHN HOWARD BOWEN, Ave. Juarez No. 8, Mexico, D. F., Mexico, in January 1964 which has been the mailing address of OSBORNE, as far as he knew, for the past two years.

Rev. TIMMONS stated he has always known OSBORNE as JOHN HOWARD BOWEN and has never heard him called by any other name. He stated he could not furnish any information why OSBORNE would have used the name BOWEN if, in fact, it were not his true name. Rev. TIMMONS stated that he and OSBORNE had only discussed matters connected with religion and OSBORNE had at all times indicated a reluctance to discuss his personal life. Rev. TIMMONS stated he had the idea that OSBORNE, who is about 80 years old, was a retired missionary who continued to engage in some missionary activity in the State of Oaxaca, Mexico. Rev. TIMMONS stated he was never sure of the church affiliation of OSBORNE, but, from conversation with him, believed it to be the Plymouth Brothers, a religious group with headquarters in England. Rev. TIMMONS further advised that OSBORNE had never indicated that he had received any type of religious training and he never indicated that he was associated with anyone in his missionary work.

Rev. TIMMONS described OSBORNE as "secretive" and, because of his age, "hard to get along with." Rev. TIMMONS stated he could not furnish any information as to why OSBORNE would have used any name other than his own.

Rev. TIMMONS concluded by stating he did not know anyone who could furnish information about OSBORNE, other than JOE AMARINE, Mission Secretary, Southern Baptist Convention, Alice, Texas, as it was his understanding that from time to time OSBORNE would visit Mr. AMARINE in Alice.

On February 28, 1964, PETE ROSSI, Chief of Police, Eagle Pass, advised that on February 23, 1964, he had been in conversation with SANTANA JIMENEZ, Assistant Chief of State Police,

Castillo, Calixto

Saltillo, Coahuila, Mexico, during a party at Eagle Pass. In this conversation, JIMENEZ stated that he had information concerning the hotel where subject stayed in Mexico City, Mexico, shortly before the assassination of President KENNEDY. He further indicated, according to Chief ROSSI, that he had information that one MARIO RESENDEZ (phonetic) had occupied the hotel room occupied by subject immediately after subject's departure. Chief ROSSI advised that it was his recollection JIMENEZ indicated that RESENDEZ (phonetic) had been connected with some subversive or union-organizing activity in the area of Rosita, Coahuila, Mexico. Chief ROSSI stated SANTANA JIMENEZ did not clarify the above information or comment further concerning the subject.

The following investigation was conducted by Special Agents JOHN J. CREEDEN, JR. and JOHN M. KEMMY:

AT SAN ANTONIO, TEXAS:

On February 25, 1964, AGAPITO DEL RIO, 116 East Arsenal Street, advised that he traveled from San Antonio to Mexico City sometime in September, 1963, exact date unrecalled. He returned in October, 1963, exact date unrecalled; however, he believed that he returned to the United States on the Thursday preceding October 9, 1963. He said that he could remember this date of October 9, 1963, because it was his birthday. Mr. DEL RIO advised that he traveled from Mexico City to Laredo, Texas, via Transportes del Norte Bus which arrived in Laredo, Texas, about 1:00 a.m. He pointed out he did not alight from his bus in Nuevo Laredo, Mexico, but was taken therein across the border to Laredo, Texas. As he recalls, the bus on which he traveled to the U. S. - Mexican border was almost empty.

Mr. DEL RIO was shown a photograph of LEE HARVEY OSWALD, and after studying same, stated that he does not recall seeing anyone resembling the individual in the photograph during the time that he was in Mexico.

Mr. DEL RIO advised that he was born in Michoacan, Mexico, on October 9, 1893, and can neither read nor write with the exception of his signature.

II. MISCELLANEOUS

SA 105-2909

The following investigation was conducted by SA FORREST L. CHAPMAN:

AT LAREDO, TEXAS

The Laredo Times, a daily newspaper, Laredo, Texas, in their November 27, 1963, edition, carried an article reflecting that LEE HARVEY OSWALD had purchased approximately $32.00 worth of clothing at the Joe Brand Clothing Store, Laredo, Texas, and that the purchase was verified by Federal Investigators through a receipt found among OSWALD's possessions.

On November 27, 1963, LLOYD HACKLER, Managing Editor, Laredo Times, advised that the above-described article appearing in the Laredo Times of November 27, 1963, was written by Times reporter JAMES PARRISH.

On November 27, 1963, Times reporter JAMES PARRISH advised that the information appearing in the above-described article was received by him from JOSE DE ANDA, a salesman at Joe Brand Clothing Store.

On November 27, 1963, JOSE DE ANDA, Salesman, Joe Brand Clothing Store, advised that a person using the name of VINCENT CHRISTI came into Joe Brand Clothing Store on November 26, 1963, and made a purchase of approximately $6.00 and gave a check for $20.00 drawn on the Union National Bank, Laredo, Texas. The person using the name of CHRISTI was given the difference between his purchase of approximately $6.00 and $20.00 in change. CHRISTI stated to DE ANDA that he was an investigator with the military assigned to the Laredo Air Force Base.

CHRISTI then told DE ANDA that LEE HARVEY OSWALD had purchased approximately $40.00 worth of clothing at Joe Brand Clothing Store and that he, CHRISTI, was checking on the matter. DE ANDA then checked through the old sales receipts, and CHRISTI quickly pointed to one in the amount of $39.89, and said this was the ticket.

DE ANDA stated that there was no name on the ticket and that CHRISTI had no additional information concerning the purchase and did not produce any sales receipt, sales number, or any name, but merely pointed to the sales receipt in the amount of $39.89 as DE ANDA thumbed through the receipts and stated that it was the purchase made by OSWALD.

DE ANDA stated that the receipt that CHRISTI had pointed to, and claimed was the receipt for a purchase made by OSWALD, was a receipt for a purchase made on September 21, 1963, by a person who purchased a jacket for $19.98, some shirts, two $2.50 ties, and paid for the purchases with a 500 peso (Mexican) bill.

JOE BRAND, owner of clothing store, and SEYMON DEUTSCH, Manager, advised on November 27, 1963, that no employee of the store recalls OSWALD ever making any purchase at Joe Brand's.

On November 27, 1963, Captain LEONARD MIDDLEMAN, Provost Marshal, Laredo Air Force Base, advised that no one is stationed at that base by the name of VINCENT CHRISTI or any variation of that name.

SEYMON DEUTSCH advised on November 27, 1963, that he had telephonically contacted the Union National Bank and they could locate no record of any account in that bank for VINCENT W. CHRISTI.

The Dallas FBI Office advised that files of that office do not reflect any receipt for clothing from Joe Brand Clothing Store, Laredo, Texas, was found among the personal effects of OSWALD at Dallas.

An undated letter contained in an envelope postmarked December 31, 1963, at Guadalajara, Jalisco, Mexico, was received by Attorney General ROBERT F. KENNEDY. This letter which was signed YLARIO ROJAS indicated the writer thereof had some information concerning the death of Mr. KENNEDY's brother and some information concerning LEE OSWALD.

As a result of the above mentioned letter and subsequent investigation, the following investigation was conducted:

SA 105-2009

The following investigation was conducted by S. ROBERT L. CHAPMAN:

AT LAREDO, TEXAS

On February 20, 1964, SA T-1 advised that he had checked the records of Compania Mexicana de Aviacion (CMA) in Nuevo Laredo, Mexico, and on the night of February 20, 1964, located a record at CMA for a ticket purchase order, Number A 37240, for HILARIO ROJAS, for airline ticket from Guadalajara, Mexico, to Nuevo Laredo, Mexico. SA T-1 advised that CMA Ticket Order Number A 37240 was placed by Sanborn's Airlines Office, Laredo, Texas, on July 31, 1962, and was for travel by HILARIO ROJAS from Guadalajara on August 4, 1962.

SA T-1 further advised that he had checked the records of the Reforma and Texas Hotels in downtown Nuevo Laredo, Mexico, for any record of HILARIO ROJAS, YLARIA V. ROGAS, and YLARIA ROGAS VILLANUEVA, with negative results.

SA T-1 further stated that he had contacted MODESTO VASQUEZ, owner of the former Plaza Hotel in Nuevo Laredo, Mexico, and had determined this hotel has been closed since 1961.

In connection with this report, it should be borne in mind that the Dallas Office has a separate case in connection with the shooting of LEE HARVEY OSWALD captioned "JACK L. RUBY, aka.; LEE HARVEY OSWALD, aka. (Deceased) - VICTIM; CR", Dallas file 44-1639, Bureau file 44-24016.

It is also pointed out that the Dallas Office has a separate case captioned "ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, NOVEMBER 22, 1963, DALLAS, TEXAS; MISCELLANEOUS INFORMATION CONCERNING", Dallas file 89-43, Bureau file 62-109060. Numerous communications are being received under this assassination caption which, upon review, are found to contain information pertaining to OSWALD or his connection with the assassination, and such communications are being filed and reported in the instant case captioned LEE HARVEY OSWALD. Also, numerous communications are being received carrying the OSWALD caption which contain no information concerning OSWALD or his connection with the assassination, and such communications are being filed and reported in the case bearing the assassination caption. For the most part, miscellaneous allegations bearing on the assassination are being reported in the 89-43 case and all others in the LEE HARVEY OSWALD case. All information pertaining to items of evidence in connection with the assassination is being reported under the LEE HARVEY OSWALD caption.

The overlap in the period of this report with that of previous reports in this matter was occasioned by the fact that material with respect to certain phases of the investigation was withheld until such time as the complete resolving of the particular phase could be included in one report. Furthermore, a review of the Dallas files in instant matter has reflected certain information not previously reported, which it is now felt should be included in report form.

ALBERT GUY BOGARD was interviewed with the use of the polygraph, on February 24, 1964, at the office of the FBI in Dallas, Texas, by SA C. RAY HALL, with SA ARTHUR E. CARTER present during the interview. Bureau airtel to Dallas January 15, 1964, authorized this interview, and BOGARD signed a consent to interview with the polygraph, on December 9, 1963.

BOGARD is a white male, born December 30, 1924, at Coushatta, Louisiana, who advised he completed high school and served in the U. S. Navy from April 24, 1944, to November 22, 1947. He lives at 304 Brighton Avenue, Dallas, Texas.

During the interview BOGARD was asked questions relating to his report that a man who gave his name as LEE OSWALD came to the Downtown Lincoln-Mercury showroom at Dallas, Texas, on November 9, 1963, looked at cars there, and drove one of the automobiles during a demonstration ride. BOGARD was also asked questions regarding his identification of the photograph of LEE HARVEY OSWALD as being identical with the person who appeared at Downtown Lincoln-Mercury on November 9, 1963, as he reported.

No significant emotional responses were recorded by the polygraph, when BOGARD was asked relevant questions concerning his report. The responses recorded were those normally expected of a person telling the truth.

It was, therefore, concluded that after BOGARD viewed a photograph of LEE HARVEY OSWALD, BOGARD believed that this was a photograph of a person who had been at the Downtown Lincoln-Mercury showroom in Dallas looking at the automobiles there, and had driven a car during a demonstration ride.

On February 28, 1964, Mrs. RUTH PAINE, 2515 West 5th Street, Irving, Texas, advised SA's BARDWEL D. ODUM and JAMES P. HOSTY, JR. that she had, on that date, received a telephone call from a reporter named JACK LANGGUTH of the "New York Times", who told her that Newsweek magazine would be on the newsstands next Tuesday, March 3, 1964, with an article about OSWALD supposedly working as an undercover man for the FBI.

Mrs. PAINE stated LANGGUTH wanted to obtain from her some material that would rebut this article. Mrs. PAINE stated she told him that everything she knew indicated OSWALD was not working undercover for the FBI.

This information was furnished telephonically to Assistant Director W. C. SULLIVAN at 5:15 P.M., February 28, 1964, and confirmed by teletype same date.

On February 7, 1964, the Bureau advised that as a result of the appearance of Dallas District Attorney HENRY WADE before the Warren Commission, there appeared to be some confusion in the mind of Mr. WADE as to the manner in which he paid informants while on SIS assignment in Quito, Ecquador. The Bureau advised it was forwarding to Dallas a complete set of the vouchers and receipts submitted by Mr. WADE during such assignment and that WADE should be interviewed, exhibited these documents and straighten out fully and completely if he has any remaining doubts that all funds expended by him were entirely and accurately accounted for. The Bureau further instructed that WADE should be made to recognize that he secured receipts for the payments made to the informants and that these payments were reported to the Bureau in detail and that it should be definitely understood by WADE that he did not handle informants without the full knowledge of the Bureau.

On February 8, 1964, Mr. WADE was interviewed by SAC J. GORDON SHANKLIN and ASAC KYLE G. CLARK. He claimed that during his discussion with the Presidential Commission in Washington, D.C., on January 24, 1964, which he referred to as a very informal discussion at which no notes were taken, there were present Chief Justice EARL WARREN and LEE RANKIN of the President's Commission. He stated that he was accompanied by WILLIAM ALEXANDER, his assistant, WAGGONER CARR, ROBERT STOREY, former Dean of Southern Methodist University Law School and LEON JAWORSKI, Houston Attorney.

Mr. WADE stated that during this discussion with the Commission, mention was made of a voucher number 179 and the name LEE HARVEY OSWALD. He stated no such voucher was produced or exhibited. He claimed he told the Commission that the FBI did not have any informant without a number and that his identity, however, was always known to the FBI headquarters, but that the individual Agent, in getting money for an informant from headquarters, submitted the number on a voucher without a name. He claimed he also

ADMINISTRATIVE

told the Commission that he had never heard of paying an informant on the payroll by name.

Mr. WADE stated that he thinks he was asked about obtaining receipts from informants. He could not recall whether he had to or not when he was handling informants on SIS assignment as an Agent. He claimed he tried to convey to the Commission that an informant could not be developed by any Agent without the knowledge of FBI headquarters. WADE stated that in referring to vouchers, he accurately made his expense account.

During the interview, Mr. WADE reviewed his expense account and receipts submitted by him while on SIS. He stated that all funds expended by him were entirely and accurately accounted for and that he now realizes he did take receipts from informants and that these expenditures were reported to the Bureau in detail. He did not handle any informant without the full knowledge of the Bureau.

Mr. WADE volunteered that he would be talking to Mr. RANKIN, counsel for the Commission, in the next few days and he certainly meant to clarify the fact with RANKIN that he did take receipts for all expenditures to informants.

Mr. WADE claimed that there was a limited discussion about the fact that OSWALD might have been an FBI informant and that there was more speculation that he might have been a CIA informant.. He recalls that ROBERT STOREY said he was with the War Crimes Commission in Germany after World War II and either worked for or with CIA in Europe, and he indicated that CIA had informants no one knew about except the CIA Agent and that the informant might even have an informant.

Mr. WADE reiterated that he told the Commission that he had no information to the effect that OSWALD was an informant of the FBI or any Governmental agency.

ALONZO F. HUDKINS, III, also known as LONNIE HUDKINS, was interviewed on February 8, 1964, at Dallas, Texas, by SAS VINCENT E. DRAIN and W. JAMES WOOD. HUDKINS advised that he had arrived in Dallas from Houston during the late afternoon of February 8,1964, having had car trouble enroute.

HUDKINS was advised that the FBI had received information to the effect that he had made statements that LEE HARVEY OSWALD had been paid $200.00 per month from about September, 1962, as an informant for the FBI and that he had symbol number 179. HUDKINS stated that he came to Dallas, Texas, in late December, 1963, to check out rumors that OSWALD might have been an informant of the FBI. He stated this was based on information he had received from Assistant District Attorney WILLIAM ALEXANDER, Dallas, Texas, to the effect that in OSWALD's notebook there was the name of Agent HOSTY, his office and his home telephone numbers and license number. In addition, HUDKINS stated he had interviewed LEE HARVEY OSWALD's mother, MARGUERITE, who said that OSWALD was doing important subversive work for the Government.

HUDKINS related that he had contacted a Government official, not a Federal official, in Dallas who had told him that OSWALD was on the payroll of either the FBI or the CIA with Voucher number 179 and received no less than $150.00 a month and no more than $225.00 a month. HUDKINS related that this official had furnished him reliable information in the past which he had been able to print but that he did not print anything stating OSWALD was an informant of the FBI or the CIA, but merely raised this question in his article in the "Houston Post" dated January 1, 1964.

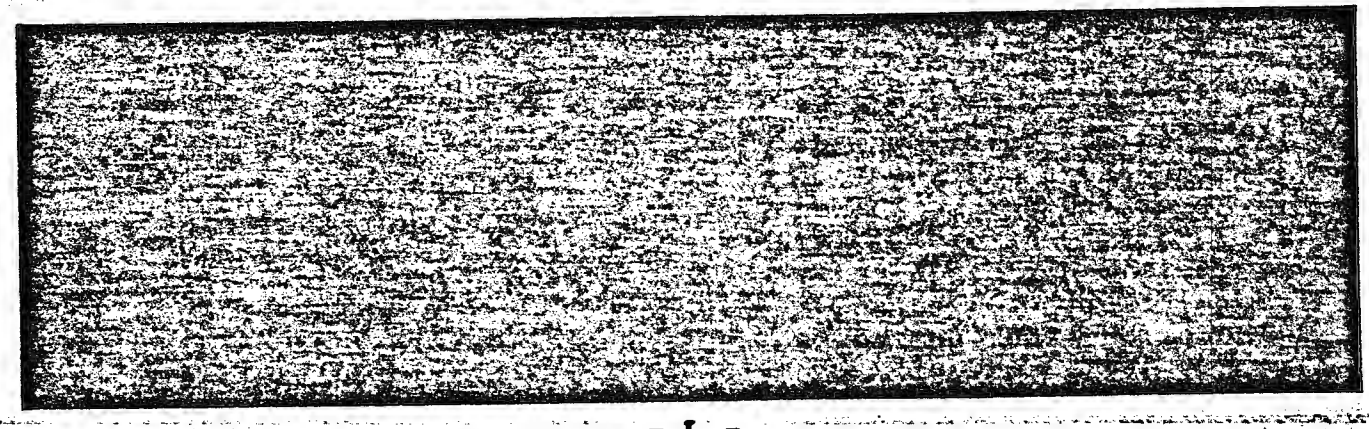
HUDKINS stated he only had this "official's" word and did not see any supporting documents of any kind to substantiate same. HUDKINS said he made inquiries

COVER PAGE

of some friends of his in Houston, whose names he would not divulge and also asked his Washington headquarters to attempt to check this out. HUDKINS related that this could not be verified and therefore was not printed.

HUDKINS was questioned at length in an attempt to ascertain the source for his information that OSWALD was an FBI or CIA informant but HUDKINS refused to divulge his source or to furnish a signed statement. He did admit that this was a local Dallas source. He stated he had quoted exactly ALEXANDER's statements to him previously as to Agent HOSTY's name being in OSWALD's notebook which included his home telephone number. HUDKINS stated that he later learned that HOSTY's home telephone number was not in this notebook.

HUDKINS stated that when the local Dallas source who furnished him with the alleged information that OSWALD was an FBI or CIA informant, he was alone and no other reporters were present. The only other information HUDKINS stated that he had heard that OSWALD might be a symbol informant was from JOE GOLDEN, a reporter presently with the Philadelphia Inquirer and formerly of the Dallas News who was in Dallas in late December, 1963. GOLDEN mentioned to him a number different from 179 that might have been a voucher number but HUDKINS cannot recall the number.



[redacted]

At the conclusion of the interview with LONNIE HUDKINGS, he stated that even if he were called to appear before the Presidential Commission he would decline to furnish the source of the information referred to above. It is pointed out that on pages 3 and 4 of Dallas teletype to Bureau, January 25, 1964, mentioned above, it is stated that ALEXANDER claims that he heard reporters discussing

the statement that OSWALD was possibly on the payroll of the Government at $200.00 a month beginning in September, 1962, and that he heard payroll number 179 or voucher 179 mentioned. Apparently, either District Attorney WADE or Assistant District Attorney ALEXANDER have told the Presidential Commission that the source of their information was LONNIE HUDKINS.

HUDKINS in his interview states that he was not present at any bond hearing on RUBY or any other hearings concerning RUBY and had not worked on the OSWALD-RUBY cases since January 1, 1964. He also specifically said that he did not give the above information to ALEXANDER or WADE but declined to say whether ALEXANDER had given the information to him. He said if he divulged his source he would be ruined as a reporter.

On February 13, 1964, WILLIAM ALEXANDER, Assistant District Attorney, Dallas County, Texas, was interviewed by SAS VINCENT E. DRAIN and W. HARLAN BROWN, in accordance with Bureau instructions contained in Bureau radiogram to Dallas February 11, 1964.

ALEXANDER was vigorously interviewed in depth concerning information that he had overheard a number of reporters discussing the possibility that LEE HARVEY OSWALD was a counterspy for the FBI, CIA or some governmental agency, and that he remembers hearing some reporter make the statement that OSWALD was supposedly on the payroll of the government at $200.00 a month beginning September, 1962, and had payroll number 179 or voucher 179.

ALEXANDER stated he has no idea as to the source of this information and at the time he considered it only rumor. He stated that at the time he heard someone mention it, the identity of whom he cannot recall, there were present a number of from 5 to 50 reporters.

ALEXANDER was informed that the FBI investigation strongly implied that he was the source of these allegations. ALEXANDER stated that he absolutely was not the source and that anyone stating he was the source was falsely accusing him. He claimed he had not originated any of these allegations and that he had no idea as to who did originate these allegations nor can he recall from whom he heard the remark.

ALEXANDER was asked if he could supply the name of any individuals he thought might be the originator of these false allegations and he stated he could not. He stated that much speculation and rumor of all kinds concerning OSWALD has cropped up from time to time, but that he had come to the point of not paying any attention to them. He stated that should he learn of the origin of the false allegations about OSWALD being an informant he would notify the Dallas Office.

On February 28, 1964, Assistant Director ROSEN telephonically advised that Attorney MELVIN BELLI should be interviewed concerning the following information:

Mr. ROSEN advised that on February 25, 1964, Mr. DICK BERLIN and KINGSBURY SMITH, General Manager and Editor respectively, Hearst Publications, had advised the Bureau that an unnamed Hearst reporter, described by BERLIN as very reliable, had been told by MELVIN BELLI, Attorney for JACK RUBY, that OSWALD was an FBI informant. BELLI also told this reporter that although he would not care to comment so much regarding RUBY's connection with the FBI, he knew from reliable sources that RUBY had been an informant for eight weeks, and OSWALD an informant of the FBI for thirteen weeks. BELLI also told this reporter that RUBY informed on gamblers and people of low character, and that OSWALD was a security type informant. Mr. SMITH advised that this reporter has a tape recording of BELLI making these allegations.

On February 28, 1964, MELVIN BELLI, Chief Attorney for JACK L. RUBY, alleged murderer of LEE HARVEY OSWALD, was interviewed by SAC J. GORDON SHANKLIN and SA VINCENT E. DRAIN in a hotel room secured for that purpose. BELLI insisted on his fellow lawyer, JOE TONAHILL, being present. BELLI was advised that the FBI had received information from a reliable source that BELLI had stated LEE HARVEY OSWALD was a security type informant of the FBI for a period of thirteen weeks. BELLI was informed that there was absolutely no truth in this statement and that it was desired to secure from him any and all information which he had in this regard.

BELLI stated that around the first of the year he had seen an article in the "Houston Post" by LONNIE HUDKINS which article indicated there was a rumor to the effect that OSWALD might be an informant of the FBI or CIA and subsequent to that article, BELLI subpoenaed HUDKINS to appear as a witness in the change of venue hearing for JACK L. RUBY before Judge JOE B. BROWN. Sometime during that period, BELLI heard another rumor around the courthouse in Dallas to the effect that OSWALD might be an informant of the FBI. BELLI related that he questioned HUDKINS during the venue hearing as he felt that the prosecution might try to use HUDKINS at a later date. Judge BROWN, in the venue hearing, refused to permit HUDKINS to answer his questions after objections of the prosecution. BELLI stated he thought at the time and still does think that these rumors originated with WILLIAM ALEXANDER,

ADMINISTRATIVE

Assistant District Attorney, Dallas, who had tried to plant other rumors on him and that it was BELLI's feeling that ALEXANDER thought BELLI might fall for this trap. BELLI stated he placed no credence whatsoever in the rumor that OSWALD was an informant and even if there was any credence to such remarks he did not think that such information had any place in the JACK L. RUBY trial. BELLI pointed out that if he brought this up in the trial he would certainly have to prove it and he would never think of doing so without seeing if it were true from the FBI.

BELLI stated he had talked to numerous reporters and news media during the past several weeks and he could not recall the identities of all he had talked with but did recall that to the best of his memory that approximately three weeks ago someone asked him if he had heard the rumor that OSWALD had been an informant of the FBI and he believes that the person asking this question was a reporter. To the best of BELLI's memory he stated he told this person that he had heard the rumor around the courthouse. BELLI does not recall exactly what he said but he is certain he never said anything to the effect that OSWALD had been an informant.

BELLI was emphatically advised that LEE HARVEY OSWALD had never been an informant of the FBI. He again reiterated that he does not think and never did place any credence in this rumor that OSWALD was an informant.

BELLI was also advised that the FBI had received information that he had also stated that JACK L. RUBY had been an informant of the FBI for a period of eight weeks. Both he and Attorney TONAHILL stated that they had at no time ever heard anyone state that RUBY was an informant or infer that he was an informant. BELLI insisted that he be permitted to call his other co-counsel, PHILLIP BURLESON, to the room and ask him if he had ever heard this rumor. BURLESON, upon being asked the same question, as to whether or not he had ever heard of RUBY being an informant or rumors to that effect, advised he had never heard any rumor from anyone to that effect.

BELLI, TONAHILL, and BURLESON all stated they had never told anyone or inferred to anyone that RUBY was an informant of the FBI. BELLI stated he believed he and his co-counsel would

ADMINISTRATIVE

have known if RUBY had been an informant of the FBI, since they have questioned RUBY in detail about his entire life and he is certain RUBY would have told them if he had been an informant of the FBI. BELLI stated RUBY had never mentioned in any manner whatsoever cooperating with the FBI.

In conclusion, BELLI stated he was getting "damned tired" of Assistant District Attorney WILLIAM ALEXANDER, Dallas, Texas, planting rumors which ALEXANDER thought BELLI might fall for and it was his (BELLI's) opinion that ALEXANDER was probably the source of the rumor that OSWALD was an informant of the FBI.

BELLI then specifically asked SAC SHANKLIN if RUBY had ever been an informant as this was the first he had ever heard of it and SAC SHANKLIN advised BELLI that RUBY had never been an informant of the FBI and BELLI asked no further questions.

On March 3, 1964, Assistant Director W. C. SULLIVAN instructed that HENRY WADE, Dallas County District Attorney, be contacted with respect to the indications that WADE's assistant, WILLIAM ALEXANDER, was the source of the rumor that LEE HARVEY OSWALD was an FBI informant.

On March 3, 1964, Mr. WADE was contacted by SAC J. GORDON SHANKLIN, at which time it was pointed out to Mr. WADE that the FBI continues receiving indications that his assistant, WILLIAM ALEXANDER, is the source of the rumors that OSWALD was an FBI informant. It was pointed out to Mr. WADE that ALEXANDER had been interviewed and denied having any information in this regard. It was also pointed out that if ALEXANDER does have any information, the FBI desires that he put it on the line or stop talking.

Mr. WADE stated he felt that any information along this line was the old rumor, as he has told ALEXANDER to stop talking and that he (WADE) is at present the only one on his staff who is supposed to talk to the press. Mr. WADE volunteered that he had heard nothing regarding this rumor around the court house in recent weeks. He stated that this rumor of OSWALD being an informant of the FBI or CID had no place in the trial of JACK L. RUBY, the alleged murderer of OSWALD, and that it would not be brought up by him. Mr. WADE stated he would again tell his assistant, WILLIAM ALEXANDER, to be quiet and make no further remarks in this regard.

Title: LEE HARVEY OSWALD

Character: INTERNAL SECURITY - RUSSIA - CUBA

Synopsis:

Mr. ROBERT J. E. HUGHES made available one fifty-foot roll of eight millimeter film depicting Texas School Book Depository (TSBD) and what appears to be person in sixth-floor window. Mrs. MARIE MUCHMORE made available her eight millimeter Keystone movie camera with which she recalled taking some pictures just prior to assassination. Information received alleging photographs taken of President KENNEDY on stretcher at Parkland Memorial Hospital showing large head wounds with parts of skull missing, but FORREST V. SORRELS, U. S. Secret Service, Dallas, Texas, states he was at hospital and no photographs taken of President KENNEDY. Additional investigation reflected regarding BILLY NOLAN LOVELADY, who is identified as individual whose photograph appears in doorway of TSBD in various publications and who resembles OSWALD. Personal effects of LEE HARVEY OSWALD and MARINA OSWALD obtained from 2515 West 5th Street, Irving, Texas, and at 1026 North Beckley, Dallas, Texas, by Dallas Police Department listed by item number and description. Items belonging to MICHAEL or RUTH PAINE identified. Mrs. PAINE identified notations in her calendar for month of March 1963. Sometime in October 1963 Mrs. PAINE first recalls seeing package in her garage consisting of something in a green and rusty-brown camping-type blanket. She does not recall ever handling this package and does not recall seeing it at time she

moved MARINA OSWALD from New Orleans, La., on 9/23/63. Mrs. PAINE states at no time did she ever have discussion with MARINA about subject owning a gun. Investigation, including inquiries at Dallas Police Department, fails to establish exact number of copies of photograph of OSWALD with rifle that were made, or how such photograph came into possession of news media. FBI Laboratory examination of typewriter specimens from typewriter of Mrs. PAINE established this typewriter used to prepare typewritten letter dated 11/9/63, signed by OSWALD and contained in Soviet Embassy file. Selective Service System Notice of Classification, in name "ALEK JAMES HIDELL", which was in possession of OSWALD, established as a fraudulent and counterfeit card. Results of other Laboratory examinations and translations of foreign language material identified by item number where possible, set forth. Such translations include documents seized by Dallas Police Department at 1026 North Beckley, Dallas, Texas, and 2515 West 5th Street, Irving, Texas. Additional witnesses in vicinity Texas Theatre where subject arrested interviewed. Information received that subject had indicated desire to shoot former Vice President RICHARD M. NIXON. No gun range near Love Field, Dallas, where individual can legally fire rifle, but number of places in the river bottoms in Dallas County. "Love Field" bus determined to go to Love Field from vicinity of 214 West Neely Street where OSWALD residing latter part March 1963. Article appeared in "Fort Worth Star Telegram" newspaper 2/10/64, by THAYER WALDO concerning alleged assassination witness being held in protective custody. Managing editor indicated he was of opinion source for this story wrong, but source not divulged. According to "Dallas Times Herald" newspaper of 2/9/64, motion picture entitled "The Trial of Lee Harvey Oswald" filmed at Dallas. WILLIAM A. MC KENZIE, attorney for MARINA OSWALD, has indicated he would seek to stop showing of this film as he felt it might be detrimental to his client. Additional allegations of acquaintanceship between OSWALD and JACK L. RUBY received and investigation concerning same fails to reflect any such association or acquaintanceship existed. Additional investigation conducted to determine subject's residence during

period 10/19/62, to 11/3/62, with negative results. ROBERT LEE OSWALD made available Imperial Reflex camera and Baby Brownie camera which he stated were property of subject. ROBERT does not recall any comment or discussions by OSWALD on subject of suicide and does not recall seeing scar on either of subject's wrists. Contents of notebook diary of ROBERT LEE OSWALD set out. VADA OSWALD, wife of ROBERT, executed signed statement concerning relationship between MARINA OSWALD and JAMES HERBERT MARTIN. Inquiries made at public libraries in Dallas, Irving and Fort Worth, Texas, concerning subject. Copy of autopsy report, Number M63-356 reflecting results of autopsy performed on body of subject 11/24/63, obtained. MARINA OSWALD recalls subject packed rifle in New Orleans several days before she left to return to Dallas with Mrs. PAINE and next saw rifle in PAINE garage about week after she arrived in September 1963. She does not believe either Mr. or Mrs. PAINE knew OSWALD had rifle. She never discussed OSWALD's ownership of rifle with Mrs. PAINE. MARINA states subject told her he practiced with rifle in a field near Dallas and she observed him cleaning rifle on several occasions. She states she knew of subject's trip to Mexico about week before trip and that OSWALD went to Mexico for purpose of entering Cuba. She states OSWALD told her he traveled to Mexico from New Orleans by bus and returned to Dallas from Mexico by bus. MARINA states she noted license number on automobile used by SA JAMES P. HOSTY, JR. on an occasion when he called at the PAINE residence and that she later gave it to OSWALD because he had told her to note the license number of any FBI Agent who came to the house in order that he would know it was an FBI car. MARINA states she forceably held subject in bathroom until he removed his clothes in order to prevent him from going to shoot RICHARD M. NIXON. MARINA states OSWALD, while in New Orleans, had discussed plan to hijack airplane and force pilot to take him to Cuba. MARINA exhibited photographs of numerous items of personal effects to establish ownership. MARINA now resides 629 Belt Line Road, Richardson, Texas. MR. ROBERT J. E. HUGHES, Apartment 3, 6615 Hursey, telephone EMerson 8-2751, made available one 50 ft. roll of 8 millimeter Kodachrome colored movie film. MR. HUGHES personally delivered this film to the Dallas FBI Office stating it contained some footage of the presidential motorcade November 22, 1963 just prior to the assassination of President JOHN FITZGERALD KENNEDY.

HUGHES stated he took the pictures while standing on the southwest corner of Main and Houston Streets. The presidential motorcade passed in front of him, turned right on Houston Street, one block to Elm Street, then turned left. This left turn is directly in front of the Texas School Book Depository Building which is shown in full in the photographs. From the photographs there appears to be a person in the sixth floor window of the Texas School Book Depository Building which is the most distant window to the right.

MR. HUGHES requested that when the film had served its purpose it should be returned to him.

Miss WILMA BOND, 6418 Lovers Lane, Dallas, Texas, advised that she is employed at Justin-McCarty, 707 Young Street, Dallas, Texas, and was at her place of employment on November 22, 1963. She advised that she and Mrs. MARIE MUCHMORE had departed work approximately one hour prior to the arrival of the Presidential motorcade at the corner of Main and Houston Streets. She stated that she would estimate that they were standing at the corner of Houston and Main Streets for approximately 45 minutes prior to the arrival of the motorcade. She related that they stationed themselves on the northwest corner of Main and Houston Streets where they could look east on Main Street in the direction that the motorcade would arrive from.

Miss BOND made available several 35 mm. color slides that she had taken of the motorcade as it arrived at the corner of Houston and Main Streets and as it proceeded north on Houston Street, with the last photograph being taken as the motorcade was approximately 100 feet from the corner of Main and Houston Streets. She stated that due to her location, she had not taken any photographs which would include the Texas School Book Depository Building. She also made available for examination, several 35 mm. color slides taken after the shooting and the motorcade had departed the area.

She stated that due to the excitement she did not obtain any photographs at the time of the shooting. She also advised to the best of her knowledge, she heard at least three shots fired at the time of the incident but that due to the excitement, she does not recall the exact number.

Miss BOND advised that she did not at any time look in the direction of the Texas School Book Depository building nor did she observe anything of the individuals in that area which would have caused her concern.

Examination of photographs taken by Miss BOND revealed that none of the photographs had the Texas School Book Depository building in the background.

Mrs. MARIE MUCHMORE, 2980 Randy Lane, made available her 8 mm. Keystone movie camera to SA IVAN D. LEE on February 14, 1964.

Mrs. MUCHMORE related that on November 22, 1963, the day the President was assassinated, she was standing at the corner of Houston and Main Streets, arriving at that location approximately 45 minutes prior to the Presidential motorcade coming by her location.

Mrs. MUCHMORE stated that she was standing on the northwest corner at that intersection where she could observe the motorcade proceeding west on Main Street prior to turning north on Houston Street.

She advised that as the motorcade made a right turn onto Houston Street and proceeded north toward Elm Street, she took approximately four or five feet of film of the President's car.

Mrs. MUCHMORE stated that after the car turned on Elm Street from Houston Street, she heard a loud noise which at first she thought was a firecracker but then with the crowd of people running in all directions and hearing the two further noises, sounding like gunfire, she advised that she began to run to find a place to hide. She related that she panicked and does not recall the settings on the camera or what she did after learning that the noise was gunshots.

Mrs. MUCHMORE stated that she immediately returned to her place of employment, Justin-Mc Carty, 707 Young Street, which is located approximately four blocks south of the Texas School Book Depository building. She related that the incident had upset her so much that she had to take sick leave for the next four days. She advised that she is positive that she only heard three shots but as to the direction or location of the noises, she would be unable to give an accurate location.

SA RICHARD E. HARRISON interviewed the following four persons, who reside at Dallas, Texas, and are employed at the Texas School Book Depository, on the dates indicated:

Mrs. WILLIAM V. PARKER, 5916 Ellsworth, November 23, 1963
Mrs. MARY LEA WILLIAMS, 3718 Inwood Road, November 24, 1963
Mrs. RUTH HENDRIX, 2011 North Prairie, November 24, 1963
Mrs. HERMAN M. (BILLIE P.) CLAY, 6934 Casa Loma, November 24, 1963.

All of the above advised they had viewed the Presidential motorcade, however, they could furnish no information of value concerning the assassination of the President and they did not know LEE HARVEY OSWALD.

Mrs. MARY LEA WILLIAMS advised when shown a photograph of the Texas School Book Depository taken by a reporter from the Dallas Morning News on November 22, 1963, that the individual observed standing in a window on the third floor with the blinds partially raised adjacent to Room 301, was her supervisor STEPHEN WILSON, a white male.

On November 24, 1963, LAWRENCE FORD, 303 N. Prestwood, Garland, Texas, advised he is employed by WFAA-TV and Radio Station in Dallas and he had been standing near the corner of Elm and Houston Streets. After the President was shot, he immediately ran into the Texas School Book Depository to make a telephone call to his place of employment. He was stopped by a police officer as he attempted to leave the building. FORD was unable to furnish any pertinent information concerning the assailant of President KENNEDY.

The following investigation was conducted by SA ALFRED D. NEELEY on February 27, 1964:

Mrs. RUDELL PARSONS, Allyn and Bacon, Room 301, 411 Elm Street, residence 3437 Amherst, Dallas, Texas, advised that she did not report for work on November 22, 1963, as she was ill and, therefore, could furnish no information concerning the assassination of President KENNEDY.

Mrs. PARSONS stated that she did not know LEE HARVEY OSWALD by name but stated that she probably had seen him in the building; however, she was not certain of this.

On February 28, 1964, Mr. HERBERT L. "HERB" JUNKER, salesman, MacMillan Company, room 302, 411 Elm, Dallas, advised that he could furnish no information concerning the assassination of President KENNEDY. He stated that at the time of the assassination he was at the Blue Front Cafe on Elm Street having lunch. He stated that he did not know LEE HARVEY OSWALD.

On February 19, 1964, the following information was received at Dallas, Texas, pertaining to alleged photographs portraying President KENNEDY's head wounds:

On December 5, 1963, EVA GRANT, sister of JACK RUBY, was interviewed at the Vegas Club, 3508 Oak Lawn Avenue, Dallas, Texas, by SAs ELMER W. MOORE and GARY SEALE, U. S. Secret Service. She stated her brother, EARL RUBY, had information to the effect photographs had been taken of President KENNEDY as he was being taken into Parkland Hospital on a stretcher and the photographs showed large head wounds with parts of the skull missing.

She understands the FBI is aware of these photographs and are in possession of prints. She was particularly incensed because she was told by her brother, EARL, the photographs are being offered for sale for $100,000 and she felt there was no reason why these photographs should ever be publicly printed without express permission of JACKIE KENNEDY and the KENNEDY family.

Mrs. GRANT stated there are some attorneys involved in the scheme to sell the photographs and she is of the opinion her brother's (JACK RUBY) attorney, TOM HOWARD, may know something regarding this matter.

Mrs. GRANT was unable to furnish any additional information, but stated the details can be obtained from EARL RUBY, whose business address is Cobo Cleaners, 18135 Livernois, Detroit, Michigan, telephone UN 3-0400, home address not known, but whose home telephone numbers are 353-2730 and 353-3070.

FORREST

Mr. FORREST V. SORRELS, Secret Service, 505 North Ervay, Texas, advised that he was at the Parkland Memorial Hospital when President KENNEDY was brought to the hospital and said that he remained there until his body was taken to Love Field. Mr. SORRELS stated there were no photographs taken of President KENNEDY at the Parkland Hospital. He stated there were no photographs taken of him as he was being taken into the Parkland Hospital on a stretcher. D.C.

Mr. SORRELS stated that his files disclose that EARL RUBY was interviewed December 6, 1963, at the Cobo Cleaners, 18135 Livernois Avenue, Detroit, Michigan, by agents of the Secret Service Office, Detroit. Mr. SORRELS stated that EARL RUBY claimed that during the evening of December 1, 1963, he received a long distance telephone call from MIKE SHORE of Los Angeles, who said he had been conferring with BILLY WHITFIELD, the writer of the CARYL CHESSMAN murder story, relative to the possibility of writing a story on JACK RUBY. RUBY claimed that SHORE mentioned he had some information on some photographs but would not elaborate on these photographs over the phone. It was agreed that EARL RUBY would leave Detroit immediately for Los Angeles. According to RUBY, he said he arrived in Los Angeles the following day, (December 2, 1963) and that he was met by SHORE and WHITFIELD, after which they discussed the possibility of writing a story concerning JACK RUBY. During this conversation RUBY claimed that WHITFIELD said that he was told by PETER MOSS, a writer for the "Saturday Evening Post" magazine, that he had been approached with an offer to purchase some confidential photographs of the assassination of President KENNEDY. These photographs were alleged to show the large head wounds with parts of the skull missing. RUBY claimed that he understood this offer was made to MOSS by either attorney TOM HOWARD of Dallas, Texas, or his representative. No price was mentioned as to the cost of these photographs. D.C.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

RUBY claimed that he understood these photographs were apparently in the possession of law enforcement officials in Dallas, but all evidence and photographs would become available to HOWARD for JACK RUBY's defense. RUBY claimed he departed Los Angeles December 3, 1963, and flew to Dallas where he conferred with his sister, EVA GRANT, and his brother, JACK RUBY, concerning the forthcoming story. EARL RUBY stated that he talked to TOM HOWARD, attorney, about these photographs, at which time HOWARD emphatically denied any knowledge concerning them.

RUBY claimed that he did not have WHITFIELD's home address, but furnished his two telephone numbers as PO 3-3921 and TR 7-4482. He stated that SHORE resided at 199 North Almont Drive, Los Angeles 48, California, business phone HO 6-8211, residence phone numbers BR 2-9836 and CR 4-0043.

Mr. SORRELS stated that he had no additional information concerning the alleged photographs taken of President KENNEDY showing the large head wounds with part of the skull missing, and, since TOM HOWARD, attorney, Dallas, Texas, the alleged source of these photographs, denied emphatically any knowledge concerning them, no other inquiries were made.

MICHAEL SHORE, 1347 Cahuenga Boulevard, Hollywood, California, in interview on December 2, 1963, advised that EARL RUBY, brother of JACK RUBY, telephoned him from Chicago, Illinois, on December 1, 1963. EARL RUBY seemed worried about his brother's case, stating they were in need of funds to aid in his defense. EARL RUBY stated that he desired to raise funds for his brother by selling the rights for a story of JACK RUBY's life. According to SHORE, EARL RUBY asked if he knew anyone who would be interested in writing such a story or in putting him in touch with someone who would be interested in this matter. SHORE stated he suggested WILLIAM REED WOODFIELD, 12336 Rye Street, Studio City, California, who is a well-known photographer, independent writer and biographer, who has aided in writing the book "The Ninth Life", concerning CARYL CHESSMAN, who was condemned to death for crimes in California.

SHORE volunteered no information concerning PETER MOSS or any statements he may have made alleging that he or WOODFIELD had been approached with an offer to purchase some confidential photographs of the assassination of President KENNEDY.

WILLIAM REED WOODFIELD (not WHITFIELD as previously reported), 12336 Rye Street, Studio City, California, phone numbers TR 7-4482 and PO 3-3921, was interviewed December 2, 1963, at which time he corroborated the information furnished by MICHAEL SHORE. He likewise volunteered no information concerning PETER MOSS or any statements he may have made alleging that he or SHORE had been approached with an offer to purchase some confidential photographs of the assassination of President KENNEDY.

WILLIAM REED WOODFIELD, Journalist, 12336 Rye Street, Studio City, California, telephone number TR 7-4482, was telephonically contacted by SA JAMES M. BRADY, on March 4 and 5, 1964. On March 4, 1964, WOODFIELD advised that he was under subpoena to testify in a criminal case being tried in United States District Court, Los Angeles, California and would not be available for interview. On March 5, 1964, WOODFIELD advised that he had prior business commitments and requested to be interviewed over the telephone to save time. He advised as follows:

In December, 1963, he was placed in contact with EARL RUBY, brother of JACK RUBY, by MICHAEL SHORE. EARL RUBY was investigating the possibility of raising money for the defense of JACK RUBY by selling rights to a story on the life of JACK RUBY. Two magazines had been trying to negotiate a deal. They were Life and the Saturday Evening Post. They had been making some fantastic offers to the RUBY family. WOODFIELD told EARL RUBY that these offers were being made on two assumptions. These assumptions were that JACK RUBY would retain Attorney TOM HOWARD of Dallas, Texas, to represent him and that Attorney HOWARD would be able to exercise a legal right of discovery of evidence to obtain photographs of the assassination of President KENNEDY, including photographs taken after President KENNEDY died which would show in detail the wounds inflicted during the assassination.

WOODFIELD told EARL RUBY that he would not work with Attorney TOM HOWARD and that, if Attorney HOWARD obtained "morgue type" photographs of President KENNEDY's body for publication, it would be a great disservice to JACK RUBY and probably insure a death sentence for JACK RUBY.

WOODFIELD advised that he never had any information that such "morgue type" photographs actually existed. He advised that PETER MOSS is a writer who last year wrote an article on JOSEPH VALACHI for the Saturday Evening Post. MOSS also worked on the assassination of President KENNEDY for the Saturday Evening Post. However, WOODFIELD is not personally

acquainted with MOSS and has never held a discussion with him concerning the assassination of President KENNEDY or JACK RUBY, or anything else.

WOODFIELD explained that he obtained his information about the negotiations of the Saturday Evening Post and Life Magazines from LAWRENCE SCHILLER.

WOODFIELD suggested to EARL RUBY that Attorney TOM HOWARD of Dallas, Texas, should not be retained to defend JACK RUBY but MELVIN BELLI of San Francisco, California should be retained. In fact, WOODFIELD telephoned BELLI for EARL RUBY and introduced them over the telephone.

WOODFIELD stated that he did work out an agreement to do a story on JACK RUBY and it was published in both this country and in foreign countries in January, 1964. It is a 15,000 word account of the life of JACK RUBY on a minute to minute basis from the assassination of President KENNEDY until the shooting of LEE HARVEY OSWALD.

MICHAEL SHORE, In Charge of Special Projects, Warner Brothers Pictures, Inc., 4000 Warner Boulevard, Burbank, California, was telephonically interviewed by SA JAMES M. BRADY on March 5, 1964. SHORE requested a telephonic interview because he had scattered business appointments in the Los Angeles area throughout the day and a personal interview would be difficult to arrange.

SHORE advised that to the best of his knowledge, he has never met PETER MOSS and cannot associate the name with anyone he has ever known. He stated that shortly after the shooting of LEE HARVEY OSWALD by JACK RUBY he was contacted by EARL RUBY relative to the writing of a story on JACK RUBY. SHORE introduced EARL RUBY to WILLIAM REED WOODFIELD, but had little participation in the negotiations between EARL RUBY and WOODFIELD.

SHORE stated that he cannot recall any conversation between WOODFIELD and EARL RUBY about the possible existance of photographs of the assassination of President KENNEDY which would show large head wounds with parts of the skull missing. In fact, he cannot recall any conversation involving any photographs whatsoever. SHORE stated that about all he remembers overhearing is that WOODFIELD cautioned EARL RUBY against hiring attorney TOM HOWARD of Dallas, Texas.

LAURENCE SCHILLER, Contract Photographer for the "Saturday Evening Post", New York, New York, and residing at 10558 Alskog Street, Sun Valley, California, telephone number 877-9158, was interviewed at the Los Angeles Office of the Federal Bureau of Investigation (FBI) by SA JAMES M. BRADY on March 5, 1964. SCHILLER advised as follows:

When President KENNEDY was assassinated in Dallas, Texas, SCHILLER flew from Los Angeles to Dallas as a contract photographer for "Saturday Evening Post". He worked in Dallas with PETER MOSS, a writer for the "Saturday Evening Post" and ROGER VAUGHAN, who acted as an assistant to SCHILLER. After JACK RUBY shot LEE HARVEY OSWALD, attorney TOM HOWARD of Dallas, Texas, publicly announced that he was JACK RUBY's attorney. SCHILLER telephoned attorney HOWARD from the Dallas Police Department and asked whether he was the attorney for JACK RUBY. He stated that he was. SCHILLER told attorney HOWARD that the "Saturday Evening Post" would be interested in talking with him regarding the possibility of working out something of mutual benefit to the readers of "Saturday Evening Post" and to his client, JACK RUBY. Attorney HOWARD seemed very much interested in meeting representatives of the "Saturday Evening Post". The magazine headquarters in New York City telephoned attorney HOWARD to confirm his position as attorney for JACK RUBY and his interest in negotiating for a story. The magazine headquarters then instructed SCHILLER, MOSS, and VAUGHAN to call on attorney HOWARD together. The three men visited attorney HOWARD in his office on or about November 25, 1963. He stated that "Life" magazine had been calling him, but he did not like their attitude. He made a tentative agreement that if an exclusive story were granted it would be granted to the "Saturday Evening Post". At this time he also indicated that because of his background in Dallas, Texas, he could probably develop and obtain more information and do more for JACK RUBY than most any other attorney.

Soon after the above mentioned meeting with attorney HOWARD, SCHILLER had dinner with a Dallas, Texas, columnist TONY ZOPPI, who writes an entertainment column for a Dallas newspaper. ZOPPI indicated that attorney HOWARD had, at one time, been disbarred and did not have too good a reputation in Dallas. However, he also allegedly had good connections with Dallas, Texas, judges.

SCHILLER relayed this information to PETER MOSS and the New York Headquarters of the "Saturday Evening Post". The magazine headquarters instructed SCHILLER to let PETER MOSS handle any further negotiations with attorney HOWARD.

SCHILLER made a subsequent visit to the office of attorney TOM HOWARD. An unknown man was seated in attorney HOWARD's office and, in the presence of this stranger, attorney HOWARD told SCHILLER that he was no longer interested in selling the JACK RUBY story for any amount of money. His general attitude toward SCHILLER was one of hostility. SCHILLER had no further contact with attorney HOWARD, but is under the impression that PETER MOSS did have further contact with attorney HOWARD.

SCHILLER returned to Los Angeles, California, and shortly thereafter received a telephone call from WILLIAM REED WOODFIELD, stating that EARL RUBY had telephoned MICHAEL SHORE regarding someone who might be interested in doing a story on JACK RUBY. WOODFIELD further stated that he and SHORE were going to meet with EARL RUBY in Los Angeles. At this time SCHILLER warned WOODFIELD that attorney TOM HOWARD of Dallas, Texas, was not to be trusted. He passed along some of the information he had picked up in Dallas concerning attorney HOWARD. WOODFIELD told SCHILLER he thought he might try to get attorney MELVIN BELLI of San Francisco, California, to handle the JACK RUBY case.

SCHILLER stated that as it later developed, attorney BELLI was hired to defend JACK RUBY and WOODFIELD did write a story on JACK RUBY which was printed near the end of January, 1964, throughout the United States and in many foreign countries.

SCHILLER stated that PETER MOSS is a free lance writer who probably resides in Washington, D. C. He stated that he does not know how to get hold of MOSS, except possibly through Attorney General ROBERT KENNEDY, who is a good friend of MOSS.

SCHILLER stated that ROGER VAUGHAN lives in New York City and is listed in the Manhattan telephone directory. His telephone number prefix starts with TR.

SCHILLER advised that he, MOSS, and VAUGHAN never discussed any photographs with attorney TOM HOWARD in Dallas, Texas. Also he advised that he had never discussed any photographs regarding the assassination of President KENNEDY with WOODFIELD or EARL RUBY. He stated that the only exception was that in talking with EARL RUBY he mentioned the fact that "Life" magazine paid a big price to ABRAHAM ZAPRUDER for movies of the assassination of President KENNEDY, but the subsequent sale of a story on JACK RUBY could not be expected to bring as much money as just the movie film, without a story.

SCHILLER advised that EARL RUBY has committed himself to an insane asylum for mental treatment on at least one occasion and possibly has committed himself on more than one occasion. He described EARL RUBY as a very nervous individual who is not emotionally stable. He expressed the opinion that anything EARL RUBY says should not be accepted at face value without corroboration.

SCHILLER advised that on March 5, 1964, shortly before arriving at the Los Angeles FBI Office, he had a telephonic conversation with WILLIAM REED WOODFIELD in which WOODFIELD had outlined information furnished by WOODFIELD to Special Agent BRADY of the FBI on the morning of March 5, 1964. SCHILLER stated that WOODFIELD was wrong in stating that the offers of "Life" magazine and the "Saturday Evening Post" to the RUBY family shortly after the shooting of OSWALD, were based on the assumption that JACK RUBY would retain attorney TOM HOWARD of Dallas and that HOWARD would be able to obtain certain photographs from public officials through his right of discovery. SCHILLER stated that he believes this is a conclusion arrived at by WOODFIELD, not supported by any factual evidence. SCHILLER expressed the opinion that in all likelihood no photographs were taken of President KENNEDY's body after his death in Dallas, Texas. He further stated that he had never heard any rumor that "morgue type" photographs had been taken of President KENNEDY.

By letter dated January 11, 1964, J. D. ROYCE, 496 West Scott Avenue, Clovis, California, advised Parade Publications, Inc., New York, New York, that he had what he believed to be "positive proof that LEE HARVEY OSWALD did not assassinate the President of the United States."

On January 23, 1964, J. D. ROYCE advised Special Agents of the FBI that the "positive proof" he referred to in the above-mentioned letter was based entirely on a double-page photograph which appeared on Pages 24 - 25 of the December 14, 1963, edition of the Saturday Evening Post. He stated that after examining this photograph with a magnifying glass, which photograph was reported to have been taken the instant President KENNEDY was shot, he was convinced that the individual standing in the background in the left edge of the doorway was OSWALD.

REFERRAL

On January 30, 1964, Mrs. HELEN SHIRAH, 5530 Santa Monica Boulevard South, Jacksonville, Florida, was contacted by Special Agents of the FBI regarding a letter she wrote to the U. S. Secret Service, Washington, D. C. Mrs. SHIRAH exhibited the magazine, "Four Dark Days in History," and pointed out an individual in the photograph on Page 4 which showed the Presidential motorcade passing the Texas School Book Depository, 411 Elm Street, Dallas, Texas, as being that of an individual she believed to be LEE HARVEY OSWALD. Mrs. SHIRAH based her identification of OSWALD solely upon having seen previous photographs of him. On February 19, 1964, Mrs. SHIRAH was again shown the photograph of the Presidential motorcade appearing on Pages 4 - 5 in the magazine, "Four Dark Days in History," by Special Agents of the FBI. Mrs. SHIRAH pointed out the same photograph as she had previously, stating that it was of an individual she believed to be LEE HARVEY OSWALD.

BILLY NOLAN LOVELADY appeared at the Dallas FBI Office at which time he consented to be photographed.

LOVELADY advised that on the day of the assassination of President JOHN F. KENNEDY, November 22, 1963, at the time of the assassination and shortly before, he was standing in the doorway of the front entrance to the Texas School Book Depository (TSBD) Building, 411 Elm Street, Dallas, Texas, where he is employed. He stated he was wearing a red and white vertical striped shirt and blue jeans.

LOVELADY stated his picture has appeared in several publications which picture depicts him on the far left side of the front doorway to the TSBD. LOVELADY was exhibited a picture appearing on pages 4-5 of the magazine entitled "Four Dark Days in History," Copyright 1963 by Special Publications, Inc., 6627 Hollywood Blvd., Los Angeles 28, California. He immediately identified the picture of the individual on the far left side of the doorway of the TSBD as being his photograph. He stated this same photograph or one identical to it has appeared in the Dallas Times Herald newspaper of November 23, 1963, and in the Cincinnati Inquirer of December 3, 1963. He stated it also appeared in an edition of the Saturday Evening Post the date of which he does not know.

Mr. LOVELADY stated his close resemblance to LEE HARVEY OSWALD has become somewhat embarrassing. He stated his step-children, TIMMY EKSTEDT, age 6, and stepdaughter, ANGELA EKSTEDT, age 4, were watching television shortly after the assassination at a time when LEE HARVEY OSWALD was shown while in custody of the Dallas Police Department and both of these children remarked that they thought their daddy was on television referring to his close resemblance to LEE HARVEY OSWALD.

The following physical description and background information was obtained from interrogation and observation of LOVELADY:

In view of the fact that BILLY NOLAN LOVELADY closely resembles LEE HARVEY OSWALD, it was deemed advisable to reinterview him to determine if he had ever visited the Irving Furniture Mart in Irving, Texas, seeking a gun shop; to determine the make, model and color of the automobile driven by him, and to determine if he had appeared at the Downtown Lincoln-Mercury Showroom, Dallas, Texas, on November 9, 1963, or any other date to try out an automobile.

It should be noted that previous investigation has indicated that an individual appeared at the Irving Furniture Mart in Irving, Texas, seeking a gun shop, which individual was alleged to have been LEE HARVEY OSWALD. It is further pointed out that previous investigation has indicated that LEE HARVEY OSWALD allegedly appeared at the Downtown Lincoln-Mercury Showroom in Dallas, Texas, on November 9, 1963, for the purpose of trying out an automobile.

Date 2/11/64

Mrs. RUTH PAINE, 2515 West 5th Street, furnished the following information:

From an examination of a photograph of her calendar for 1963, previously made available to the FBI, she was able to place her visit with MARINA OSWALD as being on April 11, 1963, due to the notation on date of April 10 of MARINA's name spelled in Russian, followed by an arrow to April 11, 1963, indicating to Mrs. PAINE that the 11th was the date she and MARINA visited and that either the notation was originally put down by her on the wrong date, or that a tentative date for their visit was changed to a day later.

She advised that she does not recall MARINA being nervous on April 11, 1963, and does not recall anything indicating that MARINA was aware of any action by her husband, LEE OSWALD, such as firing a shot at General EDWIN A. WALKER. MARINA definitely did not discuss such an occurrence, or the purchase of a rifle by LEE HARVEY OSWALD, on this date, or at any other time, with Mrs. PAINE.

11 1 115

Mrs. PAINE examined a photograph of her calendar for the month of March, 1963, and identified two notations at the top of the page as being entries made by her. One is a five pointed star followed by "LHO purchase of rifle" and the other in the left hand corner reads "OCT 23". The first indicates that LEE HARVEY OSWALD purchased a rifle, and the matching star on date of March 20 indicates that this was the date of purchase. Mrs. PAINE stated that she made this notation after the assassination and after she heard on television the statement that the rifle used to shoot President JOHN F. KENNEDY was purchased by OSWALD on March 20, 1963. Mrs. PAINE then went back to her calendar and put the notation on the calendar to determine where it fitted in her acquaintanceship with LEE and MARINA OSWALD. The word "MARINA" was already in the block for March 20, 1963, having been entered by Mrs. PAINE in March, 1963, denoting a date on which she saw MARINA OSWALD.

Mrs. PAINE cannot recall the significance of the entry reading "OCT 23", but believes it relates to the other entry reading "L/O purchase of rifle". She recalls that she thought about differentiating between the note put on the calendar after November 22, 1963, and the notes which were placed on the calendar in March, 1963, and now believes that she erroneously put "OCT 23" instead of "NOV 23", provided November 23 is the night that the information concerning the date OSWALD purchased the rifle was released on news telecasts. She advised that it seems to her that it had been after November 23, 1963, that this information was released on television, but that she might have been mistaken in this recollection, recalling now that November 22 and 23, 1963, were filled with many events.

Two photographs of ALBERT OSBORNE, also known as JOHN EDWARD BOWEN, were shown to Mrs. PAINE and she advised that she has never seen this person before and has never heard either name to the best of her recollection.

D. Rifle and Photographs of Lee Harvey Oswald with Rifle

FD-302 (Rev. 3-3-59) FEDERAL BUREAU OF INVESTIGATION

1 Date 2/11/64

Mrs. RUTH PAINE, 2515 West 5th Street, furnished the following information:

On September 23, 1963, she and MARINA OSWALD left New Orleans, Louisiana, in Mrs. PAINE's station wagon taking with them many of the personal possessions of MARINA and LEE OSWALD. LEE OSWALD loaded the station wagon and remained in New Orleans.

On arriving at the PAINE residence in Irving, Texas, on September 24, 1963, Mrs. PAINE and MARINA OSWALD unloaded the station wagon placing the OSWALD possessions in the attached garage at the PAINE residence. There were two duffle bags which were too heavy for them to remove. They left these in the station wagon and MICHAEL PAINE, husband of RUTH PAINE, moved them into the garage at a later time.

Sometime in October, 1963, after LEE OSWALD had arrived in Dallas, Texas, and about the time he went to work for the Texas School Book Depository, Mrs. PAINE first recalls seeing a package consisting of something in a green and rusty-brown camping-type blanket. This package was about forty-eight inches in length and about eight or nine inches in diameter. It was tied in three or four places with string so that it would not come unwrapped and was tucked in at the ends. When she first recalls it, this package was lying on the floor of the PAINE garage near the workbench and band saw which was against the west wall in the garage. The package was lying flat on the floor and Mrs. PAINE did not pick it up.

Mrs. PAINE cannot definitely account for this package being in her garage but it is her opinion that it was probably with the household goods of the OSWALD's which she brought from New Orleans in her station wagon. She does not believe that she handled this package and does not recall seeing it at the time of the move. She is rather definite that she did not pick up such a package and put it in her garage and if this package was in her station wagon, she believes that either MARINA OSWALD

moved it into the garage or that it was in one of the duffle bags which were too heavy for her and MARINA to move. She stated that there is a possibility that LEE OSWALD might have brought the package into her garage after returning to Dallas in the early October, 1963, but if this were true, she does not know where he could have stored it prior to this time and knows that he did not bring this package with him when he first came out to the PAINE residence after returning to Dallas.

Mrs. PAINE advised that at no time did she ever have a discussion with MARINA OSWALD about LEE OSWALD owning a gun, in fact, she recalls that on the afternoon of November 22, 1963, when officers of the Dallas Police Department and Dallas County Sheriff's Office contacted her at her home, they asked her if LEE OSWALD owned a gun. She told them no, but that most of OSWALD's possessions were in her garage. By this time, they had moved into the garage area and Mrs. PAINE translated the question about the gun in Russian to MARINA OSWALD, at which time MARINA indicated that OSWALD did own a gun. This was the first time that Mrs. PAINE had heard anything about OSWALD having a gun. MARINA then indicated the blanket-wrapped package described above as having the package containing LEE OSWALD's gun. At this point, Mrs. PAINE was standing on this package in her garage. She moved off of it and the police picked the package up noting it was limp and contained no gun. The package was not unwrapped at the PAINE residence but was taken by the police as evidence.

He furnished Repair Tag No. 18374, which is not dated. It reflects the name of the owner as "OSWALD." No address is shown and under repairs it lists "Drill and Tap - $4.50." The next line reflects "Bore Sight - $1.50. Total $6.00." No other information is reflected on this tag. Mr. GREENER requested that it be returned to him when the necessary examinations are completed. He said the order on this tag was written by DIAL F. RYDER and the order was paid upon delivery. He noted that the claim check part of this tag had never been removed from it, but was unable to explain any reason for its not being removed.

Mr. GREENER said he is unable to recall handling this order and believed he was in South Dakota on a hunt during the period October 31, 1963 through November 12 or 13, 1963. He advised that Mr. RYDER would be available for interview if necessary.

Mr. GREENER advised the Irving Furniture Company, now defunct, was formerly located one block west of his store on the north side of Irving Boulevard. He said it was operated by Mrs. EDITH WHITWORTH, who has closed the business. He said EDITH's husband, (FNU) WHITWORTH, is currently employed at Red's Trading Post, which is located about fifteen blocks east of the Irving Sport Shop on Irving Boulevard.

DL 100-10461

The following information is set forth concerning the circumstances surrounding the recent publication of a photograph of LEE HARVEY OSWALD holding a rifle and a pamphlet with a revolver on his hip which appeared in LIFE Magazine and other publications:

The original photograph in question is one of 47 photographs found during the search of property of LEE HARVEY OSWALD in the garage of Mrs. RUTH PAINE's residence, 2515 W. 5th Street, Irving, Texas, on November 23, 1963, by homicide and robbery detectives G. F. ROSE, H. M. MOORE, R. S. STOVALL, and J. D. ADAMCIK, Dallas Police Department.

These 47 photographs were turned over to the FBI on December 2, 1963, by Captain J. W. FRITZ, Homicide and Robbery Bureau, Dallas Police Department.

On February 27, 1964, MARINA OSWALD advised SAs WALLACE R. HEITMAN and ANATOLE A. BOGUSLAV that she had originally taken the photograph of LEE HARVEY OSWALD with a rifle and pistol which had recently appeared on the front page of LIFE Magazine. She stated she took this picture with the American-made Imperial Reflex camera owned by OSWALD and that the picture was taken in the yard at their Neeley Street address in Dallas, Texas. She stated she could only recall that she snapped the camera one time but she stated she must have snapped it twice because there were two different poses of OSWALD with the rifle. She stated she believes OSWALD developed the film and printed one copy each of the poses as far as she knows. These prints he gave her and inscribed each on the back to his daughter JUNE. He told MARINA for her to show them to JUNE after he had gone away. He did not explain to MARINA what he meant by going away.

MARINA stated she had placed the pictures in the baby photograph album which she had. On November 22, 1963, following her questioning by the Dallas Police she and MARGUERITE OSWALD, mother of LEE HARVEY OSWALD, were at the residence of Mrs. RUTH PAINE, 2515 W. 5th Street, Irving, Texas, and she (MARINA) showed MARGUERITE OSWALD the photographs of LEE HARVEY OSWALD with the rifle. MARGUERITE told MARINA to hide the photographs and MARINA did hide them in a shoe at the PAINE residence. On the next day,

MARINA was again questioned by the Dallas Police following which questioning MARGUERITE OSWALD asked MARINA what she had done with the pictures of LEE HARVEY OSWALD with the rifle. She replied she had hid them and MARGUERITE told her to burn them. MARINA advised she burned these two photographs on November 23, 1963, at the PAINE residence. She does not recall that there were other prints in existence. She stated however that there must have been other prints in existence because of subsequent happenings. She stated while she was residing at the home of JAMES HERBERT MARTIN, her former business advisor, and prior to the release of the LIFE Magazine which contained the photograph of OSWALD on the cover, she was told by MARTIN that he had sold the photograph of OSWALD with the rifle to LIFE Magazine for $5,000.

MARINA OSWALD advised that her former attorney, JOHN M. THORNE, on about February 11, 1964, told her at the home of Mr. and Mrs. DECLAN P. FORD, 14057 Brookcrest, Dallas, Texas, that it was he who had sold the photograph of OSWALD with the rifle to LIFE Magazine for $5,000.

MARINA OSWALD stated as far as she knows, LIFE Magazine has not paid $5,000. She has not received any money for the photograph. She stated further that neither MARTIN nor THORNE asked her permission to sell the photograph and she had not given authority to either of them to sell the photograph.

The following investigation was conducted by SA JAMES W. BOOKHOUT:

On February 27, 1964, Captain J. W. FRITZ, Homicide and Robbery Bureau, Dallas Police Department, advised he did not know how many copies of the photograph of OSWALD with a rifle which had appeared in several publications had been made. Captain FRITZ recalled that on November 23, 1963, he had requested the Identification Division of the Dallas Police Department to make up a few enlarged copies of said photograph for aid in the investigation and one copy of the enlarged photograph was furnished to the FBI at Dallas, Texas, and one to U. S. Secret Service, Dallas, Texas, on November 23, 1963. The enlarged copy received by the FBI at Dallas was furnished to FBI Headquarters on November 24, 1963.

Captain FRITZ stated to his knowledge copies of said photograph and others have been furnished to the Texas Attorney General's Office and to Assistant District Attorney for Dallas County, BILL ALEXANDER. Captain FRITZ stated no copies of said photograph, to his knowledge, were furnished to any news media and that Assistant Chief of Police GEORGE LUMPKIN reportedly has a record of the dissemination made of the photographs in this case.

Captain FRITZ advised it would have been possible for some member of the OSWALD family to have had another copy of the photograph in question, however; he felt that the photograph with the cards of OSWALD's which appeared in LIFE Magazine, had to have come from those originally in the possession of the Dallas Police Department.

On February 27, 1964, Captain GEORGE M. DOUGHTY, Identification Division, Dallas Police Department, advised his department has no record of the number of copies made of the photograph in question or of the dissemination made of same. DOUGHTY recalled that a number of photographs in instant case had been made up by Assistant Chief of Police GEORGE LUMPKIN.

Captain DOUGHTY stated to his knowledge no photographs in instant case were ever disseminated to any news media of any type.

On March 2, 1964, Assistant Chief of Police GEORGE LUMPKIN, Dallas Police Department, advised he did not know how many copies had been made of the photograph in question. He stated the only copies of said photograph known to have been disseminated were to the FBI, U. S. Secret Service, Attorney General's Office, and to the Dallas County District Attorney's Office. Assistant Chief LUMPKIN stated no copies were ever authorized for dissemination to any news media of any type.

On March 2, 1964, Lt. CARL DAY, Identification Division, Dallas Police Department, advised that on November 23 and 24, 1963, a large number of copies were made of the photograph in question and were laid out for use of investigating officers. Lt. DAY stated his instructions had been to give the FBI and the U. S. Secret Service anything they wanted. Lt. DAY advised when he returned to work on November 25, 1963, he found all of the photographs gone and it was necessary to make up some more. He stated he has no record of the dissemination of these photographs. He recalls when the photographs were laid out, numerous officers examined them and it is possible some were taken by these

unrecalled officers without his knowledge. Lt. DAY estimated he had made at least 24 copies of said photograph and possibly more. Lt. DAY stated that about four days to a week after November 22, 1963, an order was put into effect that photographs in instant case were to be disseminated only on authority of the Chief's Office. Prior to this time, there is no way to tell how many photographs were given out or to whom given.

Lt. DAY stated that since said order, six sets of photographs (50 to 60 photographs which would include the photograph of OSWALD holding the rifle) were made for Assistant Chief of Police GEORGE LUMPKIN on December 7, 1963, and later five additional sets were sent to Assistant Chief LUMPKIN reportedly for the Attorney General's Office. Lt. DAY stated also that on December 4, 1963, Patrolman GLASSCOCK, Department of Public Safety, was given two sets of eleven photographs for Governor CONNALLY, however, he is not sure that the photograph of OSWALD holding the rifle was included in this group.

Lt. DAY stated he has no knowledge of said photograph being given to any news media of any type.

On March 2, 1964, Captain J. W. FRITZ, Homicide and Robbery Bureau, Dallas Police Department, advised that NEWSWEEK Magazine of March 2, 1964, has an article on Page 80 concerning the photograph of OSWALD holding a rifle wherein it is stated that said photograph was purchased from JAMES MARTIN, business advisor of MARINA OSWALD, by LIFE Magazine. This article further stated that "unfortunately for LIFE, at least two other packets of OSWALD's photographs were subsequently being circulated (but not by MARTIN). GENE ROBERTS, an enterprising 31-year-old reporter for the Detroit Free Press, decided to go after them and managed to buy some twenty photographs (including the two LIFE had bought)."

Under date of March 6, 1964, the FBI Laboratory advised as follows concerning neutron activation analyses of paraffin casts from LEE HARVEY OSWALD:

"Specimens received 11/27/63

"PARAFFIN CASTS FROM LEE HARVEY OSWALD

Q53A Back of right hand
Q53B Front or palm side of right hand
Q53C Back of left hand
Q53D Front or palm side of left hand
Q53E Long narrow section side of right thumb
Q53F Long triangular section side of left thumb
Q53G Thin slab from right cheek

Q54 Paper envelope in which paraffin cast of right hand of Lee Harvey Oswald was brought to Dallas City-County Criminal Investigation Laboratory
Q55 Paper envelope in which paraffin cast of left hand of Lee Harvey Oswald was brought to Dallas City-County Criminal Investigation Laboratory
Q56 Paper envelope in which paraffin cast of right side of face of Lee Harvey Oswald was brought to Dallas City-County Criminal Investigation Laboratory
Q57 Paper sack in which seven pieces of paraffin casts were stored from 11/23/63 to 11/27/63
Q58 Paper sack of the type in which the casts from Oswald were stored from 11/23/63 to 11/27/63

"Results of examination:

"The paraffin casts, Q53A through Q53G, were analyzed by neutron activation analyses to determine if these paraffin casts from Oswald, which were made, chemically treated and washed by the Dallas law enforcement authorities bore any deposits which could be specifically associated with the rifle cartridge cases found in the Texas School Book Depository Building following the President's assassination. As a result of these examinations, the deposits found on the paraffin casts from the hands and cheek of Oswald could not be specifically

"associated with the rifle cartridges. Elements (barium and antimony) were found on the casts; however, these same elements were found in powder residues both from the above rifle cartridge cases and from the revolver cartridge cases which were fired from Oswald's revolver reportedly between the time of the assassination and the time of apprehension.

"No characteristic elements were found by neutron activation analyses which could be used to distinguish the rifle from the revolver cartridges.

"In view of the fact that the paraffin casts were not made until after the reported firing and handling of the fired revolver, no significance could be attached to the residues found on the casts other than the conclusion that barium and antimony in these residues are present in amounts greater than would be expected to be found on the hands of an individual who has not recently fired a weapon or handled a weapon.

"No identifiable particles of powder residues were found in the envelopes and sacks, Q54 and Q58."

Under date of December 3, 1963, the FBI Laboratory furnished the following information concerning a document examination requested by the Dallas Office on November 27, 1963.

Specimens received 11/27/63

Qc102 Photograph of a Selective Service System Notice of Classification in the name "Alek James Hidell" which was in the possession of LEE HARVEY OSWALD

Result of examination:

It was concluded that Qc102 is a fraudulent and counterfeit card. It was prepared from OSWALD's original Notice of Classification in his name and contained in his wallet. From OSWALD's original Notice of Classification at least three negatives were prepared. These three negatives are part of item 225 previously submitted by your office. These three negatives were used in preparing the face of Qc102.

The reverse side of Qc102 was not prepared from OSWALD's original Notice of Classification or from his original Registration Certificate both of which were in his wallet nor does the data on the reverse side of Qc102 conform to the descriptive data on the back of OSWALD's original Registration Certificate. It is noted that the reverse side of Qc102 is the form used for the reverse sides of Registration Certificates and is not the reverse side of his Notice of Classification card. Hence, it is apparent that at one time OSWALD had at least one other original Registration Certificate available.

The handwritten signature of Hidell on Qc102 is not sufficiently comparable with the available known writings of LEE HARVEY OSWALD to determine whether he did or did not prepare the Hidell signature.

The writings on Qc484 are too limited for an adequate comparison with the known writings of LEE HARVEY OSWALD.

Examination of Q477 revealed nothing of particular interest or significance. It is noted that the camera contained no film and was inoperative.

Among international news the following item appears:

"Stop Provocations in the Caribbean. A Note of Protest to the U. S. Government," dated March 27, 1963 (page 1, columns 6-7). The note, sent to the U. S. Embassy in Moscow by the Ministry of Foreign Affairs of the USSR, accuses the U. S. Government of aiding and abetting the Cuban "counterrevolutionaries" who, in this particular case, fired upon a Soviet merchant marine ship, "Lgov" in a Cuban port.

On February 7, 1964, Mr. KENNETH SHART, City Editor, "Dallas Times Herald," a Dallas daily newspaper, furnished the following described letter signed "MR. Z" to SA ARTHUR E. CARTER:

An Air Mail letter postmarked February 6, 1964, at Long Island City, New York, addressed to "Times Herald, Dallas, Texas, Exclusive for City Editor," which contained a carbon copy of a typewritten (all caps) letter. This letter is quoted as follows:

"IVE GOT TO TELL YOU THE FACTS IN BACK OF THE SHOOTING OF OSWALD.

"HERES HOW IT STARTED. WORD OF OSWALD TAKING POT-SHOTS AT GENERAL WALKER GOT BACK TO CUBA. HERE SAID CASTRO IS A GOOD BOY AND HE HATES THOSE RIGHTIST BASTARDS. CUBAN REDS WERE GETTING EDGY AS AS REPORTS OF RIGHTIST NUMBERS AND ACTIVITIES GREW STRONGER AND STRONGER. POLLS EVEN GAVE GOLDWATER AN EDGE OVER KENNEDY. SOME THING HAD TO BE DONE TO REVERSE THIS TREND OR ANOTHER INVASION WOULD KNOCK THE REDS OUT OF CUBA.

"SO THEY SENT SOME BOYS TO TALK TO OSWALD. TWO OF THESE GUYS WERE NOT CUBANS. THE ASSASSINATION JOB WAS SET UP. OSWALD WAS EAGER. NOW HE COULD BECOME THE BIG SHOT HE WANTED TO BE, IN CUBA AND SOMEWHERE ELSE. HE WAS TOLD HE HAD TO MAKE A CLEAN GETAWAY FROM THE BUILDING WHERE THE SHOTS WERE FIRED. THEN HE WOULD BE TAK__ CARE OF. TO HIM THAT MEANT A TRIP TO HAVANA. SURE HE WOULD BE TAKE_ CARE OF. OSWALD WAS NOT TO LIVE AFTER HIS WORK WAS DONE. WITH HIM ROBBED OUT, NO EVIDENCE WOULD CONNECT THE PLOTTERS WITH THE KILLING.

"WHY KILL KENNEDY? THE BOYS HAD NOTHING AGAINST JFK. HE JUST HAPPENED TO BE OPPORTUNITY. HE WAS A CONVENIENT WAY OF DOING A NECESSARY JOB, HIS KILLING WOULD KILL THE DANGER TO COMRADE CASTRO BY WIPING OUT THE RIGHTISTS, THE BIRCHERS, THE CHRISTIAN CRUSADERS AND THE OTHER ANTI-REDS THAT WERE GROWING IN STRENGTH. THE MURDER WOULD BE PINNED ON THEM.

"HERES THE GIMMICK. JUST BEFORE JFK DIED, LETTERS WERE IN THE MAIL ADDRESSED TO CERTAIN WASHINGTON BIG BOYS AND COMMENTATORS, WARNING THAT THE RIGHTISTS HAD PERFECTED A PLOT TO KILL THE PRESIDENT. THERE IT WAS, THE WARNING AND THE PROOF OF THE TIPS. THE CRY OF KENNEDY KILLERS, KENNEDY KILLERS WOULD BE YELLED AT EVERY ANTI-COMMUNIST MEETING AND RIGHTIST POLITICAL GATHERING. THE TERMS OF RIGHTIST AND CONSERVATIVE WOULD BECOME SYNONYMOUS WITH MURDERER AND ASSASSIN. THIS MOVEMENT THAT DEMANDS STRENGTH IN MEETING THE THREAT OF WORLD COMMUNISM WOULD BE FOREVER ELIMINATED, THEN CASTRO WOULD BE SAFE.

"OSWALD FAILED TO COVER HIS TRACKS. HE KILLED THE COP. HE WAS ARRESTED BEFORE HE COULD BE TAKEN CARE OF, BEFORE HE COULD BE MADE TO DISAPPEAR.

"NOW RUBY CAME INTO THE PICTURE. HE HAD THE CONTRACT ON OSWALD. A PLACE HAD TO BE AGREED UPON WHERE HE AND OSWALD _OULD MEET AFTER THE KILLING. RUBY HAD TO KNOW AND RECOGNIZE OSWALD. OSWALD HAD TO RECOGNIZE RUBY OR HE MIGHT BECOME TRIGGER-HAPPY ON BEING APPROACHED, SO THEY SAW EACH OTHER AT RUBY'S CLUB.

"THE ARREST OF OSWALD DID NOT END THE CONTRACT FOR HIS KILLING. RUBY STILL HAD TO DO THE JOB OR HE TOO WOULD DISAPPEAR. THE BOYS WERE DETERMINED. RUBY HAD NO CHOICE. SO HE KILLED OSWALD. BUT HE IS STILL LIVING.

"-I- WANT TO LIVE. WHY THEN AM I MIXING INTO A GAME WHERE DEATH IS THE ONLY REWARD. I HAVE REMAINED SILENT TILL NOW. THE FBI HAVE BEEN GETTING CLOSE TO THE TRUTH. MAYBE THEY ALREADY KNOW THE WHOLE STORY. AND WHEN THEY FIND OUT THE FACTS, THEN WHAT DO THEY DO? THEY TURN OVER THEIR COMPLETE INFORMATION TO A COMMITTEE HEADED BY CHIEF JUSTICE EARL WARREN.

"MR. WARREN HAS JUST ISSUED A STATEMENT. 'FOR REASONS OF NATIONA_ SECURITY THE FULL FINDINGS OF THE CASE CAN NOT BE DISCLOSED._ HE CONTINUES SAYING, IT MAY BE A DECADE OR DECADES BEFORE WE CAN RELEASE THE FACTS TO THE AMERICAN PEOPLE. WHY IS IT DANGEROUS FOR THE AMERICAN PEOPLE TO

"KNOW THE TRUTH? HOW CAN IT ENDANGER OUR NATIONAL SECURITY. WHY MUST WE WAIT TEN, TWENTY OR THIRTY YEARS TO LEARN WHO KILLED OUR PRESIDENT? WHAT NATIONAL SECURITY WILL BE ENDANGERED, CASTROS, MAOS, OR THE SECURITY OF THE USA, OR THE USSR? WHY NOT TELL US.

"IT IS REPORTED THAT 'THE WORKER' RECOMENDED THAT SUCH A COMMITTEE BE FORMED TO INVESTIGATE AND THAT CHIEF JUSTICE WARREN BE APPOINTED TO HEAD THAT BODY. APPARENTLY THIS COMMUNIST PAPER'S SUGGESTIONS WERE CARRIED OUT. CO-INCIDENCE, OR WHAT?

"I WRITE THIS BECAUSE I BELIEVE THAT A GOOD AMERICAN SHOULD DO IT. I HOPE MY IDENTITY IS NEVER KNOWN. I LIKE THIS LIFE. SHOULD I OFFER TO BECOME A WITNESS? I THINK THAT MY HOURS ON THIS EARTH WOULD BE NUMBERED.

"SO BECAUSE THIS LETTER IS THE END, I SIGN MYSELF

"MR. Z."

2515 W. 5th Street
Irving, Texas
December 27, 1963

Marina, dear,

I really do not know what to say. I do not know whether it is better to be silent or to speak. It is hard for you as it is and I do not wish to trouble you. But I wish to explain that I felt myself lonely when I finished reading your letter to me. I was very glad to see the letter but, after I read it, I did not know any more about you. You wrote to me as if I were an old grandma and not a friend. You closed (your ?) face to me. (Translator's Note: the meaning of this sentence is not clear; perhaps the writer, whose Russian is not always adequate, wanted to say "you shut me out"?) Is it true that I offended you? If so, please forgive me. I did not wish and I do not wish to offend you. But I am stupid and rude - especially in Russian.

Or, perhaps, you simply do not want my friendship? Of course, this is up to you; I cannot do anything. But I wish you to understand me and to know what I think and not to cast me aside without knowing my thoughts.

Another matter worries me. I sent you letters from nice people who wrote to me saying that I was good, because I gave you a place to live and was your friend. In the letters also was money for you. I wanted you to see where this money was from and how nice the people were. But do not think that I consider that I did something unusual for you, or that you had to be grateful to me (how do they say it?). Absolutely not. Such thoughts hamper friendship; likewise, this is not true. How many times did I tell you (when you were here), that I was not giving any more than I was getting. You have never understood how useful it was for me to speak Russian every day. (And interesting too; you do not know either, how lonesome I am at home now.) Also, I was at home alone and it was very pleasant to talk and chat with you in the evening and, generally, it was nice to have company. You know, that I did not get more money from Michael when you lived with me, but we had no money difficulties; i.e., it is clear to me and, I hope, it is clear to you, that if you had to be grateful (to me), I would have to be no less grateful to you. (Translator's Note: a sentence "that is why I want to send you a letter and tell you again that I was very glad to live with you," was crossed out.) I hope that you understand me. I would like to talk with you. I merely want to know, Marina, how you are and what you think and feel. But, of course, it is your affair, with whom you talk and, what you talk about. Is it not?

Sincerely,

/s/ Ruth.

I kiss June, Rachel, and you.

There are set out on the following pages English translations of documents written in the Russian language which are the property of LEE HARVEY OSWALD and his wife, MARINA OSWALD. These documents were seized by the Dallas Police Department through searches performed on November 22-23, 1963, at the room of LEE HARVEY OSWALD located at 1026 North Beckley Street, Dallas, Texas, and at the MICHAEL and RUTH PAINE residence at 2515 West 5th Street, Irving, Texas.
